#	ARTICLE	IF	CITATIONS
1	The nature of inpatient rehabilitation for people with aphasia from culturally and linguistically diverse backgrounds: a scoping review. <i>Topics in Stroke Rehabilitation</i> , 2023, 30, 146-156.	1.0	2
2	Aphasia rehabilitation when speech pathologists and clients do not share the same language: a scoping review. <i>Aphasiology</i> , 2023, 37, 635-657.	1.4	2
3	Developing, monitoring, and reporting of fidelity in aphasia trials: core recommendations from the collaboration of aphasia trialists (CATs) trials for aphasia panel. <i>Aphasiology</i> , 2023, 37, 1733-1755.	1.4	3
4	Operationalising treatment success in aphasia rehabilitation. <i>Aphasiology</i> , 2023, 37, 1693-1732.	1.4	9
5	Dose effects in behavioural treatment of post-stroke aphasia: a systematic review and meta-analysis. <i>Disability and Rehabilitation</i> , 2022, 44, 2548-2559.	0.9	27
6	A systematic review of non-drug interventions to prevent and treat anxiety in people with aphasia after stroke. <i>Disability and Rehabilitation</i> , 2022, 44, 4997-5006.	0.9	13
7	Developments in the application of Intensive Comprehensive Aphasia Programs: an international survey of practice. <i>Disability and Rehabilitation</i> , 2022, 44, 5863-5877.	0.9	15
8	A systematic review of maintenance following intensive therapy programs in chronic post-stroke aphasia: importance of individual response analysis. <i>Disability and Rehabilitation</i> , 2022, 44, 5811-5826.	0.9	23
9	Counselling education for speech-language pathology students in Australia: a survey of education in post-stroke aphasia. <i>Aphasiology</i> , 2022, 36, 1417-1446.	1.4	4
10	Utilising a systematic review-based approach to create a database of individual participant data for meta- and network meta-analyses: the RELEASE database of aphasia after stroke. <i>Aphasiology</i> , 2022, 36, 513-533.	1.4	3
11	Characteristics and impacts of community aphasia group facilitation: a systematic scoping review. <i>Disability and Rehabilitation</i> , 2022, 44, 6884-6898.	0.9	7
12	Demystifying the Complexity of Aphasia Treatment: Application of the Rehabilitation Treatment Specification Systemx. <i>Archives of Physical Medicine and Rehabilitation</i> , 2022, 103, 574-580.	0.5	17
13	Evaluating Cognitive-Linguistic Approaches to Interventions for Aphasia Within the Rehabilitation Treatment Specification System. <i>Archives of Physical Medicine and Rehabilitation</i> , 2022, 103, 590-598.	0.5	14
14	Dosage, Intensity, and Frequency of Language Therapy for Aphasia: A Systematic Reviewâ€‘Based, Individual Participant Data Network Meta-Analysis. <i>Stroke</i> , 2022, 53, 956-967.	1.0	44
15	Management of communication disability in the first 90 days after stroke: a scoping review. <i>Disability and Rehabilitation</i> , 2022, 44, 8524-8538.	0.9	5
16	Improving coordination of international aphasia research. <i>Aphasiology</i> , 2022, 36, 381-384.	1.4	0
17	Results of the COMPARE trial of Constraint-induced or Multimodality Aphasia Therapy compared with usual care in chronic post-stroke aphasia. <i>Journal of Neurology, Neurosurgery and Psychiatry</i> , 2022, 93, 573-581.	0.9	13
18	Precision rehabilitation for aphasia by patient age, sex, aphasia severity, and time since stroke? A prespecified, systematic review-based, individual participant data, network, subgroup meta-analysis. <i>International Journal of Stroke</i> , 2022, 17, 1067-1077.	2.9	12

#	ARTICLE	IF	CITATIONS
19	A randomized control trial of intensive aphasia therapy after acute stroke: The Very Early Rehabilitation for SpEech (VERSE) study. <i>International Journal of Stroke</i> , 2021, 16, 556-572.	2.9	51
20	Barriers and facilitators to implementing stepped psychological care for people with aphasia: Perspectives of stroke health professionals. <i>Topics in Stroke Rehabilitation</i> , 2021, 28, 581-593.	1.0	16
