#	Paper	IF	Citations
266	Food Insecurity among Adolescent Students from 95 Countries Is Associated with Diet, Behavior, and Health, and Associations Differ by Student Age and Sex.. <i>Current Developments in Nutrition</i> , 2022 , 6, nzac024	0.4	0
265	Validity and cross-context equivalence of experience-based measures of food insecurity. <i>Global Food Security</i> , 2022 , 32, 100599	8.3	2
264	Perspective: Food Environment Research Priorities for Africa: Lessons from the Africa Food Environment Research Network.. <i>Advances in Nutrition</i> , 2022 ,	10	2
263	Using height-adjusted stunting prevalence will fail disadvantaged children worldwide.. <i>The Lancet Global Health</i> , 2022 , 10, e620	13.6	
262	Determinants of egg consumption by infants and young children in Ethiopia.. <i>Public Health Nutrition</i> , 2022 , 1-24	3.3	
261	Nutrition in adolescent growth and development. <i>Lancet, The</i> , 2021 ,	40	16
260	Challenges for Estimating the Global Prevalence of Micronutrient Deficiencies and Related Disease Burden: A Case Study of the Global Burden of Disease Study.. <i>Current Developments in Nutrition</i> , 2021 , 5, nzab141	0.4	0
259	Nourishing our future: the Lancet Series on adolescent nutrition. <i>Lancet, The</i> , 2021 ,	40	1
258	The Individual Water Insecurity Experiences (IWISE) Scale: reliability, equivalence and validity of an individual-level measure of water security. <i>BMJ Global Health</i> , 2021 , 6,	6.6	3
257	Actions in global nutrition initiatives to promote sustainable healthy diets. <i>Global Food Security</i> , 2021 , 31, 100585	8.3	1
256	Factor Analysis Reduces Complex Measures of Nutrition Environments in US Elementary and Middle Schools into Cohesive Dimensions in the Healthy Communities Study. <i>Journal of Nutrition</i> , 2021 , 151, 1286-1293	4.1	0
255	Elaborating the science of food choice for rapidly changing food systems in low-and middle-income countries. <i>Global Food Security</i> , 2021 , 28, 100503	8.3	9
254	Gendered Intra-household Bargaining Power is Associated with Child Nutritional Status in Nepal. <i>Journal of Nutrition</i> , 2021 , 151, 1018-1024	4.1	0
253	Community support model on breastfeeding and complementary feeding practices in remote areas in Vietnam: implementation, cost, and effectiveness. <i>International Journal for Equity in Health</i> , 2021 , 20, 121	4.6	1
252	Development and assessment of feasibility of a community-based peer support intervention to mitigate social isolation and stigma of adolescent motherhood in Harare, Zimbabwe. <i>Pilot and Feasibility Studies</i> , 2021 , 7, 110	1.9	0
251	Strengthening Nutrition Interventions in Antenatal Care Services Affects Dietary Intake, Micronutrient Intake, Gestational Weight Gain, and Breastfeeding in Uttar Pradesh, India: Results of a Cluster-Randomized Program Evaluation. <i>Journal of Nutrition</i> , 2021 , 151, 2282-2295	4.1	2
250	Food insecurity and frailty among women with and without HIV in the United States: a cross-sectional analysis. <i>Journal of the International AIDS Society</i> , 2021 , 24, e25751	5.4	1

249	Household food insecurity and children's physical activity and sedentary behaviour in the United States: the Healthy Communities Study. <i>Public Health Nutrition</i> , 2021 , 1-8	3.3	
248	Gaps and priorities in assessment of food environments for children and adolescents in low- and middle-income countries. <i>Nature Food</i> , 2021 , 2, 396-403	14.4	1
247	COVID-19 Disrupted Provision and Utilization of Health and Nutrition Services in Uttar Pradesh, India: Insights from Service Providers, Household Phone Surveys, and Administrative Data. <i>Journal of Nutrition</i> , 2021 , 151, 2305-2316	4.1	6
