#	ARTICLE	IF	CITATIONS
1	Zooming in and out: a holistic framework for research on maternal, late foetal and newborn survival and health. <i>Health Policy and Planning</i> , 2022, 37, 565-574.	2.7	3
2	Postnatal infection surveillance by telephone in Dar es Salaam, Tanzania: An observational cohort study. <i>PLoS ONE</i> , 2021, 16, e0254131.	2.5	2
3	Using the Robson classification to assess caesarean section rates in Brazil: an observational study of more than 24 million births from 2011 to 2017. <i>BMC Pregnancy and Childbirth</i> , 2021, 21, 589.	2.4	10
4	Critical comparative analysis of data sources toward understanding referral during pregnancy and childbirth: three perspectives from Nigeria. <i>BMC Health Services Research</i> , 2021, 21, 927.	2.2	9
5	Associations between cesarean delivery and child mortality: A national record linkage longitudinal study of 17.8 million births in Brazil. <i>PLoS Medicine</i> , 2021, 18, e1003791.	8.4	6
6	Covid-19: excess all cause mortality in domiciliary care. <i>BMJ</i> , The, 2020, 370, m2751.	6.0	8
7	Birth attendants'™ hand hygiene compliance in healthcare facilities in low and middle-income countries: a systematic review. <i>BMC Health Services Research</i> , 2020, 20, 1116.	2.2	7
8	Protecting hard-won gains for mothers and newborns in low-income and middle-income countries in the face of COVID-19: call for a service safety net. <i>BMJ Global Health</i> , 2020, 5, e002754.	4.7	66
9	Examining user fee reductions in public primary healthcare facilities in Kenya, 1997-2012: effects on the use and content of antenatal care. <i>International Journal for Equity in Health</i> , 2020, 19, 35.	3.5	9
10	Voices from the frontline: findings from a thematic analysis of a rapid online global survey of maternal and newborn health professionals facing the COVID-19 pandemic. <i>BMJ Global Health</i> , 2020, 5, e002967.	4.7	195
11	Too poor or too far? Partitioning the variability of hospital-based childbirth by poverty and travel time in Kenya, Malawi, Nigeria and Tanzania. <i>International Journal for Equity in Health</i> , 2020, 19, 15.	3.5	24
12	Childbirth care in Egypt: a repeat cross-sectional analysis using Demographic and Health Surveys between 1995 and 2014 examining use of care, provider mix and immediate postpartum care content. <i>BMC Pregnancy and Childbirth</i> , 2020, 20, 46.	2.4	8
13	Temporal and regional variations in use, equity and quality of antenatal care in Egypt: a repeat cross-sectional analysis using Demographic and Health Surveys. <i>BMC Pregnancy and Childbirth</i> , 2019, 19, 268.	2.4	5
14	Does facility birth reduce maternal and perinatal mortality in Brong Ahafo, Ghana? A secondary analysis using data on 119-244 pregnancies from two cluster-randomised controlled trials. <i>The Lancet Global Health</i> , 2019, 7, e1074-e1087.	6.3	76
15	Management and referral for high-risk conditions and complications during the antenatal period: knowledge, practice and attitude survey of providers in rural public healthcare in two states of India. <i>Reproductive Health</i> , 2019, 16, 100.	3.1	21
16	Provision of postpartum care to women giving birth in health facilities in sub-Saharan Africa: A cross-sectional study using Demographic and Health Survey data from 33 countries. <i>PLoS Medicine</i> , 2019, 16, e1002943.	8.4	44
17	Validating linkage of multiple population-based administrative databases in Brazil. <i>PLoS ONE</i> , 2019, 14, e0214050.	2.5	3
18	Methods to generate and validate a Pregnancy Register in the UK Clinical Practice Research Datalink primary care database. <i>Pharmacoepidemiology and Drug Safety</i> , 2019, 28, 923-933.	1.9	64

#	ARTICLE	IF	CITATIONS
19	Who assisted with the delivery of (NAME)? Issues in estimating skilled birth attendant coverage through population-based surveys and implications for improving global tracking. <i>BMJ Global Health</i> , 2019, 4, e001367.	4.7	18
20	A mixed methods analysis of factors affecting antenatal care content: A Syrian case study. <i>PLoS ONE</i> , 2019, 14, e0214375.	2.5	5
21	A new approach to assess the capability of health facilities to provide clinical care for sexual violence against women: a pilot study. <i>Health Policy and Planning</i> , 2019, 34, 92-101.	2.7	3
22	Initiation and continuity of maternal healthcare: examining the role of vouchers and user-fee removal on maternal health service use in Kenya. <i>Health Policy and Planning</i> , 2019, 34, 120-131.	2.7	24
23	Current realities versus theoretical optima: quantifying efficiency and sociospatial equity of travel time to hospitals in low-income and middle-income countries. <i>BMJ Global Health</i> , 2019, 4, e001552.	4.7	10
