#	ARTICLE	IF	CITATIONS
1	Supporting community health workers in fragile settings from a gender perspective: a qualitative study. <i>BMJ Open</i> , 2022, 12, e052577.	1.9	6
2	Health systems resilience in fragile and shock-prone settings through the prism of gender equity and justice: implications for research, policy and practice. <i>Conflict and Health</i> , 2022, 16, 7.	2.7	5
3	Implications of COVID-19 for safeguarding in international development research: learning, action and reflection from a research hub. <i>BMJ Global Health</i> , 2022, 7, e008122.	4.7	3
4	A syndemic born of war: Combining intersectionality and structural violence to explore the biosocial interactions of neglected tropical diseases, disability and mental distress in Liberia. <i>PLOS Global Public Health</i> , 2022, 2, e0000551.	1.6	5
5	Leaving No One Behind: A Photovoice Case Study on Vulnerability and Wellbeing of Children Heading Households in Two Informal Settlements in Nairobi. <i>Social Sciences</i> , 2022, 11, 296.	1.4	3
6	Achieving equity in UHC interventions: who is left behind by neglected tropical disease programmes in Cameroon?. <i>Global Health Action</i> , 2021, 14, 1886457.	1.9	9
7	Eliminating onchocerciasis within the Meme River Basin of Cameroon: A social-ecological approach to understanding everyday realities and health systems. <i>PLoS Neglected Tropical Diseases</i> , 2021, 15, e0009433.	3.0	2
8	Why onchocerciasis transmission persists after 15 annual ivermectin mass drug administrations in South-West Cameroon. <i>BMJ Global Health</i> , 2021, 6, e003248.	4.7	15
9	Donor reliance and the impact on neglected tropical disease programme delivery: reflections and solutions for change from programme management perspectives. <i>International Health</i> , 2021, 13, 376-378.	2.0	9
10	Strengthening the role of community health workers in supporting the recovery of ill, undernourished children post hospital discharge: qualitative insights from key stakeholders in Bangladesh and Kenya. <i>BMC Health Services Research</i> , 2021, 21, 1234.	2.2	3
11	Psychological resilience, fragility and the health workforce: lessons on pandemic preparedness from Liberia and Sierra Leone. <i>BMJ Global Health</i> , 2020, 5, e002873.	4.7	14
12	Guiding principles for quality, ethical standards and ongoing learning in implementation research: multicountry learnings from participatory action research to strengthen health systems. <i>Health Policy and Planning</i> , 2020, 35, ii137-ii149.	2.7	11
13	Developing strategies to attract, retain and support midwives in rural fragile settings: participatory workshops with health system stakeholders in Ituri Province, Democratic Republic of Congo. <i>Health Research Policy and Systems</i> , 2020, 18, 133.	2.8	5
14	How should community health workers in fragile contexts be supported: qualitative evidence from Sierra Leone, Liberia and Democratic Republic of Congo. <i>Human Resources for Health</i> , 2020, 18, 58.	3.1	25
15	Sex, power, marginalisation and HIV amongst young fishermen in Malawi: Exploring intersecting inequalities. <i>Social Science and Medicine</i> , 2020, 266, 113429.	3.8	4
16	How to prevent and address safeguarding concerns in global health research programmes: practice, process and positionality in marginalised spaces. <i>BMJ Global Health</i> , 2020, 5, e002253.	4.7	10
17	Using data to support evidence-informed decisions about skilled birth attendants in fragile contexts: a situational analysis from Democratic Republic of the Congo. <i>Human Resources for Health</i> , 2020, 18, 82.	3.1	3
18	Redressing the gender imbalance: a qualitative analysis of recruitment and retention in Mozambique's community health workforce. <i>Human Resources for Health</i> , 2020, 18, 37.	3.1	6

#	ARTICLE	IF	CITATIONS
19	Towards a socially just model: balancing hunger and response to the COVID-19 pandemic in Bangladesh. <i>BMJ Global Health</i> , 2020, 5, e002715.	4.7	26