246	Using a global food environment framework to understand relationships with food choice in diverse low- and middle-income countries. <i>Global Food Security</i> , 2021 , 29, 100511	8.3	6
245	Moving Beyond Giving Free Food: Specific Targeting and Tailoring in Response to Child Food Insecurity. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2021 , 121, S74-S77	3.9	1
244	Validity of a Four-Item Household Water Insecurity Experiences Scale for Assessing Water Issues Related to Health and Well-Being. <i>American Journal of Tropical Medicine and Hygiene</i> , 2021 , 104, 391-394	2.2	13
243	Perspective: The Importance of Water Security for Ensuring Food Security, Good Nutrition, and Well-being. <i>Advances in Nutrition</i> , 2021 , 12, 1058-1073	10	26
242	Factor Structure and Equivalence of Maternal Resources for Care in Bangladesh, Vietnam, and Ethiopia. <i>Maternal and Child Health Journal</i> , 2021 , 25, 938-945	2.4	0
241	Effective recruitment strategies for African-American men and women: the Nutritious Eating with Soul study. <i>Health Education Research</i> , 2021 , 36, 206-211	1.8	2
240	Household Water and Food Insecurity Are Positively Associated with Poor Mental and Physical Health among Adults Living with HIV in Western Kenya. <i>Journal of Nutrition</i> , 2021 , 151, 1656-1664	4.1	6
239	Experiences and Situations of Shame among Food-insecure Adolescents in South Carolina and Oregon. <i>Ecology of Food and Nutrition</i> , 2021 , 1-17	1.9	2
238	Implementation of a regulatory food policy to reduce availability of energy-dense foods in Costa Rican high schools. <i>Public Health Nutrition</i> , 2021 , 24, 6499-6511	3.3	0
237	Water Insecurity is Associated with Lack of Viral Suppression and Greater Odds of AIDS-Defining Illnesses Among Adults with HIV in Western Kenya. <i>AIDS and Behavior</i> , 2021 , 1	4.3	2
236	Relationship between food insecurity and smoking status among women living with and at risk for HIV in the USA: a cohort study. <i>BMJ Open</i> , 2021 , 11, e054903	3	0
235	Advancing Use of Nutrition Knowledge to Improve Practice by Policy and Program Communities in India During a Political Transition. <i>Current Developments in Nutrition</i> , 2021 , 5, nzab120	0.4	0
234	Functions of social networks in maternal food choice for children in Mexico. <i>Maternal and Child Nutrition</i> , 2021 , e13263	3.4	3
233	Nighttime sleep and physical activity in 6-7 month-old infants. <i>Research in Social and Administrative Pharmacy</i> , 2021 , 65, 101628	2.9	0
232	Association of Multisetting Community Programs and Policies With Child Body Mass Index: The Healthy Communities Study. <i>Preventing Chronic Disease</i> , 2020 , 17, E34	3.7	1

231	Authors' Response. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2020 , 120, 960-961	3.9	
230	Linking Activity, Nutrition, and Child Health (LAUNCH): protocol for a longitudinal cohort study of children as they develop from infancy to preschool age. <i>BMC Public Health</i> , 2020 , 20, 931	4.1	1
229	Food Insecurity Was Associated with Lower Fruits and Vegetables Consumption but Not with Overweight and Obesity in Children from Mexican Fishing Communities. <i>Ecology of Food and Nutrition</i> , 2020 , 59, 420-435	1.9	2
228	Nutrition Intervention Using Behavioral Change Communication without Additional Material Inputs Increased Expenditures on Key Food Groups in Bangladesh. <i>Journal of Nutrition</i> , 2020 , 150, 1284-1290	4.1	6