24	Incidence of maternal peripartum infection: A systematic review and meta-analysis. <i>PLoS Medicine</i> , 2019, 16, e1002984.	8.4	74
25	Length of stay following vaginal deliveries: A population based study in the Friuli Venezia Giulia region (North-Eastern Italy), 2005-2015. <i>PLoS ONE</i> , 2019, 14, e0204919.	2.5	13
26	Incidence of maternal peripartum infection: A systematic review and meta-analysis. , 2019, 16, e1002984.		0
27	Incidence of maternal peripartum infection: A systematic review and meta-analysis. , 2019, 16, e1002984.		0
28	Incidence of maternal peripartum infection: A systematic review and meta-analysis. , 2019, 16, e1002984.		0
29	Incidence of maternal peripartum infection: A systematic review and meta-analysis. , 2019, 16, e1002984.		0
30	Incidence of maternal peripartum infection: A systematic review and meta-analysis. , 2019, 16, e1002984.		0
31	Prevalence of and factors associated with MDR <i>Neisseria gonorrhoeae</i> in England and Wales between 2004 and 2015: analysis of annual cross-sectional surveillance surveys. <i>Journal of Antimicrobial Chemotherapy</i> , 2018, 73, 923-932.	3.0	21
32	Early breastfeeding practices: Descriptive analysis of recent Demographic and Health Surveys. <i>Maternal and Child Nutrition</i> , 2018, 14, e12535.	3.0	48
33	Evaluating the impact of a maternal health voucher programme on service use before and after the introduction of free maternity services in Kenya: a quasi-experimental study. <i>BMJ Global Health</i> , 2018, 3, e000726.	4.7	18
34	Does supportive legislation guarantee access to pregnancy termination and postabortion care services? Findings from a facility census in Central Province, Zambia. <i>BMJ Global Health</i> , 2018, 3, e000897.	4.7	6
35	Delays in access to care for abortion-related complications: the experience of women in Northeast Brazil. <i>Cadernos De Saude Publica</i> , 2018, 34, e00168116.	1.0	8
36	Caesarean section provision and readiness in Tanzania: analysis of cross-sectional surveys of women and health facilities over time. <i>BMJ Open</i> , 2018, 8, e024216.	1.9	15

#	ARTICLE	IF	CITATIONS
37	Not just a number: examining coverage and content of antenatal care in low-income and middle-income countries. <i>BMJ Global Health</i> , 2018, 3, e000779.	4.7	150
38	Two decades of antenatal and delivery care in Uganda: a cross-sectional study using Demographic and Health Surveys. <i>BMC Health Services Research</i> , 2018, 18, 758.	2.2	56
39	Meeting need vs. sharing the market: a systematic review of methods to measure the use of private sector family planning and childbirth services in sub-Saharan Africa. <i>BMC Health Services Research</i> , 2018, 18, 699.	2.2	11
40	Comparison of spatial interpolation methods to create high-resolution poverty maps for low- and middle-income countries. <i>Journal of the Royal Society Interface</i> , 2018, 15, 20180252.	3.4	7
41	Support for UNRWA's survival. <i>Lancet, The</i> , 2018, 392, 1009-1010.	13.7	0
42	Effect of maternal age on facility-based delivery: analysis of first-order births in 34 countries of sub-Saharan Africa using demographic and health survey data. <i>BMJ Open</i> , 2018, 8, e020231.	1.9	26
43	Pregnant women who requested a "108" ambulance in two states of India. <i>BMJ Global Health</i> , 2018, 3, e000704.	4.7	4
44	Service readiness for inpatient care of small and sick newborns: what do we need and what can we measure now?. <i>Journal of Global Health</i> , 2018, 8, 010702.	2.7	29
45	Why not? Understanding the spatial clustering of private facility-based delivery and financial reasons for homebirths in Nigeria. <i>BMC Health Services Research</i> , 2018, 18, 397.	2.2	9
46	Effect of maternal height on caesarean section and neonatal mortality rates in sub-Saharan Africa: An analysis of 34 national datasets. <i>PLoS ONE</i> , 2018, 13, e0192167.	2.5	21
47	Should I stay or should I go?: consistency and switching of delivery locations among new mothers in 39 Sub-Saharan African and South/Southeast Asian countries. <i>Health Policy and Planning</i> , 2017, 32, 1294-1308.	2.7	18
48	Where women go to deliver: understanding the changing landscape of childbirth in Africa and Asia. <i>Health Policy and Planning</i> , 2017, 32, 1146-1152.	2.7	105
49	A look back on how far to walk: Systematic review and meta-analysis of physical access to skilled care for childbirth in Sub-Saharan Africa. <i>PLoS ONE</i> , 2017, 12, e0184432.	2.5	53
50	Measuring facility capability to provide routine and emergency childbirth care to mothers and newborns: An appeal to adjust for delivery caseload of facilities. <i>PLoS ONE</i> , 2017, 12, e0186515.	2.5	4
