#	ARTICLE	IF	CITATIONS
1	Penetrating Colon Trauma – the Effect of Injury Location on Outcomes. World Journal of Surgery, 2022, 46, 84-90.	1.6	0
2	Using Machine Learning to Establish Predictors of Mortality in Patients Undergoing Laparotomy for Emergency General Surgical Conditions. World Journal of Surgery, 2022, 46, 339-346.	1.6	1
3	Despite Major Therapeutic Advances, Vena Caval Trauma Remains Associated with Significant Morbidity and Mortality. World Journal of Surgery, 2022, 46, 577-581.	1.6	1
4	Laparotomy for penetrating gastric trauma - A South African experience. Injury, 2022, 53, 1610-1614.	1.7	2
5	Trends in Adoption of Laparoscopic Appendectomy in a Developing Country: Closing the Gap. World Journal of Surgery, 2022, 46, 1015-1021.	1.6	2
6	Trends in the Management of Abdominal Gunshot Wounds Over the Last Decade: A South African Experience. World Journal of Surgery, 2022, 46, 998-1005.	1.6	14
7	Foley Catheter Balloon Tamponade for Actively Bleeding Wounds Following Penetrating Neck Injury is an Effective Technique for Controlling Non-Compressible Junctional External Haemorrhage. World Journal of Surgery, 2022, 46, 1067-1075.	1.6	6
8	Penetrating colon trauma – outcomes related to single versus multiple colonic suture injuries. European Journal of Trauma and Emergency Surgery, 2022, , 1.	1.7	0
9	Surgical Registrars as Primary Operators Have Acceptable Outcomes for Trauma Laparotomy. Trauma Care, 2022, 2, 205-210.	0.9	0
10	Double jeopardy avoided by thorough investigation.. South African Journal of Surgery, 2022, 60, 59-61.	0.2	0
11	Double Jeopardy Injuries: Improved Clinical Outcome With Focused Assessment with Sonography in Trauma Imaging and Subxiphoid Window for Combined Cardiac and Abdominal Stab Wounds. American Surgeon, 2022, , 000313482210938.	0.8	0
12	Health-Related Behaviours, HIV and Active Tuberculosis are Associated with Perioperative Adverse Events Following Emergency Laparotomy at a Tertiary Surgical Service in KwaZulu-Natal, South Africa. World Journal of Surgery, 2021, 45, 1672-1677.	1.6	3
13	Radiographic pneumoperitoneum following abdominal stab wound is not an absolute indication for mandatory laparotomy – A South African experience. Injury, 2021, 52, 253-255.	1.7	1
14	The Burden of Emergency Abdominal Surgery Heavily Outweighs Elective Procedures in KwaZulu-Natal Province, South Africa. Journal of Surgical Research, 2021, 259, 414-419.	1.6	5
15	Recurrent pneumothorax following chest tube removal in thoracic stab wounds: a comparative study between end inspiratory versus end expiratory removal techniques at a major trauma centre in South Africa. ANZ Journal of Surgery, 2021, 91, 658-661.	0.7	4
16	Venous bicarbonate and creatine kinase as diagnostic and prognostic tools in the setting of acute traumatic rhabdomyolysis. South African Medical Journal, 2021, 111, 333.	0.6	3
17	Retrospective cohort study of paediatric splenic injuries at a major adult trauma centre in South Africa identifies areas of success and improvement. ANZ Journal of Surgery, 2021, 91, 1091-1097.	0.7	1
18	Penetrating colonic trauma and damage control surgery: Anastomosis or stoma?. ANZ Journal of Surgery, 2021, 91, 1874-1880.	0.7	4

#	ARTICLE	IF	CITATIONS
19	Spectrum and Outcome of Emergency General Surgery Laparotomies at a Tertiary Center in South Africa. <i>Journal of Surgical Research</i> , 2021, 262, 65-70.	1.6	3
20	Using a Retrospective Secondary Data Analysis to Identify Risk Factors for Pulmonary Complications in Trauma Patients in Pietermaritzburg, South Africa. <i>Journal of Surgical Research</i> , 2021, 262, 47-56.	1.6	1
21	Laparotomy for Abdominal Stab Wound With Combined Omental and Organ Evisceration: 10-Year Experience From a Major Trauma Centre in South Africa. <i>American Surgeon</i> , 2021, , 000313482110318.	0.8	1
22	Trauma to the gallbladder is associated with concurrent injuries to the extra hepatic biliary system: A South African experience. <i>Injury</i> , 2021, , .	1.7	0