227	Associations of maternal resources with care behaviours differ by resource and behaviour. <i>Maternal and Child Nutrition</i> , 2020 , 16, e12977	3.4	2
226	Agricultural and Finance Intervention Increased Dietary Intake and Weight of Children Living in HIV-Affected Households in Western Kenya. <i>Current Developments in Nutrition</i> , 2020 , 4, nzaa003	0.4	2
225	Building Implementation Science in Nutrition. <i>Advances in Nutrition</i> , 2020 , 11, 1392-1398	10	6
224	Can Children Catch up from the Consequences of Undernourishment? Evidence from Child Linear Growth, Developmental Epigenetics, and Brain and Neurocognitive Development. <i>Advances in Nutrition</i> , 2020 , 11, 1032-1041	10	15
223	Reducing Both Food Insecurity and Excess Body Weight in Costa Rican Women: A Cluster Randomized Trial. <i>American Journal of Preventive Medicine</i> , 2020 , 58, 736-747	6.1	2
222	Stressful Life Changes and Their Relationship to Nutrition-Related Health Outcomes Among US Army Soldiers. <i>Journal of Primary Prevention</i> , 2020 , 41, 171-189	2.1	1
221	Social, economic, and political events affect gender equity in China, Nepal, and Nicaragua: a matched, interrupted time-series study. <i>Global Health Action</i> , 2020 , 13, 1712147	3	5
220	Different Combinations of Behavior Change Interventions and Frequencies of Interpersonal Contacts Are Associated with Infant and Young Child Feeding Practices in Bangladesh, Ethiopia, and Vietnam. <i>Current Developments in Nutrition</i> , 2020 , 4, nzz140	0.4	8
219	Associations between food insecurity and psychotropic medication use among women living with HIV in the United States. <i>Epidemiology and Psychiatric Sciences</i> , 2020 , 29, e113	5.1	4
218	Early breastfeeding practices contribute to exclusive breastfeeding in Bangladesh, Vietnam and Ethiopia. <i>Maternal and Child Nutrition</i> , 2020 , 16, e13012	3.4	6
217	Shaping Physical, Economic, and Policy Components of the Food Environment to Create Sustainable Healthy Diets. <i>Food and Nutrition Bulletin</i> , 2020 , 41, 74S-86S	1.8	8
216	Sociocultural Influences on Food Choices and Implications for Sustainable Healthy Diets. <i>Food and Nutrition Bulletin</i> , 2020 , 41, 59S-73S	1.8	18
215	Sensor-measured physical activity is associated with decreased cardiovascular disease risk in African Americans. <i>Lifestyle Medicine</i> , 2020 , 1, e16	0.7	
214	Terminal Logic Behavior and Strategic Defection of Governmental Officials during Presidential Transitions in Guatemala: Implications for the Sustainability of Food and Nutrition Security Policy. <i>Current Developments in Nutrition</i> , 2020 , 4, nzaa161	0.4	3

213	Core strategies, social processes, and contextual influences of early phases of implementation and statewide scale-up of group prenatal care in South Carolina. <i>Evaluation and Program Planning</i> , 2020 , 79, 101760	1.7	2
212	The Nutritious Eating with Soul (NEW Soul) Study: Study design and methods of a two-year randomized trial comparing culturally adapted soul food vegan vs. omnivorous diets among African American adults at risk for heart disease. <i>Contemporary Clinical Trials</i> , 2020 , 88, 105897	2.3	12
211	Lessons from using cluster-randomized evaluations to build evidence on large-scale nutrition behavior change interventions. <i>World Development</i> , 2020 , 127, 104816	5.5	4
210	Precarity and health: Theorizing the intersection of multiple material-need insecurities, stigma, and illness among women in the United States. <i>Social Science and Medicine</i> , 2020 , 245, 112683	5.1	21
209	Determinants and Consequences of Food Insecurity in Artisanal Fishing Families From the Coastal Community of Sonora, Mexico. <i>Food and Nutrition Bulletin</i> , 2020 , 41, 459-473	1.8	0
