#	Paper	IF	Citations
105	Confirmatory factor analysis of the Child Feeding Questionnaire: a measure of parental attitudes, beliefs and practices about child feeding and obesity proneness. <i>Appetite</i> , 2001 , 36, 201-10	4.5	1097
104	Development of Eating Behaviors Among Children and Adolescents. <i>Pediatrics</i> , 1998 , 101, 539-549	7.4	950
103	Parental influence on eating behavior: conception to adolescence. <i>Journal of Law, Medicine and Ethics</i> , 2007 , 35, 22-34	1.2	774
102	Learning to overeat: maternal use of restrictive feeding practices promotes girls' eating in the absence of hunger. <i>American Journal of Clinical Nutrition</i> , 2003 , 78, 215-20	7	661
101	Restricting access to palatable foods affects children's behavioral response, food selection, and intake. <i>American Journal of Clinical Nutrition</i> , 1999 , 69, 1264-72	7	640
100	Mothers' child-feeding practices influence daughters' eating and weight. <i>American Journal of Clinical Nutrition</i> , 2000 , 71, 1054-61	7	617
99	Restricting access to foods and children's eating. <i>Appetite</i> , 1999 , 32, 405-19	4.5	533
98	Revisiting a neglected construct: parenting styles in a child-feeding context. <i>Appetite</i> , 2005 , 44, 83-92	4.5	510
97	Eating in the absence of hunger and overweight in girls from 5 to 7 y of age. <i>American Journal of Clinical Nutrition</i> , 2002 , 76, 226-31	7	489
96	Parental influences on young girls' fruit and vegetable, micronutrient, and fat intakes. <i>Journal of the American Dietetic Association</i> , 2002 , 102, 58-64		418
95	Children's bite size and intake of an entrée are greater with large portions than with age-appropriate or self-selected portions. <i>American Journal of Clinical Nutrition</i> , 2003 , 77, 1164-70	7	308
94	Fundamental constructs in food parenting practices: a content map to guide future research. <i>Nutrition Reviews</i> , 2016 , 74, 98-117	6.4	262
93	Like mother, like daughter: familial patterns of overweight are mediated by mothers' dietary disinhibition. <i>American Journal of Clinical Nutrition</i> , 1999 , 69, 608-13	7	250
92	Fat preferences and fat consumption of 3- to 5-year-old children are related to parental adiposity. <i>Journal of the American Dietetic Association</i> , 1995 , 95, 759-64		195
91	How parental dietary behavior and food parenting practices affect children's dietary behavior. Interacting sources of influence?. <i>Appetite</i> , 2015 , 89, 246-57	4.5	190
90	Effects of portion size and energy density on young children's intake at a meal. <i>American Journal of Clinical Nutrition</i> , 2007 , 86, 174-9	7	187
89	The postingestive consequences of fat condition preferences for flavors associated with high dietary fat. <i>Physiology and Behavior</i> , 1993 , 54, 71-6	3.5	172

88	Fathers' child feeding practices: a review of the evidence. <i>Appetite</i> , 2014 , 78, 110-21	4.5	163
87	Parents' restrictive feeding practices are associated with young girls' negative self-evaluation of eating. <i>Journal of the American Dietetic Association</i> , 2000 , 100, 1341-6		149
86	Super-size me: Portion size effects on young children's eating. <i>Physiology and Behavior</i> , 2008 , 94, 39-47	3.5	124
85	Cross-cultural equivalence of feeding beliefs and practices: the psychometric properties of the child feeding questionnaire among Blacks and Hispanics. <i>Preventive Medicine</i> , 2005 , 41, 521-31	4.3	123
84	Influence of body composition on the accuracy of reported energy intake in children. <i>Obesity</i> , 2000 , 8, 597-603		123
83	Breast-feeding through the first year predicts maternal control in feeding and subsequent toddler energy intakes. <i>Journal of the American Dietetic Association</i> , 2000 , 100, 641-6		123
82	Metabolic and behavioral predictors of weight gain in Hispanic children: the Viva la Familia Study. <i>American Journal of Clinical Nutrition</i> , 2007 , 85, 1478-85	7	119
81	Heritability of hyperphagic eating behavior and appetite-related hormones among Hispanic children. <i>Obesity</i> , 2007 , 15, 1484-95	8	115
80	Associations among parental feeding styles and children's food intake in families with limited incomes. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2009 , 6, 55	8.4	108
79	Effects of age on children's intake of large and self-selected food portions. <i>Obesity</i> , 2007 , 15, 403-12	8	95
