#	Paper	IF	Citations
121	Pressure injury prevalence in intensive care versus non-intensive care patients: A state-wide comparison. <i>Australian Critical Care</i> , 2017 , 30, 244-250	2.9	79
120	Incidence and Prevalence of Pressure Injuries in Adult Intensive Care Patients: A Systematic Review and Meta-Analysis. <i>Critical Care Medicine</i> , 2018 , 46, e1074-e1081	1.4	78
119	Device-related pressure ulcers: SECURE prevention. <i>Journal of Wound Care</i> , 2020 , 29, S1-S52	2.2	67
118	Beyond competencies: using a capability framework in developing practice standards for advanced practice nursing. <i>Journal of Advanced Nursing</i> , 2014 , 70, 2728-35	3.1	61
117	Nurse staffing levels and the incidence of mortality and morbidity in the adult intensive care unit: a literature review. <i>Australian Critical Care</i> , 2012 , 25, 64-77	2.9	59
116	The effectiveness of interventions to meet family needs of critically ill patients in an adult intensive care unit: a systematic review update. <i>JBI Database of Systematic Reviews and Implementation Reports</i> , 2016 , 14, 181-234	1.6	59
115	A randomised controlled study of the efficacy of hypromellose and Lacri-Lube combination versus polyethylene/Cling wrap to prevent corneal epithelial breakdown in the semiconscious intensive care patient. <i>Intensive Care Medicine</i> , 2004 , 30, 1122-6	14.5	58
114	Saudi Arabian adult intensive care unit pressure ulcer incidence and risk factors: a prospective cohort study. <i>International Wound Journal</i> , 2016 , 13, 912-9	2.6	56
113	End-of-life care in the intensive care setting: a descriptive exploratory qualitative study of nurses' beliefs and practices. <i>Australian Critical Care</i> , 2012 , 25, 4-12	2.9	55
112	A prospective window into medical device-related pressure ulcers in intensive care. <i>International Wound Journal</i> , 2014 , 11, 656-64	2.6	53
111	Incontinence-associated dermatitis: a cross-sectional prevalence study in the Australian acute care hospital setting. <i>International Wound Journal</i> , 2016 , 13, 403-11	2.6	48
110	Patient, family-centred care interventions within the adult ICU setting: An integrative review. <i>Australian Critical Care</i> , 2016 , 29, 179-193	2.9	46
109	Reducing pressure injuries in critically ill patients by using a patient skin integrity care bundle (InSPIRE). <i>American Journal of Critical Care</i> , 2015 , 24, 199-209	1.7	43
108	Understanding uncertainty and minimizing families' anxiety at the time of transfer from intensive care. <i>Australian Journal of Cancer Nursing</i> , 2003 , 5, 207-17	1.9	43
107	Effectiveness of Pressure Ulcer Prevention Strategies for Adult Patients in Intensive Care Units: A Systematic Review. <i>Worldviews on Evidence-Based Nursing</i> , 2016 , 13, 432-444	2.9	43
106	A two-arm cluster randomized control trial to determine the effectiveness of a pressure ulcer prevention bundle for critically ill patients. <i>Journal of Nursing Scholarship</i> , 2015 , 47, 237-47	3.6	41
105	Diarrhoea risk factors in enterally tube fed critically ill patients: a retrospective audit. <i>Intensive and Critical Care Nursing</i> , 2010 , 26, 327-34	3.1	38

104	Towards an international language for incontinence-associated dermatitis (IAD): design and evaluation of psychometric properties of the Ghent Global IAD Categorization Tool (GLOBIAD) in 30 countries. <i>British Journal of Dermatology</i> , 2018 , 178, 1331-1340	4	34
103	Nursing care of the mechanically ventilated patient: what does the evidence say? Part two. <i>Intensive and Critical Care Nursing</i> , 2007 , 23, 71-80	3.1	33