208	Health Systems Strengthening Efforts Help to Improve the Delivery of Maternal Nutrition Interventions in Antenatal Care in Uttar Pradesh (UP), India but Gaps Remain. <i>Current Developments in Nutrition</i> , 2020 , 4, 1314-1314	0.4	1
207	Effect of Differences in Month and Location of Measurement in Estimating Prevalence and Trend of Wasting and Stunting in India in 2005-2006 and 2015-2016. <i>Current Developments in Nutrition</i> , 2020 , 4, nzaa092	0.4	2
206	National nutrition strategies that focus on maternal, infant, and young child nutrition in Southeast Asia do not consistently align with regional and international recommendations. <i>Maternal and Child Nutrition</i> , 2020 , 16 Suppl 2, e12937	3.4	5
205	Earlier and Concurrent Food Insecurity Are Associated with Suboptimal Parenting in Early Childhood. <i>Journal of Nutrition</i> , 2020 , 150, 1590-1599	4.1	3
204	Designing and implementing at-scale programs to improve complementary feeding. <i>Nutrition Reviews</i> , 2020 , 78, 62-70	6.4	6
203	Women's bargaining power and child feeding in Nepal: Linkages through nutrition information. <i>Maternal and Child Nutrition</i> , 2020 , 16, e12883	3.4	4
202	Understanding the Social Environmental Influences on Pregnancy and Planning for Pregnancy for Young Women in Harare, Zimbabwe. <i>Maternal and Child Health Journal</i> , 2019 , 23, 1679-1685	2.4	2
201	Parenting styles are associated with overall child dietary quality within low-income and food-insecure households. <i>Public Health Nutrition</i> , 2019 , 22, 2835-2843	3.3	4
200	Household Food Insecurity is Associated with Higher Adiposity among US Schoolchildren Ages 10-15 Years: The Healthy Communities Study. <i>Journal of Nutrition</i> , 2019 , 149, 1642-1650	4.1	15
199	Behavior Change Interventions Delivered through Interpersonal Communication, Agricultural Activities, Community Mobilization, and Mass Media Increase Complementary Feeding Practices and Reduce Child Stunting in Ethiopia. <i>Journal of Nutrition</i> , 2019 , 149, 1470-1481	4.1	23
198	Comparison of Methods Used to Estimate the Global Burden of Disease Related to Undernutrition and Suboptimal Breastfeeding. <i>Advances in Nutrition</i> , 2019 , 10, 380-390	10	2
197	Food insecurity and violence in a prospective cohort of women at risk for or living with HIV in the U.S. <i>PLoS ONE</i> , 2019 , 14, e0213365	3.7	19
196	Appropriate Use of Linear Growth Measures to Assess Impact of Interventions on Child Development and Catch-Up Growth. <i>Advances in Nutrition</i> , 2019 , 10, 372-379	10	16

195	Perspective: What Does Stunting Really Mean? A Critical Review of the Evidence. <i>Advances in Nutrition</i> , 2019 , 10, 196-204	10	101
194	Associations of maternal gestational weight gain with the risk of offspring obesity and body mass index Z scores beyond the mean. <i>Annals of Epidemiology</i> , 2019 , 32, 64-71.e2	6.4	1
193	Development and validation protocol for an instrument to measure household water insecurity across cultures and ecologies: the Household Water InSecurity Experiences (HWISE) Scale. <i>BMJ Open</i> , 2019 , 9, e023558	3	46
192	Food insecurity is associated with anxiety, stress, and symptoms of posttraumatic stress disorder in a cohort of women with or at risk of HIV in the United States. <i>Journal of Nutrition</i> , 2019 , 149, 1393-1403	4.1	28
191	Information Diffusion and Social Norms Are Associated with Infant and Young Child Feeding Practices in Bangladesh. <i>Journal of Nutrition</i> , 2019 , 149, 2034-2045	4.1	13
