#	Paper	IF	Citations
173	Morphine, gabapentin, or their combination for neuropathic pain. <i>New England Journal of Medicine</i> , 2005 , 352, 1324-34	59.2	818
172	Nortriptyline and gabapentin, alone and in combination for neuropathic pain: a double-blind, randomised controlled crossover trial. <i>Lancet, The</i> , 2009 , 374, 1252-61	40	360
171	A Regression Equation for the Parallel Analysis Criterion in Principal Components Analysis: Mean and 95th Percentile Eigenvalues. <i>Multivariate Behavioral Research</i> , 1989 , 24, 59-69	2.3	182
170	Coping, meaning in life, and suicidal manifestations: examining gender differences. <i>Journal of Clinical Psychology</i> , 2001 , 57, 1517-34	2.8	144
169	Development and preliminary validation of a scale of psychache.. <i>Canadian Journal of Behavioural Science</i> , 2001 , 33, 224-232	5.6	140
168	Three common social desirability scales: Friends, acquaintances, or strangers?. <i>Journal of Research in Personality</i> , 1989 , 23, 180-191	2.8	91
167	Comparing psychache, depression, and hopelessness in their associations with suicidality: A test of Shneidman's theory of suicide. <i>Personality and Individual Differences</i> , 2010 , 49, 689-693	3.3	74
166	Musical difficulties are rare: a study of "tone deafness" among university students. <i>Annals of the New York Academy of Sciences</i> , 2005 , 1060, 311-24	6.5	73
165	A model of personality test item response dissimulation.. <i>Journal of Personality and Social Psychology</i> , 1992 , 63, 272-279	6.5	73
164	Structured personality test item characteristics and validity. <i>Journal of Research in Personality</i> , 1985 , 19, 386-394	2.8	63
163	The construct of alexithymia: associations with defense mechanisms. <i>Journal of Clinical Psychology</i> , 2008 , 64, 318-31	2.8	62
162	Interpolating 95th Percentile Eigenvalues from Random Data: An Empirical Example. <i>Educational and Psychological Measurement</i> , 1993 , 53, 585-596	3.1	62
161	Item subtlety and face validity in personality assessment.. <i>Journal of Consulting and Clinical Psychology</i> , 1979 , 47, 459-468	6.5	62
160	Assessing psychopathology using structured test-item response latencies.. <i>Psychological Assessment</i> , 1991 , 3, 111-118	5.3	61
159	Combination of morphine with nortriptyline for neuropathic pain. <i>Pain</i> , 2015 , 156, 1440-1448	8	59
158	Test-retest reliability of the Hopelessness Scale and its items in a university population. <i>Journal of Clinical Psychology</i> , 1988 , 44, 40-3	2.8	58
157	Face Validity1		58

156	A two-year prospective study of psychache and its relationship to suicidality among high-risk undergraduates. <i>Journal of Clinical Psychology</i> , 2012 , 68, 1019-27	2.8	54
155	Response latency evidence for viewing personality traits as schema indicators. <i>Journal of Research in Personality</i> , 1992 , 26, 103-120	2.8	54
154	Combination of pregabalin with duloxetine for fibromyalgia: a randomized controlled trial. <i>Pain</i> , 2016 , 157, 1532-40	8	51
153	Psychache and suicide ideation among men who are homeless: a test of Shneidman's model. <i>Suicide and Life-Threatening Behavior</i> , 2012 , 42, 147-56	3.9	51
152	Differentiating Between Depression, Hopelessness, and Psychache in University Undergraduates. <i>Measurement and Evaluation in Counseling and Development</i> , 2009 , 42, 46-63	0.8	51
151	The NEO five-factor inventory in a Canadian context: Psychometric properties for a sample of university women. <i>Personality and Individual Differences</i> , 1994 , 17, 441-444	3.3	51
150	Psychache as a mediator in the relationship between perfectionism and suicidality.. <i>Journal of Counseling Psychology</i> , 2007 , 54, 51-61	3.6	50
149	A putatively general factor of personality (GFP) is not so general: A demonstration with the NEO PI-R. <i>Personality and Individual Differences</i> , 2012 , 52, 37-40	3.3	49