23	High grade renal trauma: Does the mechanism of penetrating injury influence renal salvage rate?. <i>Injury</i> , 2021, , .	1.7	1
24	The management of ocular and peri-ocular trauma needs to be co-ordinated according to ATLS principles and requires multi-disciplinary collaboration. <i>Injury</i> , 2021, 52, 2606-2610.	1.7	1
25	CT scans for pediatric injury in a middle-income country trauma center: Are we repeating past mistakes?. <i>Journal of Pediatric Surgery</i> , 2021, 56, 2342-2347.	1.6	2
26	Staged laparotomy for acute non-traumatic intra-abdominal emergencies in a tertiary South African unit. <i>ANZ Journal of Surgery</i> , 2021, , .	0.7	1
27	The microbiology of ulcerative skin cancers: does the presence of pathogenic bacteria increase the risk of postoperative complications?. <i>South African Journal of Surgery</i> , 2021, 59, 25a-25e.	0.2	0
28	A review of blunt pelvic injuries at a major trauma centre in South Africa. <i>South African Journal of Surgery</i> , 2021, 59, 26a-26e.	0.2	1
29	The spectrum of blunt abdominal trauma in Pietermaritzburg. <i>South African Journal of Surgery</i> , 2021, 59, 90-93.	0.2	1
30	The correlation between full moon and admission volume for penetrating injuries at a major trauma centre in South Africa. <i>South African Journal of Surgery</i> , 2021, 59, 94-96.	0.2	0
31	The quest to improve outcomes for abdominal wall incisional hernia repair in Pietermaritzburg: between Scylla and Charybdis. <i>South African Journal of Surgery</i> , 2021, 59, 140-144.	0.2	0
32	Childhood and adolescent trauma in Pietermaritzburg is a neglected sub-epidemic within a larger epidemic and warrants a dedicated service. <i>South African Journal of Surgery</i> , 2021, 59, 179-182.	0.2	0
33	Penetrating colon trauma-the effect of concomitant small bowel injury on outcome. <i>Injury</i> , 2021, , .	1.7	1
34	The Management of Penetrating Neck Injury With Retained Knife: 15-Year Experience From a Major Trauma Center in South Africa. <i>American Surgeon</i> , 2021, , 000313482110651.	0.8	1
35	The Combined SIRS+qSOFA (qSIRS) Score is More Accurate Than qSOFA Alone in Predicting Mortality in Patients with Surgical Sepsis in an LMIC Emergency Department. <i>World Journal of Surgery</i> , 2020, 44, 21-29.	1.6	13
36	Traumatic renal injury: Five-year experience at a major trauma centre in South Africa. <i>Injury</i> , 2020, 51, 39-44.	1.7	15

#	ARTICLE	IF	CITATIONS
37	Developing a blueprint for a civilian-military collaborative program in trauma training for Northern European countries: A South African experience. <i>Injury</i> , 2020, 51, 70-75.	1.7	7
38	Evolving Indications for Lower Limb Amputations in South Africa Offer Opportunities for Health System Improvement. <i>World Journal of Surgery</i> , 2020, 44, 1436-1443.	1.6	8
39	Mob Justice in South Africa: A comparison of blunt trauma secondary to community and non-community assaults. <i>Injury</i> , 2020, 51, 1791-1797.	1.7	5
40	Counting the cost of preventable diabetes-related lower limb amputations at a single district hospital in KwaZulu-Natal: what does this mean, what can be done?. <i>Journal of Endocrinology Metabolism and Diabetes of South Africa</i> , 2020, 25, 44-50.	0.2	6
41	Blunt and Penetrating Liver Trauma have Similar Outcomes in the Modern Era. <i>Scandinavian Journal of Surgery</i> , 2020, 110, 145749692092164.	2.6	7
42	Damage Control Laparotomy: High-Volume Centers Display Similar Mortality Rates Despite Differences in Country Income Level. <i>World Journal of Surgery</i> , 2020, 44, 3993-3998.	1.6	1
43	Barriers to adequate analgesia in paediatric burns patients. <i>South African Medical Journal</i> , 2020, 110, 1032.	0.6	7
44	A comparison of analgesia requirements in children with burns: Do delayed referrals require higher procedural analgesia doses?. <i>Burns Open</i> , 2020, 4, 103-109.	0.5	3
