#	ARTICLE	IF	CITATIONS
1	Colorectal foreign bodies. <i>Colorectal Disease</i> , 2005, 7, 98-103.	1.4	125
2	The design, construction and implementation of a computerised trauma registry in a developing South African metropolitan trauma service. <i>Injury</i> , 2014, 45, 3-8.	1.7	90
3	Dyslipidaemic Pancreatitis Clinical Assessment and Analysis of Disease Severity and Outcomes. <i>Pancreatology</i> , 2009, 9, 252-257.	1.1	84
4	Emergency operation for penetrating thoracic trauma in a metropolitan surgical service in South Africa. <i>Journal of Thoracic and Cardiovascular Surgery</i> , 2011, 142, 563-568.	0.8	80
5	Incidence of benign pathology in patients undergoing hepatic resection for suspected malignancy. <i>Journal of the Royal College of Surgeons of Edinburgh</i> , 2003, 1, 32-38.	1.8	66
6	Global Initiative for Children's Surgery: A Model of Global Collaboration to Advance the Surgical Care of Children. <i>World Journal of Surgery</i> , 2019, 43, 1416-1425.	1.6	60
7	Preoperative imaging of pancreatic cancer: a management-oriented approach. <i>Journal of the American College of Surgeons</i> , 2003, 196, 119-129.	0.5	54
8	Isolated main pancreatic duct injuries spectrum and management. <i>American Journal of Surgery</i> , 2006, 191, 448-452.	1.8	53
9	Optimal Resources for Children's Surgical Care: Executive Summary. <i>World Journal of Surgery</i> , 2019, 43, 978-980.	1.6	53
10	The spectrum of diaphragmatic injury in a busy metropolitan surgical service. <i>Injury</i> , 2009, 40, 932-937.	1.7	52
11	The spectrum and outcome of burns at a regional hospital in South Africa. <i>Burns</i> , 2009, 35, 1004-1008.	1.9	52
12	Toward a standard approach to measurement and reporting of perioperative mortality rate as a global indicator for surgery. <i>Surgery</i> , 2015, 158, 17-26.	1.9	52
13	An audit of failed non-operative management of abdominal stab wounds. <i>Injury</i> , 2010, 41, 488-491.	1.7	51
14	Acute Appendicitis in a Developing Country. <i>World Journal of Surgery</i> , 2012, 36, 2068-2073.	1.6	51
15	Development, Implementation, and Evaluation of a Hybrid Electronic Medical Record System Specifically Designed for a Developing World Surgical Service. <i>World Journal of Surgery</i> , 2014, 38, 1388-1397.	1.6	48
16	Applying Modern Error Theory to the Problem of Missed Injuries in Trauma. <i>World Journal of Surgery</i> , 2008, 32, 1176-1182.	1.6	47
17	Selective Conservatism in Trauma Management: A South African Contribution. <i>World Journal of Surgery</i> , 2005, 29, 962-965.	1.6	44
18	Mapping Population-Level Spatial Access to Essential Surgical Care in Ghana Using Availability of Bellwether Procedures. <i>JAMA Surgery</i> , 2016, 151, e161239.	4.3	43

#	ARTICLE	IF	CITATIONS
19	The hospital cost of road traffic accidents at a South African regional trauma centre: A micro-costing study. <i>Injury</i> , 2014, 45, 342-345.	1.7	37
20	Laparoscopy in the diagnosis and repair of diaphragmatic injuries in left-sided penetrating thoracoabdominal trauma. <i>Surgical Endoscopy and Other Interventional Techniques</i> , 2015, 29, 747-752.	2.4	36
21	Moving from Data Collection to Application: A Systematic Literature Review of Surgical Capacity Assessments and their Applications. <i>World Journal of Surgery</i> , 2015, 39, 813-821.	1.6	35
22	An audit of the complications of intercostal chest drain insertion in a high volume trauma service in South Africa. <i>Annals of the Royal College of Surgeons of England</i> , 2014, 96, 609-613.	0.6	33
23	Acute appendicitis in the developing world is a morbid disease. <i>Annals of the Royal College of Surgeons of England</i> , 2015, 97, 390-395.	0.6	33