148	The inter-item standard deviation (ISD): An index that discriminates between conscientious and random responders. <i>Personality and Individual Differences</i> , 2015 , 84, 79-83	3.3	49
147	Longitudinal assessment of trait emotional intelligence: measurement invariance and construct continuity from late childhood to adolescence. <i>Psychological Assessment</i> , 2013 , 25, 1255-72	5.3	49
146	Socially desirable responding does moderate personality scale validity both in experimental and in nonexperimental contexts.. <i>Canadian Journal of Behavioural Science</i> , 2007 , 39, 184-201	5.6	46
145	Response Bias, Malingering, and Impression Management 2015 , 16-43		44
144	Reducing MMPI-2 defensiveness: the effect of specialized instructions on retest validity in a job applicant sample. <i>Journal of Personality Assessment</i> , 1997 , 68, 385-401	2.8	44
143	Do response time limitations counteract the effect of faking on personality inventory validity?. <i>Journal of Personality and Social Psychology</i> , 2001 , 81, 160-169	6.5	44
142	Suicide, hopelessness, and social desirability: A test of an interactive model.. <i>Journal of Consulting and Clinical Psychology</i> , 1989 , 57, 500-504	6.5	44
141	The construct of social desirability: one or two dimensions?. <i>Personality and Individual Differences</i> , 2003 , 34, 1015-1023	3.3	43
140	Incremental Validity of Response Latencies for Detecting Fakers on a Personality Test. <i>Journal of Research in Personality</i> , 1995 , 29, 362-372	2.8	43
139	Relative efficacy of differential response latencies for detecting faking on a self-report measure of psychopathology.. <i>Psychological Assessment</i> , 1992 , 4, 170-173	5.3	43

138	Are some motives more linked to suicide proneness than others?. <i>Journal of Clinical Psychology</i> , 1998 , 54, 569-76	2.8	41
137	Coping, meaning in life, and suicidal manifestations: Examining gender differences*. <i>Journal of Clinical Psychology</i> , 2003 , 59, 1133-1150	2.8	41
136	Psychological Pain in Suicidality: A Meta-Analysis. <i>Journal of Clinical Psychiatry</i> , 2018 , 79,	4.6	41
135	Socially desirable responding in personality assessment: Not necessarily faking and not necessarily substance. <i>Personality and Individual Differences</i> , 2010 , 49, 446-450	3.3	40
134	Suicide risk screening: Comparing the Beck Depression Inventory-II, Beck Hopelessness Scale, and Psychache Scale in undergraduates. <i>Psychological Assessment</i> , 2015 , 27, 1500-6	5.3	39
133	The Personal Acquaintance Measure: a tool for appraising one's acquaintance with any person. <i>Journal of Personality and Social Psychology</i> , 2006 , 90, 833-47	6.5	39
132	Structured psychopathological test item characteristics and validity.. <i>Psychological Assessment</i> , 1990 , 2, 35-40	5.3	39
131	The general factor of personality is very robust under faking conditions. <i>Personality and Individual Differences</i> , 2019 , 138, 63-68	3.3	39
130	A five-month longitudinal study of psychache and suicide ideation: replication in general and high-risk university students. <i>Suicide and Life-Threatening Behavior</i> , 2013 , 43, 611-20	3.9	37
129	Underestimating the effects of faking on the validity of self-report personality scales. <i>Personality and Individual Differences</i> , 2008 , 44, 311-321	3.3	37
128	The impact of therapy on quality of life and mood in neuropathic pain: what is the effect of pain reduction?. <i>Anesthesia and Analgesia</i> , 2006 , 102, 1473-9	3.9	37
127	A confirmatory evaluation of the profile of mood states: Convergent and discriminant item validity. <i>Journal of Psychopathology and Behavioral Assessment</i> , 1985 , 7, 243-259	2	37
126	Factorial Differentiation Among Depression, Hopelessness, and Psychache in Statistically Predicting Suicidality. <i>Measurement and Evaluation in Counseling and Development</i> , 2013 , 46, 50-63	0.8	35
125	Differentiating suicidal motivations and manifestations in a nonclinical population.. <i>Canadian Journal of Behavioural Science</i> , 1997 , 29, 266-274	5.6	35
