| #   | Paper                                                                                                                                                                                                                         | IF   | Citations |
|-----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|-----------|
| 284 | Ethnic variations in pathways to and use of specialist mental health services in the UK. Systematic review. <i>British Journal of Psychiatry</i> , <b>2003</b> , 182, 105-16                                                  | 5.4  | 301       |
| 283 | Changes in health in England, with analysis by English regions and areas of deprivation, 1990-2013: a systematic analysis for the Global Burden of Disease Study 2013. <i>Lancet, The</i> , <b>2015</b> , 386, 2257-74        | 4.0  | 231       |
| 282 | Cultural competence in mental health care: a review of model evaluations. <i>BMC Health Services Research</i> , <b>2007</b> , 7, 15                                                                                           | 2.9  | 223       |
| 281 | Traumatic events, migration characteristics and psychiatric symptoms among Somali refugees--preliminary communication. <i>Social Psychiatry and Psychiatric Epidemiology</i> , <b>2003</b> , 38, 35-43                        | 4.5  | 173       |
| 280 | Racism, psychosis and common mental disorder among ethnic minority groups in England. <i>Psychological Medicine</i> , <b>2005</b> , 35, 1795-803                                                                              | 6.9  | 155       |
| 279 | A synthesis of the evidence for managing stress at work: a review of the reviews reporting on anxiety, depression, and absenteeism. <i>Journal of Environmental and Public Health</i> , <b>2012</b> , 2012, 515874            | 2.6  | 135       |
| 278 | Racial/ethnic discrimination and common mental disorders among workers: findings from the EMPIRIC Study of Ethnic Minority Groups in the United Kingdom. <i>American Journal of Public Health</i> , <b>2005</b> , 95, 496-501 | 5.1  | 135       |
| 277 | WPA guidance on mental health and mental health care in migrants. <i>World Psychiatry</i> , <b>2011</b> , 10, 2-10                                                                                                            | 14.4 | 133       |
| 276 | Review of systematic reviews of non-pharmacological interventions to improve quality of life in cancer survivors. <i>BMJ Open</i> , <b>2017</b> , 7, e015860                                                                  | 3    | 132       |
| 275 | Mental disorders among Somali refugees: developing culturally appropriate measures and assessing socio-cultural risk factors. <i>Social Psychiatry and Psychiatric Epidemiology</i> , <b>2006</b> , 41, 400-8                 | 4.5  | 118       |
| 274 | Physical activity and depressive symptoms in adolescents: a prospective study. <i>BMC Medicine</i> , <b>2010</b> , 8, 32                                                                                                      | 11.4 | 100       |
| 273 | A global needs assessment in times of a global crisis: world psychiatry response to the COVID-19 pandemic. <i>BJPsych Open</i> , <b>2020</b> , 6, e48                                                                         | 5    | 83        |
| 272 | Ethnicity, social deprivation and psychological distress in adolescents: school-based epidemiological study in east London. <i>British Journal of Psychiatry</i> , <b>2004</b> , 185, 233-8                                   | 5.4  | 83        |
| 271 | A systematic review of personality disorder, race and ethnicity: prevalence, aetiology and treatment. <i>BMC Psychiatry</i> , <b>2010</b> , 10, 33                                                                            | 4.2  | 82        |
| 270 | A systematic review of pathways to and processes associated with radicalization and extremism amongst Muslims in Western societies. <i>International Review of Psychiatry</i> , <b>2015</b> , 27, 39-50                       | 3.6  | 81        |
| 269 | Is violent radicalisation associated with poverty, migration, poor self-reported health and common mental disorders?. <i>PLoS ONE</i> , <b>2014</b> , 9, e90718                                                               | 3.7  | 80        |
| 268 | Rates, risk factors & methods of self harm among minority ethnic groups in the UK: a systematic review. <i>BMC Public Health</i> , <b>2007</b> , 7, 336                                                                       | 4.1  | 80        |

|     |                                                                                                                                                                                                                                                                                           |      |    |
|-----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|----|
| 267 | Association between provision of mental illness beds and rate of involuntary admissions in the NHS in England 1988-2008: ecological study. <i>BMJ, The</i> , <b>2011</b> , 343, d3736                                                                                                     | 5.9  | 79 |
| 266 | Post-migration geographical mobility, mental health and health service utilisation among Somali refugees in the UK: a qualitative study. <i>Health and Place</i> , <b>2006</b> , 12, 503-15                                                                                               | 4.6  | 79 |
| 265 | Building Children's Resilience in the Face of Parental Mental Illness: Conversations with Children, Parents and Professionals Edited by Alan Cooklin and Gill Gorell Barnes Routledge. 2020. £29.99 (pb). 244 pp. ISBN 9780367183127. <i>BJPsych Bulletin</i> , <b>2021</b> , 45, 128-128 | 1.2  | 78 |
| 264 | Khat use and mental illness: a critical review. <i>Social Science and Medicine</i> , <b>2007</b> , 65, 309-18                                                                                                                                                                             | 5.1  | 77 |
| 263 | A systematic review of chronic fatigue, its syndromes and ethnicity: prevalence, severity, co-morbidity and coping. <i>International Journal of Epidemiology</i> , <b>2009</b> , 38, 1554-70                                                                                              | 7.8  | 76 |
| 262 | Might depression, psychosocial adversity, and limited social assets explain vulnerability to and resistance against violent radicalisation?. <i>PLoS ONE</i> , <b>2014</b> , 9, e105918                                                                                                   | 3.7  | 69 |
| 261 | Social support, ethnicity and mental health in adolescents. <i>Social Psychiatry and Psychiatric Epidemiology</i> , <b>2006</b> , 41, 755-60                                                                                                                                              | 4.5  | 66 |
