#	ARTICLE	IF	CITATIONS
1	Adolescent asthma management self-efficacy and responsibility: impact on asthma control and quality-of-life. <i>Journal of Asthma</i> , 2023, 60, 331-338.	1.7	3
2	Trends in Adolescent Asthma Responsibility Over a 12-Month Study Period. <i>Journal of Adolescent Health</i> , 2022, 70, 478-482.	2.5	1
3	Encouraging adolescentsâ€™ participation during paediatric diabetes clinic visits: Design and development of a question prompt list intervention. <i>Diabetes Research and Clinical Practice</i> , 2022, 190, 109985.	2.8	3
4	Adolescent Preferences Regarding a Web Site to Empower Adolescents to Talk With Their Healthcare Providers. <i>Journal of Adolescent Health</i> , 2021, 68, 629-631.	2.5	9
5	Developing a video intervention to improve youth question-asking and provider education during paediatric diabetes clinic encounters: The Promoting Adolescents Communication and Engagement study. <i>Patient Education and Counseling</i> , 2021, 104, 2170-2176.	2.2	14
6	The impact of a question prompt list and video intervention on teen asthma control and quality-of-life one year later: results of a randomized trial. <i>Journal of Asthma</i> , 2020, 57, 1029-1038.	1.7	4
7	Preparing pharmacy students to communicate effectively with adolescents. <i>International Journal of Pharmacy Practice</i> , 2020, 28, 134-141.	0.6	7
8	Provider-adolescent discussion and provider education about asthma triggers during pediatric visits: results of a randomized trial. <i>Journal of Asthma</i> , 2020, 58, 1-9.	1.7	3
9	Increasing Engagement of African American Patients with Glaucoma during Medical Encounters: Creation of a Pre-visit Video. <i>Optometry and Vision Science</i> , 2020, 97, 503-508.	1.2	8
10	Medication Errors in Adolescents Using Asthma Controller Medications. <i>Global Pediatric Health</i> , 2020, 7, 2333794X2098134.	0.7	0
11	Improving Youth Confidence in Using Asthma Medication Devices Correctly: An Important Step Toward Improving Health Outcomes. <i>Journal of Allergy and Clinical Immunology: in Practice</i> , 2019, 7, 2031-2032.	3.8	1
12	Institutional factors associated with global health education across US pharmacy schools. <i>Currents in Pharmacy Teaching and Learning</i> , 2019, 11, 767-773.	1.0	2
13	Do youth ask asthma providers the questions they want to ask?. <i>Journal of Allergy and Clinical Immunology: in Practice</i> , 2019, 7, 2062-2064.	3.8	3
14	Questions and reported medication problems from pediatric patients and caregivers after intervention. <i>American Journal of Health-System Pharmacy</i> , 2019, 76, 366-373.	1.0	1
15	Effect of an Asthma Question Prompt List and Video Intervention on Adolescentsâ€™ Medication Adherence 12 Months Later. <i>Annals of Pharmacotherapy</i> , 2019, 53, 683-689.	1.9	5
16	Glaucoma Patient Preferences for Video Education on Eye Drop Technique. <i>Optometry and Vision Science</i> , 2019, 96, 325-330.	1.2	16
17	A randomized controlled trial of an online educational video intervention to improve glaucoma eye drop technique. <i>Patient Education and Counseling</i> , 2019, 102, 937-943.	2.2	20
18	The impact of a theory-based web-intervention on the intention to use prescription drugs for non-medical purposes among college students: a randomized controlled trial. <i>Health Education Research</i> , 2019, 34, 173-187.	1.9	4

#	ARTICLE	IF	CITATIONS
19	Factors associated with adolescent and caregiver reported problems in using asthma medications. <i>Journal of Asthma</i> , 2019, 56, 451-457.	1.7	13
20	Evaluating the Perceptions of Teleconsent in Urban and Rural Communities. <i>European Journal for Biomedical Informatics</i> , 2019, 15, .	0.5	1
21	Improving youth question-asking and provider education during pediatric asthma visits. <i>Patient Education and Counseling</i> , 2018, 101, 1051-1057.	2.2	30
22	Reported Problems and Adherence in Using Asthma Medications Among Adolescents and Their Caregivers. <i>Annals of Pharmacotherapy</i> , 2018, 52, 855-861.	1.9	19