102	Part 1. Chemical and physical restraints in the management of mechanically ventilated patients in the ICU: contributing factors. <i>Intensive and Critical Care Nursing</i> , 2007 , 23, 249-55	3.1	33
101	The incidence and prevalence of medical device-related pressure ulcers in intensive care: a systematic review. <i>Journal of Wound Care</i> , 2019 , 28, 512-521	2.2	31
100	Flexible learning design in curriculum delivery promotes student engagement and develops metacognitive learners: An integrated review. <i>Nurse Education Today</i> , 2015 , 35, 966-73	3.7	30
99	Prevalence, associated factors and outcomes of pressure injuries in adult intensive care unit patients: the DecubICUs study. <i>Intensive Care Medicine</i> , 2021 , 47, 160-169	14.5	27
98	The concept of difference and the experience of China-educated nurses working in Australia: a symbolic interactionist exploration. <i>International Journal of Nursing Studies</i> , 2011 , 48, 1420-8	5.8	26
97	The Skin Safety Model: Reconceptualizing Skin Vulnerability in Older Patients. <i>Journal of Nursing Scholarship</i> , 2016 , 48, 14-22	3.6	25
96	The provision of patient personal hygiene in the intensive care unit: a descriptive exploratory study of bed-bathing practice. <i>Australian Critical Care</i> , 2011 , 24, 198-209	2.9	23
95	Health literacy in Indigenous people with chronic disease living in remote Australia. <i>BMC Health Services Research</i> , 2019 , 19, 523	2.9	22
94	Simulation debriefing based on principles of transfer of learning: A pilot study. <i>Nurse Education in Practice</i> , 2017 , 26, 102-108	3.2	22
93	The Effectiveness of Interventions for Improving the Research Literacy of Nurses: A Systematic Review. <i>Worldviews on Evidence-Based Nursing</i> , 2015 , 12, 265-72	2.9	22
92	IMPOSE (IMProving Outcomes after Sepsis)-the effect of a multidisciplinary follow-up service on health-related quality of life in patients postsepsis syndromes-a double-blinded randomised controlled trial: protocol. <i>BMJ Open</i> , 2014 , 4, e004966	3	21
91	True BloodThe Critical Care Story: An audit of blood sampling practice across three adult, paediatric and neonatal intensive care settings. <i>Australian Critical Care</i> , 2016 , 29, 90-5	2.9	20
90	Reconsidering the transfer of patients from the intensive care unit to the ward: a case study approach. <i>Australian Journal of Cancer Nursing</i> , 2007 , 9, 48-53	1.9	19
89	The experience of agency nurses working in a London teaching hospital. <i>Intensive and Critical Care Nursing</i> , 2006 , 22, 144-53	3.1	17
88	Implementing a pressure ulcer prevention bundle in an adult intensive care. <i>Intensive and Critical Care Nursing</i> , 2016 , 37, 27-36	3.1	17
87	Measuring third year undergraduate nursing students reflective thinking skills and critical reflection self-efficacy following high fidelity simulation: A pilot study. <i>Nurse Education in Practice</i> , 2016 , 18, 52-9	3.2	16

86	Ambivalence and the experience of China-educated nurses working in Australia. <i>Nursing Inquiry</i> , 2010 , 17, 186-96	2.2	15
85	Nursing care of the mechanically ventilated patient: what does the evidence say? Part one. <i>Intensive and Critical Care Nursing</i> , 2007 , 23, 4-14	3.1	15
84	Part 2. Chemical and physical restraints in the management of mechanically ventilated patients in the ICU: a patient perspective. <i>Intensive and Critical Care Nursing</i> , 2007 , 23, 316-22	3.1	14
83	The effectiveness of multicomponent pressure injury prevention programs in adult intensive care patients: A systematic review. <i>International Journal of Nursing Studies</i> , 2020 , 102, 103483	5.8	14
82	Factors influencing the provision of end-of-life care in critical care settings: development and testing of a survey instrument. <i>Journal of Advanced Nursing</i> , 2015 , 71, 697-709	3.1	13
