#	Paper	IF	Citations
140	Qualitative research in health care. Analysing qualitative data. *BMJ: British Medical Journal*, **2000**, 320, 114-6		3730
139	Reaching the parts other methods cannot reach: an introduction to qualitative methods in health and health services research. *BMJ: British Medical Journal*, **1995**, 311, 42-5		1385
138	Systematically reviewing qualitative and quantitative evidence to inform management and policy-making in the health field. *Journal of Health Services Research and Policy*, **2005**, 10 Suppl 1, 6-20	2.4	846
137	Evaluating meta-ethnography: a synthesis of qualitative research on lay experiences of diabetes and diabetes care. *Social Science and Medicine*, **2003**, 56, 671-84	5.1	684
136	Using meta ethnography to synthesise qualitative research: a worked example. *Journal of Health Services Research and Policy*, **2002**, 7, 209-15	2.4	682
135	Resisting medicines: a synthesis of qualitative studies of medicine taking. *Social Science and Medicine*, **2005**, 61, 133-55	5.1	645
134	Normalisation process theory: a framework for developing, evaluating and implementing complex interventions. *BMC Medicine*, **2010**, 8, 63	11.4	584
133	Patients' help-seeking experiences and delay in cancer presentation: a qualitative synthesis. *Lancet, The*, **2005**, 366, 825-31	40	380
132	An open letter to The BMJ editors on qualitative research. *BMJ, The*, **2016**, 352, i563	5.9	179
131	Thou shalt versus thou shalt not: a meta-synthesis of GPs' attitudes to clinical practice guidelines. *British Journal of General Practice*, **2007**, 57, 971-8	1.6	177
130	Analysing Qualitative Data63-81		156
129	Nurse staffing and patient outcomes: Strengths and limitations of the evidence to inform policy and practice. A review and discussion paper based on evidence reviewed for the National Institute for Health and Care Excellence Safe Staffing guideline development. *International Journal of Nursing Studies*, **2016**, 63, 213-225	5.8	121
128	Interprofessional handover and patient safety in anaesthesia: observational study of handovers in the recovery room. *British Journal of Anaesthesia*, **2008**, 101, 332-7	5.4	114
127	Impact of surgery for stress incontinence on morbidity: cohort study. *BMJ: British Medical Journal*, **1997**, 315, 1493-8		112
126	Improving reporting of meta-ethnography: the eMERGe reporting guidance. *BMC Medical Research Methodology*, **2019**, 19, 25	4.7	111
125	Moving improvement research closer to practice: the Researcher-in-Residence model. *BMJ Quality and Safety*, **2014**, 23, 801-5	5.4	110
124	Capacity for care: meta-ethnography of acute care nurses' experiences of the nurse-patient relationship. *Journal of Advanced Nursing*, **2013**, 69, 760-72	3.1	98

123	The ethics of intimate examinations-teaching tomorrow's doctors. *BMJ, The*, **2003**, 326, 97-101	5.9	95
122	Big Data: Methodological Challenges and Approaches for Sociological Analysis. *Sociology*, **2014**, 48, 663-681	2.8	91
121	Conducting ethnography in medical settings. *Medical Education*, **2005**, 39, 1180-7	3.7	88
120	Assessing the implementability of telehealth interventions for self-management support: a realist review. *Implementation Science*, **2015**, 10, 59	8.4	79
119	Ethics and ethnography: an experiential account. *Qualitative Health Research*, **2003**, 13, 567-77	3.9	76
118	Expertise in practice: an ethnographic study exploring acquisition and use of knowledge in anaesthesia. *British Journal of Anaesthesia*, **2003**, 91, 319-28	5.4	69
117	Development of a symptom severity index and a symptom impact index for stress incontinence in women. *Neurourology and Urodynamics*, **1996**, 15, 630-40	2.3	68
116	Is fast access to general practice all that should matter? A discrete choice experiment of patients' preferences. *Journal of Health Services Research and Policy*, **2008**, 13 Suppl 2, 3-10	2.4	64
115	Extending a model of precarious employment: A qualitative study of immigrant workers in Spain. *American Journal of Industrial Medicine*, **2010**, 53, 417-24	2.7	63
114	Ethical challenges in online research: Public/private perceptions. *Research Ethics*, **2017**, 13, 184-199	2.8	60
113	Using computer decision support systems in NHS emergency and urgent care: ethnographic study using normalisation process theory. *BMC Health Services Research*, **2013**, 13, 111	2.9	58
112	Does distance matter? Geographical variation in GP out-of-hours service use: an observational study. *British Journal of General Practice*, **2008**, 58, 471-7	1.6	54
111	Clinical handovers between prehospital and hospital staff: literature review. *Emergency Medicine Journal*, **2015**, 32, 577-81	1.5	52
110	Experiences of long-term life-limiting conditions among patients and carers: what can we learn from a meta-review of systematic reviews of qualitative studies of chronic heart failure, chronic obstructive pulmonary disease and chronic kidney disease?. *BMJ Open*, **2016**, 6, e011694	3	50
109	Digital Futures? Sociological Challenges and Opportunities in the Emergent Semantic Web. *Sociology*, **2013**, 47, 173-189	2.6	50
108	Lost in Translation: A Multi-Level Case Study of the Metamorphosis of Meanings and Action in Public Sector Organizational Innovation. *Public Administration*, **2006**, 84, 59-79	2.3	49
107	Contingency in everyday surgical work. *Sociology of Health and Illness*, **2002**, 24, 369-384	3	48
106	Effectiveness of an integrated telehealth service for patients with depression: a pragmatic randomised controlled trial of a complex intervention. *Lancet Psychiatry,the*, **2016**, 3, 515-25	23.3	48