23	Online Information-Seeking Behaviors of Parents of Children With ADHD. <i>Clinical Pediatrics</i> , 2018, 57, 52-56.	0.8	13
24	Drop instillation and glaucoma. <i>Current Opinion in Ophthalmology</i> , 2018, 29, 171-177.	2.9	46
25	Provider use of a participatory decision-making style with youth and caregivers and satisfaction with pediatric asthma visits. <i>Patient Related Outcome Measures</i> , 2018, Volume 9, 147-154.	1.2	13
26	Adolescent Preferences and Design Recommendations for an Asthma Self-Management App: Mixed-Methods Study. <i>JMIR Formative Research</i> , 2018, 2, e10055.	1.4	17
27	Facilitating the Informed Consent Process Using Teleconsent: Protocol for a Feasibility and Efficacy Study. <i>JMIR Research Protocols</i> , 2018, 7, e11239.	1.0	13
28	Glaucoma patient-provider communication about vision quality-of-life. <i>Patient Education and Counseling</i> , 2017, 100, 703-709.	2.2	11
29	Youth Views on Communication About ADHD and Medication Adherence. <i>Community Mental Health Journal</i> , 2017, 53, 438-444.	2.0	16
30	Acceptance of a pre-visit intervention to engage teens in pediatric asthma visits. <i>Patient Education and Counseling</i> , 2017, 100, 2005-2011.	2.2	21
31	African American Patient Preferences for Glaucoma Education. <i>Optometry and Vision Science</i> , 2017, 94, 482-486.	1.2	15
32	Methodological and Ethical Issues in Pediatric Medication Safety Research. <i>Pediatrics</i> , 2017, 140, .	2.1	16
33	Patient-Physician Communication on Medication Cost during Glaucoma Visits. <i>Optometry and Vision Science</i> , 2017, 94, 1095-1101.	1.2	17
34	Patient adoption of an internet based diabetes medication tool to improve adherence: A pilot study. <i>Patient Education and Counseling</i> , 2017, 100, 174-178.	2.2	12
35	Community Advisory Boards Guiding Engaged Research Efforts within a Clinical Translational Sciences Award: Key Contextual Factors Explored. <i>Progress in Community Health Partnerships: Research, Education, and Action</i> , 2017, 11, 367-377.	0.3	16
36	A Self-Regulation Theory-Based Asthma Management Mobile App for Adolescents: A Usability Assessment. <i>JMIR Human Factors</i> , 2017, 4, e5.	2.0	36

#	ARTICLE	IF	CITATIONS
37	Development of a new diabetes medication self-efficacy scale and its association with both reported problems in using diabetes medications and self-reported adherence. <i>Patient Preference and Adherence</i> , 2016, 10, 1003.	1.8	22
38	How glaucoma patient characteristics, self-efficacy and patient-provider communication are associated with eye drop technique. <i>International Journal of Pharmacy Practice</i> , 2016, 24, 78-85.	0.6	39
39	The development of an educational video to motivate teens with asthma to be more involved during medical visits and to improve medication adherence. <i>Journal of Asthma</i> , 2016, 53, 714-719.	1.7	20
40	Are children with asthma overconfident that they are using their inhalers correctly?. <i>Journal of Asthma</i> , 2016, 53, 107-112.	1.7	26
41	Quantifying Glaucoma Medication Adherence: The Relationship Between Self-Report, Electronic Monitoring, and Pharmacy Refill. <i>Journal of Ocular Pharmacology and Therapeutics</i> , 2016, 32, 346-354.	1.4	13
42	Controlled Substance Lock-In Programs: Examining An Unintended Consequence Of A Prescription Drug Abuse Policy. <i>Health Affairs</i> , 2016, 35, 1884-1892.	5.2	24
43	Parent and Clinician Preferences for an Asthma App to Promote Adolescent Self-Management: A Formative Study. <i>JMIR Research Protocols</i> , 2016, 5, e229.	1.0	28
44	Glaucoma Patient Expression of Medication Problems and Nonadherence. <i>Optometry and Vision Science</i> , 2015, 92, 537-543.	1.2	19
45	Applying the resources and supports in self-management framework to examine ophthalmologist-patient communication and glaucoma medication adherence. <i>Health Education Research</i> , 2015, 30, 693-705.	1.9	23