78	Portion size effects on daily energy intake in low-income Hispanic and African American children and their mothers. <i>American Journal of Clinical Nutrition</i> , 2007 , 86, 1709-16	7	93
77	Parental Influences on Children's Self-Regulation of Energy Intake: Insights from Developmental Literature on Emotion Regulation. <i>Journal of Obesity</i> , 2012 , 2012, 327259	3.7	85
76	Executive functioning, emotion regulation, eating self-regulation, and weight status in low-income preschool children: how do they relate?. <i>Appetite</i> , 2015 , 89, 1-9	4.5	73
75	Food parenting and child snacking: a systematic review. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2017 , 14, 146	8.4	71
74	Meeting calcium recommendations during middle childhood reflects mother-daughter beverage choices and predicts bone mineral status. <i>American Journal of Clinical Nutrition</i> , 2004 , 79, 698-706	7	71
73	Offering β -glucan promotes intake of a moderately-liked raw vegetable among preschoolers with genetic sensitivity to bitterness. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2012 , 112, 235-45	3.9	70
72	Overestimation of infant and toddler energy intake by 24-h recall compared with weighed food records. <i>American Journal of Clinical Nutrition</i> , 2008 , 88, 407-15	7	69
71	Portion size effects on daily energy intake in low-income Hispanic and African American children and their mothers. <i>American Journal of Clinical Nutrition</i> , 2007 , 86, 1709-1716	7	61

70	"Snacks are not food". Low-income, urban mothers' perceptions of feeding snacks to their preschool-aged children. <i>Appetite</i> , 2015 , 84, 61-7	4.5	59
69	Plate size and children's appetite: effects of larger dishware on self-served portions and intake. <i>Pediatrics</i> , 2013 , 131, e1451-8	7.4	59
68	Serving larger portions of fruits and vegetables together at dinner promotes intake of both foods among young children. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2012 , 112, 266-70	3.9	55
67	Maternal Feeding Styles and Food Parenting Practices as Predictors of Longitudinal Changes in Weight Status in Hispanic Preschoolers from Low-Income Families. <i>Journal of Obesity</i> , 2016 , 2016, 7201082	3.7	55
66	Right sizing prevention. Food portion size effects on children's eating and weight. <i>Appetite</i> , 2015 , 88, 11-6	4.5	43
65	A qualitative study of the aspirations and challenges of low-income mothers in feeding their preschool-aged children. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2012 , 9, 132	8.4	42
64	Perceived benefits and challenges for low-income mothers of having family meals with preschool-aged children: childhood memories matter. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2013 , 113, 1484-1493	3.9	40
63	The association of breastfeeding duration with later maternal feeding styles in infancy and toddlerhood: a cross-sectional analysis. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2013 , 10, 53	8.4	39
62	Caregiver Influences on Eating Behaviors in Young Children: A Scientific Statement From the American Heart Association. <i>Journal of the American Heart Association</i> , 2020 , 9, e014520	6	37
61	Parenting around child snacking: development of a theoretically-guided, empirically informed conceptual model. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2015 , 12, 109	8.4	34
60	Individual differences in susceptibility to large portion sizes among obese and normal-weight children. <i>Obesity</i> , 2015 , 23, 808-14	8	33
59	Eating- and weight-related parenting of adolescents in the context of food insecurity. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2015 , 115, 1408-16	3.9	31
58	Identifying behavioral phenotypes for childhood obesity. <i>Appetite</i> , 2018 , 127, 87-96	4.5	31
57	Obesity Risk in Children: The Role of Acculturation in the Feeding Practices and Styles of Low-Income Hispanic Families. <i>Childhood Obesity</i> , 2015 , 11, 715-21	2.5	31
56	A qualitative study of parents' perceptions and use of portion size strategies for preschool children's snacks. <i>Appetite</i> , 2015 , 88, 17-23	4.5	29
55	"What do you think of when I say the word 'snack'?" Towards a cohesive definition among low-income caregivers of preschool-age children. <i>Appetite</i> , 2016 , 98, 35-40	4.5	27
54	The need for public policies to promote healthier food consumption: A comment on Wansink and Chandon (2014). <i>Journal of Consumer Psychology</i> , 2014 , 24, 438-445	3.1	26