24	Mechanical complications of central venous catheterisation in trauma patients. <i>Annals of the Royal College of Surgeons of England</i> , 2017, 99, 390-393.	0.6	30
25	Quantifying the disparity in outcome between urban and rural patients with acute appendicitis in South Africa. <i>South African Medical Journal</i> , 2013, 103, 742.	0.6	29
26	The incidence, spectrum and outcomes of traumatic bladder injuries within the Pietermaritzburg Metropolitan Trauma Service. <i>Injury</i> , 2016, 47, 1057-1063.	1.7	29
27	Double jeopardy revisited: Clinical decision making in unstable patients with, thoraco-abdominal stab wounds and, potential injuries in multiple body cavities. <i>Injury</i> , 2011, 42, 478-481.	1.7	28
28	The spectrum of visceral injuries secondary to misplaced intercostal chest drains: Experience from a high volume trauma service in South Africa. <i>Injury</i> , 2014, 45, 1435-1439.	1.7	26
29	Using a Hybrid Electronic Medical Record System for the Surveillance of Adverse Surgical Events and Human Error in A Developing World Surgical Service. <i>World Journal of Surgery</i> , 2015, 39, 70-79.	1.6	26
30	An audit of penetrating neck injuries in a South African trauma service. <i>Injury</i> , 2016, 47, 64-69.	1.7	26
31	A Single Surgical Unit's Experience with Abdominal Tuberculosis in the HIV/AIDS Era. <i>World Journal of Surgery</i> , 2007, 31, 1088-1097.	1.6	25
32	Understanding the Burden and Outcome of Trauma Care Drives a New Trauma Systems Model. <i>World Journal of Surgery</i> , 2014, 38, 1699-1706.	1.6	25
33	Laparoscopy for Occult Left-sided Diaphragm Injury Following Penetrating Thoracoabdominal Trauma is Both Diagnostic and Therapeutic. <i>Surgical Laparoscopy, Endoscopy and Percutaneous Techniques</i> , 2016, 26, e5-e8.	0.8	25
34	The effect of the quality of vital sign recording on clinical decision making in a regional acute care trauma ward. <i>Chinese Journal of Traumatology - English Edition</i> , 2017, 20, 283-287.	1.4	25
35	Hepatic resection for benign non-cystic liver lesions. <i>Hpb</i> , 2004, 6, 115-119.	0.3	24
36	Ventilatory and Intensive Care Requirements Following Oesophageal Resection. <i>Annals of the Royal College of Surgeons of England</i> , 2006, 88, 354-357.	0.6	24

#	ARTICLE	IF	CITATIONS
37	A cost model case comparison of current versus modern management of burns at a regional hospital in South Africa. <i>Burns</i> , 2011, 37, 1033-1037.	1.9	24
38	Increased anatomic severity in appendicitis is associated with outcomes in a South African population. <i>Journal of Trauma and Acute Care Surgery</i> , 2017, 83, 175-181.	2.1	23
39	Penetrating cardiac injuries and the evolving management algorithm in the current era. <i>Journal of Surgical Research</i> , 2015, 193, 926-932.	1.6	22
40	A comparison of base deficit and vital signs in the early assessment of patients with penetrating trauma in a high burden setting. <i>Injury</i> , 2017, 48, 1972-1977.	1.7	22
41	Measuring Anatomic Severity in Pediatric Appendicitis: Validation of the American Association for the Surgery of Trauma Appendicitis Severity Grade. <i>Journal of Pediatrics</i> , 2018, 192, 229-233.	1.8	22
42	An audit of trauma-related mortality in a provincial capital in South Africa. <i>South African Journal of Surgery</i> , 2014, 52, 101.	0.2	22
43	The role of preoperative biopsy in pancreatic cancer. <i>Hpb</i> , 2004, 6, 144-153.	0.3	21
44	Surgical care needs of low-resource populations: an estimate of the prevalence of surgically treatable conditions and avoidable deaths in 48 countries. <i>Lancet, The</i> , 2015, 385, S1.	13.7	21
45	Appendicitis: Rural Patient Status is Associated with Increased Duration of Prehospital Symptoms and Worse Outcomes in High- and Low-Middle-Income Countries. <i>World Journal of Surgery</i> , 2018, 42, 1573-1580.	1.6	21