190	Perspective: Challenges in Use of Adolescent Anthropometry for Understanding the Burden of Malnutrition. <i>Advances in Nutrition</i> , 2019 , 10, 563-575	10	15
189	Disrupted Relationships, Chaos, and Altered Family Meals in Food-Insecure Households: Experiences of Caregivers and Children. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2019 , 119, 1644-1652	3.9	9
188	Intervention Design Elements Are Associated with Frontline Health Workers' Performance to Deliver Infant and Young Child Nutrition Services in Bangladesh and Vietnam. <i>Current Developments in Nutrition</i> , 2019 , 3, nzz070	0.4	4
187	Best Practices for Conducting and Interpreting Studies to Validate Self-Report Dietary Assessment Methods. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2019 , 119, 1801-1816	3.9	33
186	Persistent Food Insecurity Is Associated with Adverse Mental Health among Women Living with or at Risk of HIV in the United States. <i>Journal of Nutrition</i> , 2019 , 149, 240-248	4.1	19
185	Trajectories of body mass index among active-duty U.S. Army soldiers, 2011-2014. <i>Preventive Medicine Reports</i> , 2019 , 14, 100818	2.6	3
184	The Household Water InSecurity Experiences (HWISE) Scale: development and validation of a household water insecurity measure for low-income and middle-income countries. <i>BMJ Global Health</i> , 2019 , 4, e001750	6.6	75
183	Concordance and Discordance of the Knowledge, Understanding, and Description of Children's Experience of Food Insecurity Among Hispanic Adults and Children. <i>Family and Community Health</i> , 2019 , 42, 237-244	1.6	8
182	Food Insecurity Is Associated With Inflammation Among Women Living With HIV. <i>Journal of Infectious Diseases</i> , 2019 , 219, 429-436	7	12
181	Food Insecurity Is More Strongly Associated with Poor Subjective Well-Being in More-Developed Countries than in Less-Developed Countries. <i>Journal of Nutrition</i> , 2019 , 149, 330-335	4.1	23
180	Prediction intervals for penalized longitudinal models with multisource summary measures: An application to childhood malnutrition. <i>Statistics in Medicine</i> , 2019 , 38, 1002-1012	2.3	1
179	Why are restricted food items still sold after the implementation of the school store policy? the case of South Korea. <i>Food Policy</i> , 2019 , 83, 161-169	5	4
178	Sustainability of food and nutrition security policy during presidential transitions. <i>Food Policy</i> , 2019 , 83, 195-203	5	6

177	Nutrition Interventions Integrated into an Existing Maternal, Neonatal, and Child Health Program Reduce Food Insecurity Among Recently Delivered and Pregnant Women in Bangladesh. <i>Journal of Nutrition</i> , 2019 , 149, 159-166	4.1	11
176	Body mass index trajectories during the first year of life and their determining factors. <i>American Journal of Human Biology</i> , 2019 , 31, e23188	2.7	6
175	Establishing Validity and Cross-Context Equivalence of Measures and Indicators. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2019 , 119, 1817-1830	3.9	24
174	Backpack Programs and the Crisis Narrative of Child Hunger-A Critical Review of the Rationale, Targeting, and Potential Benefits and Harms of an Expanding but Untested Model of Practice. <i>Advances in Nutrition</i> , 2018 , 9, 1-8	10	10
173	Importance of coverage and quality for impact of nutrition interventions delivered through an existing health programme in Bangladesh. <i>Maternal and Child Nutrition</i> , 2018 , 14, e12613	3.4	6
172	A Healthy Eating Identity is Associated with Healthier Food Choice Behaviors Among U.S. Army Soldiers. <i>Military Medicine</i> , 2018 , 183, e666-e670	1.3	7