21	Comparing higher and lower weekly treatment intensity for chronic aphasia: A systematic review and meta-analysis. <i>Neuropsychological Rehabilitation</i> , 2021, 31, 1289-1313.	1.0	22
22	Treatment dose in post-stroke aphasia: A systematic scoping review. <i>Neuropsychological Rehabilitation</i> , 2021, 31, 1629-1660.	1.0	26
23	Aphasia disrupts usual care: the stroke team's perceptions of delivering healthcare to patients with aphasia. <i>Disability and Rehabilitation</i> , 2021, 43, 3003-3014.	0.9	45
24	Socio-demographic factors associated with quality of life after a multicomponent aphasia group therapy in people with sub-acute and chronic post-stroke aphasia. <i>Aphasiology</i> , 2021, 35, 642-657.	1.4	14
25	Stroke health professionals' management of depression after post-stroke aphasia: a qualitative study. <i>Disability and Rehabilitation</i> , 2021, 43, 217-228.	0.9	31
26	Adapting therapy for a new world: storytelling therapy in EVA Park. <i>Aphasiology</i> , 2021, 35, 704-729.	1.4	11
27	Statistical analysis plan for the COMPARE trial: a 3-arm randomised controlled trial comparing the effectiveness of Constraint-induced Aphasia Therapy Plus and Multi-modality Aphasia Therapy to usual care in chronic post-stroke aphasia (COMPARE). <i>Trials</i> , 2021, 22, 303.	0.7	5
28	Cognitive Recovery After Stroke: A Meta-analysis and Metaregression of Intervention and Cohort Studies. <i>Neurorehabilitation and Neural Repair</i> , 2021, 35, 585-600.	1.4	9
29	Predictors of Poststroke Aphasia Recovery. <i>Stroke</i> , 2021, 52, 1778-1787.	1.0	46
30	Experiences of people with severe aphasia and spouses attending an Interdisciplinary Community Aphasia Group. <i>Disability and Rehabilitation</i> , 2020, 42, 1382-1396.	0.9	10
31	"It was really dark": the experiences and preferences of people with aphasia to manage mood changes and depression. <i>Aphasiology</i> , 2020, 34, 19-46.	1.4	41
32	Staff experiences of an interprofessional community aphasia group. <i>Aphasiology</i> , 2020, 34, 1-18.	1.4	5
33	Prevalence of aphasia after stroke in a hospital population in southern Brazil: a retrospective cohort study. <i>Topics in Stroke Rehabilitation</i> , 2020, 27, 215-223.	1.0	15
34	Longitudinal evaluation of cognition after stroke – A systematic scoping review. <i>PLoS ONE</i> , 2019, 14, e0221735.	1.1	31
35	Constraint-induced or multi-modal personalized aphasia rehabilitation (COMPARE): A randomized controlled trial for stroke-related chronic aphasia. <i>International Journal of Stroke</i> , 2019, 14, 972-976.	2.9	23
36	A how-to guide to aphasia services: celebrating Professor Linda Worrall's contribution to the field. <i>Aphasiology</i> , 2019, 33, 888-902.	1.4	0

#	ARTICLE	IF	CITATIONS
37	Counselling training for speech and language therapists working with people affected by post-stroke aphasia: a systematic review. <i>International Journal of Language and Communication Disorders</i> , 2019, 54, 321-346.	0.7	20
38	Fidelity protocol for the Action Success Knowledge (ASK) trial: a psychosocial intervention administered by speech and language therapists to prevent depression in people with post-stroke aphasia. <i>BMJ Open</i> , 2019, 9, e023560.	0.8	12
39	A core outcome set for aphasia treatment research: The ROMA consensus statement. <i>International Journal of Stroke</i> , 2019, 14, 180-185.	2.9	127
40	Constraint and multimodal approaches to therapy for chronic aphasia: A systematic review and meta-analysis. <i>Neuropsychological Rehabilitation</i> , 2019, 29, 1005-1041.	1.0	19
41	“It’s not really worth my while” understanding contextual factors contributing to decisions to participate in community aphasia groups. <i>Disability and Rehabilitation</i> , 2019, 41, 1024-1036.	0.9	14
42	What Is Meant by “Multimodal Therapy” for Aphasia?. <i>American Journal of Speech-Language Pathology</i> , 2019, 28, 706-716.	0.9	11
43	Time to step up. , 2019, , 1-16.		0