124	Testing Models Relating Rejection, Depression, Interpersonal Needs, and Psychache to Suicide Risk in Nonclinical Individuals. <i>Journal of Clinical Psychology</i> , 2015 , 71, 994-1003	2.8	32
123	Response styles and faking on the Basic Personality Inventory.. <i>Journal of Consulting and Clinical Psychology</i> , 1986 , 54, 853-859	6.5	32
122	Comparing Different Methods for Implementing Parallel Analysis: A Practical Index of Accuracy. <i>Educational and Psychological Measurement</i> , 1993 , 53, 865-876	3.1	31
121	The Construct Heuristic Applied To The Measurement Of Psychopathology. <i>Multivariate Behavioral Research</i> , 1983 , 18, 37-46	2.3	31

120	Disguise and the structured self-report assessment of psychopathology: I. An analogue investigation.. <i>Journal of Consulting and Clinical Psychology</i> , 1985 , 53, 211-222	6.5	31
119	The Marlowe-Crowne Social Desirability Scale outperforms the BIDR Impression Management Scale for identifying fakers. <i>Journal of Research in Personality</i> , 2016 , 61, 80-86	2.8	30
118	Professional interviewers' trait inferential structures for diverse occupational groups. <i>Organizational Behavior and Human Performance</i> , 1982 , 29, 1-20		30
117	Factor analysis of the Beck Scale for Suicide Ideation with female suicide attempters. <i>Assessment</i> , 2005 , 12, 231-8	3.7	29
116	Clinical reliabilities and validities of the Basic Personality Inventory.. <i>Journal of Consulting and Clinical Psychology</i> , 1988 , 56, 766-768	6.5	29
115	Psychopathic traits and experimentally induced deception in self-report assessment. <i>Personality and Individual Differences</i> , 2006 , 41, 601-608	3.3	28
114	Subtlety, information, and faking effects in personality assessment. <i>Journal of Clinical Psychology</i> , 1981 , 37, 379-386	2.8	28
113	The importance of mental pain and physical dissociation in youth suicidality. <i>Journal of Trauma and Dissociation</i> , 2015 , 16, 322-39	2.8	27
112	Differentiating suicidal motivations and manifestations in a forensic sample.. <i>Canadian Journal of Behavioural Science</i> , 2003 , 35, 35-44	5.6	27
111	Comparisons among the Holden Psychological Screening Inventory (HPSI), the Brief Symptom Inventory (BSI), and the Balanced Inventory of Desirable Responding (BIDR). <i>Assessment</i> , 2000 , 7, 163-75	3.7	27
110	Self-report depressive symptoms do not directly predict suicidality in nonclinical individuals: Contributions toward a more psychosocial approach to suicide risk. <i>Death Studies</i> , 2016 , 40, 335-49	3.9	26
109	Response latency detection of fakers on personnel tests.. <i>Canadian Journal of Behavioural Science</i> , 1995 , 27, 343-355	5.6	26
108	The Vulvar Pain Assessment Questionnaire inventory. <i>Pain</i> , 2016 , 157, 2672-2686	8	25
107	Development of a Questionnaire Assessing School Physical Activity Environment. <i>Measurement in Physical Education and Exercise Science</i> , 2007 , 11, 93-107	1.9	24
106	The structure of the Reasons for Attempting Suicide Questionnaire (RASQ) in a nonclinical adult population. <i>Personality and Individual Differences</i> , 2000 , 29, 621-628	3.3	24
105	Testing Shneidman's model of suicidality in incarcerated offenders and in undergraduates. <i>Personality and Individual Differences</i> , 2010 , 49, 912-917	3.3	23
104	Clinical construct validity of the Holden Psychological Screening Inventory (HPSI). <i>Journal of Clinical Psychology</i> , 1992 , 48, 627-33	2.8	23
103	Assessing MMPI constructs through the measurement of response latencies. <i>Journal of Personality Assessment</i> , 1990 , 54, 469-78	2.8	23

102	Can personality test item response latencies have construct validity? Issues of reliability and convergent and discriminant validity. <i>Personality and Individual Differences</i> , 1993 , 15, 243-248	3.3	21
101	Desirability and Frequency of Endorsement Scale Values and Endorsement Proportions for Items of the Basic Personality Inventory. <i>Psychological Reports</i> , 1983 , 52, 619-633	1.6	21
