#	ARTICLE	IF	CITATIONS
1	The early course and treatment of posttraumatic stress disorder in very young children: diagnostic prevalence and predictors in hospital-attending children and a randomized controlled proof-of-concept trial of trauma-focused cognitive therapy, for 3- to 8-year-olds. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2022, 63, 58-67.	3.1	3
2	Trajectory of post-traumatic stress and depression among children and adolescents following single-incident trauma. <i>European Journal of Psychotraumatology</i> , 2022, 13, 2037906.	0.9	3
3	Violence in emergency care: can we do better?. <i>Canadian Journal of Emergency Medicine</i> , 2022, 24, 107-108.	0.5	2
4	Paediatric NHS 111 Clinical Assessment Services pilot: an observational study. <i>Archives of Disease in Childhood</i> , 2022, 107, e14-e14.	1.0	0
5	Journal update monthly top five. <i>Emergency Medicine Journal</i> , 2022, 39, 80-82.	0.4	0
6	Systematic Review of the Effectiveness of Advocacy Interventions for Adult Victims of Domestic Violence Within an Emergency Department Setting. <i>Cureus</i> , 2022, , .	0.2	0
7	Prevalence and predictive value of ICD-11 post-traumatic stress disorder and Complex PTSD diagnoses in children and adolescents exposed to a single-event trauma. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2021, 62, 270-276.	3.1	26
8	Effect of tranexamic acid on intracranial haemorrhage and infarction in patients with traumatic brain injury: a pre-planned substudy in a sample of CRASH-3 trial patients. <i>Emergency Medicine Journal</i> , 2021, 38, 270-278.	0.4	12
9	Tracking Violent Crime with Ambulance Data: How Much Crime Goes Uncounted?. <i>Cambridge Journal of Evidence-Based Policing</i> , 2021, 5, 20-39.	1.3	6
10	Identifying and responding to domestic violence and abuse in healthcare settings. <i>BMJ, The</i> , 2021, 373, n1047.	3.0	8
11	The Royal College of Emergency Medicine's curriculum in the UK. <i>European Journal of Emergency Medicine</i> , 2021, 28, 249-251.	0.5	3
12	Is "sepsis" a failed paradigm?. <i>Emergency Medicine Journal</i> , 2021, , emermed-2021-211627.	0.4	0
13	Evaluating the Sensitivity and Specificity of Siemens Clinitest Lateral Flow Test and the Simple AMplification-Based Assay (SAMBA)-2 PCR Test for SARS-CoV-2 Infection. <i>Cureus</i> , 2021, 13, e18319.	0.2	0
14	A Qualitative Study: What Do Nurses in Charge in Emergency Departments Do?. <i>Cureus</i> , 2021, 13, e17912.	0.2	0
15	Can artificial intelligence and machine learning help reduce the harms of emergency department crowding?. <i>European Journal of Emergency Medicine</i> , 2021, 28, 95-96.	0.5	5
16	Combined Point-of-Care Nucleic Acid and Antibody Testing for SARS-CoV-2 following Emergence of D614G Spike Variant. <i>Cell Reports Medicine</i> , 2020, 1, 100099.	3.3	61
17	COVID-19: resetting ED care. <i>Emergency Medicine Journal</i> , 2020, 37, emermed-2020-210282.	0.4	11
18	Updated framework on quality and safety in emergency medicine. <i>Emergency Medicine Journal</i> , 2020, 37, 437-442.	0.4	29

#	ARTICLE	IF	CITATIONS
19	Effects of a high-dose 24-h infusion of tranexamic acid on death and thromboembolic events in patients with acute gastrointestinal bleeding (HALT-IT): an international randomised, double-blind, placebo-controlled trial. <i>Lancet</i> , The, 2020, 395, 1927-1936.	6.3	224
20	Are ED-based violence intervention programmes effective in reducing revictimisation and perpetration in victims of violence? A systematic review. <i>Emergency Medicine Journal</i> , 2020, 37, emermed-2019-208970.	0.4	5
21	The Attend Study: A Retrospective Observational Study of Emergency Department Attendances During the Early Stages of the COVID-19 Pandemic. <i>Cureus</i> , 2020, 12, e9328.	0.2	19
22	Unintentional Drug-related Deaths in Cambridgeshire: A Retrospective Observational Study. <i>Cureus</i> , 2020, 12, e6750.	0.2	0