44	The efficacy of an inter-disciplinary community aphasia group for living well with aphasia. <i>Aphasiology</i> , 2018, 32, 105-138.	1.4	32
45	Combating social isolation for people with severe chronic aphasia through community aphasia groups: consumer views on getting it right and wrong. <i>Aphasiology</i> , 2018, 32, 493-517.	1.4	24
46	What really matters to people with aphasia when it comes to group work? A qualitative investigation of factors impacting participation and integration. <i>International Journal of Language and Communication Disorders</i> , 2018, 53, 526-541.	0.7	12
47	A systematic review of rehabilitation interventions to prevent and treat depression in post-stroke aphasia. <i>Disability and Rehabilitation</i> , 2018, 40, 1870-1892.	0.9	113
48	Exploring participant perspectives of community aphasia group participation: from “I know where I belong now” to “Some people didn’t really fit in”. <i>Aphasiology</i> , 2018, 32, 139-163.	1.4	19
49	Statistical analysis plan (SAP) for the Very Early Rehabilitation in Speech (VERSE) after stroke trial: an international 3-arm clinical trial to determine the effectiveness of early, intensive, prescribed, direct aphasia therapy. <i>International Journal of Stroke</i> , 2018, 13, 863-880.	2.9	5
50	The top ten: best practice recommendations for aphasia. <i>Aphasiology</i> , 2017, 31, 131-151.	1.4	53
51	Part of the message comes in gesture: how people with aphasia convey information in different gesture types as compared with information in their speech. <i>Aphasiology</i> , 2017, 31, 1078-1103.	1.4	32
52	How Much Information Do People With Aphasia Convey via Gesture?. <i>American Journal of Speech-Language Pathology</i> , 2017, 26, 483-497.	0.9	21
53	The Single-Case Reporting Guideline In BEhavioural Interventions (SCRIBE) 2016 Statement. <i>Neuropsychological Rehabilitation</i> , 2017, 27, 1-15.	1.0	37
54	Communicative effectiveness of pantomime gesture in people with aphasia. <i>International Journal of Language and Communication Disorders</i> , 2017, 52, 227-237.	0.7	24

#	ARTICLE	IF	CITATIONS
55	"I do the best I can": an in-depth exploration of the aphasia management pathway in the acute hospital setting. <i>Disability and Rehabilitation</i> , 2016, 38, 1765-1779.	0.9	22
56	Parents' experiences of their children's supplementary reading intervention: A qualitative exploration. <i>Australian Journal of Learning Difficulties</i> , 2016, 21, 3-20.	0.2	2
57	The Single-Case Reporting guideline In BEhavioural interventions (SCRIBE) 2016 statement. <i>Journal of School Psychology</i> , 2016, 56, 133-142.	1.5	38
58	The Single-Case Reporting Guideline In BEhavioural Interventions (SCRIBE) 2016 Statement. <i>Journal of Clinical Epidemiology</i> , 2016, 73, 142-152.	2.4	36
59	TOOTH (The Open study Of dental pulp stem cell Therapy in Humans): Study protocol for evaluating safety and feasibility of autologous human adult dental pulp stem cell therapy in patients with chronic disability after stroke. <i>International Journal of Stroke</i> , 2016, 11, 575-585.	2.9	44
60	A randomized controlled trial of very early rehabilitation in speech after stroke. <i>International Journal of Stroke</i> , 2016, 11, 586-592.	2.9	22
61	The Production of Complement Clauses in Children With Language Impairment. <i>Journal of Speech, Language, and Hearing Research</i> , 2016, 59, 330-341.	0.7	19
62	The Single-Case Reporting Guideline In BEhavioural Interventions (SCRIBE) 2016 Statement. <i>Physical Therapy</i> , 2016, 96, e1-e10.	1.1	89
63	The Single-Case Reporting Guideline In BEhavioural Interventions (SCRIBE) 2016 Statement. <i>Evidence-Based Communication Assessment and Intervention</i> , 2016, 10, 44-58.	0.6	18
64	The Single-Case Reporting Guideline In BEhavioural Interventions (SCRIBE) 2016 Statement. <i>Remedial and Special Education</i> , 2016, 37, 370-380.	1.7	13
65	The Single-Case Reporting Guideline In BEhavioural Interventions (SCRIBE) 2016 Statement. <i>Aphasiology</i> , 2016, 30, 862-876.	1.4	39