100	The Multidimensionality of Person Reliability: Implications for Interpreting Individual Test Item Responses. <i>Educational and Psychological Measurement</i> , 1985 , 45, 119-130	3.1	20
99	Does psychache mediate the relationship between general distress and suicide ideation?. <i>Death Studies</i> , 2017 , 41, 241-245	3.9	19
98	The Relationship between female sexual arousal and response bias in women with and without provoked vestibulodynia. <i>Journal of Sex Research</i> , 2012 , 49, 519-32	4	19
97	Validity of the Basic Personality Inventory in a Correctional Setting. <i>Assessment</i> , 1997 , 4, 141-153	3.7	19
96	Psychopathy and the detection of faking on self-report inventories of personality. <i>Personality and Individual Differences</i> , 2006 , 41, 641-651	3.3	19
95	Factor Structure of the Reasons for Attempting Suicide Questionnaire (RASQ) with Suicide Attempters. <i>Journal of Psychopathology and Behavioral Assessment</i> , 2006 , 28, 1-8	2	19
94	A four-year longitudinal study examining psychache and suicide ideation in elevated-risk undergraduates: A test of Shneidman's model of suicidal behavior. <i>Journal of Clinical Psychology</i> , 2018 , 74, 1820-1832	2.8	19
93	Sensory and affective pain descriptors respond differentially to pharmacological interventions in neuropathic conditions. <i>Clinical Journal of Pain</i> , 2013 , 29, 124-31	3.5	18
92	Parental rejection, personality, and depression in the prediction of suicidality in a sample of nonclinical young adults.. <i>Psychoanalytic Psychology</i> , 2016 , 33, 554-570	1.7	17
91	When does random responding distort self-report personality assessment? An example with the NEO PI-R. <i>Personality and Individual Differences</i> , 2012 , 52, 15-20	3.3	17
90	Using hybrid Rasch-latent class modeling to improve the detection of fakers on a personality inventory. <i>Personality and Individual Differences</i> , 2009 , 47, 185-190	3.3	17
89	Multidimensional future time perspective as moderators of the relationships between suicide motivation, preparation, and its predictors. <i>Suicide and Life-Threatening Behavior</i> , 2013 , 43, 395-405	3.9	16
88	Psychometric properties of the Holden psychological screening inventory for a psychiatric offender sample. <i>Journal of Clinical Psychology</i> , 1995 , 51, 811-9	2.8	16
87	Clinical reliabilities and validities of the microcomputerized Basic Personality Inventory. <i>Journal of Clinical Psychology</i> , 1990 , 46, 845-9	2.8	16
86	Testing a Theory-Based Model of Suicidality in a Community Sample. <i>Omega: Journal of Death and Dying</i> , 2016 , 74, 119-137	1.6	15
85	Psychopathology and response styles in the SCL-90 responses of acutely distressed persons. <i>Journal of Psychopathology and Behavioral Assessment</i> , 1987 , 9, 135-148	2	15

84	The influence of response style on the Beck Hopelessness Scale.. <i>Canadian Journal of Behavioural Science</i> , 1983 , 15, 237-247	5.6	15
83	Associations between the Holden Psychological Screening Inventory and the NEO Five-Factor Inventory in a Nonclinical Sample. <i>Psychological Reports</i> , 1992 , 71, 1039-1042	1.6	14
82	Computerized versus standard administration of the Jenkins Activity Survey (Form T). <i>Journal of Human Stress</i> , 1987 , 13, 175-9		13
81	Assessing MMPI Constructs Through the Measurement of Response Latencies. <i>Journal of Personality Assessment</i> , 1990 , 54, 469-478	2.8	13
80	Self-Criticism, Neediness, and Distress in the Prediction of Suicide Ideation: Results from Cross-Sectional and Longitudinal Studies. <i>Journal of Psychology: Interdisciplinary and Applied</i> , 2018 , 152, 237-255	2.7	12
79	Portuguese Version of the Suicidal Behaviors Questionnaire-Revised. <i>European Journal of Psychological Assessment</i> , 2019 , 35, 190-195	2.2	12
78	Response latencies are alive and well for identifying fakers on a self-report personality inventory: A reconsideration of van Hooft and Born (2012). <i>Behavior Research Methods</i> , 2015 , 47, 1436-1442	6.1	11
