citing authors

#	ARTICLE	IF	CITATIONS
1	Effect of CoolSense and EMLA Cream on Pain During Intravenous Cannulation in Pediatric Population: A Randomized, Controlled Trial. Indian Journal of Pediatrics, 2024, 91, 119-124.	0.8	1
2	The effect of pulse pressure variation compared with central venous pressure on intraoperative fluid management during kidney transplant surgery: a randomized controlled trial. Canadian Journal of Anaesthesia, 2022, 69, 62-71.	1.6	6
3	Continuous wound infusion as an alternative to continuous epidural infusion for postoperative analgesia in renal transplant surgery: A prospective randomized controlled trial. Indian Journal of Transplantation, 2021, 15, 45.	0.1	1
4	Ease of intubation and incidence of dental injury during direct laryngoscopy: A randomized controlled trial comparing five different laryngoscope blades (Macintosh, Miller, Reduce flange,) Tj ETQq0 0 0 rgBT (Overlock 10 Tf 50 61	0.9	0
5	Safety and efficacy of oral Triclofos in the ophthalmic evaluation of children with pediatric glaucoma: An observational study. Indian Journal of Ophthalmology, 2021, 69, 83.	1.1	1
6	Comparative evaluation of optic nerve sheath diameter in patients undergoing laparoscopic cholecystectomy using low and standard pressures of gas insufflations.. Journal of Anaesthesiology Clinical Pharmacology, 2021, 37, 616-621.	0.7	2
7	Normal Saline Versus Balanced Crystalloids in Renal Transplant Surgery: A Double-Blind Randomized Controlled Study. Cureus, 2021, 13, e18247.	0.5	1
8	Surgical Field Quality in Trans-Nasal Endoscopic Surgeries Using Lignocaine Infusion and Dexmedetomidine Infusion. A Prospective Randomized Control Study. Indian Journal of Otolaryngology and Head and Neck Surgery, 2020, , 1.	0.9	0
9	Tranexamic Acid Is Associated With Improved Operative Field in Orthognathic Surgery. Journal of Oral and Maxillofacial Surgery, 2020, 78, 1509-1517.	1.2	8
10	Point-of-care nasal ultrasonography: A novel technique using â€œhockey stickâ€¢probe. Saudi Journal of Anaesthesia, 2020, 14, 544.	0.7	2
11	A prospective randomized controlled trial using propofol or dexmedetomidine for conscious sedation in pediatric patients undergoing sclerotherapy. Journal of Pediatric Neurosciences, 2020, 15, 379.	0.3	1
12	EC50 of sevoflurane for classic laryngeal mask airway insertion in children at different time points: A randomized blind trial. Journal of Anaesthesiology Clinical Pharmacology, 2020, 36, 489.	0.7	0
13	Comparison of continuous wound infusion versus continuous epidural infusion in upper abdominal surgery: Noninferiority randomized controlled trial. Anesthesia: Essays and Researches, 2019, 13, 676.	0.5	7
14	Abdominal surgery in a patient with bullous emphysema: Anesthetic concerns. Journal of Anaesthesiology Clinical Pharmacology, 2019, 35, 414.	0.7	4
15	Comparison of Haemodynamic Response to Inhalational Bolus with Desflurane in Normotensive and Hypertensive Patients Undergoing Laparoscopic Cholecystectomy. Turkish Journal of Anaesthesiology and Reanimation, 2019, 47, 165-172.	0.4	4
16	Comparison of Air-Qâ“† insertion techniques in pediatric patients with fiber-optic bronchoscopic assessment: a prospective randomized control trial. Korean Journal of Anesthesiology, 2019, 72, 570-575.	2.5	4
17	Targeting the venous confluence of pirogoff for central venous cannulation insertion, when internal jugular vein cannulation is difficult: A three-step approach. Indian Journal of Critical Care Medicine, 2018, 22, 760-761.	0.9	3
18	A prospective randomized study to evaluate safety and efficacy of heparin topical solution (1000 IU/ml) compared to heparin topical gel (200 IU/g) in prevention of infusion-associated phlebitis. Indian Journal of Pharmacology, 2018, 50, 344.	0.7	8