66	The Single-Case Reporting Guideline In BEhavioural Interventions (SCRIBE) 2016 statement. <i>Canadian Journal of Occupational Therapy</i> , 2016, 83, 184-195.	0.8	12
67	Reducing the psychosocial impact of aphasia on mood and quality of life in people with aphasia and the impact of caregiving in family members through the Aphasia Action Success Knowledge (Aphasia ASK) program: study protocol for a randomized controlled trial. <i>Trials</i> , 2016, 17, 153.	0.7	43
68	"Communication is taking a back seat": speech pathologists' perceptions of aphasia management in acute hospital settings. <i>Aphasiology</i> , 2016, 30, 585-608.	1.4	34
69	Comparing multi-modality and constraint-induced treatment for aphasia: a preliminary investigation of generalisation to discourse. <i>Aphasiology</i> , 2016, 30, 678-698.	1.4	14
70	The Single-Case Reporting Guideline In BEhavioural Interventions (SCRIBE) 2016 Statement. <i>American Journal of Occupational Therapy</i> , 2016, 70, 7004320010p1-7004320010p11.	0.1	8
71	Development and validation of Australian aphasia rehabilitation best practice statements using the RAND/UCLA appropriateness method. <i>BMJ Open</i> , 2015, 5, e007641.	0.8	55
72	"That doesn't translate": the role of evidence-based practice in disempowering speech pathologists in acute aphasia management. <i>International Journal of Language and Communication Disorders</i> , 2015, 50, 547-563.	0.7	30

#	ARTICLE	IF	CITATIONS
73	Consumer perspectives on community aphasia groups: a narrative literature review in the context of psychological well-being. <i>Aphasiology</i> , 2015, 29, 983-1019.	1.4	42
74	Current Australian speech-language pathology practice in addressing psychological well-being in people with aphasia after stroke. <i>International Journal of Speech-Language Pathology</i> , 2015, 17, 252-262.	0.6	66
75	Practices and challenges in community aphasia groups in Australia: Results of a national survey. <i>International Journal of Speech-Language Pathology</i> , 2015, 17, 241-251.	0.6	24
76	Creating communicatively accessible healthcare environments: Perceptions of speech-language pathologists. <i>International Journal of Speech-Language Pathology</i> , 2014, 16, 603-614.	0.6	11
77	Anomia treatment platform as a behavioral engine for use in research on physiological adjuvants to neurorehabilitation. <i>Journal of Rehabilitation Research and Development</i> , 2014, 51, 391-400.	1.6	9
78	Aphasia rehabilitation in Australia: Current practices, challenges and future directions. <i>International Journal of Speech-Language Pathology</i> , 2014, 16, 169-180.	0.6	139
79	Reading Recovery teachers discuss Reading Recovery: a qualitative investigation. <i>Australian Journal of Learning Difficulties</i> , 2014, 19, 61-73.	0.2	11
80	Multi-modality aphasia therapy is as efficacious as a constraint-induced aphasia therapy for chronic aphasia: A phase 1 study. <i>Aphasiology</i> , 2013, 27, 938-971.	1.4	43
81	A systematic review of gesture treatments for post-stroke aphasia. <i>Aphasiology</i> , 2013, 27, 1090-1127.	1.4	60
82	The comparative effects of Multi-Modality Aphasia Therapy and Constraint-Induced Aphasia Therapy-Plus for severe chronic Broca's aphasia: An in-depth pilot study. <i>Aphasiology</i> , 2013, 27, 80-111.	1.4	30
83	The efficacy of outpatient and community-based aphasia group interventions: A systematic review. <i>International Journal of Speech-Language Pathology</i> , 2013, 15, 359-374.	0.6	71
84	Intensive Comprehensive Aphasia Programs: An International Survey of Practice. <i>Topics in Stroke Rehabilitation</i> , 2013, 20, 379-387.	1.0	63
85	The World Report on Disability as a blueprint for international, national, and local aphasia services. <i>International Journal of Speech-Language Pathology</i> , 2013, 15, 106-112.	0.6	15