171	Can integrated interventions create the conditions that support caregiving for better child growth?. <i>The Lancet Global Health</i> , 2018 , 6, e236-e237	13.6	6
170	Food insecurity is associated with high risk glycemic control and higher health care utilization among youth and young adults with type 1 diabetes. <i>Diabetes Research and Clinical Practice</i> , 2018 , 138, 128-137	7.4	22
169	Understanding Conceptualizations of Pregnancy and Planning for Pregnancy Among Adolescent Girls and Young Women in Harare, Zimbabwe. <i>Qualitative Health Research</i> , 2018 , 28, 1509-1519	3.9	4
168	Severity of household food insecurity and lifetime racial discrimination among African-American households in South Carolina. <i>Ethnicity and Health</i> , 2018 , 23, 276-292	2.2	33
167	Best Practices for Developing and Validating Scales for Health, Social, and Behavioral Research: A Primer. <i>Frontiers in Public Health</i> , 2018 , 6, 149	6	727
166	Food insecurity in California's public university system: What are the risk factors?. <i>Journal of Hunger and Environmental Nutrition</i> , 2018 , 13, 1-18	1.5	53
165	Using systems science to gain insight into childhood food security in the United States: Report of an expert mapping workshop. <i>Journal of Hunger and Environmental Nutrition</i> , 2018 , 13, 362-384	1.5	4
164	Cohort Profile: The Maternal and Infant Nutrition Interventions in Matlab (MINIMat) cohort in Bangladesh. <i>International Journal of Epidemiology</i> , 2018 , 47, 1737-1738e	7.8	17
163	Food insecurity was associated with low quality diet and low HDL level in mothers of Northwest Mexico relying on fisheries for livelihood. <i>Nutricion Hospitalaria</i> , 2018 , 35, 1379-1386	1	6
162	Large-Scale Social and Behavior Change Communication Interventions Have Sustained Impacts on Infant and Young Child Feeding Knowledge and Practices: Results of a 2-Year Follow-Up Study in Bangladesh. <i>Journal of Nutrition</i> , 2018 , 148, 1605-1614	4.1	23
161	Engagement of Husbands in a Maternal Nutrition Program Substantially Contributed to Greater Intake of Micronutrient Supplements and Dietary Diversity during Pregnancy: Results of a Cluster-Randomized Program Evaluation in Bangladesh. <i>Journal of Nutrition</i> , 2018 , 148, 1352-1363	4.1	16
160	Food Insecurity, Internalized Stigma, and Depressive Symptoms Among Women Living with HIV in the United States. <i>AIDS and Behavior</i> , 2018 , 22, 3869-3878	4.3	25

159	Estimates of the quality of complementary feeding among Vietnamese infants aged 6-23 months varied by how commercial baby cereals were classified in 24-h recalls. <i>Maternal and Child Nutrition</i> , 2017 , 13,	3.4	1
158	Comprehensive and Medically Appropriate Food Support Is Associated with Improved HIV and Diabetes Health. <i>Journal of Urban Health</i> , 2017 , 94, 87-99	5.8	42
157	Changes in Underlying Determinants Explain Rapid Increases in Child Linear Growth in Alive & Thrive Study Areas between 2010 and 2014 in Bangladesh and Vietnam. <i>Journal of Nutrition</i> , 2017 , 147, 462-469	4.1	17
156	Large-Scale Behavior-Change Initiative for Infant and Young Child Feeding Advanced Language and Motor Development in a Cluster-Randomized Program Evaluation in Bangladesh. <i>Journal of Nutrition</i> , 2017 , 147, 256-263	4.1	25
155	Mid-level actors and their operating environments for implementing nutrition-sensitive programming in Ethiopia. <i>Global Food Security</i> , 2017 , 13, 66-73	8.3	13
154	Food Insecurity Is Associated with Subjective Well-Being among Individuals from 138 Countries in the 2014 Gallup World Poll. <i>Journal of Nutrition</i> , 2017 , 147, 680-687	4.1	56
