#	ARTICLE	IF	CITATIONS
1	Understanding and responding to the cost and health impact of short-term health staffing in remote and rural Aboriginal and Torres Strait Islander community-controlled health services: a mixed methods study protocol. <i>BMJ Open</i> , 2021, 11, e043902.	0.8	5
2	Interventions for health workforce retention in rural and remote areas: a systematic review. <i>Human Resources for Health</i> , 2021, 19, 103.	1.1	54
3	Developing the geographic classification for health, a rural-urban classification for New Zealand health research and policy: A research protocol. <i>Australian Journal of Rural Health</i> , 2021, 29, 939-946.	0.7	6
4	Effects of turnover and stability of health staff on quality of care in remote communities of the Northern Territory, Australia: a retrospective cohort study. <i>BMJ Open</i> , 2021, 11, e055635.	0.8	3
5	Retention strategies and interventions for health workers in rural and remote areas. <i>JBIM Database of Systematic Reviews and Implementation Reports</i> , 2020, 18, 87-96.	1.7	9
6	Remote health service vulnerabilities and responses to the COVID-19 pandemic. <i>Australian Journal of Rural Health</i> , 2020, 28, 613-617.	0.7	28
7	Costs and effects of higher turnover of nurses and Aboriginal health practitioners and higher use of short-term nurses in remote Australian primary care services: an observational cohort study. <i>BMJ Open</i> , 2019, 9, e023906.	0.8	17
8	“Better health in the bush” why we urgently need a national rural and remote health strategy. <i>Medical Journal of Australia</i> , 2019, 210, 202.	0.8	36
9	Remote health workforce turnover and retention: what are the policy and practice priorities?. <i>Human Resources for Health</i> , 2019, 17, 99.	1.1	107
10	Cost impact of high staff turnover on primary care in remote Australia. <i>Australian Health Review</i> , 2019, 43, 689.	0.5	22
11	Reducing occupational stress among registered nurses in very remote Australia: A participatory action research approach. <i>Collegian</i> , 2018, 25, 181-191.	0.6	25
12	A Systematic Review of the Impact of Healthcare Reforms on Access to Emergency Department and Elective Surgery Services. <i>International Journal of Health Services</i> , 2018, 48, 81-105.	1.2	8
13	Learning from history: How research evidence can inform policies to improve rural and remote medical workforce distribution. <i>Australian Journal of Rural Health</i> , 2018, 26, 329-334.	0.7	14
14	The work motivations of the health practitioner who stays for a substantial time in the very remote Indigenous community workplace. <i>Australian Journal of Psychology</i> , 2018, 70, 318-329.	1.4	4
15	What is the overall impact or effectiveness of visiting primary health care services in rural and remote communities in high-income countries? A systematic review. <i>BMC Health Services Research</i> , 2018, 18, 476.	0.9	9
16	What principles should guide visiting primary health care services in rural and remote communities? Lessons from a systematic review. <i>Australian Journal of Rural Health</i> , 2018, 26, 146-156.	0.7	18
17	Equitable resourcing of primary health care in remote communities in Australia’s Northern Territory: a pilot study. <i>BMC Family Practice</i> , 2017, 18, 75.	2.9	13
18	Reducing primary health care outpatient “did not attend”: Responding to community preferences. <i>Australian Journal of Rural Health</i> , 2017, 25, 187-188.	0.7	1

#	ARTICLE	IF	CITATIONS
19	Reducing hospital admissions in remote Australia through the establishment of a palliative and chronic disease respite facility. <i>BMC Palliative Care</i> , 2017, 16, 54.	0.8	10
20	Long-term trends in supply and sustainability of the health workforce in remote Aboriginal communities in the Northern Territory of Australia. <i>BMC Health Services Research</i> , 2017, 17, 836.	0.9	39
21	Interplay wellbeing framework: a collaborative methodology “bringing together stories and numbers”™ to quantify Aboriginal cultural values in remote Australia. <i>International Journal for Equity in Health</i> , 2017, 16, 68.	1.5	37
22	Patterns of resident health workforce turnover and retention in remote communities of the Northern Territory of Australia, 2013–2015. <i>Human Resources for Health</i> , 2017, 15, 52.	1.1	74
23	Is remote health different to rural health?. <i>Rural and Remote Health</i> , 2017, 17, 3832.	0.4	13
24	Strengthening primary health care to improve Indigenous health outcomes. <i>Medical Journal of Australia</i> , 2016, 204, 363-364.	0.8	4
25	A Realist Case Study of a Regional Hospital’s Response to Improve Emergency Department Access in the Context of Australian Health Care Reforms. <i>Health Services Research and Managerial Epidemiology</i> , 2016, 3, 233339281663110.	0.5	3
26	Improving the quality of life of palliative and chronic disease patients and carers in remote Australia with the establishment of a day respite facility. <i>BMC Palliative Care</i> , 2016, 15, 62.	0.8	7
27	Assessing the Impact and Cost of Short-Term Health Workforce in Remote Indigenous Communities in Australia: A Mixed Methods Study Protocol. <i>JMIR Research Protocols</i> , 2016, 5, e135.	0.5	13
28	Ensuring equity of access to primary health care in rural and remote Australia - what core services should be locally available?. <i>International Journal for Equity in Health</i> , 2015, 14, 111.	1.5	92
29	Evaluating impact of clinical guidelines using a realist evaluation framework. <i>Journal of Evaluation in Clinical Practice</i> , 2015, 21, 1114-1120.	0.9	11
30	Strengthening primary health care: achieving health gains in a remote region of Australia. <i>Medical Journal of Australia</i> , 2015, 202, 483-487.	0.8	30
31	Rural and remote health: a progress report. <i>Medical Journal of Australia</i> , 2015, 202, 461-462.	0.8	2
32	Impact of community participation in primary health care: what is the evidence?. <i>Australian Journal of Primary Health</i> , 2015, 21, 2.	0.4	69
33	Community participation in health service reform: the development of an innovative remote Aboriginal primary health-care service. <i>Australian Journal of Primary Health</i> , 2015, 21, 409.	0.4	19
34	A comprehensive health service evaluation and monitoring framework. <i>Evaluation and Program Planning</i> , 2015, 53, 91-98.	0.9	32
35	Which dimensions of access are most important when rural residents decide to visit a general practitioner for non-emergency care?. <i>Australian Health Review</i> , 2015, 39, 121.	0.5	26
36	Re-orienting a remote acute care model towards a primary health care approach: key enablers. <i>Rural and Remote Health</i> , 2015, 15, 2942.	0.4	6