105	TElehealth in CHronic disease: mixed-methods study to develop the TECH conceptual model for intervention design and evaluation. *BMJ Open*, **2015**, 5, e006448	3	45
104	Critical reflections on the rise of qualitative research **2009**, 339, b3425-b3425		44
103	Telehealth for patients at high risk of cardiovascular disease: pragmatic randomised controlled trial. *BMJ, The*, **2016**, 353, i2647	5.9	41
102	Eliciting symptoms interpreted as normal by patients with early-stage lung cancer: could GP elicitation of normalised symptoms reduce delay in diagnosis? Cross-sectional interview study. *BMJ Open*, **2012**, 2,	3	40
101	Qualitative Methods in Health Research1-11		40
100	Passing on tacit knowledge in anaesthesia: a qualitative study. *Medical Education*, **2003**, 37, 650-5	3.7	39
99	What defines expertise in regional anaesthesia? An observational analysis of practice. *British Journal of Anaesthesia*, **2006**, 97, 401-7	5.4	38
98	Access, boundaries and their effects: legitimate participation in anaesthesia. *Sociology of Health and Illness*, **2005**, 27, 855-71	3	38
97	How can we synthesize qualitative and quantitative evidence for healthcare policy-makers and managers?. *Healthcare Management Forum*, **2006**, 19, 27-31	1.7	37
96	Making monitoring 'work': human-machine interaction and patient safety in anaesthesia. *Anaesthesia*, **2003**, 58, 1070-8	6.6	35
95	Communication between anesthesiologists, patients and the anesthesia team: a descriptive study of induction and emergence. *Canadian Journal of Anaesthesia*, **2005**, 52, 915-20	3	35
94	Evidence based policy making and the 'art' of commissioning - how English healthcare commissioners access and use information and academic research in 'real life' decision-making: an empirical qualitative study. *BMC Health Services Research*, **2015**, 15, 430	2.9	34
93	Trouble in store: some thoughts on the management of waiting lists. *Sociology of Health and Illness*, **1991**, 13, 193-212	3	32
92	Strengthening organizational performance through accreditation research-a framework for twelve interrelated studies: the ACCREDIT project study protocol. *BMC Research Notes*, **2011**, 4, 390	2.3	31
91	Quality in Qualitative Health Research82-101		31
90	Has the NHS 111 urgent care telephone service been a success? Case study and secondary data analysis in England. *BMJ Open*, **2017**, 7, e014815	3	30
89	The re-enactment of childhood sexual abuse in maternity care: a qualitative study. *BMC Pregnancy and Childbirth*, **2015**, 15, 194	3.2	30
88	Improving reporting of meta-ethnography: The eMERGe reporting guidance. *Journal of Advanced Nursing*, **2019**, 75, 1126-1139	3.1	26

