

List of Publications by Citations

Source: <https://exaly.com/author-pdf/6356254/joana-cunha-cruz-publications-by-citations.pdf>
Version: 2024-04-09

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

82 papers	1,671 citations	23 h-index	39 g-index
89 ext. papers	1,967 ext. citations	3.3 avg, IF	4.6 L-index

#	Paper	IF	Citations
82	The effects of orthodontic therapy on periodontal health: a systematic review of controlled evidence. <i>Journal of the American Dental Association</i> , 2008 , 139, 413-22	1.9	173
81	Risk factors for osteonecrosis of the jaws: a case-control study from the CONDOR dental PBRN. <i>Journal of Dental Research</i> , 2011 , 90, 439-44	8.1	147
80	Oral health-related quality of life of periodontal patients. <i>Journal of Periodontal Research</i> , 2007 , 42, 169-76	4.6	104
79	Secular trends in socio-economic disparities in edentulism: USA, 1972-2001. <i>Journal of Dental Research</i> , 2007 , 86, 131-6	8.1	94
78	Dental flossing and interproximal caries: a systematic review. <i>Journal of Dental Research</i> , 2006 , 85, 298-305	3.5	92
77	Dentin hypersensitivity and oxalates: a systematic review. <i>Journal of Dental Research</i> , 2011 , 90, 304-10	8.1	64
76	Statin use and tooth loss in chronic periodontitis patients. <i>Journal of Periodontology</i> , 2006 , 77, 1061-6	4.6	61
75	The prevalence of dentin hypersensitivity in general dental practices in the northwest United States. <i>Journal of the American Dental Association</i> , 2013 , 144, 288-96	1.9	57
74	Treating dentin hypersensitivity: therapeutic choices made by dentists of the northwest PRECEDENT network. <i>Journal of the American Dental Association</i> , 2010 , 141, 1097-105	1.9	57
73	Personal oral hygiene and chronic periodontitis: a systematic review. <i>Periodontology 2000</i> , 2005 , 37, 29-34	12.9	52
72	Salivary characteristics and dental caries: evidence from general dental practices. <i>Journal of the American Dental Association</i> , 2013 , 144, e31-40	1.9	50
71	Effect of air pollution on lung function in schoolchildren in Rio de Janeiro, Brazil. <i>Revista De Saude Publica</i> , 2009 , 43, 26-34	2.4	45
70	Prevalence of dentin hypersensitivity: Systematic review and meta-analysis. <i>Journal of Dentistry</i> , 2019 , 81, 1-6	4.8	42
69	Prevalence of pain in the orofacial regions in patients visiting general dentists in the Northwest Practice-based REsearch Collaborative in Evidence-based DENTistry research network. <i>Journal of the American Dental Association</i> , 2015 , 146, 721-8.e3	1.9	38
68	Routine dental visits are associated with tooth retention in Brazilian adults: the PrEsaDe study. <i>Journal of Public Health Dentistry</i> , 2004 , 64, 216-22	1.6	35
67	Tooth wear: prevalence and associated factors in general practice patients. <i>Community Dentistry and Oral Epidemiology</i> , 2010 , 38, 228-34	2.8	34
66	Are statins associated with decreased tooth loss in chronic periodontitis?. <i>Journal of Clinical Periodontology</i> , 2007 , 34, 214-9	7.7	34

65	Controlling caries in exposed root surfaces with silver diamine fluoride: A systematic review with meta-analysis. <i>Journal of the American Dental Association</i> , 2018 , 149, 671-679.e1	1.9	32
64	Spurious associations in oral epidemiological research: the case of dental flossing and obesity. <i>Journal of Clinical Periodontology</i> , 2006 , 33, 520-3	7.7	30
63	The relative contribution of income inequality and imprisonment to the variation in homicide rates among Developed (OECD), South and Central American countries. <i>Social Science and Medicine</i> , 2009 , 69, 1343-50	5.1	28
62	Infant formula and enamel fluorosis: a systematic review. <i>Journal of the American Dental Association</i> , 2009 , 140, 841-54	1.9	27
61	Recommendations for third molar removal: a practice-based cohort study. <i>American Journal of Public Health</i> , 2014 , 104, 735-43	5.1	26
60	Fluoride Varnish and Dental Caries in Preschoolers: A Systematic Review and Meta-Analysis. <i>Caries Research</i> , 2019 , 53, 502-513	4.2	25
59	Added Sugar Consumption and Chronic Oral Disease Burden among Adolescents in Brazil. <i>Journal of Dental Research</i> , 2018 , 97, 508-514	8.1	20
58	A prospective study of clinical outcomes related to third molar removal or retention. <i>American Journal of Public Health</i> , 2014 , 104, 728-34	5.1	20
57	Oral hygiene behaviors and caries experience in Northwest PRECEDENT patients. <i>Community Dentistry and Oral Epidemiology</i> , 2014 , 42, 526-35	2.8	17
56	The feasibility of a clinical trial of pain related to temporomandibular muscle and joint disorders: the results of a survey from the Collaboration on Networked Dental and Oral Research dental practice-based research networks. <i>Journal of the American Dental Association</i> , 2013 , 144, e1-10	1.9	17
55	What's in a dental practice-based research network? Characteristics of Northwest PRECEDENT dentists, their patients and office visits. <i>Journal of the American Dental Association</i> , 2010 , 141, 889-99	1.9	17
54	Systemic antibiotics and tooth loss in periodontal disease. <i>Journal of Dental Research</i> , 2008 , 87, 871-6	8.1	15
53	Thyroid shields and neck exposures in cephalometric radiography. <i>BMC Medical Imaging</i> , 2006 , 6, 6	2.9	14
52	Historical perspectives on theories of periodontal disease etiology. <i>Periodontology 2000</i> , 2012 , 58, 153-60.	12.9	13
51	Secular trends in preadult orthodontic care in the United States: 1942-2002. <i>American Journal of Orthodontics and Dentofacial Orthopedics</i> , 2007 , 132, 579-85	2.1	13
50	Abnormal pocket depth and gingival recession as distinct phenotypes. <i>Periodontology 2000</i> , 2005 , 39, 22-9	12.9	13
49	Dental risk factors for osteonecrosis of the jaws: a CONDOR case-control study. <i>Clinical Oral Investigations</i> , 2013 , 17, 1839-45	4.2	12
48	Laser therapy for dentine hypersensitivity. <i>Evidence-Based Dentistry</i> , 2011 , 12, 74-5	1.3	12