| 260 | Racial discrimination, ethnicity and work stress. <i>Occupational Medicine</i> , <b>2007</b> , 57, 18-24                                                                                                                                                                                  | 2.1  | 64 |
| 259 | Ethnic variations in compulsory detention under the Mental Health Act: a systematic review and meta-analysis of international data. <i>Lancet Psychiatry, the</i> , <b>2019</b> , 6, 305-317                                                                                              | 23.3 | 62 |
| 258 | Migration experiences, employment status and psychological distress among Somali immigrants: a mixed-method international study. <i>BMC Public Health</i> , <b>2012</b> , 12, 749                                                                                                         | 4.1  | 61 |
| 257 | Rates and risk factors by ethnic group for suicides within a year of contact with mental health services in England and Wales. <i>Psychiatric Services</i> , <b>2008</b> , 59, 414-20                                                                                                     | 3.3  | 60 |
| 256 | Perceptions of work stress causes and effective interventions in employees working in public, private and non-governmental organisations: a qualitative study. <i>BJPsych Bulletin</i> , <b>2016</b> , 40, 318-325                                                                        | 1.2  | 60 |
| 255 | Medical student attitudes about mental illness: does medical-school education reduce stigma?. <i>Academic Psychiatry</i> , <b>2012</b> , 36, 197-204                                                                                                                                      | 1.1  | 57 |
| 254 | Assessing the prevalence of depression in Punjabi and English primary care attenders: the role of culture, physical illness and somatic symptoms. <i>Transcultural Psychiatry</i> , <b>2004</b> , 41, 307-22                                                                              | 2.7  | 56 |
| 253 | Personality disorder: still the patients psychiatrists dislike?. <i>BJPsych Bulletin</i> , <b>2017</b> , 41, 12-17                                                                                                                                                                        | 1.2  | 55 |
| 252 | Suicide rates in people of South Asian origin in England and Wales: 1993-2003. <i>British Journal of Psychiatry</i> , <b>2008</b> , 193, 406-9                                                                                                                                            | 5.4  | 54 |
| 251 | Should there be separate psychiatric services for ethnic minority groups?. <i>British Journal of Psychiatry</i> , <b>2003</b> , 182, 10-2                                                                                                                                                 | 5.4  | 54 |
| 250 | A public health approach to understanding and preventing violent radicalization. <i>BMC Medicine</i> , <b>2012</b> , 10, 16                                                                                                                                                               | 11.4 | 53 |

|     |                                                                                                                                                                                                                       |      |    |
|-----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|----|
| 249 | Mental illness in Black and Asian ethnic minorities: pathways to care and outcomes. <i>Advances in Psychiatric Treatment</i> , <b>2002</b> , 8, 26-33                                                                 |      | 53 |
| 248 | Relationship between service ecology, special observation and self-harm during acute in-patient care: City-128 study. <i>British Journal of Psychiatry</i> , <b>2008</b> , 193, 395-401                               | 5.4  | 52 |
| 247 | Ethnicity and religious coping with mental distress. <i>Journal of Mental Health</i> , <b>2008</b> , 17, 141-151                                                                                                      | 2.7  | 49 |
| 246 | Homelessness and mental illness: a literature review and a qualitative study of perceptions of the adequacy of care. <i>International Journal of Social Psychiatry</i> , <b>2006</b> , 52, 152-65                     | 8.5  | 49 |
| 245 | Cultural identity, acculturation, and mental health among adolescents in east London's multiethnic community. <i>Journal of Epidemiology and Community Health</i> , <b>2005</b> , 59, 296-302                         | 5.1  | 49 |
| 244 | Ethnicity, socio-economic status, overweight and underweight in East London adolescents. <i>Ethnicity and Health</i> , <b>2005</b> , 10, 113-28                                                                       | 2.2  | 49 |
| 243 | Variation in compulsory psychiatric inpatient admission in England: a cross-classified, multilevel analysis. <i>Lancet Psychiatry</i> , <b>2017</b> , 4, 619-626                                                      | 23.3 | 46 |
| 242 | Where next for understanding race/ethnic inequalities in severe mental illness? Structural, interpersonal and institutional racism. <i>Sociology of Health and Illness</i> , <b>2020</b> , 42, 262-276                | 3    | 46 |
| 241 | Consequences of 9/11 and the war on terror on children's and young adult's mental health: a systematic review of the past 10 years. <i>Clinical Child Psychology and Psychiatry</i> , <b>2015</b> , 20, 173-93        | 2    | 44 |
| 240 | How do adolescents talk about self-harm: a qualitative study of disclosure in an ethnically diverse urban population in England. <i>BMC Public Health</i> , <b>2013</b> , 13, 572                                     | 4.1  | 42 |
| 239 | Quality of life, psychological wellbeing and treatment needs of trauma and head and neck cancer patients. <i>British Journal of Oral and Maxillofacial Surgery</i> , <b>2014</b> , 52, 513-7                          | 1.4  | 41 |
| 238 | Causal explanations of distress and general practitioners' assessments of common mental disorder among punjabi and English attendees. <i>Social Psychiatry and Psychiatric Epidemiology</i> , <b>2002</b> , 37, 38-45 | 4.5  | 41 |
| 237 | Which pathways to psychiatric care lead to earlier treatment and a shorter duration of first-episode psychosis?. <i>BMC Psychiatry</i> , <b>2014</b> , 14, 72                                                         | 4.2  | 40 |
| 236 | A systematic review on the relationship between mental health, radicalization and mass violence. <i>European Psychiatry</i> , <b>2019</b> , 56, 51-59                                                                 | 6    | 40 |
| 235 | South Asian older adults with memory impairment: improving assessment and access to dementia care. <i>International Journal of Geriatric Psychiatry</i> , <b>2015</b> , 30, 345-56                                    | 3.9  | 37 |