77	Self-concealment and perfectionistic self-presentation in concealment of psychache and suicide ideation. <i>Personality and Individual Differences</i> , 2018 , 125, 56-61	3.3	11
76	Developments in the self-report assessment of personality and psychopathology in adults.. <i>Canadian Psychology</i> , 2009 , 50, 120-130	3.2	11
75	Experimental faking in self-reported psychopathology: unidimensional or multidimensional?. <i>Personality and Individual Differences</i> , 2003 , 35, 1107-1117	3.3	11
74	Relation of response set to observed suicide intent.. <i>Canadian Journal of Behavioural Science</i> , 1985 , 17, 359-368	5.6	11
73	Disguise and the structured self-report assessment of psychopathology: II. A clinical replication. <i>Journal of Clinical Psychology</i> , 1989 , 45, 583-6	2.8	10
72	Social Desirability1		10
71	Methodology for self-report of rest pain (or spontaneous pain) vs evoked pain in chronic neuropathic conditions: a prospective observational pilot study. <i>Pain Reports</i> , 2017 , 2, e587	3.5	9
70	The construct validity of differential response latencies in structured personality tests.. <i>Canadian Journal of Behavioural Science</i> , 1994 , 26, 104-120	5.6	9
69	Assessing psychache as a suicide risk variable: Data with the Portuguese version of the psychache scale. <i>Death Studies</i> , 2019 , 43, 527-533	3.9	9
68	Psychopathic Traits and the Cheater-Hawk Hypothesis. <i>Journal of Interpersonal Violence</i> , 2019 , 34, 3229-3251		9
67	Examining the Importance of Mental Pain and Physical Dissociation and the Fluid Nature of Suicidality in Young Suicide Attempters. <i>Omega: Journal of Death and Dying</i> , 2016 , 73, 159-173	1.6	8

66	The Vulvar Pain Assessment Questionnaire: Factor Structure, Preliminary Norms, Internal Consistency, and Test-Retest Reliability. <i>Journal of Sexual Medicine</i> , 2017 , 14, 1585-1596	1.1	8
65	Psychometric properties of MMPI factor scales. <i>Personality and Individual Differences</i> , 1991 , 12, 513-517	3.3	8
64	A clinical tool to predict adverse behaviour in children at the induction of anesthesia. <i>Canadian Journal of Anaesthesia</i> , 2014 , 61, 543-50	3	7
63	Personality inventory faking: A four-dimensional simulation of dissimulation. <i>Personality and Individual Differences</i> , 2005 , 39, 1307-1318	3.3	7
62	The Holden Psychological Screening Inventory in the prediction of Canadian Forces basic training outcome.. <i>Canadian Journal of Behavioural Science</i> , 2002 , 34, 104-110	5.6	7
61	Faking and its detection on the Holden Psychological Screening Inventory. <i>Psychological Reports</i> , 1995 , 76, 1235-40	1.6	7
60	Computer Program Exchange: PAR: Parallel Analysis Routine for Random Data Eigenvalue Estimation. <i>Applied Psychological Measurement</i> , 1989 , 13, 192-192	1.5	7
59	The construct validity of person reliability. <i>Personality and Individual Differences</i> , 1991 , 12, 69-77	3.3	7
58	Psychache Predicts Suicide Attempter Status Change in Students Starting University. <i>Suicide and Life-Threatening Behavior</i> , 2020 , 50, 668-678	3.9	6
57	Exposure to suicide in the family: Suicide risk and psychache in individuals who have lost a family member by suicide. <i>Journal of Clinical Psychology</i> , 2018 , 74, 407-417	2.8	6
56	Development of the Marital Self-disclosure Questionnaire (MSDQ). <i>Journal of Clinical Psychology</i> , 1998 , 54, 817-24	2.8	6
55	Criterion validity of the Holden Psychological Screening Inventory Social Symptomatology Scale in a prison sample.. <i>Psychological Assessment</i> , 2001 , 13, 249-253	5.3	6
54	Ice and fire: Two paths to provoked aggression. <i>Personality and Individual Differences</i> , 2019 , 138, 247-251	3.3	6
53	The moderating effect of gender on the relationship between coping and suicide risk in a Portuguese community sample of adults. <i>Journal of Mental Health</i> , 2017 , 26, 66-73	2.7	5