23	Effects of tranexamic acid on death, disability, vascular occlusive events and other morbidities in patients with acute traumatic brain injury (CRASH-3): a randomised, placebo-controlled trial. <i>Lancet</i> , The, 2019, 394, 1713-1723.	6.3	567
24	Is seniority of emergency physician associated with the weekend mortality effect? An exploratory analysis of electronic health records in the UK. <i>Emergency Medicine Journal</i> , 2019, 36, emermed-2018-208114.	0.4	2
25	Quality: more than just timeliness. <i>Emergency Medicine Journal</i> , 2019, 36, 325-325.	0.4	0
26	A core role for cognitive processes in the acute onset and maintenance of post-traumatic stress in children and adolescents. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2019, 60, 875-884.	3.1	33
27	<i>CJEM</i> Debate Series: #DomesticViolence “ We should routinely screen for domestic violence (intimate partner violence) in the emergency department. <i>Canadian Journal of Emergency Medicine</i> , 2019, 21, 701-705.	0.5	6
28	Validation of the short form of the International Crowding Measure in Emergency Departments: an international study. <i>European Journal of Emergency Medicine</i> , 2019, 26, 405-411.	0.5	4
29	Neurocognitive testing in the emergency department: A potential assessment tool for mild traumatic brain injury. <i>EMA - Emergency Medicine Australasia</i> , 2019, 31, 355-361.	0.5	11
30	Intimate Partner Violence Documentation and Awareness in an Urban Emergency Department. <i>Cureus</i> , 2019, 11, e6493.	0.2	6
31	What do emergency physicians in charge do? A qualitative observational study. <i>Emergency Medicine Journal</i> , 2018, 35, 186-188.	0.4	3
32	Has the Licensing Act 2003 affected violence rates in England and Wales? A systematic review of hospital and police studies. <i>European Journal of Emergency Medicine</i> , 2018, 25, 304-311.	0.5	3
33	Can emergency physicians accurately interpret computed tomography scans performed for suspected nontraumatic subarachnoid haemorrhage: a cross-sectional study. <i>European Journal of Emergency Medicine</i> , 2018, 25, 447-448.	0.5	2
34	What should we do about crowding in emergency departments?. <i>British Journal of Hospital Medicine (London, England: 2005)</i> , 2018, 79, 500-503.	0.2	18
35	Clinical audits can work if they are followed up correctly. <i>British Journal of Hospital Medicine (London, England: 2005)</i> , 2018, 79, 656-656.	0.2	0
36	Clinical audit does not work, is quality improvement any better?. <i>British Journal of Hospital Medicine (London, England: 2005)</i> , 2018, 79, 508-510.	0.2	12

#	ARTICLE	IF	CITATIONS
37	Changing epidemiology of assault victims in an emergency department participating in information sharing with police: a time series analysis. <i>Emergency Medicine Journal</i> , 2018, 35, 608-613.	0.4	2
38	This emergency department crisis was predictable and partly preventable. <i>BMJ: British Medical Journal</i> , 2018, 360, k64.	2.4	5
39	Cognitive therapy as an early treatment for post-traumatic stress disorder in children and adolescents: a randomized controlled trial addressing preliminary efficacy and mechanisms of action. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2017, 58, 623-633.	3.1	55
40	Acute stress disorder and the transition to posttraumatic stress disorder in children and adolescents: Prevalence, course, prognosis, diagnostic suitability, and risk markers. <i>Depression and Anxiety</i> , 2017, 34, 348-355.	2.0	31
41	The term "health based place of safety" is meaningless and hides the problem. <i>BMJ: British Medical Journal</i> , 2017, 357, j1844.	2.4	0
42	Exit block in emergency departments: a rapid evidence review. <i>Emergency Medicine Journal</i> , 2017, 34, 46-51.	0.4	37
43	Are rising admission thresholds good medicine?. <i>Emergency Medicine Journal</i> , 2017, 34, 771-772.	0.4	2
