#	ARTICLE	IF	CITATIONS
1	A systematic review of policy and clinical guidelines on positive risk management. Journal of Mental Health, 2023, 32, 329-340.	1.9	2
2	Experiences of acute mental health inpatient care in the UK: from admission to readmission. Psychosis, 2022, 14, 22-33.	0.8	3
3	The effects of psilocybin on cognitive and emotional functions in healthy participants: Results from a phase 1, randomised, placebo-controlled trial involving simultaneous psilocybin administration and preparation. Journal of Psychopharmacology, 2022, 36, 114-125.	4.0	47
4	A Scoping Review and Narrative Synthesis Comparing the Constructs of Social Determinants of Health and Social Determinants of Mental Health: Matryoshka or Two Independent Constructs?. Frontiers in Psychiatry, 2022, 13, 848556.	2.6	3
5	A school-based case series to examine the feasibility and acceptability of a PCT-informed psychological intervention that combines client-led counselling (Method of levels) and a parentâ€child activity (Shared goals). British Journal of Guidance and Counselling, 2021, 49, 587-602.	1.2	3
6	A process-focused case series of a school-based intervention aimed at giving young people choice and control over their attendance and their goals in therapy. British Journal of Guidance and Counselling, 2021, 49, 565-586.	1.2	3
7	How did mental health become so biomedical? The progressive erosion of social determinants in historical psychiatric admission registers. History of Psychiatry, 2021, 32, 37-51.	0.3	12
8	A qualitative investigation of stress related to studying architecture at degree level in the UK. Arts and Humanities in Higher Education, 2021, 20, 3-20.	1.4	1
9	Improving Access to Psychological Services in Remote Australia with a Patient-Led Clinic. , 2021, , 253-272.		1
10	But Wait, Thereâ€™s More! Control Affects Practice as Much as Research. , 2021, , 139-154.		0
11	Positive risk management: Staff perspectives in acute mental health inpatient settings. Journal of Advanced Nursing, 2021, 77, 1899-1910.	3.3	3
12	Health Through the Lens of Control: A Different Look at Well-Being and Being Well. , 2021, , 69-83.		0
13	Development and Evaluation of a Therapist Training Program for Psilocybin Therapy for Treatment-Resistant Depression in Clinical Research. Frontiers in Psychiatry, 2021, 12, 586682.	2.6	38
14	The Psychological Pathway to Suicide Attempts: A Strategy of Control Without Awareness. Frontiers in Psychology, 2021, 12, 588683.	2.1	7
15	Minimal use of ICD social determinant or phenomenological codes in mental health care records. Journal of Mental Health, 2021, , 1-10.	1.9	0
16	The need for improved coding to document the social determinants of health. Lancet Psychiatry,the, 2021, 8, 653.	7.4	3
17	What is the relationship between post-traumatic stress disorder, extreme appraisals of internal state and symptoms in bipolar disorder?. Behavioural and Cognitive Psychotherapy, 2020, 48, 103-115.	1.2	0
18	â€Itâ€™s nice to think somebodyâ€™s listening to me instead of saying â€oh shut upâ€™. People with dementia reflect on what makes communication good and meaningful. Journal of Psychiatric and Mental Health Nursing, 2020, 27, 151-161.	2.1	34

#	ARTICLE	IF	CITATIONS
19	The development of a parent-child activity based on the principles of perceptual control theory. The Cognitive Behaviour Therapist, 2020, 13, .	1.0	1
20	Feasibility and Patient Experiences of Method of Levels Therapy in an Acute Mental Health Inpatient Setting. Issues in Mental Health Nursing, 2020, 41, 506-514.	1.2	2
21	Agents of change: Understanding the therapeutic processes associated with the helpfulness of therapy for mental health problems with relational agent MYLO. Digital Health, 2020, 6, 205520762091158.	1.8	9
22	Sources of Distress in First-Episode Psychosis: A Systematic Review and Qualitative Metasynthesis. Qualitative Health Research, 2019, 29, 107-123.	2.1	50
23	A school-based feasibility study of method of levels: a novel form of client-led counselling. Pastoral Care in Education, 2019, 37, 331-346.	1.8	6
24	A qualitative analysis of young people's experiences of receiving a novel, client-led, psychological therapy in school. Counselling and Psychotherapy Research, 2019, 19, 409-418.	3.2	9
25	“What people diagnosed with bipolar disorder experience as distressing”: A meta-synthesis of qualitative research. Journal of Affective Disorders, 2019, 248, 108-130.	4.1	15
26	“It was me answering my own questions”: Experiences of method of levels therapy amongst people with first-episode psychosis. International Journal of Mental Health Nursing, 2019, 28, 721-734.	3.8	18
27	Method of levels therapy for first-episode psychosis: The feasibility randomized controlled Next Level trial. Journal of Clinical Psychology, 2019, 75, 1756-1769.	1.9	8
28	Living the life you want following a diagnosis of bipolar disorder: A grounded theory approach. Clinical Psychology and Psychotherapy, 2019, 26, 362-377.	2.7	11
29	Individual experiences of psychological-based interventions for bipolar disorder: A systematic review and thematic synthesis. Psychology and Psychotherapy: Theory, Research and Practice, 2019, 92, 499-522.	2.5	11
30	A systematic scoping review and synthesis of dementia and communication theory. Dementia, 2019, 18, 2261-2281.	2.0	5
31	Conversational Agents in the Treatment of Mental Health Problems: Mixed-Method Systematic Review. JMIR Mental Health, 2019, 6, e14166.	3.3	130
32	Improving Access to Psychological Services in Remote Australia with a Patient-Led Clinic. , 2019, , 1-20.		0
33	Why I eat at night: A qualitative exploration of the development, maintenance and consequences of Night Eating Syndrome. Appetite, 2018, 125, 270-277.	3.7	7
34	Manage Your Life Online: A Web-Based Randomized Controlled Trial Evaluating the Effectiveness of a Problem-Solving Intervention in a Student Sample. Behavioural and Cognitive Psychotherapy, 2018, 46, 570-582.	1.2	83
35	The prospective role of defeat and entrapment in caregiver burden and depression amongst formal caregivers. Personality and Individual Differences, 2018, 120, 24-31.	2.9	13
36	Clinician perspectives on supporting adults with psychosis who wish to discontinue neuroleptic medication: qualitative analysis. Psychosis, 2018, 10, 239-250.	0.8	2