#	ARTICLE	IF	CITATIONS
19	Effect of dexmedetomidine on emergence agitation using desflurane in pediatric cataract surgery. Saudi Journal of Anaesthesia, 2018, 12, 28.	0.7	6
20	An unusual cause of right ventricular wall rupture during radiofrequency ablation of hepatocellular carcinoma. Saudi Journal of Anaesthesia, 2018, 12, 492.	0.7	1
21	Comparison of Ambu® AuraGain®, laryngeal mask and air-Q®, intubating laryngeal airway for blind tracheal intubation in adults: A randomized controlled trial. Egyptian Journal of Anaesthesia, 2017, 33, 137-140.	0.5	6
22	Expanding the horizon of robotic surgery to large pelvic paraganglioma. Journal of Robotic Surgery, 2017, 11, 247-250.	1.8	7
23	Comparison of short-axis out-of-plane versus long-axis in-plane ultrasound-guided radial arterial cannulation in adult patients: a randomized controlled trial. Journal of Anesthesia, 2017, 31, 89-94.	1.7	27
24	Comparison of oropharyngeal leak pressure of air-Q®, i-gel®, and laryngeal mask airway supreme®, in adult patients during general anesthesia: A randomized controlled trial. Saudi Journal of Anaesthesia, 2017, 11, 390.	0.7	11
25	Ventricular laryngeal cyst: A threat to airway!. Saudi Journal of Anaesthesia, 2017, 11, 501.	0.7	0
26	Effective dose 50 of desflurane for laryngeal mask airway removal in anaesthetized children in cataract surgeries with subtenon block. Saudi Journal of Anaesthesia, 2015, 9, 27.	0.7	1
27	Trachlight-guided intubation in small infant with difficult airway. Journal of Anaesthesiology Clinical Pharmacology, 2015, 31, 275.	0.7	2
28	Optimum sevoflurane concentration for I-gel insertion in unpremedicated children. Journal of Clinical Anesthesia, 2015, 27, 627-631.	1.6	5
29	ED50 of sevoflurane for I-Gel removal in anesthetized children in cataract surgeries using subtenon block. Saudi Journal of Anaesthesia, 2015, 9, 381.	0.7	1
30	Scalp block for brain abscess drainage in a patient with uncorrected tetralogy of Fallot. World Journal of Clinical Cases, 2014, 2, 934.	0.8	8
31	Atypical presentation of acute hyponatremia in transurethral resection of prostate surgery: A case report. Saudi Journal of Anaesthesia, 2014, 8, 279.	0.7	1
32	Anesthetic management of a patient with multiple sclerosis undergoing cesarean section with low dose epidural bupivacaine. Saudi Journal of Anaesthesia, 2014, 8, 402.	0.7	6
33	Cuff filling volumes for pediatric classic laryngeal mask airways: comparison of clinical end points versus adjusted cuff pressure. Paediatric Anaesthesia, 2013, 23, 122-126.	1.1	7
34	Efficacy of subtenon block in infants – a comparison with intravenous fentanyl for perioperative analgesia in infantile cataract surgery. Paediatric Anaesthesia, 2013, 23, 1015-1020.	1.1	16
35	Postoperative emergence delirium in pediatric patients undergoing cataract surgery – a comparison of desflurane and sevoflurane. Paediatric Anaesthesia, 2013, 23, 1131-1137.	1.1	37
36	Asystole following craniotomy closure: Yet another complication of negative-pressure suctioning of subgaleal drain. Indian Journal of Anaesthesia, 2012, 56, 304.	1.0	9

#	ARTICLE	IF	CITATIONS
37	Postextubation stridor in a child with asymptomatic trifold epiglottitis with polydactyly – A rare case report. International Journal of Pediatric Otorhinolaryngology Extra, 2012, 7, 64-66.	0.1	0
38	Post-extubation pulmonary edema after open cholecystectomy: Significance of diastolic cardiac dysfunction. Annals of Cardiac Anaesthesia, 2011, 14, 156.	0.6	0
39	Correlation of invasive and non-invasive blood pressure: A must for management. Indian Journal of Anaesthesia, 2010, 54, 581.	1.0	5
40	Use of paediatric face mask for adult ventilation in a patient with nasal tumour. Indian Journal of Anaesthesia, 2010, 54, 75.	1.0	8
41	Use of glidescope and external manipulation in airway management of an unusual retropharyngeal lipoma. Journal of Anaesthesiology Clinical Pharmacology, 2010, 26, 557.	0.7	2