45	Soft Tissue Sepsis Places a Massive Burden on Regional and Tertiary Surgical Services in KZN Province South Africa. <i>World Journal of Surgery</i> , 2020, 44, 2526-2532.	1.6	3
46	Use of vital signs in predicting surgical intervention in a South African population: A cross-sectional study. <i>International Journal of Surgery</i> , 2020, 79, 300-304.	2.7	5
47	Correlation between the level of the external wound and the internal injury in penetrating neck injury does not favour an initial zonal management approach. <i>BJs Open</i> , 2020, 4, 704-713.	1.7	10
48	Contemporary management of rectal trauma - A South African experience. <i>Injury</i> , 2020, 51, 1238-1241.	1.7	6
49	Bellwether operations in KwaZulu-Natal Province, South Africa, are performed at regional and tertiary rather than district hospitals. <i>South African Medical Journal</i> , 2020, 110, 374.	0.6	4
50	Selective Nonoperative Management of Abdominal Stab Wounds with Isolated Omental Evisceration is Safe: A South African Experience. <i>Scandinavian Journal of Surgery</i> , 2020, 110, 145749692090398.	2.6	1
51	The search for a simple injury score to reliably discriminate the risk of in-hospital mortality in South Africa. <i>Surgery</i> , 2020, 167, 836-842.	1.9	2
52	Predicting the Outcome of Non-operative Management of Splenic Trauma in South Africa. <i>World Journal of Surgery</i> , 2020, 44, 1485-1491.	1.6	1
53	Comparison of the Pediatric Resuscitation and Trauma Outcome (PRESTO) Model and Pediatric Trauma Scoring Systems in a Middle-income Country. <i>World Journal of Surgery</i> , 2020, 44, 2518-2525.	1.6	6
54	A systematic review and comprehensive legislative framework to address chemical assault globally. <i>Health Policy and Planning</i> , 2020, 35, 1188-1207.	2.7	1

#	ARTICLE	IF	CITATIONS
55	Penetrating trauma in children and adolescents in Pietermaritzburg. South African Journal of Surgery, 2020, 58, 33-36.	0.2	0
56	The scourge of knife crime: trends in knife-related assault managed at a major centre in South Africa. South African Journal of Surgery, 2020, 58, 150-153.	0.2	0
57	Avoiding the diagnostic pitfalls of a pancreatic cystic lesion. South African Journal of Surgery, 2020, 58, 164.	0.2	0
58	Predictors of the need for surgery in upper gastrointestinal bleeding in a resource constrained setting: the Pietermaritzburg experience. South African Journal of Surgery, 2020, 58, 199-203.	0.2	0
59	A comparison of blunt and penetrating pancreatic trauma. South African Journal of Surgery, 2020, 58, 218.	0.2	2
60	Trauma in pregnancy at a major trauma centre in South Africa. South African Medical Journal, 2020, 110, 667-670.	0.6	0
61	The management of penetrating neck injury. Trauma, 2019, 21, 85-93.	0.5	13
62	The spectrum of injuries resulting from abdominal stab wounds with isolated omental evisceration: A South African experience. American Journal of Surgery, 2019, 217, 653-657.	1.8	7
63	A retrospective audit of nursing-related morbidity recorded in a state hospital in KwaZulu-Natal. Curationis, 2019, 42, e1-e5.	0.7	1
64	An analysis of adverse events and human error associated with the imaging of patients at a major trauma centre in South Africa. South African Medical Journal, 2019, 109, 693.	0.6	3
65	Utilization of age-adjusted shock index in a resource-strained setting. Journal of Pediatric Surgery, 2019, 54, 2621-2626.	1.6	10
66	Primary repair of duodenal injuries: a retrospective cohort study from a major trauma centre in South Africa. Scandinavian Journal of Surgery, 2019, 108, 280-284.	2.6	14
67	Analgesia protocols for burns dressings: Challenges with implementation. Burns, 2019, 45, 1680-1684.	1.9	9
68	Damage control or definitive repair? A retrospective review of abdominal trauma at a major trauma center in South Africa. Trauma Surgery and Acute Care Open, 2019, 4, e000235.	1.6	11
69	The Operative Output of District Hospitals in KwaZulu-Natal Province is Heavily Skewed Toward Obstetrical Care. World Journal of Surgery, 2019, 43, 1653-1660.	1.6	4