81	Modelling end-of-life care practices: Factors associated with critical care nurse engagement in care provision. <i>Intensive and Critical Care Nursing</i> , 2016 , 33, 48-55	3.1	13
80	End-of-life care practices of critical care nurses: A national cross-sectional survey. <i>Australian Critical Care</i> , 2016 , 29, 83-9	2.9	13
79	Discharge practices for the intensive care patient: a qualitative exploration in the general ward setting. <i>Intensive and Critical Care Nursing</i> , 2014 , 30, 292-300; quiz 301-2	3.1	13
78	Risk factors for pressure injury development in critically ill patients in the intensive care unit: a systematic review protocol. <i>Systematic Reviews</i> , 2017 , 6, 58	3	12
77	Incontinence-associated dermatitis in the critically ill patient: an intensive care perspective. <i>Nursing in Critical Care</i> , 2018 , 23, 198-206	2.7	12
76	Pressure Injury Prevention in a Saudi Arabian Intensive Care Unit: Registered Nurse Attitudes Toward Prevention Strategies and Perceived Facilitators and Barriers to Evidence Implementation. <i>Journal of Wound, Ostomy and Continence Nursing</i> , 2016 , 43, 369-74	1.7	12
75	Effectiveness of topical skin products in the treatment and prevention of incontinence-associated dermatitis: a systematic review. <i>JBIC Database of Systematic Reviews and Implementation Reports</i> , 2017 , 15, 1473-1496	1.6	12
74	Candida albicans colonisation, continence status and incontinence-associated dermatitis in the acute care setting: a pilot study. <i>International Wound Journal</i> , 2017 , 14, 488-495	2.6	12
73	Establishing an action research group to explore family-focused nursing in the intensive care unit. <i>International Journal of Nursing Practice</i> , 2007 , 13, 14-23	2.3	12
72	Weaning from ventilation in paediatric intensive care: an intervention study. <i>Intensive and Critical Care Nursing</i> , 2003 , 19, 186-97	3.1	12
71	An interventional skin care protocol (InSPiRE) to reduce incontinence-associated dermatitis in critically ill patients in the intensive care unit: A before and after study. <i>Intensive and Critical Care Nursing</i> , 2017 , 40, 1-10	3.1	11
70	Profiling emergency nurse practitioner service: an interpretive study. <i>Advanced Emergency Nursing Journal</i> , 2014 , 36, 279-90	0.8	11
69	Probiotics and diarrhoea management in enterally tube fed critically ill patients--what is the evidence?. <i>Intensive and Critical Care Nursing</i> , 2010 , 26, 314-26	3.1	11

68	Understanding contextual barriers and enablers to pressure injury prevention practice in an Australian intensive care unit: An exploratory study. <i>Australian Critical Care</i> , 2019 , 32, 122-130	2.9	10
67	Collaborative facilitation of debrief after high-fidelity simulation and its implications for reflective thinking: student experiences. <i>Studies in Higher Education</i> , 2018 , 43, 1654-1667	2.6	10
66	Exploring the information needs of patients who have undergone PCI. <i>British Journal of Cardiac Nursing</i> , 2009 , 4, 123-130	0.2	9
65	The effectiveness of interventions to reduce peripheral blood culture contamination in acute care: a systematic review protocol. <i>Systematic Reviews</i> , 2018 , 7, 216	3	9
64	Incidence and Predictors of Lower Limb Split-Skin Graft Failure and Primary Closure Dehiscence in Day-Case Surgical Patients. <i>Dermatologic Surgery</i> , 2015 , 41, 775-83	1.7	8
63	Prevalence of pressure injury in adults presenting to the emergency department by ambulance. <i>Australian Critical Care</i> , 2019 , 32, 509-514	2.9	8
62	An international consensus on device-related pressure ulcers: SECURE prevention. <i>British Journal of Nursing</i> , 2020 , 29, S36-S38	0.7	7