46	Monitoring and evaluating surgical care: defining perioperative mortality rate and standardising data collection. <i>Lancet, The</i> , 2015, 385, S27.	13.7	20
47	A hospital based surveillance system to assess the burden of trauma in KwaZulu-Natal Province South Africa. <i>Injury</i> , 2016, 47, 135-140.	1.7	20
48	The selective conservative management of penetrating thoracic trauma is still appropriate in the current era. <i>Injury</i> , 2015, 46, 49-53.	1.7	19
49	Using a structured morbidity and mortality meeting to understand the contribution of human error to adverse surgical events in a South African regional hospital. <i>South African Journal of Surgery</i> , 2013, 51, 122.	0.2	19
50	The Current Standard of Care in the Periprocedural Management of the Patient with Obstructive Jaundice. <i>Annals of the Royal College of Surgeons of England</i> , 2006, 88, 610-616.	0.6	18
51	Application of the AAST EGS Grade for Adhesive Small Bowel Obstruction to a Multi-national Patient Population. <i>World Journal of Surgery</i> , 2018, 42, 3581-3588.	1.6	18
52	Road traffic crashes in South Africa: The burden of injury to a regional trauma centre. <i>South African Medical Journal</i> , 2013, 103, 850.	0.6	18
53	A multi faceted quality improvement programme results in improved outcomes for the selective non-operative management of penetrating abdominal trauma in a developing world trauma centre. <i>Injury</i> , 2014, 45, 327-332.	1.7	17
54	The Role of Planned and On-Demand Relaparotomy in the Developing World. <i>World Journal of Surgery</i> , 2016, 40, 1558-1564.	1.6	17

#	ARTICLE	IF	CITATIONS
55	The accuracy of the Alvarado score in predicting acute appendicitis in the black South African population needs to be validated. <i>Canadian Journal of Surgery</i> , 2014, 57, E121-E125.	1.2	16
56	Selective non-operative management of abdominal stab wounds is a safe and cost effective strategy: A South African experience. <i>Annals of the Royal College of Surgeons of England</i> , 2017, 99, 490-496.	0.6	16
57	An audit of traumatic brain injury (TBI) in a busy developing-world trauma service exposes a significant deficit in resources available to manage severe TBI. <i>South African Medical Journal</i> , 2017, 107, 621.	0.6	16
58	Computed Tomography Angiography is the Definitive Vascular Imaging Modality for Penetrating Neck Injury: A South African Experience. <i>Scandinavian Journal of Surgery</i> , 2018, 107, 23-30.	2.6	16
59	The spectrum and outcome of blunt trauma related enteric hollow visceral injury. <i>Annals of the Royal College of Surgeons of England</i> , 2018, 100, 290-294.	0.6	16
60	Powered standing wheelchairs promote independence, health and community involvement in adolescents with Duchenne muscular dystrophy. <i>Neuromuscular Disorders</i> , 2019, 29, 221-230.	0.6	16
61	Modified first world mortality scores can be used in a regional South African burn service with resource limitations. <i>Burns</i> , 2016, 42, 1340-1344.	1.9	15
62	The role of computed tomography angiography in the detection of aerodigestive tract injury following penetrating neck injury. <i>Journal of Surgical Research</i> , 2016, 205, 490-498.	1.6	15
63	Traumatic renal injury: Five-year experience at a major trauma centre in South Africa. <i>Injury</i> , 2020, 51, 39-44.	1.7	15
64	An audit of the quality of care of traumatic brain injury at a busy regional hospital in South Africa. <i>South African Journal of Surgery</i> , 2009, 47, 120-2, 124-6.	0.2	15
65	Laparotomy for blunt abdominal trauma in a civilian trauma service. <i>South African Journal of Surgery</i> , 2012, 50, 30-2.	0.2	15
66	Selective conservatism in the management of thoracic trauma remains appropriate in the 21st century. <i>Annals of the Royal College of Surgeons of England</i> , 2015, 97, 224-228.	0.6	14