70	Analysis of Surgical Adverse Events at a Major University Hospital in South Africa. World Journal of Surgery, 2019, 43, 2117-2122.	1.6	3
71	Penetrating Pharyngoesophageal Injuries. Current Trauma Reports, 2019, 5, 26-34.	1.3	0
72	Trauma electives in South Africa provide valuable training for international surgeons. South African Medical Journal, 2019, 109, 182.	0.6	2

#	ARTICLE	IF	CITATIONS
73	The Hybrid Electronic Medical Registry Allows Benchmarking of Quality of Trauma Care: A Five-Year Temporal Overview of the Trauma Burden at a Major Trauma Centre in South Africa. <i>World Journal of Surgery</i> , 2019, 43, 1014-1021.	1.6	14
74	Trauma registry data as a tool for comparison of practice patterns and outcomes between low- and middle-income and high-income healthcare settings. <i>Pediatric Surgery International</i> , 2019, 35, 699-708.	1.4	4
75	Powered standing wheelchairs promote independence, health and community involvement in adolescents with Duchenne muscular dystrophy. <i>Neuromuscular Disorders</i> , 2019, 29, 221-230.	0.6	16
76	Optimal Resources for Children's Surgical Care: Executive Summary. <i>World Journal of Surgery</i> , 2019, 43, 978-980.	1.6	53
77	Surgical Considerations for Pediatric Snake Bites in Low- and Middle-income Countries. <i>World Journal of Surgery</i> , 2019, 43, 1636-1643.	1.6	9
78	A review of geriatric injuries at a major trauma centre in South Africa. <i>South African Medical Journal</i> , 2019, 110, 44.	0.6	8
79	Isolated free fluid on computed tomography for blunt abdominal trauma. <i>Annals of the Royal College of Surgeons of England</i> , 2019, 101, 552-557.	0.6	5
80	Contrast-induced nephropathy following CT scan for trauma is not rare and is associated with increased mortality in South African trauma patients. <i>European Journal of Trauma and Emergency Surgery</i> , 2019, 45, 1129-1135.	1.7	7
81	Defining an intra-operative blunt mesenteric injury grading system and its use as a tool for surgical-decision making. <i>Injury</i> , 2019, 50, 27-32.	1.7	3
82	Laparotomy for organ evisceration from abdominal stab wounds: A South African experience. <i>Injury</i> , 2019, 50, 156-159.	1.7	5
83	Global Initiative for Children's Surgery: A Model of Global Collaboration to Advance the Surgical Care of Children. <i>World Journal of Surgery</i> , 2019, 43, 1416-1425.	1.6	60
84	Preparing Japanese surgeons for potential mass casualty situations will require innovative and systematic programs. <i>European Journal of Trauma and Emergency Surgery</i> , 2019, 45, 139-144.	1.7	2
85	Civilian cerebral gunshot wounds in rural South African patients are associated with significantly higher mortality rates than in urban patients. <i>European Journal of Trauma and Emergency Surgery</i> , 2019, 45, 145-150.	1.7	10
86	Hyperlactataemia with acute kidney injury following community assault: cause or effect?. <i>South African Journal of Surgery</i> , 2019, , 63-67.	0.2	1
87	Discrepancy in clinical outcomes of patients with gunshot wounds in car hijacking: a South African experience. <i>South African Journal of Surgery</i> , 2019, 57, 25-28.	0.2	2
88	The spectrum of animal related injuries managed at a major trauma centre in South Africa. <i>South African Journal of Surgery</i> , 2019, 57, 54-58.	0.2	0
89	A comparison of oesophageal cancer between the public and private sectors in KwaZulu-Natal. <i>South African Journal of Surgery</i> , 2019, 57, 16-19.	0.2	0
90	Quantifying the burden of trauma imaging on the CT scan service at a major trauma centre in South Africa. <i>South African Journal of Surgery</i> , 2019, 57, 48-53.	0.2	3

#	ARTICLE	IF	CITATIONS
91	The spectrum of self inflicted injuries managed at a major trauma centre in South Africa. South African Journal of Surgery, 2019, , 65-69.	0.2	0
