

Stephen Emmitt

List of Publications by Citations

Source: <https://exaly.com/author-pdf/6356417/stephen-emmitt-publications-by-citations.pdf>

Version: 2024-04-24

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
69	Beyond the third dimension of BIM: A systematic review of literature and assessment of professional views. <i>Journal of Building Engineering</i> , 2018 , 19, 242-257	5.2	80
68	Lost in transition: the transfer of lean manufacturing to construction. <i>Engineering, Construction and Architectural Management</i> , 2008 , 15, 383-398	3.1	80
67	Communication behaviour during management and design team meetings: a comparison of group interaction. <i>Construction Management and Economics</i> , 2007 , 25, 1197-1213	3	55
66	Building Information Modelling adoption in the European Union: An overview. <i>Journal of Building Engineering</i> , 2019 , 25, 100777	5.2	45
65	Facilitating Client Value Creation in the Conceptual Design Phase of Construction Projects: A Workshop Approach. <i>Architectural Engineering and Design Management</i> , 2010 , 6, 18-30	1.2	39
64	Investigating the integration of design and construction from a lean perspective. <i>Construction Innovation</i> , 2009 , 9, 225-240	4.1	37
63	Challenges for capturing and assessing initial embodied energy: a contractor's perspective. <i>Construction Management and Economics</i> , 2014 , 32, 290-308	3	33
62	Minimising energy in construction: Practitioners' views on material efficiency. <i>Resources, Conservation and Recycling</i> , 2019 , 140, 125-136	11.9	31
61	Perceptions of lean design management. <i>Architectural Engineering and Design Management</i> , 2013 , 9, 195-208	1.2	29
60	Design Team Communication and Design Task Complexity: The Preference for Dialogues. <i>Architectural Engineering and Design Management</i> , 2008 , 4, 121-129	1.2	29
59	Uses of building information modelling for overcoming barriers to a circular economy. <i>Journal of Cleaner Production</i> , 2021 , 285, 124854	10.3	26
58	Collaborative Design Management 2013 ,		23
57	Component manufacturers' perceptions of managing innovation. <i>Building Research and Information</i> , 2006 , 34, 552-564	4.3	22
56	Diffusion of a systemic innovation. <i>Construction Innovation</i> , 2017 , 17, 25-44	4.1	21
55	Natural ventilation strategies for indoor thermal comfort in Mediterranean apartments. <i>Building Simulation</i> , 2018 , 11, 175-191	3.9	20
54	Delivering improved initial embodied energy efficiency during construction. <i>Sustainable Cities and Society</i> , 2015 , 14, 267-279	10.1	19
53	Investigating interpersonal communication during construction progress meetings: challenges and opportunities. <i>Engineering, Construction and Architectural Management</i> , 2003 , 10, 234-244	3.1	18

52	On-site energy management challenges and opportunities: a contractor's perspective. <i>Building Research and Information</i> , 2013 , 41, 450-468	4.3	17
51	Observing the act of specification. <i>Design Studies</i> , 2001 , 22, 397-408	3.6	16
50	Functional design? An analysis of new speculative house plans in the UK. <i>Design Studies</i> , 2004 , 25, 275-296	3.9	14
49	Is good enough making do? <i>Construction Innovation</i> , 2012 , 12, 369-383	4.1	12
48	Informal interaction in construction progress meetings. <i>Construction Management and Economics</i> , 2009 , 27, 983-993	3	12
47	Construction Innovation: Addressing the Project-Product Gap in the Swedish Construction Sector. <i>International Journal of Innovation Science</i> , 2013 , 5, 1-10	2.5	11
46	A circular construction evaluation framework to promote designing for disassembly and adaptability. <i>Journal of Cleaner Production</i> , 2021 , 316, 128122	10.3	11
45	Assessing stakeholders' perspectives towards the conservation of the built heritage of Suakin, Sudan. <i>International Journal of Heritage Studies</i> , 2015 , 21, 674-697	1.2	10
44	Critical learning for sustainable architecture: Opportunities for design studio pedagogy. <i>Sustainable Cities and Society</i> , 2020 , 53, 101876	10.1	10
43	Socio-economic and environmental barriers for a holistic asset lifecycle approach to achieve circular economy: A pattern-matching method. <i>Technological Forecasting and Social Change</i> , 2021 , 170, 120798	9.5	10
42	Selection and Specification of Building Products: Implications for Design Managers. <i>Architectural Engineering and Design Management</i> , 2006 , 2, 176-186	1.2	9
41	Architectural management-an evolving field. <i>Engineering, Construction and Architectural Management</i> , 1999 , 6, 188-196	3.1	8
40	The construction design manager is a rapidly evolving innovation. <i>Architectural Engineering and Design Management</i> , 2016 , 12, 138-148	1.2	7
39	Modelling natural ventilation for summer thermal comfort in Mediterranean dwellings. <i>International Journal of Ventilation</i> , 2019 , 18, 28-45	1.1	7
38	Categorisation of fire safety management: Results of a Delphi Panel. <i>Fire Safety Journal</i> , 2013 , 59, 37-46	3.3	6
37	Construction projects as mechanisms for knowledge integration. <i>Engineering, Construction and Architectural Management</i> , 2018 , 25, 1516-1533	3.1	6
36	What is architectural management? Towards a pragmatic definition. <i>Engineering, Construction and Architectural Management</i> , 2015 , 22, 151-168	3.1	5
35	Exploring the socio-cultural sustainability of old and new housing: Two cases from Jordan. <i>Sustainable Cities and Society</i> , 2020 , 61, 102250	10.1	5

