#	Paper	IF	Citations
32	How do women, men, and health providers perceive interventions to influence men's engagement in maternal and newborn health? A qualitative evidence synthesis. <i>Social Science and Medicine</i> , 2021 , 291, 114475	5.1	0
31	A mapping and synthesis of tools for stakeholder and community engagement in quality improvement initiatives for reproductive, maternal, newborn, child and adolescent health. <i>Health Expectations</i> , 2021 , 24, 744-756	3.7	3
30	The first 2 h after birth: prevalence and factors associated with neonatal care practices from a multicountry, facility-based, observational study. <i>The Lancet Global Health</i> , 2021 , 9, e72-e80	13.6	10
29	Understanding the implementation (including women's use) of maternity waiting homes in low-income and middle-income countries: a realist synthesis protocol. <i>BMJ Open</i> , 2021 , 11, e039531	3	0
28	Scaling up Kangaroo Mother Care in Ethiopia and India: a multi-site implementation research study. <i>BMJ Global Health</i> , 2021 , 6,	6.6	2
27	Social accountability for reproductive, maternal, newborn, child and adolescent health: A review of reviews. <i>PLoS ONE</i> , 2020 , 15, e0238776	3.7	3
26	Informal work and maternal and child health: a blind spot in public health and research. <i>Bulletin of the World Health Organization</i> , 2020 , 98, 219-221	8.2	14
25	Non-clinical interventions to reduce unnecessary caesarean sections: WHO recommendations. <i>Bulletin of the World Health Organization</i> , 2020 , 98, 66-68	8.2	14
24	Status of national policy on companion of choice at birth in Latin America and the Caribbean: Gaps and challenges. <i>Revista Panamericana De Salud Publica/Pan American Journal of Public Health</i> , 2020 , 44, e19	4.1	1
23	Global research priorities for social, behavioural and community engagement interventions for maternal, newborn and child health. <i>Health Research Policy and Systems</i> , 2020 , 18, 97	3.7	3
22	Developing and applying a living guidelines approach to WHO recommendations on maternal and perinatal health. <i>BMJ Global Health</i> , 2019 , 4, e001683	6.6	27
21	Interventions to support effective communication between maternity care staff and women in labour: A mixed-methods systematic review. <i>Midwifery</i> , 2018 , 59, 4-16	2.8	27
20	Involving men to improve maternal and newborn health: A systematic review of the effectiveness of interventions. <i>PLoS ONE</i> , 2018 , 13, e0191620	3.7	121
19	Clan-involved approaches to increasing antenatal care use in a rural minority area of China: implementation research. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2018 , 107 Suppl 471, 7-16	3.1	0
18	Programme Reporting Standards (PRS) for improving the reporting of sexual, reproductive, maternal, newborn, child and adolescent health programmes. <i>BMC Medical Research Methodology</i> , 2017 , 17, 117	4.7	10
17	Factors affecting effective community participation in maternal and newborn health programme planning, implementation and quality of care interventions. <i>BMC Pregnancy and Childbirth</i> , 2017 , 17, 268	3.2	22
16	Understanding the implementation of maternity waiting homes in low- and middle-income countries: a qualitative thematic synthesis. <i>BMC Pregnancy and Childbirth</i> , 2017 , 17, 269	3.2	27

15	Companion of choice at birth: factors affecting implementation. <i>BMC Pregnancy and Childbirth</i> , 2017 , 17, 265	3.2	30
14	Women's satisfaction and perception of control in childbirth in three Arab countries. <i>Reproductive Health Matters</i> , 2017 , 25, 16-26		11
13	The effects of cash transfers and vouchers on the use and quality of maternity care services: A systematic review. <i>PLoS ONE</i> , 2017 , 12, e0173068	3.7	46
12	Perspectives on the methods of a large systematic mapping of maternal health interventions. <i>Globalization and Health</i> , 2016 , 12, 51	10	2
11	Effectiveness of interventions to provide culturally appropriate maternity care in increasing uptake of skilled maternity care: a systematic review. <i>Health Policy and Planning</i> , 2016 , 31, 1479-1491	3.4	23
10	What Prevents Quality Midwifery Care? A Systematic Mapping of Barriers in Low and Middle Income Countries from the Provider Perspective. <i>PLoS ONE</i> , 2016 , 11, e0153391	3.7	116
9	Community participation for transformative action on women's, children's and adolescents' health. <i>Bulletin of the World Health Organization</i> , 2016 , 94, 376-82	8.2	58
8	Challenging gender inequity through male involvement in maternal and newborn health: critical assessment of an emerging evidence base. <i>Culture, Health and Sexuality</i> , 2015 , 17 Suppl 2, S177-89	2.5	52
7	Do Interventions that Promote Awareness of Rights Increase Use of Maternity Care Services? A Systematic Review. <i>PLoS ONE</i> , 2015 , 10, e0138116	3.7	19
6	Impact of Birth Preparedness and Complication Readiness Interventions on Birth with a Skilled Attendant: A Systematic Review. <i>PLoS ONE</i> , 2015 , 10, e0143382	3.7	36
5	Developing capacities of community health workers in sexual and reproductive, maternal, newborn, child, and adolescent health: a mapping and review of training resources. <i>PLoS ONE</i> , 2014 , 9, e94948	3.7	22
4	Maternity care services and culture: a systematic global mapping of interventions. <i>PLoS ONE</i> , 2014 , 9, e108130	3.7	29
3	Effects of community participation on improving uptake of skilled care for maternal and newborn health: a systematic review. <i>PLoS ONE</i> , 2013 , 8, e55012	3.7	66
2	Increasing the use of skilled health personnel where traditional birth attendants were providers of childbirth care: a systematic review. <i>PLoS ONE</i> , 2012 , 7, e47946	3.7	28
1	Empowerment of women, men, families and communities: true partners for improving maternal and newborn health. <i>British Medical Bulletin</i> , 2003 , 67, 59-72	5.4	28
