#	Paper	IF	Citations
127	Tailoring an online breastfeeding course for Southeast Asian paediatric trainees- A qualitative study of user experience from Malaysia and Thailand.. <i>BMC Medical Education</i> , 2022 , 22, 209	3.3	
126	Effectiveness of a web-based, electronic medical records-integrated patient agenda tool to improve doctor-patient communication in primary care consultations: A pragmatic cluster-randomized controlled trial study.. <i>International Journal of Medical Informatics</i> , 2022 , 162, 104761	5.3	1
125	A Qualitative Exploration of the Acceptability of an Online Web Application to Promote Breast and Cervical Cancer Screening in Primary Care Settings in Malaysia. <i>JCO Global Oncology</i> , 2022 , 8, 42-42	3.7	
124	Association between online health information-seeking and medication adherence: A systematic review and meta-analysis.. <i>Digital Health</i> , 2022 , 8, 20552076221097784	4	1
123	mHealth adoption among primary care physicians in Malaysia and its associated factors: a cross-sectional study. <i>Family Practice</i> , 2021 , 38, 210-217	1.9	3
122	Developing a competency framework for health research ethics education and training. <i>Journal of Medical Ethics</i> , 2021 ,	2.5	2
121	Prioritising topics for developing e-learning resources in healthcare curricula: A comparison between students and educators using a modified Delphi survey. <i>PLoS ONE</i> , 2021 , 16, e0253471	3.7	1
120	Coping Strategies among Malaysian Women with Recurrent Ovarian Cancer: A Qualitative Study. <i>Asia-Pacific Journal of Oncology Nursing</i> , 2021 , 8, 40-45	2.2	
119	An Automated Patient Self-Monitoring System to Reduce Health Care System Burden During the COVID-19 Pandemic in Malaysia: Development and Implementation Study. <i>JMIR Medical Informatics</i> , 2021 , 9, e23427	3.6	6
118	What Elements of Sport and Exercise Science Should Primary Care Physicians Learn? An Interdisciplinary Discussion. <i>Frontiers in Medicine</i> , 2021 , 8, 704403	4.9	
117	Online health information-seeking behaviour of patients attending a primary care clinic in Malaysia: a cross-sectional study. <i>Family Practice</i> , 2021 ,	1.9	3
116	Self-management using crude herbs and the health-related quality of life among adult patients with hypertension living in a suburban setting of Malaysia. <i>PLoS ONE</i> , 2021 , 16, e0257336	3.7	0
115	Validation of the Malay, English, and Chinese Translations of the 9-Item Shared Decision Making Questionnaire (SDM-Q-9) in Breast Cancer Patients Making Treatment Decisions. <i>Asia-Pacific Journal of Public Health</i> , 2021 , 33, 914-922	2	0
114	Utility and usability of an automated COVID-19 symptom monitoring system (CoSMoS) in primary care during COVID-19 pandemic: A qualitative feasibility study. <i>International Journal of Medical Informatics</i> , 2021 , 155, 104567	5.3	0
113	Cultural adaptation of a patient decision-aid for insulin therapy. <i>BMJ Open</i> , 2020 , 10, e033791	3	4
112	Exploring patients' experience and perception of being diagnosed with bladder cancer: a mixed-methods approach. <i>BJU International</i> , 2020 , 125, 669-678	5.6	11
111	Prevalence of limited health literacy and its associated factors in patients with type 2 diabetes mellitus in Perak, Malaysia: a cross-sectional study. <i>BMJ Open</i> , 2020 , 10, e039864	3	2

110	Prevalence of limited health literacy and its associated factors in patients with type 2 diabetes mellitus in Perak, Malaysia: a cross-sectional study. <i>BMJ Open</i> , 2020 , 10, e039864	3	
109	Usability and Utility of a Mobile App to Improve Medication Adherence Among Ambulatory Care Patients in Malaysia: Qualitative Study. <i>JMIR MHealth and UHealth</i> , 2020 , 8, e15146	5.5	10