47	A survey of caregiver acculturation and acceptance of silver diamine fluoride treatment for childhood caries. <i>BMC Oral Health</i> , 2019 , 19, 228	3.7	10
46	Dental fluorosis increases caries risk. <i>Journal of Evidence-based Dental Practice</i> , 2005 , 5, 170-1	1.9	9
45	Specific infections as the etiology of destructive periodontal disease: a systematic review. <i>European Journal of Oral Sciences</i> , 2013 , 121, 2-6	2.3	8
44	Family Access to a Dentist Study (FADS): A multi-center randomized controlled trial. <i>Contemporary Clinical Trials</i> , 2015 , 45, 177-183	2.3	8
43	Long-term use of medications and destructive periodontal disease. <i>Journal of Periodontology</i> , 2008 , 79, 1330-8	4.6	8
42	One in 3 removable denture users in the United States has denture stomatitis. <i>Journal of Evidence-based Dental Practice</i> , 2006 , 6, 197-8	1.9	8
41	Tooth wear and the role of salivary measures in general practice patients. <i>Clinical Oral Investigations</i> , 2015 , 19, 85-95	4.2	7
40	Disparity between dental needs and dental treatment provided. <i>Journal of Dental Research</i> , 2010 , 89, 975-9	8.1	7
39	"Everybody brush!": protocol for a parallel-group randomized controlled trial of a family-focused primary prevention program with distribution of oral hygiene products and education to increase frequency of toothbrushing. <i>JMIR Research Protocols</i> , 2015 , 4, e58	2	7
38	Care delivery and compensation system changes: a case study of organizational readiness within a large dental care practice organization in the United States. <i>BMC Oral Health</i> , 2017 , 17, 157	3.7	6
37	Pay-for-performance incentive program in a large dental group practice. <i>Journal of the American Dental Association</i> , 2018 , 149, 348-352	1.9	6
36	The burden of dentine hypersensitivity 2015 , 33-44		6
35	Are Tooth Decay Prevention Visits in Primary Care Before Age 2 Years Effective?. <i>JAMA Pediatrics</i> , 2017 , 171, 321-322	8.3	5
34	Population-centered Risk- and Evidence-based Dental Interprofessional Care Team (PREDICT): study protocol for a randomized controlled trial. <i>Trials</i> , 2015 , 16, 278	2.8	5
33	Compliance with periodontal maintenance may be associated with increased tooth loss. <i>Journal of Evidence-based Dental Practice</i> , 2006 , 6, 262-4	1.9	5
32	Is dietary pattern a mediator of the relationship between socioeconomic status and dental caries?. <i>Clinical Oral Investigations</i> , 2021 , 25, 5441-5447	4.2	5
31	Caregiver satisfaction with interim silver diamine fluoride applications for their children with caries prior to operating room treatment or sedation. <i>Journal of Public Health Dentistry</i> , 2019 , 79, 286-291	1.6	4
30	Organizational Readiness to Implement System Changes in an Alaskan Tribal Dental Care Organization. <i>JDR Clinical and Translational Research</i> , 2020 , 5, 156-165	2.2	4