69	What do other local providers think of NHS walk-in centres? Results of a postal survey. *Public Health*, **2005**, 119, 39-44	4	12
68	Qualitative research in obstetrics and gynaecology. *British Journal of Obstetrics and Gynaecology*, **2001**, 108, 233-237		12
67	What do external consultants from private and not-for-profit companies offer healthcare commissioners? A qualitative study of knowledge exchange. *BMJ Open*, **2015**, 5, e006558	3	11
66	Qualitative research in obstetrics and gynaecology. *BJOG: an International Journal of Obstetrics and Gynaecology*, **2001**, 108, 233-7	3.7	11
65	What determines the choice of procedure in stress incontinence surgery? The use of multilevel modeling. *International Journal of Technology Assessment in Health Care*, **1998**, 14, 431-45	1.8	11
64	Dissecting a waiting list. *Health Services Management Research*, **1991**, 4, 112-9	1	11
63	The work, workforce, technology and organisational implications of the '111' single point of access telephone number for urgent (non-emergency) care: a mixed-methods case study. *Health Services and Delivery Research*, **2014**, 2, 1-140	1.5	11
62	Understanding the production and circulation of social media data: Towards methodological principles and praxis. *New Media and Society*, **2018**, 20, 3341-3358	3.8	10
61	Tailored implementation of internet-based cognitive behavioural therapy in the multinational context of the ImpleMentAll project: a study protocol for a stepped wedge cluster randomized trial. *Trials*, **2020**, 21, 893	2.8	10
60	General Practitioner's use of online resources during medical visits: managing the boundary between inside and outside the clinic. *Sociology of Health and Illness*, **2019**, 41 Suppl 1, 65-81	3	9
59	Why managing sciatica is difficult: patients' experiences of an NHS sciatica pathway. A qualitative, interpretative study. *BMJ Open*, **2020**, 10, e037157	3	9
58	Risk work in NHS 111: the everyday work of managing risk in telephone assessment using a computer decision support system. *Health, Risk and Society*, **2017**, 19, 189-208	2	9
57	Do telephones overcome geographical barriers to general practice out-of-hours services? Mixed-methods study of parents with young children. *Journal of Health Services Research and Policy*, **2010**, 15, 21-7	2.4	9
56	Utopian Theory and the Discourse of Natural Birth. *Social Theory and Health*, **2006**, 4, 299-318	1.7	9
55	What if we made stratified medicine work for patients?. *Lancet Respiratory Medicine,the*, **2016**, 4, 8-10	35.1	9
54	Commissioning of self-management support for people with long-term conditions: an exploration of commissioning aspirations and processes. *BMJ Open*, **2016**, 6, e010853	3	8
53	Governing healthcare: finding meaning in a clinical practice guideline for the management of non-specific low back pain. *Social Science and Medicine*, **2014**, 102, 138-45	5.1	8
52	Trusting technical change in call centres. *Work, Employment and Society*, **2014**, 28, 808-824	3	8

51	Guidelines or mindlines? A qualitative study exploring what knowledge informs psychiatrists decisions about antipsychotic prescribing. *Journal of Mental Health*, **2008**, 17, 9-17	2.7	8
50	Making health care responsive to the needs of older people. *Age and Ageing*, **2019**, 48, 785-788	3	7
49	Observational Methods32-42		7
48	A conceptual model of urgent care sense-making and help-seeking: a qualitative interview study of urgent care users in England. *BMC Health Services Research*, **2019**, 19, 481	2.9	6
47	Development, implementation and evaluation of a tool for forecasting short term demand for beds in an intensive care unit. *Operations Research for Health Care*, **2017**, 15, 19-31	1.8	6
46	EXPERTS 1-experiences of long-term life-limiting conditions among patients and carers: protocol for a qualitative meta-synthesis and conceptual modelling study. *BMJ Open*, **2015**, 5, e007372	3	6
45	Organisational innovation in health services **2011**,		6
44	Knowledge exchange in health-care commissioning: case studies of the use of commercial, not-for-profit and public sector agencies, 201114. *Health Services and Delivery Research*, **2015**, 3, 1-144	1.5	6
43	Sense-making strategies and help-seeking behaviours associated with urgent care services: a mixed-methods study. *Health Services and Delivery Research*, **2019**, 7, 1-122	1.5	6
42	Paramedic performance when managing patients experiencing mental health issues - Exploring paramedics' Presentation of Self. *International Emergency Nursing*, **2020**, 49, 100828	2.4	5
41	Improving reporting of meta-ethnography: The eMERGe reporting guidance. *Review of Education*, **2019**, 7, 430-451	0.9	5
40	Cyborg practices: call-handlers and computerised decision support systems in urgent and emergency care. *Health Informatics Journal*, **2014**, 20, 118-26	3	5
39	Buying unlicensed slimming drugs from the web **2012**,		5
38	No-one forgets a bad teacher. *Medical Education*, **2002**, 36, 5-6	3.7	5
37	Putting the clock back 30 years: neonatal care since the 1991 NHS reforms. *Archives of Disease in Childhood*, **1992**, 67, 879-81	2.2	5
36	The Role of Theory in Qualitative Research **2020**, 15-26		5
35	A mixed methods study of the impact of consultant overnight working in an English Emergency Department. *Emergency Medicine Journal*, **2019**, 36, 298-302	1.5	4
34	Challenging social media analytics **2014**,		4