34	Socially-integrated resilience in building-level water networks using smart microgrid+net. <i>Procedia Engineering</i> , 2018 , 212, 39-46		5
33	The typological learning framework: the application of structured precedent design knowledge in the architectural design studio. <i>International Journal of Technology and Design Education</i> , 2018 , 28, 1019-1038	1.1	4
32	Eco-Cultural Design Assessment Framework and Tool for Sustainable Housing Schemes. <i>Urban Science</i> , 2020 , 4, 65	2.2	3
31	Transferring architectural management into practice: A taxonomy framework. <i>Frontiers of Architectural Research</i> , 2015 , 4, 237-247	2.3	3
30	Economic cost of fire: Exploring UK fire incident data to develop a design tool. <i>Fire Safety Journal</i> , 2013 , 62, 256-263	3.3	3
29	Sustainable development and architectural practice: Framing strategic approaches in the United Kingdom. <i>Sustainable Development</i> , 2019 , 27, 377-387	6.7	2
28	Integral Design Method: A Conceptual Architectural Management Tool	207-227	2
27	Architectural Value	1-18	2
26	Collaborative Architectural Design Management	103-118	2
25	Towards Understanding BPR Needs for BIM Implementation. <i>International Journal of 3-D Information Modeling</i> , 2012 , 1, 18-28		2
24	Trends in sustainable architectural design in the United Kingdom: A Delphi study. <i>Sustainable Development</i> , 2020 , 28, 880-896	6.7	1
23	Reflecting on sustainability: coproducing a critical framework for sustainable design in the architectural studio. <i>Higher Education Pedagogies</i> , 2019 , 4, 41-63	1.2	1
22	Risk Management and Cross-Cultural Leadership Intelligence	19-33	1
21	Case Study A Exploring the Value Universe: A Values-Based Approach to Design Management	34-52	1
20	Design and Construction Integration [A Lean Perspective]	228-243	1
19	Management Tools for Sustainable and Adaptive Building Design	155-171	1
18	Managing Design Effort in Architectural Offices	269-283	1
17	The Architect's Role	284-296	1

16	User Involvement and the Role of Briefing172-185		1
15	Investigating the Synergy between Teaching and Research in a Teaching-led University. <i>Architectural Engineering and Design Management</i> , 2006 , 2, 61-72	1.2	1
14	Low-energy cooling and ventilation refurbishments for buildings in a Mediterranean climate. <i>Architectural Engineering and Design Management</i> ,1-22	1.2	1
13	Research Processes and Practicalities231-246		1
12	Issues of authenticity when conserving historic imitative crafts. <i>Journal of Architectural Conservation</i> ,1-19	0.4	1
11	Case Study E Management of Complex Free Form Design and Engineering Processes244-267		0
10	Imitative material culture: towards a philosophy for the authentic conservation of historical artificial materials and imitative techniques. <i>Journal of Architectural Conservation</i> ,1-21	0.4	0
9	Integration of life cycle assessments (LCA) in circular bio-based wall panel design. <i>Journal of Cleaner Production</i> , 2022 , 344, 130938	10.3	0
8	The language of typology. <i>Architectural Research Quarterly</i> , 2019 , 23, 149-156	0.3	
7	Case Study C Design Management Tools for Concurrent Construction135-154		
6	Researching Interpersonal Communication in AEC Projects53-71		
5	Concurrent Design: A Model for Integrated Product Development119-134		
4	Case Study F Incorporating Management into an Undergraduate Architectural Design Programme297-312		
3	Managing Effectiveness of Asynchronous and Synchronous Design Team Communication72-90		
2	Case Study B Architectural Design Management Using a Project Web91-101		
1	Case Study D Patient Focus throughout the Process: The Case of St. Olav's University Hospital186-205