44	Emergency department-based interventions for women suffering domestic abuse: a critical literature review. <i>European Journal of Emergency Medicine</i> , 2017, 24, 13-18.	0.5	14
45	Should we scrap the target of a maximum four hour wait in emergency departments?. <i>BMJ: British Medical Journal</i> , 2017, 359, j4857.	2.4	14
46	44...Quantifying the 5 year mortality of frequent attenders to the emergency department. <i>Emergency Medicine Journal</i> , 2017, 34, A889.3-A890.	0.4	0
47	Human Trafficking and Health: A Survey of Male and Female Survivors in England. <i>American Journal of Public Health</i> , 2016, 106, 1073-1078.	1.5	87
48	Comparison of the International Crowding Measure in Emergency Departments (ICMED) and the National Emergency Department Overcrowding Score (NEDOCS) to measure emergency department crowding: pilot study. <i>Emergency Medicine Journal</i> , 2016, 33, 307-312.	0.4	36
49	Using ambulance data to reduce community violence: critical literature review. <i>European Journal of Emergency Medicine</i> , 2016, 23, 248-252.	0.5	9
50	The burden of sepsis in the Emergency Department. <i>European Journal of Emergency Medicine</i> , 2015, 22, 363-365.	0.5	11
51	Can routinely collected ambulance data about assaults contribute to reduction in community violence?. <i>Emergency Medicine Journal</i> , 2015, 32, 308-313.	0.4	24
52	Crowding in emergency departments: guidance from CEM emphasises system-wide solutions. <i>Emergency Medicine Journal</i> , 2015, 32, 92-92.	0.4	4
53	Is "boarding" appropriate to help reduce crowding in emergency departments?. <i>BMJ, The</i> , 2015, 350, h2249-h2249.	3.0	10
54	Initial validation of the International Crowding Measure in Emergency Departments (ICMED) to measure emergency department crowding. <i>Emergency Medicine Journal</i> , 2015, 32, 105-108.	0.4	21

#	ARTICLE	IF	CITATIONS
55	What has the 4-hour access standard achieved?. British Journal of Hospital Medicine (London,) Tj ETQq1 1 0.784314 rgBT /Overlock 10	0.2	10
56	Exit block in the emergency department: recognition and consequences. British Journal of Hospital Medicine (London, England: 2005), 2014, 75, 623-626.	0.2	12
57	Weather factors associated with paediatric croup presentations to an Australian emergency department. Emergency Medicine Journal, 2014, 31, 160-162.	0.4	5
58	Urgent care in England. BMJ, The, 2013, 347, f7046-f7046.	3.0	1
59	External validation of the Cardiff model of information sharing to reduce community violence: natural experiment. Emergency Medicine Journal, 2013, 30, 1020-1023.	0.4	26
60	Application of the 2007 NICE guidelines in the management of paediatric minor head injuries in a UK emergency department. Emergency Medicine Journal, 2012, 29, 197-200.	0.4	8
61	Reductions in hospital admissions and mortality rates observed after integrating emergency care: a natural experiment. BMJ Open, 2012, 2, e000930.	0.8	18
62	Emergency department crowding: prioritising quantified crowding measures using a Delphi study. Emergency Medicine Journal, 2012, 29, 868-871.	0.4	38
63	Emergency department crowding: towards an agenda for evidence-based intervention: Figure 1. Emergency Medicine Journal, 2012, 29, 460-466.	0.4	80
64	Emergency Department Crowding: Time for Interventions and Policy Evaluations. Emergency Medicine International, 2012, 2012, 1-8.	0.3	122
65	Does integrated emergency care reduce mortality and non-elective admissions? a retrospective analysis. Emergency Medicine Journal, 2012, 29, 208-212.	0.4	9
66	Necrotising fasciitis. BMJ, The, 2012, 345, e4274-e4274.	3.0	58
67	Ultrasound measurement of optic nerve sheath diameter in patients with a clinical suspicion of raised intracranial pressure. Emergency Medicine Journal, 2011, 28, 679-681.	0.4	82