33	Anaesthetists' violations of safety guidelines. *Anaesthesia*, **2005**, 60, 201-2; author reply 202	6.6	4
32	The influence of personal communities in understanding avoidable emergency department attendance: qualitative study. *BMC Health Services Research*, **2020**, 20, 887	2.9	4
31	Development of a symptom severity index and a symptom impact index for stress incontinence in women **1996**, 15, 630		4
30	Impact of advanced autonomous non-medical practitioners in emergency care: protocol for a scoping study. *BMJ Open*, **2017**, 7, e014612	3	3
29	Mixing methods and theory to explore web activity **2012**,		3
28	Clinical ethnography in severe mental illness: a clinical method to tackle social determinants and structural racism in personalised care. *BJPsych Open*, **2021**, 7, e78	5	3
27	Protocol paper for the 'Harnessing resources from the internet to maximise outcomes from GP consultations (HaRI)' study: a mixed qualitative methods study. *BMJ Open*, **2018**, 8, e024188	3	3
26	Military and civilian handover communication in emergency care: how does it differ?. *Journal of Paramedic Practice: the Clinical Monthly for Emergency Care Professionals*, **2019**, 11, 66-73	0.3	2
25	Using the concept of hubots to understand the work entailed in using digital technologies in healthcare. *Journal of Health Organization and Management*, **2017**, 31, 556-566	1.9	2
24	An evidence-based approach to the use of telehealth in long-term health conditions: development of an intervention and evaluation through pragmatic randomised controlled trials in patients with depression or raised cardiovascular risk. *Programme Grants for Applied Research*, **2017**, 5, 1-468	1.5	2
23	People, Place and Innovation: How Organizational Culture and Physical Environment Shaped the Implementation of the NHS TC Programme **2010**, 60-69		2
22	Capacity for Care: Meta-Ethnography of Acute Care Nurses Experiences of the Nurse-Patient Relationship **2013**, 65-77		2
21	Mixed Methods Research **2020**, 169-180		2
20	Participatory Research in Health Care **2020**, 193-210		2
19	Documentary Analysis **2020**, 83-96		2
18	Ethical Issues in Qualitative Research **2020**, 27-41		2
17	Qualitative study: patients' enduring concerns about discussing internet use in general practice consultations. *BMJ Open*, **2021**, 11, e047508	3	2
16	Discourses of joint commissioning. *Health and Social Care in the Community*, **2018**, 26, 65-71	2.6	2

LIST OF PUBLICATIONS

15	Review: Exploring the effectiveness of action research as a tool for organizational change in health care. *Journal of Research in Nursing*, **2007**, 12, 401-402	0.9	1
14	Genetics After the Act: A Specialist Health Service Amid NHS Reform. *Social Policy and Administration*, **1993**, 27, 299-308	1.7	1
13	Chasing Chameleons, Chimeras and Caterpillars: Evaluating an Organizational Innovation in the National Health Service **2008**, 112-122		1
12	Synthesising Qualitative Research **2020**, 151-168		1
11	Observational Methods **2020**, 67-81		1
10	Limited pharmaceuticalisation: a qualitative case study of physiotherapist prescribing practices in an NHS Trust in England following the expansion of non-medical prescribing in the UK. *Sociology of Health and Illness*, **2020**, 42, 643-659	3	1
9	Digital Data and Online Qualitative Research **2020**, 97-109		1
8	Advancing clinical leadership to improve the implementation of evidence-based practice in surgery: a longitudinal mixed-method study protocol. *Implementation Science*, **2020**, 15, 104	8.4	1
7	Perioperative nursing: maintaining momentum and staying safe. *Journal of Research in Nursing*, **2018**, 23, 727-739	0.9	1
6	Uncovering the processes of knowledge transformation: the example of local evidence-informed policy-making in United Kingdom healthcare. *Health Research Policy and Systems*, **2020**, 18, 110	3.7	0
5	Combining patient talk about internet use during primary care consultations with retrospective accounts. A qualitative analysis of interactional and interview data. *Social Science and Medicine*, **2021**, 272, 113703	5.1	0
4	Gender in the consolidated criteria for reporting qualitative research (COREQ) checklist. *International Journal for Quality in Health Care*, **2021**, 33,	1.9	0
3	Towards a new Science of Health (Book).. *Sociology of Health and Illness*, **1994**, 16, 411-413	3	
2	Waiting list information: Cards versus computers. *Critical Public Health*, **1991**, 2, 44-49	2.6	
1	Situating Practices of Human and Non-human Networks in the Delivery of Emergency and Urgent Care Services. *Organizational Behaviour in Health Care*, **2020**, 121-140	0.6