46	Accuracy of Patient-reported Adherence to Glaucoma Medications on a Visual Analog Scale Compared With Electronic Monitors. <i>Clinical Therapeutics</i> , 2015, 37, 1975-1985.	2.5	36
47	Ophthalmologist-Patient Communication, Self-efficacy, and Glaucoma Medication Adherence. <i>Ophthalmology</i> , 2015, 122, 748-754.	5.2	93
48	Prescriber Continuity and Medication Adherence for Complex Patients. <i>Annals of Pharmacotherapy</i> , 2015, 49, 293-302.	1.9	51
49	Patient Question-Asking About Glaucoma and Glaucoma Medications During Videotaped Medical Visits. <i>Health Communication</i> , 2015, 30, 660-668.	3.1	19
50	Patient Participation in Communication about Treatment Decision-Making for Localized Prostate Cancer during Consultation Visits. <i>Health</i> , 2015, 07, 1419-1429.	0.3	4
51	Provider Education about Glaucoma and Glaucoma Medications during Videotaped Medical Visits. <i>Journal of Ophthalmology</i> , 2014, 2014, 1-7.	1.3	21
52	Patient perspectives on having multiple versus single prescribers of chronic disease medications: results of a qualitative study in a veteran population. <i>BMC Health Services Research</i> , 2014, 14, 490.	2.2	11
53	Teachable moments and missed opportunities for smoking cessation counseling in a hospital emergency department: a mixed-methods study of patient-provider communication. <i>BMC Health Services Research</i> , 2014, 14, 651.	2.2	21
54	An evaluation of physicians' engagement of children with asthma in treatment-related discussions. <i>Journal of Child Health Care</i> , 2014, 18, 261-274.	1.4	19

#	ARTICLE	IF	CITATIONS
55	Discussions between medical providers and children/caregivers about the benefits of asthma-control medications. <i>Journal of the American Pharmacists Association: JAPhA</i> , 2014, 54, 251-257.	1.5	8
56	Provider-caregiver-child discussions about risks associated with asthma control medications: Content and prevalence. <i>Pediatric Pulmonology</i> , 2014, 49, 727-733.	2.0	6
57	Provider Use of Collaborative Goal Setting with Glaucoma Patients. <i>Optometry and Vision Science</i> , 2014, 91, 549-555.	1.2	12
58	A prospective examination of asthma symptom monitoring: provider, caregiver and pediatric patient influences on peak flow meter use. <i>Journal of Asthma</i> , 2014, 51, 84-90.	1.7	11
59	The Intersection of Patient Complexity, Prescriber Continuity and Acute Care Utilization. <i>Journal of General Internal Medicine</i> , 2014, 29, 594-601.	2.6	36
60	Child and caregiver reported problems in using asthma medications and question-asking during paediatric asthma visits. <i>International Journal of Pharmacy Practice</i> , 2014, 22, 69-75.	0.6	20
61	Associations between patientâ€“provider communication and socio-cultural factors in prostate cancer patients: A cross-sectional evaluation of racial differences. <i>Patient Education and Counseling</i> , 2014, 97, 339-346.	2.2	39
62	Communication About ADHD and Its Treatment During Pediatric Asthma Visits. <i>Community Mental Health Journal</i> , 2014, 50, 185-192.	2.0	12
63	Determinants of Self-Reported Barriers to Glaucoma Medicine Administration and Adherence. <i>Annals of Pharmacotherapy</i> , 2014, 48, 856-862.	1.9	38
64	The relationship between patientâ€“provider communication and quality of life for children with asthma and their caregivers. <i>Journal of Asthma</i> , 2013, 50, 791-798.	1.7	29
65	How Often Do Providers Discuss Asthma Action Plans With Children? Analysis of Transcripts of Medical Visits. <i>Clinical Pediatrics</i> , 2013, 52, 1161-1167.	0.8	6
66	Communication During Pediatric Asthma Visits and Self-Reported Asthma Medication Adherence. <i>Pediatrics</i> , 2012, 130, 627-633.	2.1	84
67	Patient Race, Reported Problems in Using Glaucoma Medications, and Adherence. <i>ISRN Ophthalmology</i> , 2012, 2012, 1-7.	1.7	27