108	Implementation Strategies for Web-Based Apps for Screening: Scoping Review. <i>Journal of Medical Internet Research</i> , 2020 , 22, e15591	7.6	2
107	Factors influencing implementation of an insulin patient decision aid at public health clinics in Malaysia: A qualitative study. <i>PLoS ONE</i> , 2020 , 15, e0244645	3.7	0
106	Can mobile health apps replace GPs? A scoping review of comparisons between mobile apps and GP tasks. <i>BMC Medical Informatics and Decision Making</i> , 2020 , 20, 5	3.6	13
105	Factors associated with level of shared decision making in Malaysian primary care consultations. <i>Patient Education and Counseling</i> , 2020 , 103, 1049-1051	3.1	5
104	Is family history still underutilised? Exploring the views and experiences of primary care doctors in Malaysia. <i>Journal of Community Genetics</i> , 2020 , 11, 413-420	2.5	2
103	Health literacy experiences of multi-ethnic patients and their health-care providers in the management of type 2 diabetes in Malaysia: A qualitative study. <i>Health Expectations</i> , 2020 , 23, 1166-1176	2.7	3
102	Priorities for primary health care policy implementation: recommendations from the combined experience of six countries in the Asia-Pacific. <i>Australian Journal of Primary Health</i> , 2020 , 26, 351-357	1.4	2
101	What will make patients use a patient decision aid? A qualitative study on patients' perspectives on implementation barriers and facilitators. <i>Journal of Evaluation in Clinical Practice</i> , 2020 , 26, 755-764	2.5	1
100	Telemonitoring and Team-Based Management of Glycemic Control on People with Type 2 Diabetes: a Cluster-Randomized Controlled Trial. <i>Journal of General Internal Medicine</i> , 2020 , 35, 87-94	4	23
99	Factors influencing implementation of an insulin patient decision aid at public health clinics in Malaysia: A qualitative study 2020 , 15, e0244645		
98	Factors influencing implementation of an insulin patient decision aid at public health clinics in Malaysia: A qualitative study 2020 , 15, e0244645		
97	Factors influencing implementation of an insulin patient decision aid at public health clinics in Malaysia: A qualitative study 2020 , 15, e0244645		
96	Factors influencing implementation of an insulin patient decision aid at public health clinics in Malaysia: A qualitative study 2020 , 15, e0244645		
95	Factors influencing implementation of an insulin patient decision aid at public health clinics in Malaysia: A qualitative study 2020 , 15, e0244645		
94	Factors influencing implementation of an insulin patient decision aid at public health clinics in Malaysia: A qualitative study 2020 , 15, e0244645		
93	Factors influencing implementation of an insulin patient decision aid at public health clinics in Malaysia: A qualitative study 2020 , 15, e0244645		

92	Factors influencing implementation of an insulin patient decision aid at public health clinics in Malaysia: A qualitative study 2020 , 15, e0244645		
91	Culture, Self, and Medical Decision Making in Australia and China: A Structural Model Analysis. <i>MDM Policy and Practice</i> , 2019 , 4, 2381468319871018	1.5	1
90	Mixed-methods approach to exploring patients' perspectives on the acceptability of a urinary biomarker test in replacing cystoscopy for bladder cancer surveillance. <i>BJU International</i> , 2019 , 124, 408-417	5.6	9
89	Population indices measuring health outcomes: A scoping review. <i>Journal of Global Health</i> , 2019 , 9, 010405	4.5	5
88	Prevalence of limited health literacy among patients with type 2 diabetes mellitus: A systematic review. <i>PLoS ONE</i> , 2019 , 14, e0216402	3.7	30
