#	ARTICLE	IF	CITATIONS
1	Time to diagnosis in young-onset dementia and its determinants: the INSPIRED study. <i>International Journal of Geriatric Psychiatry</i> , 2016, 31, 1217-1224.	2.7	128
2	What does the general public understand about prevention and treatment of dementia? A systematic review of population-based surveys. <i>PLoS ONE</i> , 2018, 13, e0196085.	2.5	120
3	A systematic review of interventions to support the careers of women in academic medicine and other disciplines. <i>BMJ Open</i> , 2018, 8, e020380.	1.9	95
4	Why aren't people with young onset dementia and their supporters using formal services? Results from the INSPIRED study. <i>PLoS ONE</i> , 2017, 12, e0180935.	2.5	78
5	Antipsychotic Deprescription for Older Adults in Long-term Care: The HALT Study. <i>Journal of the American Medical Directors Association</i> , 2018, 19, 592-600.e7.	2.5	69
6	Approaches to Deprescribing Psychotropic Medications for Changed Behaviours in Long-Term Care Residents Living with Dementia. <i>Drugs and Aging</i> , 2019, 36, 125-136.	2.7	42
7	Costs and economic evaluations of Quality Improvement Collaboratives in healthcare: a systematic review. <i>BMC Health Services Research</i> , 2020, 20, 155.	2.2	40
8	Health Professional Perspectives on Rehabilitation for People With Dementia. <i>Gerontologist</i> , The, 2020, 60, 503-512.	3.9	35
9	Rehabilitation in dementia care. <i>Age and Ageing</i> , 2018, 47, 171-174.	1.6	33
10	Why deprescribing antipsychotics in older people with dementia in long-term care is not always successful: Insights from the HALT study. <i>International Journal of Geriatric Psychiatry</i> , 2019, 34, 1572-1581.	2.7	23
11	What is the role of modifiable environmental and lifestyle risk factors in young onset dementia?. <i>European Journal of Epidemiology</i> , 2016, 31, 107-124.	5.7	21
12	Halting Antipsychotic Use in Long-Term care (HALT): a single-arm longitudinal study aiming to reduce inappropriate antipsychotic use in long-term care residents with behavioral and psychological symptoms of dementia. <i>International Psychogeriatrics</i> , 2017, 29, 1391-1403.	1.0	20
13	Critical Contextual Elements in Facilitating and Achieving Success with a Person-Centred Care Intervention to Support Antipsychotic Deprescribing for Older People in Long-Term Care. <i>BioMed Research International</i> , 2018, 2018, 1-12.	1.9	19
14	The case for trauma-informed aged care. <i>International Journal of Geriatric Psychiatry</i> , 2020, 35, 425-429.	2.7	19
15	Non-Genetic Risk Factors for Degenerative and Vascular Young Onset Dementia: Results from the INSPIRED and KGOW Studies. <i>Journal of Alzheimer's Disease</i> , 2018, 62, 1747-1758.	2.6	18
16	Implementation of an evidence-based intervention to improve the wellbeing of people with dementia and their carers: study protocol for 'Care of People with dementia in their Environments (COPE)' in the Australian context. <i>BMC Geriatrics</i> , 2018, 18, 108.	2.7	18
17	Implementing a Reablement Intervention, 'Care of People With Dementia in Their Environments (COPE)' A Hybrid Implementation-Effectiveness Study. <i>Gerontologist</i> , The, 2021, 61, 965-976.	3.9	17
18	A call to action for the improved identification, diagnosis, treatment and care of people with young onset dementia. <i>Australian and New Zealand Journal of Psychiatry</i> , 2021, 55, 837-840.	2.3	16

#	ARTICLE	IF	CITATIONS
19	Factors associated with success in transition care services among older people in Australia. <i>BMC Geriatrics</i> , 2020, 20, 496.	2.7	15
20	Effect of Dementia on Outcomes After Surgically Treated Hip Fracture in Older Adults. <i>Journal of Arthroplasty</i> , 2021, 36, 3181-3186.e4.	3.1	13
21	How Did the COVID-19 Restrictions Impact People Living With Dementia and Their Informal Carers Within Community and Residential Aged Care Settings in Australia? A Qualitative Study. <i>Journal of Family Nursing</i> , 2022, 28, 205-218.	1.9	13
22	Modifiable risk factors for young onset dementia. <i>Current Opinion in Psychiatry</i> , 2019, 32, 138-143.	6.3	12
23	Ethnic disparities in the uptake of anti-dementia medication in young and late-onset dementia. <i>International Psychogeriatrics</i> , 2023, 35, 381-390.	1.0	12
24	Prolonged use of antipsychotic medications in long-term aged care in Australia: a snapshot from the HALT project. <i>International Psychogeriatrics</i> , 2020, 32, 335-345.	1.0	12
25	A pilot study on the feasibility of training nurses to formulate multicomponent oral health interventions in a residential aged care facility. <i>Gerodontology</i> , 2017, 34, 469-478.	2.0	11
26	Rehabilitation for people with dementia: a multi-method study examining knowledge and attitudes. <i>BMC Geriatrics</i> , 2020, 20, 531.	2.7	11
27	Cohort profile: Dementia in the Registry of Senior Australians. <i>BMJ Open</i> , 2021, 11, e039907.	1.9	11
28	Interventions to improve the oral health of people with dementia or cognitive impairment: A review of the literature. <i>Journal of Nutrition, Health and Aging</i> , 2017, 21, 874-886.	3.3	10