53	Breakfast-Skipping and Selecting Low-Nutritional-Quality Foods for Breakfast Are Common among Low-Income Urban Children, Regardless of Food Security Status. <i>Journal of Nutrition</i> , 2016 , 146, 630-6	4.1	24

52	Reasons Low-Income Parents Offer Snacks to Children: How Feeding Rationale Influences Snack Frequency and Adherence to Dietary Recommendations. <i>Nutrients</i> , 2015 , 7, 5982-99	6.7	24
51	Associations between Snacking and Weight Status among Adolescents 12-19 Years in the United States. <i>Nutrients</i> , 2019 , 11,	6.7	23
50	Developmental perspectives on nutrition and obesity from gestation to adolescence. <i>Preventing Chronic Disease</i> , 2009 , 6, A94	3.7	23
49	Brain response to images of food varying in energy density is associated with body composition in 7- to 10-year-old children: Results of an exploratory study. <i>Physiology and Behavior</i> , 2016 , 162, 3-9	3.5	21
48	Daily Snacking Occasions and Weight Status Among US Children Aged 1 to 5 Years. <i>Obesity</i> , 2018 , 26, 1034-1042	8	20
47	A qualitative exploration into momentary impacts on food parenting practices among parents of pre-school aged children. <i>Appetite</i> , 2018 , 130, 35-44	4.5	18
46	Positive parenting approaches and their association with child eating and weight: A narrative review from infancy to adolescence. <i>Pediatric Obesity</i> , 2020 , 15, e12722	4.6	18
45	Predicting preschool children's eating in the absence of hunger from maternal pressure to eat: A longitudinal study of low-income, Latina mothers. <i>Appetite</i> , 2018 , 120, 281-286	4.5	17
44	Emotion regulation strategies and childhood obesity in high risk preschoolers. <i>Appetite</i> , 2016 , 107, 623-627	4.3	17
43	Daily Snacking Occasions, Snack Size, and Snack Energy Density as Predictors of Diet Quality among US Children Aged 2 to 5 Years. <i>Nutrients</i> , 2019 , 11,	6.7	17
42	Brain response to food cues varying in portion size is associated with individual differences in the portion size effect in children. <i>Appetite</i> , 2018 , 125, 139-151	4.5	16
41	Latina mothers' influences on child appetite regulation. <i>Appetite</i> , 2016 , 103, 200-207	4.5	16
40	Title: efficacy of a food parenting intervention for mothers with low income to reduce preschooler's solid fat and added sugar intakes: a randomized controlled trial. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2019 , 16, 6	8.4	14
39	How to bridge the intention-behavior gap in food parenting: Automatic constructs and underlying techniques. <i>Appetite</i> , 2018 , 123, 191-200	4.5	14
38	Next Steps for Science and Policy on Promoting Vegetable Consumption among US Infants and Young Children. <i>Advances in Nutrition</i> , 2016 , 7, 261S-271S	10	14
37	A Qualitative Exploration Into the Parent-Child Feeding Relationship: How Parents of Preschoolers Divide the Responsibilities of Feeding With Their Children. <i>Journal of Nutrition Education and Behavior</i> , 2018 , 50, 655-667	2	13
36	Effect of a Breakfast in the Classroom Initiative on Obesity in Urban School-aged Children: A Cluster Randomized Clinical Trial. <i>JAMA Pediatrics</i> , 2019 , 173, 326-333	8.3	12
35	Breakfast patterns among low-income, ethnically-diverse 4th-6th grade children in an urban area. <i>BMC Public Health</i> , 2014 , 14, 604	4.1	12

34	Stability in the feeding practices and styles of low-income mothers: questionnaire and observational analyses. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2018 , 15, 28	8.4	11
33	Modifying the Environment and Policy Assessment and Observation (EPAO) to better capture feeding practices of family childcare home providers. <i>Public Health Nutrition</i> , 2019 , 22, 223-234	3.3	11
32	Development and preliminary validation of the Parenting around SNacking Questionnaire (P-SNAQ). <i>Appetite</i> , 2018 , 125, 323-332	4.5	10
31	Timing of serving dessert but not portion size affects young children's intake at lunchtime. <i>Appetite</i> , 2013 , 68, 158-63	4.5	10
30	Higher weight, lower education: a longitudinal association between adolescents' body mass index and their subsequent educational achievement level?. <i>Journal of School Health</i> , 2014 , 84, 769-76	2.1	10
29	General Parenting Styles and Children's Obesity Risk: Changing Focus. <i>Frontiers in Psychology</i> , 2018 , 9, 2119	3.4	10
28	Confirmatory factor analysis of the Feeding Emotions Scale. A measure of parent emotions in the context of feeding. <i>Appetite</i> , 2015 , 91, 107-13	4.5	9