20	A call to action for universal health coverage: Why we need to address gender inequities in the neglected tropical diseases community. <i>PLoS Neglected Tropical Diseases</i> , 2020, 14, e0007786.	3.0	15
21	Using research networks to generate trustworthy qualitative public health research findings from multiple contexts. <i>BMC Medical Research Methodology</i> , 2020, 20, 13.	3.1	17
22	Mass administration of medicines in changing contexts: Acceptability, adaptability and community directed approaches in Kaduna and Ogun States, Nigeria. <i>PLoS Neglected Tropical Diseases</i> , 2020, 14, e0008857.	3.0	15
23	'Being a midwife is being prepared to help women in very difficult conditions': midwives' experiences of working in the rural and fragile settings of Ituri Province, Democratic Republic of Congo. <i>Rural and Remote Health</i> , 2020, 20, 5677.	0.5	6
24	Integration of prevention and control measures for female genital schistosomiasis, HIV and cervical cancer. <i>Bulletin of the World Health Organization</i> , 2020, 98, 615-624.	3.3	50
25	Salaried and voluntary community health workers: exploring how incentives and expectation gaps influence motivation. <i>Human Resources for Health</i> , 2019, 17, 59.	3.1	88
26	Why are fewer women rising to the top? A life history gender analysis of Cambodia's health workforce. <i>BMC Health Services Research</i> , 2019, 19, 595.	2.2	14
27	Neglected tropical disease as a "biographical disruption": Listening to the narratives of affected persons to develop integrated people centred care in Liberia. <i>PLoS Neglected Tropical Diseases</i> , 2019, 13, e0007710.	3.0	15
28	Healthcare equity analysis: applying the Tanahashi model of health service coverage to community health systems following devolution in Kenya. <i>International Journal for Equity in Health</i> , 2019, 18, 65.	3.5	25
29	Strengthening referral systems in community health programs: a qualitative study in two rural districts of Maputo Province, Mozambique. <i>BMC Health Services Research</i> , 2019, 19, 263.	2.2	53
30	Sub-national prevalence survey of tuberculosis in rural communities of Ethiopia. <i>BMC Public Health</i> , 2019, 19, 295.	2.9	18
31	A major hurdle in the elimination of urogenital schistosomiasis revealed: Identifying key gaps in knowledge and understanding of female genital schistosomiasis within communities and local health workers. <i>PLoS Neglected Tropical Diseases</i> , 2019, 13, e0007207.	3.0	40
32	Applying an intersectionality lens to examine health for vulnerable individuals following devolution in Kenya. <i>International Journal for Equity in Health</i> , 2019, 18, 24.	3.5	17
33	Optimising the performance of frontline implementers engaged in the NTD programme in Nigeria: lessons for strengthening community health systems for universal health coverage. <i>Human Resources for Health</i> , 2019, 17, 79.	3.1	23
34	Neglected Tropical Diseases as a "litmus test" for Universal Health Coverage? Understanding who is left behind and why in Mass Drug Administration: Lessons from four country contexts. <i>PLoS Neglected Tropical Diseases</i> , 2019, 13, e0007847.	3.0	25
35	Implementation of test-and-treat with doxycycline and temephos ground larviciding as alternative strategies for accelerating onchocerciasis elimination in an area of loiasis co-endemicity: the COUNTDOWN consortium multi-disciplinary study protocol. <i>Parasites and Vectors</i> , 2019, 12, 574.	2.5	23
36	Use of Xpert MTB/RIF for the Identification of TB and Drug Resistance Among Smear-Negative and Re-Treatment Cases in Rural Areas of Ethiopia. <i>Open Microbiology Journal</i> , 2019, 13, 188-192.	0.7	5

#	ARTICLE	IF	CITATIONS
37	How do gender relations affect the working lives of close to community health service providers? Empirical research, a review and conceptual framework. <i>Social Science and Medicine</i> , 2018, 209, 1-13.	3.8	66