153	Body mass index trajectories during infancy and pediatric obesity at 6 years. <i>Annals of Epidemiology</i> , 2017 , 27, 708-715.e1	6.4	16
152	Integrating Nutrition Interventions into an Existing Maternal, Neonatal, and Child Health Program Increased Maternal Dietary Diversity, Micronutrient Intake, and Exclusive Breastfeeding Practices in Bangladesh: Results of a Cluster-Randomized Program Evaluation. <i>Journal of Nutrition</i> , 2017 , 147, 2326-2337	4.1	41
151	Very Low Food Security in US Households Is Predicted by Complex Patterns of Health, Economics, and Service Participation. <i>Journal of Nutrition</i> , 2017 , 147, 1992-2000	4.1	18
150	Social Franchising and a Nationwide Mass Media Campaign Increased the Prevalence of Adequate Complementary Feeding in Vietnam: A Cluster-Randomized Program Evaluation. <i>Journal of Nutrition</i> , 2017 , 147, 670-679	4.1	22
149	Evaluation of programs to improve complementary feeding in infants and young children. <i>Maternal and Child Nutrition</i> , 2017 , 13 Suppl 2, e12436	3.4	6
148	Food Availability in School Stores in Seoul, South Korea After Implementation of Food- and Nutrient-Based Policies. <i>Journal of School Health</i> , 2017 , 87, 498-505	2.1	4
147	Family Care Behaviors and Early Childhood Development in Low- and Middle-Income Countries. <i>Journal of Child and Family Studies</i> , 2017 , 26, 3036-3044	2.3	21
146	Community Policies and Programs to Prevent Obesity and Child Adiposity. <i>American Journal of Preventive Medicine</i> , 2017 , 53, 576-583	6.1	11
145	Effect of a randomised exclusive breastfeeding counselling intervention nested into the MINIMat prenatal nutrition trial in Bangladesh. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2017 , 106, 49-54	3.1	14
144	Individual and structural environmental influences on utilization of iron and folic acid supplementation among pregnant women in Harare, Zimbabwe. <i>Maternal and Child Nutrition</i> , 2017 , 13,	3.4	19
143	Food Insecurity is Associated with Poor HIV Outcomes Among Women in the United States. <i>AIDS and Behavior</i> , 2017 , 21, 3473-3477	4.3	22
142	Exposure to mass media and interpersonal counseling has additive effects on exclusive breastfeeding and its psychosocial determinants among Vietnamese mothers. <i>Maternal and Child Nutrition</i> , 2016 , 12, 713-25	3.4	34

141	Participating in a Food-Assisted Maternal and Child Nutrition and Health Program in Rural Guatemala Alters Household Dietary Choices. <i>Journal of Nutrition</i> , 2016 , 146, 1593-600	4.1	9
140	Infant Formula Feeding at Birth Is Common and Inversely Associated with Subsequent Breastfeeding Behavior in Vietnam. <i>Journal of Nutrition</i> , 2016 , 146, 2102-2108	4.1	21
139	Combining Intensive Counseling by Frontline Workers with a Nationwide Mass Media Campaign Has Large Differential Impacts on Complementary Feeding Practices but Not on Child Growth: Results of a Cluster-Randomized Program Evaluation in Bangladesh. <i>Journal of Nutrition</i> , 2016 , 146, 2075-2084	4.1	77
138	How food insecurity contributes to poor HIV health outcomes: Qualitative evidence from the San Francisco Bay Area. <i>Social Science and Medicine</i> , 2016 , 170, 228-236	5.1	41
137	Primary Role of Discouragement in Coexistence of Food Insecurity and Excess Weight in Costa Rican Women. <i>Journal of Hunger and Environmental Nutrition</i> , 2016 , 11, 210-226	1.5	4
136	Food Insecurity of Children and Shame of Others Knowing They Are Without Food. <i>Journal of Hunger and Environmental Nutrition</i> , 2016 , 11, 180-194	1.5	25