61	Acute Skin Failure in the Critically Ill Adult Population: A Systematic Review. <i>Advances in Skin and Wound Care</i> , 2020 , 33, 76-83	1.5	7
60	Translating Pressure Ulcer Prevention Into Intensive Care Nursing Practice: Overlaying a Care Bundle Approach With a Model for Research Implementation. <i>Journal of Nursing Care Quality</i> , 2017 , 32, 6-14	1.7	7
59	Systemwide Practice Change Program to Combat Hospital-Acquired Pressure Injuries: Translating Knowledge Into Practice. <i>Journal of Nursing Care Quality</i> , 2020 , 35, 51-57	1.7	7
58	High-Fidelity Simulation: Descriptive Analysis of Student Learning Styles. <i>Clinical Simulation in Nursing</i> , 2016 , 12, 511-521	3	7
57	Evaluation of a fluidised positioner to reduce occipital pressure injuries in intensive care patients: A pilot study. <i>International Wound Journal</i> , 2019 , 16, 424-432	2.6	7
56	Safety culture in two metropolitan Australian tertiary hospital intensive care units: A cross-sectional survey. <i>Australian Critical Care</i> , 2020 , 33, 4-11	2.9	7
55	Safety culture in intensive care internationally and in Australia: A narrative review of the literature. <i>Australian Critical Care</i> , 2019 , 32, 524-539	2.9	6
54	Exploring Incontinence-Associated Dermatitis in a Single Center Intensive Care Unit: A Longitudinal Point Prevalence Survey. <i>Journal of Wound, Ostomy and Continence Nursing</i> , 2019 , 46, 401-407	1.7	6
53	Developing a model of factors that influence meeting the needs of family with a relative in ICU. <i>International Journal of Nursing Practice</i> , 2019 , 25, e12693	2.3	5
52	The effectiveness of interventions to meet family needs of critically ill patients in an adult intensive care unit: a systematic review protocol update. <i>JBI Database of Systematic Reviews and Implementation Reports</i> , 2014 , 12, 14-26	1.6	5
51	Validation of a reflective thinking instrument for third-year undergraduate nursing students participating in high-fidelity simulation. <i>Reflective Practice</i> , 2017 , 18, 219-231	0.9	4

50	Exploring pressures, tissue reperfusion and body positioning: a pilot evaluation. <i>Journal of Wound Care</i> , 2017 , 26, 583-592	2.2	4
49	Securement to prevent device-related pressure injuries in the intensive care unit: A randomised controlled feasibility study. <i>International Wound Journal</i> , 2020 , 17, 1566-1577	2.6	4
48	Educating for health service reform: clinical learning, governance and capability - a case study protocol. <i>BMC Nursing</i> , 2016 , 15, 32	3.2	4
47	Using a knowledge translation framework to identify barriers and supports to effective nursing handover: A focus group study. <i>Heliyon</i> , 2019 , 5, e01960	3.6	4
46	Text messaging to support off-campus clinical nursing facilitators: a descriptive survey. <i>Nurse Education Today</i> , 2014 , 34, e32-6	3.7	4
45	An Evaluation of Simulation Debriefings on Student Nurses' Perceptions of Clinical Reasoning and Learning Transfer: A Mixed Methods Study. <i>International Journal of Nursing Education Scholarship</i> , 2019 , 16,	1.2	3
44	Nurse-Led Randomized Controlled Trials in the Perioperative Setting: A Scoping Review. <i>Journal of Multidisciplinary Healthcare</i> , 2020 , 13, 647-660	2.8	3
43	Developing a postgraduate professional education framework for emergency nursing: a co-design approach. <i>BMC Nursing</i> , 2021 , 20, 43	3.2	3
42	End-of-life care content in postgraduate critical care nursing programs: Structured telephone interviews to evaluate content-informing practice. <i>Australian Critical Care</i> , 2020 , 33, 181-186	2.9	3