38	Exploring barriers to the use of formal maternal health services and priority areas for action in Sidama zone, southern Ethiopia. <i>BMC Pregnancy and Childbirth</i> , 2018, 18, 96.	2.4	65
39	The changing global landscape of health and disease: addressing challenges and opportunities for sustaining progress towards control and elimination of neglected tropical diseases (NTDs). <i>Parasitology</i> , 2018, 145, 1647-1654.	1.5	18
40	“The phone is my boss and my helper” – A gender analysis of an mHealth intervention with Health Extension Workers in Southern Ethiopia. <i>Journal of Public Health</i> , 2018, 40, ii16-ii31.	1.8	17
41	“Sometimes it is difficult for us to stand up and change this” – an analysis of power within priority-setting for health following devolution in Kenya. <i>BMC Health Services Research</i> , 2018, 18, 906.	2.2	22
42	Implementation research: new imperatives and opportunities in global health. <i>Lancet</i> , 2018, 392, 2214-2228.	13.7	308
43	Health system governance following devolution: comparing experiences of decentralisation in Kenya and Indonesia. <i>BMJ Global Health</i> , 2018, 3, e000939.	4.7	45
44	Does supportive supervision enhance community health worker motivation? A mixed-methods study in four African countries. <i>Health Policy and Planning</i> , 2018, 33, 988-998.	2.7	69
45	Are health systems interventions gender blind? examining health system reconstruction in conflict affected states. <i>Globalization and Health</i> , 2018, 14, 90.	4.9	29
46	Catalyzing NTD gender and equity research: A call for papers. <i>PLoS Neglected Tropical Diseases</i> , 2018, 12, e0006681.	3.0	2
47	Priority setting for health in the context of devolution in Kenya: implications for health equity and community-based primary care. <i>Health Policy and Planning</i> , 2018, 33, 729-742.	2.7	61
48	Measuring sexual behaviour in Malawi: a triangulation of three data collection instruments. <i>BMC Public Health</i> , 2018, 18, 807.	2.9	5
49	The COUNTDOWN Study Protocol for Expansion of Mass Drug Administration Strategies against Schistosomiasis and Soil-Transmitted Helminthiasis in Ghana. <i>Tropical Medicine and Infectious Disease</i> , 2018, 3, 10.	2.3	12
50	Gendered health systems: evidence from low- and middle-income countries. <i>Health Research Policy and Systems</i> , 2018, 16, 58.	2.8	66
51	What adaptation to research is needed following crises: a comparative, qualitative study of the health workforce in Sierra Leone and Nepal. <i>Health Research Policy and Systems</i> , 2018, 16, 6.	2.8	19
52	Key Considerations for Accountability and Gender in Health Systems in Low- and Middle-Income Countries. <i>IDS Bulletin</i> , 2018, 49, .	0.8	3
53	Optimising the benefits of community health workers’ unique position between communities and the health sector: A comparative analysis of factors shaping relationships in four countries. <i>Global Public Health</i> , 2017, 12, 1404-1432.	2.0	106
54	Experiences of using life histories with health workers in post-conflict and crisis settings: methodological reflections. <i>Health Policy and Planning</i> , 2017, 32, czw166.	2.7	11

#	ARTICLE	IF	CITATIONS
55	20 years of gender mainstreaming in health: lessons and reflections for the neglected tropical diseases community. <i>BMJ Global Health</i> , 2017, 2, e000512.	4.7	34
56	Understanding the challenges to caring for low birthweight babies in rural southern Malawi: a qualitative study exploring caregiver and health worker perceptions and experiences. <i>BMJ Global Health</i> , 2017, 2, e000301.	4.7	18
57	The importance of gender analysis in research for health systems strengthening. <i>Health Policy and Planning</i> , 2017, 32, v1-v3.	2.7	37
58	The gendered health workforce: mixed methods analysis from four fragile and post-conflict contexts. <i>Health Policy and Planning</i> , 2017, 32, v52-v62.	2.7	38