#	ARTICLE	IF	CITATIONS
37	Method of levels therapy for first-episode psychosis: rationale, design and baseline data for the feasibility randomised controlled Next Level study. <i>BJPsych Open</i> , 2018, 4, 339-345.	0.7	11
38	Personal Accounts of Discontinuing Neuroleptic Medication for Psychosis. <i>Qualitative Health Research</i> , 2017, 27, 559-572.	2.1	30
39	An experimental test of the role of control in spider fear. <i>Journal of Anxiety Disorders</i> , 2017, 49, 12-20.	3.2	58
40	Does empowerment mediate the effects of psychological factors on mental health, well-being, and recovery in young people?. <i>Psychology and Psychotherapy: Theory, Research and Practice</i> , 2017, 90, 314-335.	2.5	30
41	Client Perceptions of Helpfulness in Therapy: a Novel Video-Rating Methodology for Examining Process Variables at Brief Intervals During a Single Session. <i>Behavioural and Cognitive Psychotherapy</i> , 2017, 45, 647-660.	1.2	58
42	What is distressing about auditory verbal hallucinations? The contribution of goal interference and goal facilitation. <i>Psychology and Psychotherapy: Theory, Research and Practice</i> , 2017, 90, 720-734.	2.5	8
43	Cognitive behavioural therapy for thought disorder in psychosis. <i>Psychosis</i> , 2017, 9, 347-357.	0.8	8
44	What is good communication for people living with dementia? A mixed-methods systematic review. <i>International Psychogeriatrics</i> , 2017, 29, 1785-1800.	1.0	52
45	A systematic review of service-user reasons for adherence and nonadherence to neuroleptic medication in psychosis. <i>Clinical Psychology Review</i> , 2017, 51, 75-95.	11.4	51
46	What are People's Experiences of a Novel Cognitive Behavioural Therapy for Bipolar Disorders? A Qualitative Investigation with Participants on the TEAMS Trial. <i>Clinical Psychology and Psychotherapy</i> , 2017, 24, 712-726.	2.7	6
47	Improving professional psychological practice through an increased repertoire of research methodologies: Illustrated by the development of MOL.. <i>Professional Psychology: Research and Practice</i> , 2017, 48, 175-182.	1.0	21
48	An Introduction to Using the Method of Levels (MOL) Therapy to Work with People Experiencing Psychosis. <i>American Journal of Psychotherapy</i> , 2016, 70, 125-148.	1.2	14
49	A systematic review of the implementation of recommended psychological interventions for schizophrenia: Rates, barriers, and improvement strategies. <i>Psychology and Psychotherapy: Theory, Research and Practice</i> , 2016, 89, 324-350.	2.5	111
50	Web based health surveys: Using a Two Step Heckman model to examine their potential for population health analysis. <i>Social Science and Medicine</i> , 2016, 163, 45-53.	3.8	20
51	The feasibility and effectiveness of Catch It, an innovative CBT smartphone app. <i>BJPsych Open</i> , 2016, 2, 204-209.	0.7	27
52	MindSurf: a pilot study to assess the usability and acceptability of a smartphone app designed to promote contentment, wellbeing, and goal achievement. <i>BMC Psychiatry</i> , 2016, 16, 442.	2.6	27
53	Appraisals to affect: Testing the integrative cognitive model of bipolar disorder. <i>British Journal of Clinical Psychology</i> , 2016, 55, 225-235.	3.5	12
54	Thematic associations between personal goals and clinical and non-clinical voices (auditory verbal) Tj ETQq0 0 0 rgBT /Overlock 10 Tf 50	0.8	12

#	ARTICLE	IF	CITATIONS