67	Primary repair of duodenal injuries: a retrospective cohort study from a major trauma centre in South Africa. <i>Scandinavian Journal of Surgery</i> , 2019, 108, 280-284.	2.6	14
68	The Hybrid Electronic Medical Registry Allows Benchmarking of Quality of Trauma Care: A Five-Year Temporal Overview of the Trauma Burden at a Major Trauma Centre in South Africa. <i>World Journal of Surgery</i> , 2019, 43, 1014-1021.	1.6	14
69	Trends in the Management of Abdominal Gunshot Wounds Over the Last Decade: A South African Experience. <i>World Journal of Surgery</i> , 2022, 46, 998-1005.	1.6	14
70	Repeat laparotomy in a developing world tertiary level surgical service. <i>American Journal of Surgery</i> , 2015, 210, 755-758.	1.8	13
71	A comparative audit of gunshot wounds and stab wounds to the neck in a South African metropolitan trauma service. <i>Annals of the Royal College of Surgeons of England</i> , 2016, 98, 488-495.	0.6	13
72	The management of penetrating neck injury. <i>Trauma</i> , 2019, 21, 85-93.	0.5	13

#	ARTICLE	IF	CITATIONS
73	The Combined SIRS+qSOFA (qSIRS) Score is More Accurate Than qSOFA Alone in Predicting Mortality in Patients with Surgical Sepsis in an LMIC Emergency Department. <i>World Journal of Surgery</i> , 2020, 44, 21-29.	1.6	13
74	Surgical outreach in rural South Africa: Are we managing to impart surgical skills?. <i>South African Medical Journal</i> , 2013, 104, 57.	0.6	12
75	The spectrum and outcome of paediatric traumatic brain injury in KwaZulu-Natal Province, South Africa has not changed over the last two decades. <i>South African Medical Journal</i> , 2017, 107, 777.	0.6	12
76	Validation of the AAST EGS grading system for perforated peptic ulcer disease. <i>Surgery</i> , 2018, 164, 738-745.	1.9	12
77	The Selective Non-operative Management of Penetrating Cervical Venous Trauma is Safe and Effective. <i>World Journal of Surgery</i> , 2018, 42, 3202-3209.	1.6	12
78	Universal primary colonic repair in the firearm era. <i>Annals of the Royal College of Surgeons of England</i> , 1999, 81, 58-61.	0.6	12
79	Attenuated Gastric Mucosal Blood Flow Predicts Non-Healing of Benign Gastric Ulcers. <i>European Surgical Research</i> , 2002, 34, 432-436.	1.3	11
80	Introducing Video-Assisted Thoracoscopy for Trauma into a South African Township Hospital. <i>World Journal of Surgery</i> , 2013, 37, 1652-1655.	1.6	11
81	Burn surgeons in South Africa: A rare species. <i>South African Medical Journal</i> , 2016, 106, 186.	0.6	11
82	Damage control or definitive repair? A retrospective review of abdominal trauma at a major trauma center in South Africa. <i>Trauma Surgery and Acute Care Open</i> , 2019, 4, e000235.	1.6	11
83	Oesophageal squamous cell cancer in a South African tertiary hospital: a risk factor and presentation analysis. <i>South African Journal of Surgery</i> , 2017, 55, 42-46.	0.2	11
84	The implications of the patterns of error associated with acute trauma care in rural hospitals in South Africa for quality improvement programs and trauma education. <i>Injury</i> , 2014, 45, 285-288.	1.7	10
85	Correlation Between ATLS Training and Junior Doctors' Anatomical Knowledge of Intercostal Chest Drain Insertion. <i>Journal of Surgical Education</i> , 2015, 72, 600-605.	2.5	10
86	The impact of mechanism on the management and outcome of penetrating colonic trauma. <i>Annals of the Royal College of Surgeons of England</i> , 2018, 100, 152-156.	0.6	10
87	Utilization of age-adjusted shock index in a resource-strained setting. <i>Journal of Pediatric Surgery</i> , 2019, 54, 2621-2626.	1.6	10