29	Dementia case ascertainment using aged care assessment data. <i>Australian and New Zealand Journal of Public Health</i> , 2020, 44, 517-518.	1.8	10
30	We need a model of health and aged care services that adequately supports Australians with dementia. <i>Medical Journal of Australia</i> , 2021, 214, 66.	1.7	10
31	Post-diagnosis young-onset dementia care in the National Disability Insurance Scheme. <i>Australian and New Zealand Journal of Psychiatry</i> , 2021, , 000486742110116.	2.3	10
32	Intimate Partner Violence and Risk for Mortality and Incident Dementia in Older Women. <i>Journal of Interpersonal Violence</i> , 2020, , 088626052094371.	2.0	8
33	What do health professionals need to know about young onset dementia? An international Delphi consensus study. <i>BMC Health Services Research</i> , 2022, 22, 14.	2.2	8
34	Improving adherence to guideline recommendations in dementia care through establishing a quality improvement collaborative of agents of change: an interrupted time series study. <i>Implementation Science Communications</i> , 2020, 1, 80.	2.2	6
35	Majority support for access to abortion care including later abortion in South Australia. <i>Australian and New Zealand Journal of Public Health</i> , 2020, 44, 349-352.	1.8	6
36	People with young-onset dementia and their families experience distinctive impacts of the COVID-19 pandemic and associated restrictions. <i>International Psychogeriatrics</i> , 2021, 33, 839-841.	1.0	6

#	ARTICLE	IF	CITATIONS
37	A qualitative 5-country comparison of the perceived impacts of COVID-19 on people living with dementia and unpaid carers. <i>BMC Geriatrics</i> , 2022, 22, 116.	2.7	6
38	Agents of change: establishing quality improvement collaboratives to improve adherence to Australian clinical guidelines for dementia care. <i>Implementation Science</i> , 2018, 13, 123.	6.9	5
39	Post-diagnostic allied health interventions for people with dementia in Australia: a spotlight on current practice. <i>BMC Research Notes</i> , 2019, 12, 559.	1.4	5
40	Impact of Historical Intimate Partner Violence on Wellbeing and Risk for Elder Abuse in Older Women. <i>American Journal of Geriatric Psychiatry</i> , 2021, 29, 930-940.	1.2	5
41	Goal setting for people with mild cognitive impairment or dementia in rehabilitation: A scoping review. <i>Australian Occupational Therapy Journal</i> , 2021, 68, 563-592.	1.1	5
42	Trauma-informed care in geriatric inpatient units to improve staff skills and reduce patient distress: a co-designed study protocol. <i>BMC Geriatrics</i> , 2021, 21, 492.	2.7	5
43	“I’d rather die in the middle of a street”: Perceptions and expectations of aged care among Forgotten Australians. <i>Australasian Journal on Ageing</i> , 2021, 40, 168-176.	0.9	5
44	Age of Symptom Onset and Longitudinal Course of Sporadic Alzheimer’s Disease, Frontotemporal Dementia, and Vascular Dementia: A Systematic Review and Meta-Analysis. <i>Journal of Alzheimer’s Disease</i> , 2022, 85, 1819-1833.	2.6	5
45	Government-subsidised mental health services are underused in Australian residential aged care facilities. <i>Australian Health Review</i> , 2022, 46, 432-441.	1.1	5
46	Delivering Trauma-Informed Care in a Hospital Ward for Older Adults With Dementia: An Illustrative Case Series. <i>Frontiers in Rehabilitation Sciences</i> , 0, 3, .	1.2	5
47	Perspectives of professionals on the safety and accessibility of aged care for Care Leavers and Forgotten Australians. <i>Australasian Journal on Ageing</i> , 2021, , .	0.9	4
48	Using data linkage for national surveillance of clinical quality indicators for dementia care among Australian aged care users. <i>Scientific Reports</i> , 2021, 11, 10674.	3.3	4
49	How, why and under what circumstances does a quality improvement collaborative build knowledge and skills in clinicians working with people with dementia? A realist informed process evaluation. <i>BMJ Open Quality</i> , 2021, 10, e001147.	1.1	4
50	Primary and Secondary Care Related Quality Indicators for Dementia Care Among Australian Aged Care Users: National Trends, Risk Factors, and Variation. <i>Journal of Alzheimer’s Disease</i> , 2022, , 1-11.	2.6	3
51	Clustering and Additive Effects of Nongenetic Risk Factors in Non-“Autosomal-Dominant Degenerative and Vascular Young Onset Dementia. <i>Alzheimer Disease and Associated Disorders</i> , 2020, 34, 128-134.	1.3	2
52	Is there still a need for abortion-specific laws? The capacity of the health framework to regulate abortion care. <i>Alternative Law Journal</i> , 2021, 46, 141-148.	0.2	2
53	The use of technology by people with dementia and informal carers during COVID-19: a cross-country comparison. <i>International Psychogeriatrics</i> , 2021, 33, 25-26.	1.0	2
54	“Why Aren’t People with Young Onset Dementia and their Carers using Formal Services?”. <i>Alzheimer’s and Dementia</i> , 2016, 12, P281.	0.8	1