41	Implementing best available evidence into practice for incontinence-associated dermatitis in Australia: A multisite multimethod study protocol. <i>Journal of Tissue Viability</i> , 2021 , 30, 67-77	3.2	3
40	Time to listen: Chronic disease yarning with Aboriginal and Torres Strait Islander peoples living in remote Australia. <i>Collegian</i> , 2021 , 28, 10-17	1.6	3
39	Understanding Skin Failure: A Scoping Review. <i>Advances in Skin and Wound Care</i> , 2021 , 34, 542-550	1.5	3
38	Student Facilitation of Simulation Debrief: Measuring Reflective Thinking and Self-Efficacy. <i>Teaching and Learning in Nursing</i> , 2017 , 12, 128-135	1.5	2
37	Pressure injury development in critically ill patients with a cervical collar in situ: A retrospective longitudinal study. <i>International Wound Journal</i> , 2020 , 17, 944-956	2.6	2
36	Perioperative factors and pressure ulcer development in postoperative ICU patients: a retrospective review. <i>Journal of Wound Care</i> , 2018 , 27, 475-485	2.2	2
35	A prospective pilot study evaluating the S _{cardiac} decompensation score in the setting of intraaortic balloon counterpulsation. <i>Intensive and Critical Care Nursing</i> , 2011 , 27, 31-6	3.1	2
34	Development and Psychometric Testing of a Knowledge Instrument on Incontinence-Associated Dermatitis for Clinicians: The Know-IAD. <i>Journal of Wound, Ostomy and Continence Nursing</i> , 2022 , 49, 70-77	1.7	2
33	The effectiveness of interventions to meet family needs of critically ill patients in an adult intensive care unit: a systematic review. <i>JBI Library of Systematic Reviews</i> , 2011 , 9, 2829-2874		2

32	Staff perceptions of family access and visitation policies in Australian and New Zealand intensive care units: The WELCOME-ICU survey. <i>Australian Critical Care</i> , 2021 ,	2.9	2
31	Skin damage prevention in the prone ventilated critically ill patient: A comprehensive review and gap analysis (PRONectect study). <i>Journal of Tissue Viability</i> , 2021 , 30, 466-477	3.2	2
30	Efficacy of Incontinence-Associated Dermatitis Intervention for Patients in Intensive Care: An Open-Label Pilot Randomized Controlled Trial. <i>Advances in Skin and Wound Care</i> , 2020 , 33, 375-382	1.5	1
29	The effectiveness of interventions to meet family needs of critically ill patients in an adult intensive care unit: a systematic review. <i>JBI Database of Systematic Reviews and Implementation Reports</i> , 2011 , 9, 2829-2874	1.6	1
28	The Experiences and Perceptions of Nurses Interacting With Research Literature: A Qualitative Systematic Review to Guide Evidence-Based Practice. <i>Worldviews on Evidence-Based Nursing</i> , 2021 , 18, 371-378	2.9	1
27	Exploring medical device-related pressure injuries in a single intensive care setting: A longitudinal point prevalence study. <i>Intensive and Critical Care Nursing</i> , 2021 , 68, 103155	3.1	1
26	Shift-to-shift nursing handover interventions associated with improved inpatient outcomes-Falls, pressure injuries and medication administration errors: An integrative review. <i>Australian Journal of Cancer Nursing</i> , 2021 , 23, 337-351	1.9	1
25	Implementation and evaluation of multilayered pressure injury prevention strategies in an Australian intensive care unit setting. <i>Australian Critical Care</i> , 2021 ,	2.9	1
24	Contextual factors to registered nurse research utilisation in an Australian adult metropolitan tertiary intensive care unit: A descriptive study. <i>Australian Critical Care</i> , 2020 , 33, 71-79	2.9	1
23	Device-related pressure injuries in adult intensive care unit patients: An Australian and New Zealand point prevalence study. <i>Australian Critical Care</i> , 2021 , 34, 561-568	2.9	1