52	Personality test item validity: insights from self and other research and theory. <i>Personality and Individual Differences</i> , 1998 , 25, 103-117	3.3	5
51	Psychometric Properties of the Holden Psychological Screening Inventory in the U.S. Military. <i>Military Psychology</i> , 2000 , 12, 267-275	0.9	5
50	The Holden Psychological Screening Inventory and sexual efficacy in urological patients with erectile dysfunction. <i>Psychological Reports</i> , 1999 , 84, 255-8	1.6	5
49	Innovations in the Management of Musculoskeletal Pain With Alpha-Lipoic Acid (IMPALA Trial): Study protocol for a Double-Blind, Randomized, Placebo-Controlled Crossover Trial of Alpha-Lipoic Acid for the Treatment of Fibromyalgia Pain. <i>JMIR Research Protocols</i> , 2017 , 6, e41	2	5

48	Reliability and validation of the Hebrew Version of the Reasons for Attempting Suicide Questionnaire (RASQ-H) and its importance for mental pain. <i>Suicide and Life-Threatening Behavior</i> , 2014 , 44, 486-96	3.9	4
47	Associations between the Holden Psychological Screening Inventory and the Personality Assessment Screener in a nonclinical sample. <i>Psychological Reports</i> , 2001 , 88, 1005-11	1.6	4
46	The effects of anonymity on the Holden Psychological Screening Inventory. <i>Personality and Individual Differences</i> , 1999 , 27, 737-742	3.3	4
45	Double-blind, randomized, placebo-controlled crossover trial of alpha-lipoic acid for the treatment of fibromyalgia pain: the IMPALA trial. <i>Pain</i> , 2021 , 162, 561-568	8	4
44	Psychological pain and suicidal ideation in undergraduates: The role of pain avoidance. <i>Death Studies</i> , 2020 , 44, 375-378	3.9	4
43	Invalidating childhood environments and nonsuicidal self-injury in university students: Depression and mental pain as potential mediators. <i>Journal of Clinical Psychology</i> , 2021 , 77, 722-731	2.8	4
42	Stability and Change in Trait Emotional Intelligence in Emerging Adulthood: A Four-Year Population-Based Study. <i>Journal of Personality Assessment</i> , 2021 , 103, 57-66	2.8	4
41	Response surface modeling of how love mitigates the association between a need to belong and suicidality. <i>Personality and Individual Differences</i> , 2018 , 134, 210-213	3.3	4
40	Response patterns for the identification of fakers: Detecting drifting dissimulators. <i>Personality and Individual Differences</i> , 2017 , 108, 195-199	3.3	3
39	Dimensionality of Suicide Behaviors: Results within Two Samples from Two Different Countries. <i>Omega: Journal of Death and Dying</i> , 2021 , 84, 194-211	1.6	3
38	The multidimensionality of suicide risk factors and criteria in a nonclinical population: Replication across two countries and two languages. <i>International Journal of Psychology</i> , 2020 , 55, 926-935	1.9	3
37	A survey of medication preparation and administration practices among members of the Canadian Anesthesiologists' Society. <i>Canadian Journal of Anaesthesia</i> , 2018 , 65, 1100-1109	3	3
36	Avoidance of psychological pain and suicidal ideation in community samples: Replication across two countries and two languages. <i>Journal of Clinical Psychology</i> , 2019 , 75, 2160-2168	2.8	3
35	Use of item ratings to examine personality test item cognitive response processes. <i>Personality and Individual Differences</i> , 1996 , 21, 897-905	3.3	3
34	ASSOCIATIONS BETWEEN THE HOLDEN PSYCHOLOGICAL SCREENING INVENTORY AND THE PERSONALITY ASSESSMENT SCREENER IN A NONCLINICAL SAMPLE. <i>Psychological Reports</i> , 2001 , 88, 1005	1.6	3
33	Assessing Psychopathology Using the Basic Personality Inventory: Rationale and Applications 1992 , 165-199		3
32	Do response time limitations counteract the effect of faking on personality inventory validity?. <i>Journal of Personality and Social Psychology</i> , 2001 , 81, 160-9	6.5	3
31	Differentiating conscientious from indiscriminate responders in existing NEO-Five Factor Inventory-3 data. <i>Journal of Research in Personality</i> , 2019 , 81, 127-137	2.8	2
