#	ARTICLE	IF	CITATIONS
1	A systematic scoping review of interventions to optimise medication prescribing and adherence in older adults with cancer. <i>Research in Social and Administrative Pharmacy</i> , 2022, 18, 2392-2402.	1.5	7
2	"I just thought that it was such an impossible thing": A qualitative study of barriers and facilitators to discontinuing long-term use of benzodiazepine receptor agonists using the Theoretical Domains Framework. <i>Health Expectations</i> , 2022, 25, 355-365.	1.1	8
3	Pharmacist interventions to deprescribe benzodiazepines in older adults: A missed opportunity?. <i>Research in Social and Administrative Pharmacy</i> , 2022, , .	1.5	0
4	Applying the intervention Complexity Assessment Tool to brief interventions targeting long-term benzodiazepine receptor agonist use in primary care: Lessons learned. , 2022, 23, .		1
5	On the frontline against COVID-19: Community pharmacists' contribution during a public health crisis. <i>Research in Social and Administrative Pharmacy</i> , 2021, 17, 2032-2035.	1.5	232
6	Impact of changes in controlled drugs legislation on benzodiazepine receptor agonist prescribing in Ireland: a repeated cross-sectional study. <i>European Journal of Clinical Pharmacology</i> , 2021, 77, 903-912.	0.8	8
7	An external pilot cluster randomised controlled trial of a theory-based intervention to improve appropriate polypharmacy in older people in primary care (PolyPrime): study protocol. <i>Pilot and Feasibility Studies</i> , 2021, 7, 77.	0.5	8
8	Primary care-based models of care for osteoarthritis: a scoping review protocol. <i>HRB Open Research</i> , 2021, 4, 48.	0.3	2
9	Development of criteria for identifying potentially inappropriate prescribing in older adults with cancer receiving palliative care (PIP-CPC). <i>Journal of Geriatric Oncology</i> , 2021, 12, 1193-1199.	0.5	3
10	Protocol for a process evaluation of an external pilot cluster randomised controlled trial of a theory-based intervention to improve appropriate polypharmacy in older people in primary care: the PolyPrime study. <i>Trials</i> , 2021, 22, 449.	0.7	4
11	Prescribing practices, patterns, and potential harms in patients receiving palliative care: A systematic scoping review. <i>Exploratory Research in Clinical and Social Pharmacy</i> , 2021, 3, 100050.	0.6	6
12	A systematic scoping review of interventions to improve appropriate prescribing of oral nutritional supplements in primary care. <i>Clinical Nutrition</i> , 2020, 39, 654-663.	2.3	13
13	Brief interventions targeting long-term benzodiazepine and Z-drug use in primary care: a systematic review and meta-analysis. <i>Addiction</i> , 2020, 115, 1618-1639.	1.7	43
14	Interventions to optimise medication prescribing and adherence in older people with cancer: A systematic scoping review. <i>Research in Social and Administrative Pharmacy</i> , 2020, 16, 1627-1631.	1.5	1
15	Application of the intervention Complexity Assessment Tool for Systematic Reviews within a Cochrane review: an illustrative case study. <i>HRB Open Research</i> , 2020, 3, 31.	0.3	2
16	Benzodiazepine and Z-drug prescribing in Ireland: analysis of national prescribing trends from 2005 to 2015. <i>British Journal of Clinical Pharmacology</i> , 2018, 84, 1354-1363.	1.1	51
17	Core Outcome Set for Trials Aimed at Improving the Appropriateness of Polypharmacy in Older People in Primary Care. <i>Journal of the American Geriatrics Society</i> , 2018, 66, 1206-1212.	1.3	63
18	Improving adherence to multiple medications in older people in primary care: Selecting intervention components to address patient-reported barriers and facilitators. <i>Health Expectations</i> , 2018, 21, 138-148.	1.1	50

#	ARTICLE	IF	CITATIONS
19	Interventions to improve the appropriate use of polypharmacy for older people. The Cochrane Library, 2018, 2018, CD008165.	1.5	253
20	A feasibility study of a theory-based intervention to improve appropriate polypharmacy for older people in primary care. Pilot and Feasibility Studies, 2018, 4, 23.	0.5	15
21	Theory-Based Interventions to Improve Medication Adherence in Older Adults Prescribed Polypharmacy: A Systematic Review. Drugs and Aging, 2017, 34, 97-113.	1.3	84
22	Development of an intervention to improve appropriate polypharmacy in older people in primary care using a theory-based method. BMC Health Services Research, 2016, 16, 661.	0.9	72
23	Pharmaceutical strategies towards optimising polypharmacy in older people. International Journal of Pharmaceutics, 2016, 512, 360-365.	2.6	19
24	Appropriate Polypharmacy and Medicine Safety: When Many is not Too Many. Drug Safety, 2016, 39, 109-116.	1.4	184
25	Making the case for change: What researchers need to consider when designing behavior change interventions aimed at improving medication dispensing. Research in Social and Administrative Pharmacy, 2016, 12, 149-153.	1.5	7
26	Improving appropriate polypharmacy for older people in primary care: selecting components of an evidence-based intervention to target prescribing and dispensing. Implementation Science, 2015, 10, 161.	2.5	56
27	Community pharmacists's role in benzodiazepine supply in Ireland: a questionnaire of pharmacists's views and experiences. International Journal of Pharmacy Practice, 2015, 23, 415-422.	0.3	8
28	Interventions to improve the appropriate use of polypharmacy in older people: a Cochrane systematic review. BMJ Open, 2015, 5, e009235.	0.8	251
29	Development of a pharmacy practice intervention: lessons from the literature. International Journal of Clinical Pharmacy, 2015, 38, 601-6.	1.0	13
30	Interventions to improve the appropriate use of polypharmacy for older people. The Cochrane Library, 2014, , CD008165.	1.5	409
31	Pharmaceutical policies: effects of policies regulating drug marketing. The Cochrane Library, 0, , .	1.5	2
32	Primary care-based models of care for osteoarthritis: a scoping review protocol. HRB Open Research, 0, 4, 48.	0.3	5
33	Mobile phone applications to support psychotropic tapering: a scoping review protocol. HRB Open Research, 0, 5, 18.	0.3	1