22	Device-related pressure ulcers: SECURE prevention. Second edition. <i>Journal of Wound Care</i> , 2022 , 31, S1-S72	2.2	1
21	Oedema as a predictor of the incidence of new pressure injuries in adults in any care setting: A systematic review and meta-analysis.. <i>International Journal of Nursing Studies</i> , 2022 , 128, 104189	5.8	0
20	Incontinence-associated dermatitis: who is affected?. <i>Journal of Wound Care</i> , 2021 , 30, 261-267	2.2	0
19	The intensive care unit visiting study: A multisite survey of visitors. <i>Australian Critical Care</i> , 2021 , 34, 587-593	2.9	0
18	Chronic disease health literacy in First Nations people: A mixed methods study. <i>Journal of Clinical Nursing</i> , 2021 , 30, 2683-2695	3.2	0
17	Development of nurse practitioner metaspecialty clinical practice standards: A national sequential mixed methods study. <i>Journal of Advanced Nursing</i> , 2021 , 77, 1453-1464	3.1	0
16	The illness severity of patients reviewed by the medical emergency team: A scoping review. <i>Australian Critical Care</i> , 2021 , 34, 496-509	2.9	0
15	Epidemiology and outcome of pressure injuries in critically ill patients with chronic obstructive pulmonary disease: A propensity score adjusted analysis.. <i>International Journal of Nursing Studies</i> , 2022 , 129, 104222	5.8	0

14	A case study of thrombotic thrombocytopenic purpura: a powerful poisonS <i>Australian Critical Care</i> , 2004 , 17, 54-61, 63-4	2.9
13	Family presence during resuscitation. <i>Australian Critical Care</i> , 2004 , 17, 46-7	2.9
12	Physician and Nurse Research in Multidisciplinary Intensive Care Units. <i>American Journal of Critical Care</i> , 2020 , 29, 450-457	1.7
11	The effectiveness of topical skin products in the treatment and prevention of incontinence-associated dermatitis: a systematic review protocol. <i>JBIM Database of Systematic Reviews and Implementation Reports</i> , 2015 , 13, 36-52	1.6
10	Moisture-associated skin damage: A timely report of an oft forgotten clinical problem. <i>Intensive and Critical Care Nursing</i> , 2020 , 61, 102944	3.1
9	Silicone adhesive multilayered foam dressings for pressure ulcer prevention. <i>British Journal of Dermatology</i> , 2021 , 185, 4-5	4
8	Translating evidence-based nursing clinical handover practice in an acute care setting: A quasi-experimental study. <i>Australian Journal of Cancer Nursing</i> , 2021 , 23, 466-476	1.9
7	The authors reply. <i>Critical Care Medicine</i> , 2019 , 47, e162-e163	1.4
6	Cultivating Incontinence-associated Dermatitis Prevention Practices in an Australian Local Health District: A Quasi-experimental Study. <i>Ostomy - Wound Management</i> , 2018 , 64, 16-28	
5	Efficacy of a heel offloading boot in reducing heel pressure injuries in patients in Australian intensive care units: A single-blinded randomised controlled trial.. <i>Intensive and Critical Care Nursing</i> , 2022 , 103205	3.1
4	Clinician Knowledge of Incontinence-Associated Dermatitis: A Multisite Survey of Healthcare Professionals in Acute and Subacute Settings.. <i>Journal of Wound, Ostomy and Continence Nursing</i> , 2022 , 49, 159-167	1.7
3	The costs, health outcomes and cost-effectiveness of interventions for the prevention and treatment of incontinence-associated dermatitis: A systematic review.. <i>International Journal of Nursing Studies</i> , 2022 , 129, 104216	5.8
2	Securing jugular central venous access devices with dressings fixed to a liquid adhesive in an intensive care unit population: a randomised controlled trial.. <i>Trials</i> , 2022 , 23, 390	2.8
1	Registered NursesSexperiences of reading and using research for work and education: a qualitative research study.. <i>BMC Nursing</i> , 2022 , 21, 114	3.2
