

Sayra M Cristancho

List of Publications by Citations

Source: <https://exaly.com/author-pdf/6576949/sayra-m-cristancho-publications-by-citations.pdf>

Version: 2024-04-27

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
66	Seeing in different ways: introducing "rich pictures" in the study of expert judgment. <i>Qualitative Health Research</i> , 2015 , 25, 713-25	3.9	46
65	When surgeons face intraoperative challenges: a naturalistic model of surgical decision making. <i>American Journal of Surgery</i> , 2013 , 205, 156-62	2.7	38
64	Understanding clinical uncertainty: what is going on when experienced surgeons are not sure what to do?. <i>Academic Medicine</i> , 2013 , 88, 1516-21	3.9	38
63	Considering the interdependence of clinical performance: implications for assessment and entrustment. <i>Medical Education</i> , 2018 , 52, 970	3.7	37
62	'Oh my God, I can't handle this!': trainees' emotional responses to complex situations. <i>Medical Education</i> , 2018 , 52, 206-215	3.7	32
61	A framework-based approach to designing simulation-augmented surgical education and training programs. <i>American Journal of Surgery</i> , 2011 , 202, 344-51	2.7	31
60	How do small groups make decisions? : A theoretical framework to inform the implementation and study of clinical competency committees. <i>Perspectives on Medical Education</i> , 2017 , 6, 192-198	4.3	30
59	(Re)Grounding grounded theory: a close reading of theory in four schools. <i>Qualitative Research</i> , 2017 , 17, 359-376	2.2	30
58	Thresholds of Principle and Preference: Exploring Procedural Variation in Postgraduate Surgical Education. <i>Academic Medicine</i> , 2015 , 90, S70-6	3.9	30
57	Eye opener: exploring complexity using rich pictures. <i>Perspectives on Medical Education</i> , 2015 , 4, 138-41	4.3	29
56	Thinking like an expert: surgical decision making as a cyclical process of being aware. <i>American Journal of Surgery</i> , 2016 , 211, 64-9	2.7	24
55	'How would you call this in English?' : Being reflective about translations in international, cross-cultural qualitative research. <i>Perspectives on Medical Education</i> , 2017 , 6, 127-132	4.3	24
54	"They Have to Adapt to Learn": Surgeons' Perspectives on the Role of Procedural Variation in Surgical Education. <i>Journal of Surgical Education</i> , 2016 , 73, 339-47	3.4	23
53	The call, the save, and the threat: understanding expert help-seeking behavior during nonroutine operative scenarios. <i>Journal of Surgical Education</i> , 2015 , 72, 302-9	3.4	22
52	Qualitative research essentials for medical education. <i>Singapore Medical Journal</i> , 2018 , 59, 622-627	1.9	22
51	Engagement: what is it good for? The role of learner engagement in healthcare simulation contexts. <i>Advances in Health Sciences Education</i> , 2019 , 24, 811-825	3.7	21
50	Navigating difficult conversations: the role of self-monitoring and reflection-in-action. <i>Medical Education</i> , 2017 , 51, 1220-1231	3.7	20

49	Putting the puzzle together: the role of 'problem definition' in complex clinical judgement. <i>Medical Education</i> , 2017 , 51, 207-214	3.7	19
48	Some assembly required: tracing the interpretative work of Clinical Competency Committees. <i>Medical Education</i> , 2019 , 53, 723-734	3.7	18
47	How Do Thresholds of Principle and Preference Influence Surgeon Assessments of Learner Performance?. <i>Annals of Surgery</i> , 2018 , 268, 385-390	7.8	18
46	What's behind the scenes? Exploring the unspoken dimensions of complex and challenging surgical situations. <i>Academic Medicine</i> , 2014 , 89, 1540-7	3.9	16
45	Mobilising or standing still? A narrative review of Surgical Safety Checklist knowledge as developed in 25 highly cited papers from 2009 to 2016. <i>BMJ Quality and Safety</i> , 2017 , 26, 837-844	5.4	15
44	Rich pictures: a companion method for qualitative research in medical education. <i>Medical Education</i> , 2019 , 53, 916-924	3.7	15
43	Intraoperative monitoring of laparoscopic skill development based on quantitative measures. <i>Surgical Endoscopy and Other Interventional Techniques</i> , 2009 , 23, 2181-90	5.2	15
42	Simulation-augmented training program for off-pump coronary artery bypass surgery: developing and validating performance assessments. <i>Surgery</i> , 2012 , 151, 785-95	3.6	14
41	Twelve tips for early career medical educators. <i>Medical Teacher</i> , 2016 , 38, 358-63	3	13
40	Beyond summative decision making: Illuminating the broader roles of competence committees. <i>Medical Education</i> , 2020 , 54, 517-527	3.7	12
39	Lessons From Rocket Science: Reframing the Concept of the Physician Health Advocate. <i>Academic Medicine</i> , 2016 , 91, 1344-1347	3.9	12
38	From problem solving to problem definition: scrutinizing the complex nature of clinical practice. <i>Perspectives on Medical Education</i> , 2017 , 6, 54-57	4.3	11
37	What can we learn from a soft sister? A complementary lens to the systems engineering approach in medical education research. <i>Medical Education</i> , 2014 , 48, 1139-41	3.7	11
36	How Medical Error Shapes Physicians' Perceptions of Learning: An Exploratory Study. <i>Academic Medicine</i> , 2019 , 94, 1157-1163	3.9	11
35	What is the state of complexity science in medical education research?. <i>Medical Education</i> , 2019 , 53, 95-104	3.7	10
34	Adaptation and innovation: a grounded theory study of procedural variation in the academic surgical workplace. <i>Journal of Evaluation in Clinical Practice</i> , 2015 , 21, 911-8	2.5	9
33	SCETF: Serious game surgical cognitive education and training framework 2011 ,		9
32	Navigating complexity in team-based clinical settings. <i>Medical Education</i> , 2018 , 52, 1125-1137	3.7	9