#	ARTICLE	IF	CITATIONS
37	Cost of best-practice primary care management of chronic disease in a remote Aboriginal community. Medical Journal of Australia, 2014, 200, 663-666.	0.8	20
38	The cost-effectiveness of primary care for Indigenous Australians with diabetes living in remote Northern Territory communities. Medical Journal of Australia, 2014, 200, 658-662.	0.8	22
39	Better health outcomes at lower costs: the benefits of primary care utilisation for chronic disease management in remote Indigenous communities in Australia's Northern Territory. BMC Health Services Research, 2014, 14, 463.	0.9	37
40	What core primary health care services should be available to Australians living in rural and remote communities?. BMC Family Practice, 2014, 15, 143.	2.9	25
41	Aboriginal and Torres Strait Islander health. General practice embraces its significant role to close the gap. Australian Family Physician, 2014, 43, 7.	0.5	1
42	What primary health care services should residents of rural and remote Australia be able to access? A systematic review of 'core' primary health care services. BMC Health Services Research, 2013, 13, 178.	0.9	23
43	'Rural health is subjective, everyone sees it differently' Understandings of rural health among Australian stakeholders. Health and Place, 2013, 24, 65-72.	1.5	27
44	What is a reasonable length of employment for health workers in Australian rural and remote primary healthcare services?. Australian Health Review, 2013, 37, 256.	0.5	25
45	Helping policy-makers address rural health access problems. Australian Journal of Rural Health, 2013, 21, 61-71.	0.7	89
46	Sustainable workforce and sustainable health systems for rural and remote Australia. Medical Journal of Australia, 2013, 199, S14-7.	0.8	33
47	How best to measure health workforce turnover and retention: five key metrics. Australian Health Review, 2012, 36, 290.	0.5	15
48	What factors contribute most to the retention of general practitioners in rural and remote areas?. Australian Journal of Primary Health, 2012, 18, 289.	0.4	20
49	Understanding drivers of rural and remote health outcomes: A conceptual framework in action. Australian Journal of Rural Health, 2012, 20, 318-323.	0.7	28
50	Psychosocial safety climate as an antecedent of work characteristics and psychological strain: A multilevel model. Work and Stress, 2012, 26, 385-404.	2.8	108
51	How do small rural primary health care services sustain themselves in a constantly changing health system environment?. BMC Health Services Research, 2012, 12, 81.	0.9	24
52	Organisational intervention to reduce occupational stress and turnover in hospital nurses in the Northern Territory, Australia. Collegian, 2012, 19, 211-221.	0.6	94
53	Understanding rural and remote health: A framework for analysis in Australia. Health and Place, 2012, 18, 496-503.	1.5	169
54	'Making evidence count': A framework to monitor the impact of health services research. Australian Journal of Rural Health, 2012, 20, 51-58.	0.7	38

#	ARTICLE	IF	CITATIONS
55	Sustainable workforce and sustainable health systems for rural and remote Australia. Medical Journal of Australia, 2012, 1, 14-17.	0.8	13
56	Fly in/fly out health services: the panacea or the problem?. Rural and Remote Health, 2012, 12, 2268.	0.4	19
57	Potential primary health care savings for chronic disease care associated with Australian Aboriginal involvement in land management. Health Policy, 2011, 99, 83-89.	1.4	59
58	Nursing workforce in very remote Australia, characteristics and key issues. Australian Journal of Rural Health, 2011, 19, 32-37.	0.7	57
59	Sustainable primary health care services in rural and remote areas: Innovation and evidence. Australian Journal of Rural Health, 2011, 19, 118-124.	0.7	65
60	Respiratory syncytial virus infections in Central Australia. Journal of Paediatrics and Child Health, 2010, 46, 35-39.	0.4	19
61	Charting the future course of rural health and remote health in Australia: Why we need theory. Australian Journal of Rural Health, 2010, 18, 54-58.	0.7	15
62	Systematic review of effective retention incentives for health workers in rural and remote areas: Towards evidence-based policy. Australian Journal of Rural Health, 2010, 18, 102-109.	0.7	261
63	From "problem-describing" to "problem-solving": Challenging the "deficit" view of remote and rural health. Australian Journal of Rural Health, 2010, 18, 205-209.	0.7	64
64	Levels of occupational stress in the remote area nursing workforce. Australian Journal of Rural Health, 2010, 18, 235-241.	0.7	54
65	How far can systematic reviews inform policy development for "wicked" rural health service problems?. Australian Health Review, 2009, 33, 592.	0.5	8
66	An evaluation of the Australian Football League Central Australian Responsible Alcohol Strategy 2005-07. Health Promotion Journal of Australia, 2009, 20, 208-213.	0.6	11