88	Civilian cerebral gunshot wounds in rural South African patients are associated with significantly higher mortality rates than in urban patients. <i>European Journal of Trauma and Emergency Surgery</i> , 2019, 45, 145-150.	1.7	10
89	Correlation between the level of the external wound and the internal injury in penetrating neck injury does not favour an initial zonal management approach. <i>BJS Open</i> , 2020, 4, 704-713.	1.7	10
90	Patterns of injury seen in road crash victims in a South African trauma centre. <i>South African Journal of Surgery</i> , 2013, 51, 131.	0.2	10

#	ARTICLE	IF	CITATIONS
91	Understanding the reasons for delay to definitive surgical care of patients with acute appendicitis in rural South Africa. <i>South African Journal of Surgery</i> , 2014, 52, 2-5.	0.2	10
92	Octreotide lowers gastric mucosal blood flow in normal and portal hypertensive stomachs. <i>Surgical Endoscopy and Other Interventional Techniques</i> , 2003, 17, 1570-1572.	2.4	9
93	Tick-box admission forms improve the quality of documentation of surgical emergencies, but have limited impact on clinical behaviour. <i>South African Medical Journal</i> , 2014, 104, 435.	0.6	9
94	Isolated free intra-abdominal fluid on CT in blunt trauma: The continued diagnostic dilemma. <i>Chinese Journal of Traumatology - English Edition</i> , 2015, 18, 357-359.	1.4	9
95	Merits and challenges in the development of a dedicated burn service at a regional hospital in South Africa. <i>Burns</i> , 2015, 41, 454-461.	1.9	9
96	Mortality rates increase dramatically below a systolic blood pressure of 105-mm Hg in septic surgical patients. <i>American Journal of Surgery</i> , 2016, 212, 941-945.	1.8	9
97	The effect of systematic factors on the outcome of trauma laparotomy at a major trauma centre in South Africa. <i>Annals of the Royal College of Surgeons of England</i> , 2017, 99, 540-544.	0.6	9
98	The effect of HIV status on clinical outcomes of surgical sepsis in KwaZulu-Natal Province, South Africa. <i>South African Medical Journal</i> , 2017, 107, 702.	0.6	9
99	The spectrum and outcome of surgical sepsis in Pietermaritzburg, South Africa. <i>South African Medical Journal</i> , 2017, 107, 134.	0.6	9
100	Quantifying capacity for burn care in South Africa. <i>Burns Open</i> , 2018, 2, 188-192.	0.5	9
101	Analgesia protocols for burns dressings: Challenges with implementation. <i>Burns</i> , 2019, 45, 1680-1684.	1.9	9
102	Surgical Considerations for Pediatric Snake Bites in Low- and Middle-Income Countries. <i>World Journal of Surgery</i> , 2019, 43, 1636-1643.	1.6	9
103	A concept paper: Using the outcomes of common surgical conditions as quality metrics to benchmark district surgical services in South Africa as part of a systematic quality improvement programme. <i>South African Journal of Surgery</i> , 2013, 51, 84.	0.2	9
104	How far has the pendulum swung in the surgical management of sigmoid volvulus? Experience from the KwaZulu-Natal Teaching Hospitals and review of the literature. <i>Colorectal Disease</i> , 2012, 14, 1531-1537.	1.4	8
105	The incidence, spectrum and outcome of paediatric trauma managed by the Pietermaritzburg Metropolitan Trauma Service. <i>Annals of the Royal College of Surgeons of England</i> , 2015, 97, 274-278.	0.6	8
106	Self-expanding metal stent placement for oesophageal cancer without fluoroscopy is safe and effective. <i>South African Medical Journal</i> , 2015, 105, 858.	0.6	8
107	The accuracy of physical examination in identifying significant pathologies in penetrating thoracic trauma. <i>European Journal of Trauma and Emergency Surgery</i> , 2015, 41, 647-650.	1.7	8
108	Analysis of 5 years of morbidity and mortality conferences in a metropolitan South African trauma service. <i>South African Medical Journal</i> , 2016, 106, 695.	0.6	8