27	Child weight status and accuracy of perceived child weight status as predictors of Latina mothers' feeding practices and styles. <i>Appetite</i> , 2019 , 142, 104387	4.5	9
26	Depressive symptoms in adolescence: a poor indicator of increases in body mass index. <i>Journal of Adolescent Health</i> , 2014 , 54, 94-9	5.8	9
25	Conditioned to eat while watching television? Low-income caregivers' perspectives on the role of snacking and television viewing among pre-schoolers. <i>Public Health Nutrition</i> , 2016 , 19, 1598-605	3.3	9
24	Obesity risk in Hispanic children: Bidirectional associations between child eating behavior and child weight status over time. <i>Eating Behaviors</i> , 2020 , 36, 101366	3	8
23	Direct effects of food cues seen during TV viewing on energy intake in young women. <i>Appetite</i> , 2016 , 101, 80-5	4.5	8
22	Ecological momentary assessment of the snacking environments of children from racially/ethnically diverse households. <i>Appetite</i> , 2020 , 145, 104497	4.5	7
21	The Contribution of Snacking to Overall Diet Intake among an Ethnically and Racially Diverse Population of Boys and Girls. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2020 , 120, 270-279	3.9	7
20	Observations of Maternal Feeding Practices and Styles and Young Children's Obesity Risk: A Longitudinal Study of Hispanic Mothers with Low Incomes. <i>Childhood Obesity</i> , 2021 , 17, 16-25	2.5	6
19	Examination of different definitions of snacking frequency and associations with weight status among U.S. adults. <i>PLoS ONE</i> , 2020 , 15, e0234355	3.7	5
18	Breakfast Quality Varies by Location among Low-Income Ethnically Diverse Children in Public Urban Schools. <i>Journal of Nutrition Education and Behavior</i> , 2018 , 50, 190-197.e1	2	5
17	Breakfast in the Classroom Initiative and Students' Breakfast Consumption Behaviors: A Group Randomized Trial. <i>American Journal of Public Health</i> , 2020 , 110, 540-546	5.1	4

LIST OF PUBLICATIONS

16	Caloric compensation and appetite control in children of different weight status and predisposition to obesity. <i>Appetite</i> , 2020 , 151, 104701	4.5	4
15	COVID-19 pandemic shifts in food-related parenting practices within an ethnically/racially and socioeconomically diverse sample of families of preschool-aged children. <i>Appetite</i> , 2022 , 168, 105714	4.5	4
14	The intergenerational transmission of family meal practices: a mixed-methods study of parents of young children. <i>Public Health Nutrition</i> , 2019 , 22, 1269-1280	3.3	3
13	Biography of Leann L Birch, PhD, 25 June 1946 -26 May 2019. <i>Journal of Nutrition</i> , 2020 , 150, 1343-1347.	4.1	3
12	Economic hardship and child intake of foods high in saturated fats and added sugars: the mediating role of parenting stress among high-risk families. <i>Public Health Nutrition</i> , 2020 , 23, 2781-2792	3.3	3
11	Does eating in the absence of hunger extend to healthy snacks in children?. <i>Pediatric Obesity</i> , 2020 , 15, e12659	4.6	2
10	What Should I Eat and Why? The Environmental, Genetic, and Behavioral Determinants of Food Choice: Summary from a Pennington Scientific Symposium. <i>Obesity</i> , 2020 , 28, 1386-1396	8	2
9	Food Parenting and Children's Diet and Weight Outcome 2020 , 211-233		2
8	How do energy density and portion size of an entrée influence preschool children's energy intake?. <i>FASEB Journal</i> , 2007 , 21, A175	0.9	2
7	Associations Between Independent Assessments of Child Appetite Self-Regulation: A Narrative Review.. <i>Frontiers in Nutrition</i> , 2021 , 8, 810912	6.2	1
6	Increasing entrée portion size does not always increase children's energy intake at a meal.. <i>FASEB Journal</i> , 2008 , 22, 459.1	0.9	1
5	Snacks are not food: low-income mothers' definitions and feeding practices around child snacking. <i>FASEB Journal</i> , 2013 , 27, 231.1	0.9	1
4	Occasions, purposes, and contexts for offering snacks to preschool-aged children: Schemas of caregivers with low-income backgrounds. <i>Appetite</i> , 2021 , 167, 105627	4.5	1
3	The Development of Infant Feeding 2020 , 263-302		0
2	Self-regulatory processes in early childhood as predictors of Hispanic children's BMI z-scores during the elementary school years: Differences by acculturation and gender. <i>Appetite</i> , 2022 , 168, 105778	4.5	0
1	Infant and Toddler Consumption of Sweetened and Unsweetened Lipid Nutrient Supplements After 2-Week Home Repeated Exposures. <i>Journal of Nutrition</i> , 2021 , 151, 2825-2834	4.1	0