29	Randomized Trial Based on the Common-Sense Model of Self-regulation to Increase Child Dental Visits. <i>JDR Clinical and Translational Research</i> , 2019 , 4, 323-332	2.2	3
28	Dental health aides in Alaska: A qualitative assessment to improve paediatric oral health in remote rural villages. <i>Community Dentistry and Oral Epidemiology</i> , 2018 , 46, 416-424	2.8	3
27	Pain and discomfort are the main symptoms affecting the quality of life in periodontal disease. <i>Journal of Evidence-based Dental Practice</i> , 2008 , 8, 101-2	1.9	3
26	Inter-examiner reliability of salivary diagnostic tests in a practice-based research network. <i>Journal of Dental Hygiene: JDH / American Dental Hygienists Association</i> , 2011 , 85, 143-50	1.1	3
25	Limited Evidence Suggests That Many Types of Desensitizing Toothpaste May Reduce Dentin Hypersensitivity, but Not the Ones With Strontium or Amorphous Calcium Phosphate. <i>Journal of Evidence-based Dental Practice</i> , 2019 , 19, 101337	1.9	2
24	Pediatric dentists' willingness to participate in practice-based research networks. <i>Pediatric Dentistry (discontinued)</i> , 2014 , 36, 39-45	1.2	2
23	Parents' Satisfaction with Silver Diamine Fluoride Treatment of Carious Lesions in Children. <i>Journal of Dentistry for Children</i> , 2020 , 87, 4-11	0.4	2
22	Consumer Satisfaction with a Tooth Decay Prevention Program. <i>Frontiers in Public Health</i> , 2017 , 5, 264	6	1
21	Orthodontic treatment needs may be associated with unfavorable socioeconomic conditions. <i>Journal of Evidence-based Dental Practice</i> , 2007 , 7, 141-3	1.9	1
20	Osteonecrosis of the jaw and oral hygiene: a case-control study from Condor Dental PBRN. <i>Journal of Dental Hygiene: JDH / American Dental Hygienists Association</i> , 2012 , 86, 32-3	1.1	1
19	Food processing and its association with dental caries: Data from NHANES 2011-2014. <i>Community Dentistry and Oral Epidemiology</i> , 2021 , 49, 565-573	2.8	1
18	Evaluation of Training Gaps Among Public Health Practitioners in Washington State. <i>Journal of Public Health Management and Practice</i> , 2021 , 27, 473-483	1.9	0
17	Medical-Dental Integration in a Rural Community Health Center: A Qualitative Program Evaluation. <i>Health Promotion Practice</i> , 2021 , 15248399211002832	1.8	0
16	Caries experience in caregiver-intellectual deficient pair: Influence of caregiver's psychological morbidity. <i>Special Care in Dentistry</i> , 2021 , 41, 707-715	1.7	0
15	Impacts of innovation in dental care delivery and payment in Medicaid managed care for children and adolescents. <i>BMC Health Services Research</i> , 2021 , 21, 565	2.9	0
14	Home Delivery of Water for Caries Prevention in Latinx Children ("Sediento por una Sonrisa," Thirsty for a Smile): Protocol for a Single-Arm Feasibility Study.. <i>JMIR Research Protocols</i> , 2022 , 11, e37200		0
13	Practicing evidence-based Orthodontics: How to critically appraise a randomized controlled trial. <i>Dental Press Journal of Orthodontics</i> , 2015 , 20, 12-5	1.3	
12	Rinsing with fluoride toothpaste slurry may prevent dental caries in orthodontic patients. <i>Journal of Evidence-based Dental Practice</i> , 2011 , 11, 145-6	1.9	

- 11 Intrauterine growth restriction and preterm birth were not associated with primary teeth caries. *Journal of Evidence-based Dental Practice*, **2009**, 9, 38-9 1.9
- 10 Edentulous motherhood is associated with child caries. *Journal of Evidence-based Dental Practice*, **2007**, 7, 27-8 1.9
- 9 Edentulous motherhood is associated with child caries. *Journal of Evidence-based Dental Practice*, **2007**, 7, 178-9 1.9
- 8 Human leukocyte antigen combinations may be risk factors for periodontal disease. *Journal of Evidence-based Dental Practice*, **2005**, 5, 43-4 1.9
- 7 Teacher-supervised toothbrushing with fluoride has little effect on dental caries prevention. *Journal of Evidence-based Dental Practice*, **2005**, 5, 202-4 1.9
- 6 Low birth weight babies are not at increased risk of primary tooth caries. *Journal of Evidence-based Dental Practice*, **2006**, 6, 195-6 1.9
- 5 The conduct of practice-based research in community clinics compared to private practices: similarities, differences, and challenges. *Compendium of Continuing Education in Dentistry (Jamesburg, N J: 1995)*, **2010**, 31, 226 0.3
- 4 Association between motor proficiency and oral health in people with intellectual disabilities. *Journal of Intellectual Disability Research*, **2021**, 65, 489-499 3.2
- 3 Professionally and Self-Applied Fluorides are Effective in Preventing Dental Root Caries. *Journal of Evidence-based Dental Practice*, **2021**, 21, 101523 1.9
- 2 EFFECT OF MUSCULOSKELETAL DISORDERS AND ORGANIZATIONAL CLIMATE ON WELL-BEING OF DENTAL HYGIENISTS. *Journal of Evidence-based Dental Practice*, **2021**, 21, 101583 1.9
- 1 Teledentistry: An Adjunct for Delivering Dental Care in Crises and Beyond.. *Compendium of Continuing Education in Dentistry (Jamesburg, N J: 1995)*, **2022**, 43, 108-112 0.3