87	Shared decision making: A dual-layer model to tackling multimorbidity in primary care. <i>Journal of Evaluation in Clinical Practice</i> , 2019 , 25, 1074-1079	2.5	3
86	A Mobile Web App to Improve Health Screening Uptake in Men (ScreenMen): Utility and Usability Evaluation Study. <i>JMIR MHealth and UHealth</i> , 2019 , 7, e10216	5.5	5
85	102 Why Aren't Malaysian Elderly Attending a Falls Prevention Education Intervention (FPEI)? An Exploratory Study.. <i>Age and Ageing</i> , 2019 , 48, iv18-iv27	3	
84	Who Decides: Me or We? Family Involvement in Medical Decision Making in Eastern and Western Countries. <i>Medical Decision Making</i> , 2018 , 38, 14-25	2.5	36
83	Usability and utility evaluation of the web-based "Should I Start Insulin?" patient decision aid for patients with type 2 diabetes among older people. <i>Informatics for Health and Social Care</i> , 2018 , 43, 73-83	2.7	3
82	Patient-adjusted versus health professional-adjusted insulin dosing for type 2 diabetes mellitus. <i>The Cochrane Library</i> , 2018 ,	5.2	78
81	Development and validation of the Evidence Based Medicine Questionnaire (EBMQ) to assess doctors' knowledge, practice and barriers regarding the implementation of evidence-based medicine in primary care. <i>BMC Family Practice</i> , 2018 , 19, 98	2.6	6
80	A comparison of evidence-based medicine practices between primary care physicians in rural and urban primary care settings in Malaysia: a qualitative study. <i>BMJ Open</i> , 2018 , 8, e018933	3	4
79	Improving Health Screening Uptake in Men: A Systematic Review and Meta-analysis. <i>American Journal of Preventive Medicine</i> , 2018 , 54, 133-143	6.1	13
78	Gaming behaviour with Pokhmon GO and physical activity: A preliminary study with medical students in Thailand. <i>PLoS ONE</i> , 2018 , 13, e0199813	3.7	14
77	Decision making process and factors contributing to research participation among general practitioners: A grounded theory study. <i>PLoS ONE</i> , 2018 , 13, e0196379	3.7	5
76	Development of a web-based insulin decision aid for the elderly: usability barriers and guidelines. <i>Universal Access in the Information Society</i> , 2017 , 16, 775-791	2.5	0
75	Using a patient decision aid for insulin initiation in patients with type 2 diabetes: a qualitative analysis of doctor-patient conversations in primary care consultations in Malaysia. <i>BMJ Open</i> , 2017 , 7, e014260	3	3

74	The state of shared decision making in Malaysia. <i>Zeitschrift Fur Evidenz, Fortbildung Und Qualitat Im Gesundheitswesen</i> , 2017 , 123-124, 66-68	1.4	17
73	Addressing unmet needs of patients with chronic diseases: Impact of the VISIT website during consultations. <i>Journal of Evaluation in Clinical Practice</i> , 2017 , 23, 1281-1288	2.5	6
72	Factors influencing young men's decision to undergo health screening in Malaysia: a qualitative study. <i>BMJ Open</i> , 2017 , 7, e014364	3	8
71	Factors influencing implementation of a patient decision aid in a developing country: an exploratory study. <i>Implementation Science</i> , 2017 , 12, 40	8.4	15
70	Science and society: Development of the Asian Men's Health Report: challenges and opportunities. <i>Nature Reviews Urology</i> , 2017 , 14, 630-636	5.5	2
69	What Do Men Want from a Health Screening Mobile App? A Qualitative Study. <i>PLoS ONE</i> , 2017 , 12, e0169435	3.7	15
68	Effectiveness of a fluid chart in outpatient management of suspected dengue fever: A pilot study. <i>PLoS ONE</i> , 2017 , 12, e0183544	3.7	6
67	Barriers and facilitators to health screening in men: A systematic review. <i>Social Science and Medicine</i> , 2016 , 165, 168-176	5.1	45