86	Releasing the Constraints on Aphasia Therapy: The Positive Impact of Gesture and Multimodality Treatments. <i>American Journal of Speech-Language Pathology</i> , 2013, 22, S227-39.	0.9	32
87	The Relationship of Aphasia Type and Gesture Production in People With Aphasia. <i>American Journal of Speech-Language Pathology</i> , 2013, 22, 662-672.	0.9	58
88	Larger sets of words are generally better in anomia treatment: Or is it longer treatment duration?. <i>Evidence-Based Communication Assessment and Intervention</i> , 2013, 7, 117-119.	0.6	0
89	Turning the tide: Putting acute aphasia management back on the agenda through evidence-based practice. <i>Aphasiology</i> , 2013, 27, 420-443.	1.4	19
90	Assessment of complement clauses: A comparison between elicitation tasks and language sample data. <i>International Journal of Speech-Language Pathology</i> , 2013, 15, 286-295.	0.6	10

#	ARTICLE	IF	CITATIONS
91	The emerging clarity of the roles of gesture in communication and interventions for people with aphasia. <i>Aphasiology</i> , 2013, 27, 1010-1014.	1.4	3
92	Gesture production patterns in aphasic discourse: In-depth description and preliminary predictions. <i>Aphasiology</i> , 2013, 27, 1031-1049.	1.4	53
93	Developing and implementing a state-wide Aboriginal health promotion program: the process and factors influencing successful delivery. <i>Health Promotion Journal of Australia</i> , 2012, 23, 25-29.	0.6	10
94	The efficacy of repetition, semantic, and gesture treatments for verb retrieval and use in Broca's aphasia. <i>Aphasiology</i> , 2011, 25, 154-175.	1.4	66
95	Evaluating NSW SmokeCheck: a culturally specific smoking cessation training program for health professionals working in Aboriginal health. <i>Health Promotion Journal of Australia</i> , 2011, 22, 189-195.	0.6	13
96	Non-intensive picture naming treatment is as efficacious as intensive treatment in chronic aphasia. <i>Evidence-Based Communication Assessment and Intervention</i> , 2011, 5, 156-158.	0.6	1
97	The reliability of the Communication Disability Profile: A patient-reported outcome measure for aphasia. <i>Aphasiology</i> , 2010, 24, 940-956.	1.4	17
98	Do the hands have it? The facilitation effects of arm and hand gesture on word retrieval in aphasia. <i>Aphasiology</i> , 2009, 23, 809-822.	1.4	62
99	The effect of smooth speech on the speech production of an individual with ataxic dysarthria. <i>Brain Injury</i> , 2009, 23, 820-829.	0.6	8
100	The effects of semantic and gesture treatments on verb retrieval and verb use in aphasia. <i>Aphasiology</i> , 2008, 22, 691-706.	1.4	53
101	Treating a semantic word production deficit in aphasia with verbal and gesture methods. <i>Aphasiology</i> , 2008, 22, 20-41.	1.4	47
102	Oral language predictors for the at-risk reader: A review. <i>International Journal of Speech-Language Pathology</i> , 2008, 10, 392-403.	0.6	10
103	Translational Research in Aphasia: From Neuroscience to Neurorehabilitation. <i>Journal of Speech, Language, and Hearing Research</i> , 2008, 51, S259-75.	0.7	118
104	Intensive dynamic temporal and tactile cueing appears effective for treating some children with severe childhood apraxia of speech1. <i>Evidence-Based Communication Assessment and Intervention</i> , 2007, 1, 107-108.	0.6	0
105	Interviewing people with aphasia: Insights into method adjustments from a pilot study. <i>Aphasiology</i> , 2007, 21, 208-224.	1.4	96
106	A comparison of verbal and gesture treatments for a word production deficit resulting from acquired apraxia of speech. <i>Aphasiology</i> , 2006, 20, 1186-1209.	1.4	16
107	Development of a Mentoring Module to Enhance an Online National Pharmacy Preceptor Training Program. <i>Journal of Pharmacy Practice and Research</i> , 2006, 36, 119-121.	0.5	2
108	A call for interdisciplinary research in establishing the utility of gesture in aphasia rehabilitation. <i>International Journal of Speech-Language Pathology</i> , 2006, 8, 149-152.	0.5	2