31	Journey into uncertainty: Medical students' experiences and perceptions of failure. <i>Medical Education</i> , 2020 , 54, 843-850	3.7	8
30	The effect of sound on visual fidelity perception in stereoscopic 3-D. <i>IEEE Transactions on Cybernetics</i> , 2013 , 43, 1572-83	10.2	8
29	Lessons on resilience: Learning to manage complexity. <i>Perspectives on Medical Education</i> , 2016 , 5, 133-5	4.3	7
28	Being a surgeon or doing surgery? A qualitative study of learning in the operating room. <i>Medical Education</i> , 2018 , 52, 861-876	3.7	7
27	Mapping a surgeon's becoming with Deleuze. <i>Medical Humanities</i> , 2015 , 41, 128-35	1.4	6
26	Exploring patients' and physicians' perspectives about competent health advocacy. <i>Medical Education</i> , 2021 , 55, 486-495	3.7	5
25	Qualitative Research in Medical Education 2018 , 427-441		5
24	Assessing cognitive & motor performance in minimally invasive surgery (MIS) for training & tool design. <i>Studies in Health Technology and Informatics</i> , 2006 , 119, 108-13	0.5	5
23	Trainee-environment interactions that stimulate motivation: A rich pictures study. <i>Medical Education</i> , 2020 , 54, 242-253	3.7	4
22	Necessary Groundwork: Planning a Strong Grounded Theory Study. <i>Journal of Graduate Medical Education</i> , 2017 , 9, 129-130	1.6	4
21	Living with advanced cancer: Rich Pictures as a means for health care providers to explore the experiences of advanced cancer patients. <i>Cancer Medicine</i> , 2019 , 8, 4957-4966	4.8	4
20	Fewer themes, more stories: shall we consider alternative ways for representing complexity well?. <i>Perspectives on Medical Education</i> , 2014 , 3, 159-62	4.3	4
19	When I say [n]etworks and systems. <i>Medical Education</i> , 2019 , 53, 331-333	3.7	4
18	Progressive simulation-based program for training cardiac surgery-related skills. <i>Studies in Health Technology and Informatics</i> , 2011 , 163, 150-5	0.5	4
17	Interchangeability in Military Interprofessional Health Care Teams: Lessons Into Collective Self-healing and the Benefits Thereof. <i>Military Medicine</i> , 2021 , 186, 16-22	1.3	3
16	How Surgeons Conceptualize Talent: A Qualitative Study Using Sport Science as a Lens. <i>Journal of Surgical Education</i> , 2017 , 74, 992-1000	3.4	2
15	On the value of the 'subjective' in studies of human behavior and cognition. <i>Perspectives on Medical Education</i> , 2015 , 4, 49-50	4.3	2
14	Understanding helping behaviors in an interprofessional surgical team: How do members engage?. <i>American Journal of Surgery</i> , 2020 , 219, 372-378	2.7	2

13	Repeated use of rich pictures to explore changes in subjective experiences over time of patients with advanced cancer. <i>Cancer Reports</i> , 2021 , e1428	1.5	2
12	Pimping in Residency: The Emotional Roller-Coaster of a Pedagogical Method - A Qualitative Study Using Interviews and Rich Picture Drawings. <i>Teaching and Learning in Medicine</i> , 2019 , 31, 497-505	3.4	1
11	Macro and meso level influences on distributed integrated COPD care delivery: a social network perspective. <i>BMC Health Services Research</i> , 2021 , 21, 491	2.9	1
10	Drawing on experience: Exploring the pedagogical possibilities of using rich pictures in health professions education. <i>Advances in Health Sciences Education</i> , 2021 , 26, 1519-1535	3.7	1
9	The embodiment of practice thresholds: from standardization to stabilization in surgical education. <i>Advances in Health Sciences Education</i> , 2021 , 26, 139-157	3.7	1
8	Back to Anatomy: Improving Landmarking Accuracy of Clinical Procedures Using a Novel Approach to Procedural Teaching. <i>Southern Medical Journal</i> , 2015 , 108, 310-7	0.6	1
7	Unusual suspects: Real-time physiological evaluation of stressors during laparoscopic donor nephrectomy. <i>Canadian Urological Association Journal</i> , 2021 , 15, E205-E209	1.2	0
6	On collective self-healing and traces: How can swarm intelligence help us think differently about team adaptation?. <i>Medical Education</i> , 2021 , 55, 441-447	3.7	0
5	Understanding palliative care learning: A narrative inquiry exploring health care professionals' memorable experiences. <i>SSM Qualitative Research in Health</i> , 2022 , 2, 100098		0
4	The agility of ants: lessons for grappling with complexity in health care teamwork. <i>Medical Education</i> , 2019 , 53, 855-857	3.7	
3	Qualitative investigation of trace-based communication: how are traces conceptualised in healthcare teamwork?. <i>BMJ Open</i> , 2020 , 10, e038406	3	
2	Qualitative investigation of trace-based communication: how are traces conceptualised in healthcare teamwork?. <i>BMJ Open</i> , 2020 , 10, e038406	3	
1	Scut to Scholarship: Can Operative Notes be Educationally Useful?. <i>Journal of Surgical Education</i> , 2021 , 78, 168-177	3.4