66	Intervention for Diabetes with Education, Advancement and Support (IDEAS) study: protocol for a cluster randomised controlled trial. <i>BMC Health Services Research</i> , 2016 , 16, 524	2.9	11
65	Ethnic differences in the prevalence of knee pain among adults of a community in a cross-sectional study. <i>BMJ Open</i> , 2016 , 6, e011925	3	4
64	Views and experiences of Malaysian older persons about falls and their prevention-A qualitative study. <i>BMC Geriatrics</i> , 2016 , 16, 97	4.1	8
63	Rural Doctors' Views on and Experiences with Evidence-Based Medicine: The FrEEDoM Qualitative Study. <i>PLoS ONE</i> , 2016 , 11, e0152649	3.7	12
62	What influences patients' acceptance of a blood pressure telemonitoring service in primary care? A qualitative study. <i>Patient Preference and Adherence</i> , 2016 , 10, 99-106	2.4	13
61	A qualitative study of community pharmacists' opinions on the provision of osteoporosis disease state management services in Malaysia. <i>BMC Health Services Research</i> , 2016 , 16, 448	2.9	15
60	Development of a Search Strategy for an Evidence Based Retrieval Service. <i>PLoS ONE</i> , 2016 , 11, e0167170	3.7	20
59	Antibiotics for mastitis in breastfeeding women. <i>Sao Paulo Medical Journal</i> , 2016 , 134, 273	1.6	12
58	Why is there variation in the practice of evidence-based medicine in primary care? A qualitative study. <i>BMJ Open</i> , 2016 , 6, e010565	3	31
57	Knowledge and practice of prostate cancer screening among general practitioners in Malaysia: a cross-sectional study. <i>BMJ Open</i> , 2016 , 6, e011467	3	3

56	Patient involvement in decision-making: a cross-sectional study in a Malaysian primary care clinic. <i>BMJ Open</i> , 2016 , 6, e010063	3	27
55	Mismatch between health-care professionals' and patients' views on a diabetes patient decision aid: a qualitative study. <i>Health Expectations</i> , 2016 , 19, 427-36	3.7	8
54	The Status of Family Medicine Training Programs in the Asia Pacific. <i>Family Medicine</i> , 2016 , 48, 194-202	0.8	6
53	Factors influencing decision-making role preferences: A qualitative study of Malaysian patients with type 2 diabetes during insulin initiation. <i>International Journal of Nursing Practice</i> , 2015 , 21 Suppl 2, 125-31	2.3	5
52	Why do some people with type 2 diabetes who are using insulin have poor glycaemic control? A qualitative study. <i>BMJ Open</i> , 2015 , 5, e006407	3	31
51	Validation of the Physician-Pharmacist Collaborative Index for physicians in Malaysia. <i>International Journal of Clinical Pharmacy</i> , 2015 , 37, 1242-9	2.3	
50	Are medical students confident in taking a sexual history? An assessment on attitude and skills from an upper middle income country. <i>BMC Research Notes</i> , 2015 , 8, 248	2.3	11
49	Relationships between cancer pattern, country income and geographical region in Asia. <i>BMC Cancer</i> , 2015 , 15, 613	4.8	31
48	Barriers and facilitators to starting insulin in patients with type 2 diabetes: a systematic review. <i>International Journal of Clinical Practice</i> , 2015 , 69, 1050-70	2.9	61
47	Development and validation of an instrument to assess the prescribing readiness of medical students in Malaysia. <i>BMC Medical Education</i> , 2015 , 15, 153	3.3	1
46	Healthcare professionals' and policy makers' views on implementing a clinical practice guideline of hypertension management: a qualitative study. <i>PLoS ONE</i> , 2015 , 10, e0126191	3.7	16
45	To Share or Not to Share: Malaysian Healthcare Professionals' Views on Localized Prostate Cancer Treatment Decision Making Roles. <i>PLoS ONE</i> , 2015 , 10, e0142812	3.7	3