59	Gendered negotiations for research participation in community-based studies: implications for health research policy and practice. <i>BMJ Global Health</i> , 2017, 2, e000320.	4.7	11
60	Leaving no one behind: lessons on rebuilding health systems in conflict- and crisis-affected states. <i>BMJ Global Health</i> , 2017, 2, e000327.	4.7	45
61	Strengthening close to community provision of maternal health services in fragile settings: an exploration of the changing roles of TBAs in Sierra Leone and Somaliland. <i>BMC Health Services Research</i> , 2017, 17, 460.	2.2	15
62	Performance of community health workers: situating their intermediary position within complex adaptive health systems. <i>Human Resources for Health</i> , 2017, 15, 59.	3.1	112
63	Decision space for health workforce management in decentralized settings: a case study in Uganda. <i>Health Policy and Planning</i> , 2017, 32, iii59-iii66.	2.7	28
64	Motivation of health surveillance assistants in Malawi: A qualitative study. <i>Malawi Medical Journal</i> , 2016, 28, 37.	0.6	32
65	Women health extension workers: Capacities, opportunities and challenges to use eHealth to strengthen equitable health systems in Southern Ethiopia. <i>Canadian Journal of Public Health</i> , 2016, 107, e355-e361.	2.3	13
66	Health surveillance assistants as intermediates between the community and health sector in Malawi: exploring how relationships influence performance. <i>BMC Health Services Research</i> , 2016, 16, 164.	2.2	47
67	How to do (or not to do) gender analysis in health systems research. <i>Health Policy and Planning</i> , 2016, 31, 1069-1078.	2.7	161
68	Limits and opportunities to community health worker empowerment: A multi-country comparative study. <i>Social Science and Medicine</i> , 2016, 164, 27-34.	3.8	108
69	Tailoring mass drug administration to context: implementation research is critical in achieving equitable progress in the control and elimination of helminth neglected tropical diseases in sub-Saharan Africa. <i>International Health</i> , 2016, 8, 233-234.	2.0	16
70	How equitable are community health worker programmes and which programme features influence equity of community health worker services? A systematic review. <i>BMC Public Health</i> , 2016, 16, 419.	2.9	89
71	Fair publication of qualitative research in health systems: a call by health policy and systems researchers. <i>International Journal for Equity in Health</i> , 2016, 15, 98.	3.5	32
72	Using life histories to explore gendered experiences of conflict in Gulu District, northern Uganda: Implications for post-conflict health reconstruction. <i>South African Review of Sociology</i> , 2016, 47, 81-98.	0.6	15

#	ARTICLE	IF	CITATIONS
73	Exploring perceptions of community health policy in Kenya and identifying implications for policy change. <i>Health Policy and Planning</i> , 2016, 31, 10-20.	2.7	39
74	Close to community health providers post 2015: Realising their role in responsive health systems and addressing gendered social determinants of health. <i>BMC Proceedings</i> , 2015, 9, S8.	1.6	25
75	Exploring providers' perspectives of a community based TB approach in Southern Ethiopia: implication for community based approaches. <i>BMC Health Services Research</i> , 2015, 15, 501.	2.2	18
76	Exploring the context in which different close-to-community sexual and reproductive health service providers operate in Bangladesh: a qualitative study. <i>Human Resources for Health</i> , 2015, 13, 51.	3.1	11
77	Snap shots from a photo competition: what does it reveal about close-to-community providers, gender and power in health systems?. <i>Human Resources for Health</i> , 2015, 13, 57.	3.1	4
78	Community health workers in rural India: analysing the opportunities and challenges Accredited Social Health Activists (ASHAs) face in realising their multiple roles. <i>Human Resources for Health</i> , 2015, 13, 95.	3.1	157