68	Validation of a short version of the glaucoma medication self-efficacy questionnaire. <i>British Journal of Ophthalmology</i> , 2012, 96, 258-262.	3.9	39
69	Communication during Pediatric Asthma Visits and Child Asthma Medication Device Technique 1 Month Later. <i>Journal of Asthma</i> , 2012, 49, 918-925.	1.7	45
70	Communication and education about triggers and environmental control strategies during pediatric asthma visits. <i>Patient Education and Counseling</i> , 2012, 86, 63-69.	2.2	17
71	The Relationship between Glaucoma Medication Adherence, Eye Drop Technique, and Visual Field Defect Severity. <i>Ophthalmology</i> , 2011, 118, 2398-2402.	5.2	270
72	Caregiver rating of provider participatory decision-making style and caregiver and child satisfaction with pediatric asthma visits. <i>Patient Education and Counseling</i> , 2011, 85, 286-289.	2.2	17

#	ARTICLE	IF	CITATIONS
73	Provider Demonstration and Assessment of Child Device Technique During Pediatric Asthma Visits. <i>Pediatrics</i> , 2011, 127, 642-648.	2.1	86
74	Provider Discussion, Education, and Question-Asking about Control Medications during Pediatric Asthma Visits. <i>International Journal of Pediatrics (United Kingdom)</i> , 2011, 2011, 1-7.	0.8	17
75	Factors related to medication adherence among homeless women and children. <i>International Journal of Pharmacy Practice</i> , 2010, 12, 255-260.	0.6	2
76	Glaucoma patient receipt of information and instruction on how to use their eye drops. <i>International Journal of Pharmacy Practice</i> , 2010, 16, 35-40.	0.6	4
77	Antidepressant and Antipsychotic Use and Adherence Among Medicaid Youths: Differences by Race. <i>Community Mental Health Journal</i> , 2010, 46, 265-272.	2.0	30
78	Predictors of rheumatoid arthritis patient physician communication about medication costs during visits to rheumatologists. <i>Arthritis Care and Research</i> , 2010, 62, 632-639.	3.4	21
79	Development of an instrument to measure glaucoma medication self-efficacy and outcome expectations. <i>Eye</i> , 2010, 24, 624-631.	2.1	41
80	Child- and Caregiver-Reported Problems and Concerns in Using Asthma Medications. <i>Journal of Asthma</i> , 2010, 47, 633-638.	1.7	21
81	Compliance and Adherence: Lifelong Therapy for Glaucoma. , 2010, , 651-656.		1
82	Latinos' sources of medication and medication information in the United States and their home countries. <i>Patient Education and Counseling</i> , 2009, 75, 279-282.	2.2	14
83	Self-reported prevalence and factors associated with nonadherence with glaucoma medications in veteran outpatients. <i>American Journal of Geriatric Pharmacotherapy</i> , 2009, 7, 67-73.	3.0	46
84	Latino patients' preferences for medication information and pharmacy services. <i>Journal of the American Pharmacists Association: JAPhA</i> , 2009, 49, 632-636.	1.5	15
85	Patient-reported barriers to glaucoma medication access, use, and adherence in southern India. <i>Indian Journal of Ophthalmology</i> , 2009, 57, 63.	1.1	41
86	Survey of Characteristics and Treatment Preferences for Physicians Treating Postpartum Depression in the General Medical Setting. <i>Community Mental Health Journal</i> , 2008, 44, 47-56.	2.0	11
87	Arthritis patients' perceptions of rheumatologists' participatory decision-making style and communication about complementary and alternative medicine. <i>Arthritis and Rheumatism</i> , 2008, 59, 416-421.	6.7	27
88	Communication about depression during rheumatoid arthritis patient visits. <i>Arthritis and Rheumatism</i> , 2008, 59, 186-191.	6.7	59
89	Provider-patient communication about antidepressants among veterans with mental health conditions. <i>American Journal of Geriatric Pharmacotherapy</i> , 2007, 5, 9-17.	3.0	18
90	Physician reported communication about depression and psychosocial issues during postpartum visits. <i>North Carolina Medical Journal</i> , 2007, 68, 151-5.	0.2	4