44	Challenges faced by primary care physicians when prescribing for patients with chronic diseases in a teaching hospital in Malaysia: a qualitative study. <i>BMJ Open</i> , 2015 , 5, e007817	3	11
43	Physical Activity Among Adolescents in an East Malaysian Rural Indigenous Community: Exploring the Influence of Neighborhood Environmental Factors. <i>Asia-Pacific Journal of Public Health</i> , 2015 , 27, 33S-40S	2	3
42	Barriers faced by healthcare professionals when managing falls in older people in Kuala Lumpur, Malaysia: a qualitative study. <i>BMJ Open</i> , 2015 , 5, e008460	3	22
41	Are doctors assessing patients with hypertension appropriately at their initial presentation?. <i>Singapore Medical Journal</i> , 2015 , 56, 518-22	1.9	5
40	Investigating active ingredients in a complex intervention: a nested study within the Patient and Decision Aids (PANDAs) randomised controlled trial for people with type 2 diabetes. <i>BMC Research Notes</i> , 2014 , 7, 347	2.3	5
39	Statins use is associated with poorer glycaemic control in a cohort of hypertensive patients with diabetes and without diabetes. <i>Diabetology and Metabolic Syndrome</i> , 2014 , 6, 53	5.6	21

38	The status of men's health in Asia. <i>Preventive Medicine</i> , 2014 , 67, 295-302	4.3	13
37	How do health care professionals assess patients when initiating insulin therapy? A qualitative study. <i>Primary Care Diabetes</i> , 2014 , 8, 49-55	2.4	5
36	Health Innovation Project: A Concept Paper on a Virtual Health Promotion Program for Men. <i>Journal of Men's Health</i> , 2014 , 11, 4-9	1.2	1
35	Barriers and facilitators to self-monitoring of blood glucose in people with type 2 diabetes using insulin: a qualitative study. <i>Patient Preference and Adherence</i> , 2014 , 8, 237-46	2.4	84
34	A 'combined framework' approach to developing a patient decision aid: the PANDAs model. <i>BMC Health Services Research</i> , 2014 , 14, 503	2.9	9
33	Men's Health Index: a pragmatic approach to stratifying and optimizing men's health. <i>Korean Journal of Urology</i> , 2014 , 55, 710-7		1
32	Developing a primary care research agenda through collaborative efforts - a proposed "6E" model. <i>Asia Pacific Family Medicine</i> , 2014 , 13, 17	1	
31	Delivery of patient centred care in routine practice requires a whole system change. <i>BMJ, The</i> , 2014 , 348, g2009	5.9	1
30	An overview of patient involvement in healthcare decision-making: a situational analysis of the Malaysian context. <i>BMC Health Services Research</i> , 2013 , 13, 408	2.9	38
29	Establishing the effectiveness of patient decision aids: key constructs and measurement instruments. <i>BMC Medical Informatics and Decision Making</i> , 2013 , 13 Suppl 2, S12	3.6	138
28	A systematic development process for patient decision aids. <i>BMC Medical Informatics and Decision Making</i> , 2013 , 13 Suppl 2, S2	3.6	252
27	Antibiotics for mastitis in breastfeeding women. <i>The Cochrane Library</i> , 2013 , CD005458	5.2	79
26	What are the barriers faced by patients using insulin? A qualitative study of Malaysian health care professionals' views. <i>Patient Preference and Adherence</i> , 2013 , 7, 103-9	2.4	20
25	Health innovations in patient decision support: Bridging the gaps and challenges. <i>Australasian Medical Journal</i> , 2013 , 6, 95-9	2	11
24	Efficacy and safety of long-acting intramuscular testosterone undecanoate in aging men: a randomised controlled study. <i>BJU International</i> , 2013 , 111, 1130-40	5.6	34
23	Uncovering the experiences and needs of patients with chronic hepatitis B infection at diagnosis: a qualitative study. <i>Asia-Pacific Journal of Public Health</i> , 2013 , 25, 32-40	2	28