92	An overview of penetrating traumatic brain injuries at a major civilian trauma centre in South Africa. South African Journal of Surgery, 2019, , 37-42.	0.2	1
93	A comparison of oesophageal cancer between the public and private sectors in KwaZulu-Natal. South African Journal of Surgery, 2019, 57, 16-19.	0.2	0
94	Quantifying the burden of trauma imaging on the CT scan service at a major trauma centre in South Africa. South African Journal of Surgery, 2019, 57, 48-53.	0.2	1
95	Hyperlactataemia with acute kidney injury following community assault: cause or effect?. South African Journal of Surgery, 2019, 57, 63.	0.2	1
96	The spectrum of self inflicted injuries managed at a major trauma centre in South Africa. South African Journal of Surgery, 2019, 57, 65.	0.2	0
97	The spectrum of animal related injuries managed at a major trauma centre in South Africa. South African Journal of Surgery, 2019, 57, 54.	0.2	0
98	Compliance with the Surviving Sepsis Campaign guidelines for early resuscitation does not translate into improved outcomes in patients with surgical sepsis in South Africa. South African Journal of Surgery, 2019, 57, 8-12.	0.2	0
99	Discrepancy in clinical outcomes of patients with gunshot wounds in car hijacking: a South African experience. South African Journal of Surgery, 2019, 57, 25-28.	0.2	0
100	Validation of the Baragwanath mortality prediction score for cerebral gunshot wounds: the Pietermaritzburg experience. European Journal of Trauma and Emergency Surgery, 2018, 44, 615-620.	1.7	2
101	The correlation between ATLS and junior doctors's anatomical knowledge of central venous catheter insertion at a major trauma centre in South Africa. Injury, 2018, 49, 203-207.	1.7	1
102	The Successful Implementation of a Modified Enhanced Recovery After Surgery (ERAS) Program for Bariatric Surgery in a South African Teaching Hospital. Surgical Laparoscopy, Endoscopy and Percutaneous Techniques, 2018, 28, 26-29.	0.8	8
103	Routine cervical spine immobilisation is unnecessary in patients with isolated cerebral gunshot wounds: A South African experience. EMA - Emergency Medicine Australasia, 2018, 30, 773-776.	1.1	2
104	Computed Tomography Angiography is the Definitive Vascular Imaging Modality for Penetrating Neck Injury: A South African Experience. Scandinavian Journal of Surgery, 2018, 107, 23-30.	2.6	16
105	Vital sign based shock scores are poor at triaging South African trauma patients. American Journal of Surgery, 2018, 216, 235-239.	1.8	8
106	External Validation of a Tube Thoracostomy Complication Classification System. World Journal of Surgery, 2018, 42, 736-741.	1.6	8
107	The effect of a concomitant renal injury on the outcome of colonic trauma. American Journal of Surgery, 2018, 216, 230-234.	1.8	5
108	Measuring Anatomic Severity in Pediatric Appendicitis: Validation of the American Association for the Surgery of Trauma Appendicitis Severity Grade. Journal of Pediatrics, 2018, 192, 229-233.	1.8	22

#	ARTICLE	IF	CITATIONS
109	Appendicitis: Rural Patient Status is Associated with Increased Duration of Prehospital Symptoms and Worse Outcomes in High- and Low-Middle-Income Countries. <i>World Journal of Surgery</i> , 2018, 42, 1573-1580.	1.6	21
110	Gastric Perforation After a Dog Attack. <i>Pediatric Emergency Care</i> , 2018, 34, e16-e17.	0.9	1
111	Can We Train Military Surgeons in a Civilian Trauma Center?. <i>World Journal of Surgery</i> , 2018, 42, 26-31.	1.6	3
112	Spectrum of injuries resulting from gunshot wounds in car hijacking: a South African experience. <i>Trauma Surgery and Acute Care Open</i> , 2018, 3, e000260.	1.6	2
113	The usefulness of routine histological examination of appendectomy specimens in a South African tertiary centre. <i>South African Medical Journal</i> , 2018, 108, 342.	0.6	5
114	Quantifying capacity for burn care in South Africa. <i>Burns Open</i> , 2018, 2, 188-192.	0.5	9
115	A selective non-operative approach to thoracic stab wounds is safe and cost effective – a South African experience. <i>Annals of the Royal College of Surgeons of England</i> , 2018, 100, 641-649.	0.6	1