68	How has the Licensing Act (2003) changed the epidemiology of assaults presenting to a Cambridgeshire emergency department? Before and after study. European Journal of Emergency Medicine, 2011, 18, 351-356.	0.5	9
69	Sedation of children in the emergency department for short painful procedures compared with theatre, how much does it save? Economic evaluation. Emergency Medicine Journal, 2011, 28, 383-386.	0.4	10
70	Incentives are needed to facilitate data sharing and reduce violence. BMJ: British Medical Journal, 2011, 343, d4452-d4452.	2.4	1
71	Overcrowding: emergency departments are the canary in the coal mine and overcrowding is the poisonous gas. European Journal of Emergency Medicine, 2010, 17, 354.	0.5	1
72	Alcohol-related emergency department attendances: is preloading a risk factor? Cross-sectional survey. International Journal of Emergency Medicine, 2010, 3, 151-155.	0.6	15

#	ARTICLE	IF	CITATIONS
73	What factors are associated with repeated domestic assault in patients attending an emergency department? A cohort study. <i>Emergency Medicine Journal</i> , 2010, 27, 203-206.	0.4	13
74	Disclosing identity is not sensible or effective. <i>BMJ: British Medical Journal</i> , 2010, 341, c7014-c7014.	2.4	0
75	Can middle grade and consultant emergency physicians accurately interpret computed tomography scans performed for head trauma? Cross-sectional study. <i>Emergency Medicine Journal</i> , 2009, 26, 583-585.	0.4	15
76	Fixation versus hemiarthroplasty for undisplaced intracapsular hip fractures. <i>Injury</i> , 2008, 39, 791-795.	0.7	83
77	Emergency physician performed rapid sequence induction and system changes reduce time to intubation in critically ill emergency medicine patients. <i>European Journal of Emergency Medicine</i> , 2008, 15, 243-244.	0.5	3
78	Intercostal aneurysm causing massive haemothorax. <i>Emergency Medicine Journal</i> , 2007, 24, 781-781.	0.4	0
79	Emergency ultrasound of the abdominal aorta by UK emergency physicians: a prospective cohort study. <i>Emergency Medicine Journal</i> , 2007, 24, 547-549.	0.4	53
80	Is Perioperative Blood Transfusion a Risk Factor for Mortality or Infection After Hip Fracture?. <i>Journal of Orthopaedic Trauma</i> , 2006, 20, 675-679.	0.7	69
81	Is hot water immersion an effective treatment for marine envenomation?. <i>Emergency Medicine Journal</i> , 2006, 23, 503-508.	0.4	68
82	The association between domestic violence and self harm in emergency medicine patients. <i>Emergency Medicine Journal</i> , 2006, 23, 604-607.	0.4	36
83	The acceptability of routine inquiry about domestic violence towards women: a survey in three healthcare settings. <i>British Journal of General Practice</i> , 2006, 56, 258-61.	0.7	20
84	Should ultrasound guidance be used for central venous catheterisation in the emergency department?. <i>Emergency Medicine Journal</i> , 2005, 22, 158-164.	0.4	47
85	Record linkage of domestic assault victims between an emergency department and the police. <i>Journal of Epidemiology and Community Health</i> , 2005, 59, 909-910.	2.0	13
86	Application of the Canadian CT head rules in managing minor head injuries in a UK emergency department: implications for the implementation of the NICE guidelines. <i>Emergency Medicine Journal</i> , 2004, 21, 420-425.	0.4	76
87	Preoperative saline versus gelatin for hip fracture patients; a randomized trial of 396 patients. <i>British Journal of Anaesthesia</i> , 2004, 92, 67-70.	1.5	30
88	Domestic violence in emergency medicine patients. <i>Emergency Medicine Journal</i> , 2004, 21, 9-13.	0.4	42
89	X-ray requesting patterns before and after introduction of the Ottawa Knee Rules in a UK emergency department. <i>European Journal of Emergency Medicine</i> , 2004, 11, 204-207.	0.5	5
90	Routinely asking women about domestic violence: Inquiry may be acceptable in different healthcare environments and to different women. <i>BMJ: British Medical Journal</i> , 2003, 327, 1345-a-1345.	2.4	1