22	Exploring patient values in medical decision making: a qualitative study. <i>PLoS ONE</i> , 2013 , 8, e80051	3.7	45
21	The decision-making journey of Malaysian women with early breast cancer: a qualitative study. <i>Asian Pacific Journal of Cancer Prevention</i> , 2013 , 14, 7143-7	1.7	16

20	A randomized, double-blind, placebo-controlled trial on the effect of long-acting testosterone treatment as assessed by the Aging Male Symptoms scale. <i>BJU International</i> , 2012 , 110, 260-5	5.6	35
19	A qualitative study on healthcare professionals' perceived barriers to insulin initiation in a multi-ethnic population. <i>BMC Family Practice</i> , 2012 , 13, 28	2.6	37
18	How can insulin initiation delivery in a dual-sector health system be optimised? A qualitative study on healthcare professionals' views. <i>BMC Public Health</i> , 2012 , 12, 313	4.1	7
17	Knowledge, attitudes and practices among people with chronic hepatitis B attending a hepatology clinic in Malaysia: a cross sectional study. <i>BMC Public Health</i> , 2012 , 12, 601	4.1	38
16	Improving recruitment to primary care trials: some lessons from the use of modern marketing techniques. <i>British Journal of General Practice</i> , 2012 , 62, 496-8	1.6	5
15	Clinical effectiveness of a patient decision aid to improve decision quality and glycaemic control in people with diabetes making treatment choices: a cluster randomised controlled trial (PANDAs) in general practice. <i>BMJ Open</i> , 2012 , 2,	3	56
14	Needs assessment and reflection in a practice education accreditation scheme in the Southampton area: some questions. <i>Education for Primary Care</i> , 2012 , 23, 115-7	0.9	
13	Overactive bladder (OAB) and its association with prostatic parameters. <i>Journal of Men's Health</i> , 2011 , 8, S71-S74	1.2	
12	The triad of erectile dysfunction, testosterone deficiency syndrome and metabolic syndrome: findings from a multi-ethnic Asian men study (The Subang Men's Health Study). <i>Aging Male</i> , 2011 , 14, 231-6	2.1	24
11	Profile of men's health in Malaysia: problems and challenges. <i>Asian Journal of Andrology</i> , 2011 , 13, 526-33.8		12
10	Are our new medical graduates ready to prescribe?. <i>Medical Education</i> , 2009 , 43, 492	3.7	1
9	Text messaging reminders to reduce non-attendance in chronic disease follow-up: a clinical trial. <i>British Journal of General Practice</i> , 2009 , 59, 916-20	1.6	96
8	Factors influencing parental decision to consult for children with upper respiratory tract infection. <i>Journal of Paediatrics and Child Health</i> , 2008 , 44, 208-13	1.3	3
7	What do Asian men consider as important masculinity attributes? Findings from the Asian Men's Attitudes to Life Events and Sexuality (MALES) Study. <i>Journal of Men's Health</i> , 2008 , 5, 350-355	1.2	25
6	Traditional and complementary medicine (T/CM) in the treatment of erection difficulties □ experience from the Asian Men's Attitudes To Life Events and Sexuality (MALES) study. <i>Journal of Men's Health</i> , 2008 , 5, 356-365	1.2	5
5	Prevalence and correlates of erectile dysfunction (ED) and treatment seeking for ED in Asian Men: the Asian Men's Attitudes to Life Events and Sexuality (MALES) study. <i>Journal of Sexual Medicine</i> , 2007 , 4, 1582-92	1.1	80
4	The use of text messaging to improve attendance in primary care: a randomized controlled trial. <i>Family Practice</i> , 2006 , 23, 699-705	1.9	206
3	The role of general practitioners in the management of erectile dysfunction-a qualitative study. <i>International Journal of Impotence Research</i> , 2004 , 16, 60-3	2.3	9