116	Management of intra-abdominal vascular injury in trauma laparotomy: a South African experience. <i>Canadian Journal of Surgery</i> , 2018, 61, 158-164.	1.2	7
117	Appendectomy in private practice in KwaZulu-Natal Province, South Africa. <i>South African Medical Journal</i> , 2018, 108, 836.	0.6	2
118	Ethics of Burn Wound Care in a Low-Middle Income Country. <i>AMA Journal of Ethics</i> , 2018, 20, 575-580.	0.7	5
119	Selective nonoperative management of pharyngoesophageal injuries secondary to penetrating neck trauma: A single-center review of 86 cases. <i>Journal of Trauma and Acute Care Surgery</i> , 2018, 85, 541-548.	2.1	3
120	The spectrum and outcome of blunt trauma related enteric hollow visceral injury. <i>Annals of the Royal College of Surgeons of England</i> , 2018, 100, 290-294.	0.6	16
121	Application of the AAST EGS Grade for Adhesive Small Bowel Obstruction to a Multi-national Patient Population. <i>World Journal of Surgery</i> , 2018, 42, 3581-3588.	1.6	18
122	Pediatric Appendicitis Severity in KwaZulu-Natal, South Africa: A Retrospective Cohort Analysis. <i>World Journal of Surgery</i> , 2018, 42, 3785-3791.	1.6	7
123	The impact of mechanism on the management and outcome of penetrating colonic trauma. <i>Annals of the Royal College of Surgeons of England</i> , 2018, 100, 152-156.	0.6	10
124	Validation of the AAST EGS grading system for perforated peptic ulcer disease. <i>Surgery</i> , 2018, 164, 738-745.	1.9	12
125	Developing a simplified clinical prediction score for mortality in patients with cerebral gunshot wounds: The Maritzburg Score. <i>Annals of the Royal College of Surgeons of England</i> , 2018, 100, 97-100.	0.6	4
126	Acute Kidney Injury on Presentation to a Major Trauma Service is Associated with Poor Outcomes. <i>Journal of Surgical Research</i> , 2018, 232, 376-382.	1.6	7

#	ARTICLE	IF	CITATIONS
127	A raised serum lactate level is an independent predictor of in-hospital mortality in patients with isolated cerebral gunshot wounds. South African Medical Journal, 2018, 108, 413.	0.6	4
128	An audit of ingested and aspirated foreign bodies in children at a university hospital in South Africa: The Pietermaritzburg experience. South African Medical Journal, 2018, 108, 205.	0.6	3
129	Validation of the American Association for the Surgery of Trauma's emergency general surgery breast infection grading system. Journal of Surgical Research, 2018, 228, 263-270.	1.6	7
130	The Selective Non-operative Management of Penetrating Cervical Venous Trauma is Safe and Effective. World Journal of Surgery, 2018, 42, 3202-3209.	1.6	12
131	Validation of the Simplified Motor Score in patients with traumatic brain injury at a major trauma centre in South Africa. South African Medical Journal, 2018, 108, 90.	0.6	3
132	A selective vacuum assisted mesh mediated fascial traction approach following temporary abdominal containment for trauma laparotomy is effective in achieving closure. South African Journal of Surgery, 2018, 56, 28-32.	0.2	4
133	Is direct consultant supervision of all trauma laparotomies necessary?. South African Journal of Surgery, 2018, 56, 23-27.	0.2	0
134	Malignant and pre-malignant oesophageal pathology in a South African teaching hospital. South African Journal of Surgery, 2018, 56, 21-24.	0.2	1
135	Validation of the Simplified Motor Score in patients with traumatic brain injury at a major trauma centre in South Africa. South African Medical Journal, 2018, 108, 90.	0.6	3
136	An audit of ingested and aspirated foreign bodies in children at a university hospital in South Africa: The Pietermaritzburg experience. South African Medical Journal, 2018, 108, 205.	0.6	1
137	The usefulness of routine histological examination of appendectomy specimens in a South African tertiary centre. South African Medical Journal, 2018, 108, 342.	0.6	2