79	What can volunteer co-providers contribute to health systems? The role of people living with HIV in the Thai paediatric HIV programme. <i>Social Science and Medicine</i> , 2015, 145, 184-192.	3.8	11
80	Gender equality needs critical consideration in conflict-affected settings. <i>Development in Practice</i> , 2015, 25, 433-441.	1.3	0
81	Patient and community experiences of tuberculosis diagnosis and care within a community-based intervention in Ethiopia: a qualitative study. <i>BMC Public Health</i> , 2015, 15, 187.	2.9	33
82	How does context influence performance of community health workers in low- and middle-income countries? Evidence from the literature. <i>Health Research Policy and Systems</i> , 2015, 13, 13.	2.8	206
83	Exploring the complexity of microfinance and HIV in fishing communities on the shores of Lake Malawi. <i>Review of African Political Economy</i> , 2015, 42, .	1.1	12
84	Health systems and gender in post-conflict contexts: building back better?. <i>Conflict and Health</i> , 2014, 8, .	2.7	33
85	Gender equity and sexual and reproductive health in Eastern and Southern Africa: a critical overview of the literature. <i>Global Health Action</i> , 2014, 7, 23717.	1.9	39
86	From Transmission to Transition: Lessons Learnt from the Thai Paediatric Antiretroviral Programme. <i>PLoS ONE</i> , 2014, 9, e99061.	2.5	16
87	Going beyond the surface: Gendered intra-household bargaining as a social determinant of child health and nutrition in low and middle income countries. <i>Social Science and Medicine</i> , 2013, 95, 24-33.	3.8	131
88	Innovative Community-Based Approaches Doubled Tuberculosis Case Notification and Improve Treatment Outcome in Southern Ethiopia. <i>PLoS ONE</i> , 2013, 8, e63174.	2.5	136
89	Gender Inequities in Health: An Exploratory Qualitative Study of Saudi Women's Perceptions. <i>Women and Health</i> , 2013, 53, 741-759.	1.0	17
90	Neglected older women and men: Exploring age and gender as structural drivers of HIV among people aged over 60 in Uganda. <i>African Journal of AIDS Research</i> , 2013, 12, 71-78.	0.9	15

#	ARTICLE	IF	CITATIONS
91	Improving qualitative research in the <i>Journal</i> [Editorial]. International Journal of Tuberculosis and Lung Disease, 2012, 16, 2-3.	1.2	0
92	Intersectionality and gender mainstreaming in international health: Using a feminist participatory action research process to analyse voices and debates from the global south and north. Social Science and Medicine, 2012, 74, 1825-1832.	3.8	74
93	Sharing experiences and dilemmas of conducting focus group discussions on HIV and tuberculosis in resource-poor settings. International Health, 2011, 3, 7-14.	2.0	4
94	Introduction: contextualising 'rights' in sexual and reproductive health. BMC International Health and Human Rights, 2011, 11, S1.	2.5	9
95	Operationalising sexual and reproductive health and rights in sub-Saharan Africa: constraints, dilemmas and strategies. BMC International Health and Human Rights, 2011, 11, S8.	2.5	21
96	Strengthening the research to policy and practice interface: exploring strategies used by research organisations working on sexual and reproductive health and HIV/AIDS. Health Research Policy and Systems, 2011, 9, S2.	2.8	12
97	Quality of care in nutritional rehabilitation in HIV-endemic Malawi: caregiver perspectives. Maternal and Child Nutrition, 2010, 6, 89-100.	3.0	6
98	Promoting vulnerability or resilience to HIV? A qualitative study on polygamy in Maiduguri, Nigeria. AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV, 2010, 22, 146-151.	1.2	15
99	Negotiating multiple barriers: health workers' access to counselling, testing and treatment in Malawi. AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV, 2010, 22, 68-76.	1.2	28
100	Supporting children to adhere to anti-retroviral therapy in urban Malawi: multi method insights. BMC Pediatrics, 2009, 9, 45.	1.7	18