#	ARTICLE	IF	CITATIONS
91	Patient-Reported Behavior and Problems in Using Glaucoma Medications. <i>Ophthalmology</i> , 2006, 113, 431-436.	5.2	229
92	Racial Differences in the Use of Antidepressants and Counseling for Depression Among Homeless Women. <i>Community Mental Health Journal</i> , 2006, 42, 77-85.	2.0	8
93	Literacy and perceived barriers to medication taking among homeless mothers and their children. <i>American Journal of Health-System Pharmacy</i> , 2006, 63, 346-351.	1.0	20
94	Examining Knowledge, Attitudes, and Beliefs About Depression Among Latino Adults With Type 2 Diabetes. <i>The Diabetes Educator</i> , 2006, 32, 603-613.	2.5	46
95	Ethnicity and prenatal depression: women's experiences and perspectives on communicating about their emotions and feelings during pregnancy. <i>Patient Education and Counseling</i> , 2005, 58, 35-40.	2.2	23
96	Physician use of a participatory decision-making style with children with ADHD and their parents. <i>Patient Education and Counseling</i> , 2005, 57, 327-332.	2.2	24
97	African-American and White Caregivers of Older Adults with Dementia: Differences in Depressive Symptomatology and Psychotropic Drug Use. <i>Journal of the American Geriatrics Society</i> , 2005, 53, 397-404.	2.6	34
98	Patients' Perceptions of Primary Care Physicians' Participatory Decision-Making Style and Communication About Complementary and Alternative Medicine for Arthritis. <i>Journal of Alternative and Complementary Medicine</i> , 2005, 11, 449-453.	2.1	42
99	Medication use among black and white caregivers of older male veterans with dementia. <i>American Journal of Geriatric Pharmacotherapy</i> , 2004, 2, 133-140.	3.0	7
100	Hispanic Ethnicity, Language, and Depression: Physician-Patient Communication and Patient Use of Alternative Treatments. <i>International Journal of Psychiatry in Medicine</i> , 2004, 34, 235-246.	1.8	13
101	Drug information sources and antidepressant adherence. <i>Community Mental Health Journal</i> , 2003, 39, 359-368.	2.0	49
102	Sociological influences on antidepressant prescribing. <i>Social Science and Medicine</i> , 2003, 56, 1335-1344.	3.8	67
103	Hispanic ethnicity, physician-patient communication, and antidepressant adherence. <i>Comprehensive Psychiatry</i> , 2003, 44, 198-204.	3.1	63
104	The influence of hispanic ethnicity on patients' expression of complaints about and problems with adherence to antidepressant therapy. <i>Clinical Therapeutics</i> , 2003, 25, 1739-1749.	2.5	25
105	Communicating with children about medicines: A pharmacist's perspective. <i>American Journal of Health-System Pharmacy</i> , 2003, 60, 604-607.	1.0	18
106	Pharmacists' Experiences in and Perceptions Toward Serving the Needs of Spanish-Speaking Patients in North Carolina Community Pharmacies. <i>Journal of Pharmacy Teaching</i> , 2003, 9, 77-91.	0.2	13
107	Providing Pharmaceutical Care to Spanish-Speaking Patients. <i>Journal of the American Pharmacists Association</i> , 2002, 42, 799-800.	0.5	2
108	Gender, ethnicity, and physician-patient communication about depression and anxiety in primary care. <i>Patient Education and Counseling</i> , 2002, 48, 243-252.	2.2	50

#	ARTICLE	IF	CITATIONS
109	Ethnicity and Physicianâ€™Older Patient Communication About Alternative Therapies. <i>Journal of Alternative and Complementary Medicine</i> , 2001, 7, 329-335.	2.1	51
110	Physicianâ€™patient communication about over-the-counter medications. <i>Social Science and Medicine</i> , 2001, 53, 357-369.	3.8	84
111	Resident physician management of Hispanic and non-Hispanic white patients on antidepressants. <i>International Journal for Quality in Health Care</i> , 2001, 13, 231-238.	1.8	1
112	Antidepressant Prescribing to Hispanic and Non-Hispanic White Patients in Primary Care. <i>Annals of Pharmacotherapy</i> , 2001, 35, 419-423.	1.9	24
113	Physician Gender and Hormone Replacement Therapy Discussion. <i>Journal of Women's Health and Gender-Based Medicine</i> , 2001, 10, 279-287.	1.5	12