51	Signal functions for measuring the ability of health facilities to provide abortion services: an illustrative analysis using a health facility census in Zambia. <i>BMC Pregnancy and Childbirth</i> , 2016, 16, 105.	2.4	28
52	Length of Stay After Childbirth in 92 Countries and Associated Factors in 30 Low- and Middle-Income Countries: Compilation of Reported Data and a Cross-sectional Analysis from Nationally Representative Surveys. <i>PLoS Medicine</i> , 2016, 13, e1001972.	8.4	131
53	Measuring maternal, foetal and neonatal mortality: Challenges and solutions. <i>Best Practice and Research in Clinical Obstetrics and Gynaecology</i> , 2016, 36, 14-29.	2.8	30
54	What are the threats from antimicrobial resistance for maternity units in low- and middle- income countries?. <i>Global Health Action</i> , 2016, 9, 33381.	1.9	17

#	ARTICLE	IF	CITATIONS
55	Women's knowledge and attitudes surrounding abortion in Zambia: a cross-sectional survey across three provinces. <i>BMJ Open</i> , 2016, 6, e010076.	1.9	33
56	Maternal obesity and Caesarean delivery in sub-Saharan Africa. <i>Tropical Medicine and International Health</i> , 2016, 21, 879-885.	2.3	10
57	Incidence and risk factors for postpartum hemorrhage in Uganda. <i>Reproductive Health</i> , 2016, 13, 38.	3.1	84
58	Quality maternity care for every woman, everywhere: a call to action. <i>Lancet</i> , The, 2016, 388, 2307-2320.	13.7	332
59	The scale, scope, coverage, and capability of childbirth care. <i>Lancet</i> , The, 2016, 388, 2193-2208.	13.7	211
60	Autonomy dimensions and care seeking for delivery in Zambia; the prevailing importance of cluster-level measurement. <i>Scientific Reports</i> , 2016, 6, 22578.	3.3	8
61	Transport of pregnant women and obstetric emergencies in India: an analysis of the 108 ambulance service system data. <i>BMC Pregnancy and Childbirth</i> , 2016, 16, 318.	2.4	17
62	Family planning, antenatal and delivery care: cross-sectional survey evidence on levels of coverage and inequalities by public and private sector in 57 low- and middle-income countries. <i>Tropical Medicine and International Health</i> , 2016, 21, 486-503.	2.3	42
63	Who Delivers without Water? A Multi Country Analysis of Water and Sanitation in the Childbirth Environment. <i>PLoS ONE</i> , 2016, 11, e0160572.	2.5	23
64	Who, What, Where: an analysis of private sector family planning provision in 57 low- and middle-income countries. <i>Tropical Medicine and International Health</i> , 2015, 20, 1639-1656.	2.3	41
65	Losing women along the path to safe motherhood: why is there such a gap between women's use of antenatal care and skilled birth attendance? A mixed methods study in northern Uganda. <i>BMC Pregnancy and Childbirth</i> , 2015, 15, 287.	2.4	106
66	Effectiveness and safety of misoprostol distributed to antenatal women to prevent postpartum haemorrhage after child-births: a stepped-wedge cluster-randomized trial. <i>BMC Pregnancy and Childbirth</i> , 2015, 15, 315.	2.4	17
67	Socio-economic inequalities in curative health-seeking for children in Egypt: analysis of the 2008 Demographic and Health Survey. <i>BMC Health Services Research</i> , 2015, 15, 482.	2.2	11
68	The role of the private sector in the provision of antenatal care: a study of Demographic and Health Surveys from 46 low- and middle-income countries. <i>Tropical Medicine and International Health</i> , 2015, 20, 230-239.	2.3	28
69	Role of the private sector in childbirth care: cross-sectional survey evidence from 57 low- and middle-income countries using Demographic and Health Surveys. <i>Tropical Medicine and International Health</i> , 2015, 20, 1657-1673.	2.3	42
70	What do Indian children drink when they do not receive water? Statistical analysis of water and alternative beverage consumption from the 2005-2006 Indian National Family Health Survey. <i>BMC Public Health</i> , 2015, 15, 612.	2.9	5
71	A mediation approach to understanding socio-economic inequalities in maternal health-seeking behaviours in Egypt. <i>BMC Health Services Research</i> , 2015, 15, 1.	2.2	512
72	Food Price Spikes Are Associated with Increased Malnutrition among Children in Andhra Pradesh, India. <i>Journal of Nutrition</i> , 2015, 145, 1942-1949.	2.9	25

#	ARTICLE	IF	CITATIONS
73	Getting the basic rights – the role of water, sanitation and hygiene in maternal and reproductive health: a conceptual framework. <i>Tropical Medicine and International Health</i> , 2015, 20, 252-267.	2.3	66
74	Socio-Economic Gradients in Maternal and Child Health-Seeking Behaviours in Egypt: Systematic Literature Review and Evidence Synthesis. <i>PLoS ONE</i> , 2014, 9, e93032.	2.5	13
75	Do Girls Have a Nutritional Disadvantage Compared with Boys? Statistical Models of Breastfeeding and Food Consumption Inequalities among Indian Siblings. <i>PLoS ONE</i> , 2014, 9, e107172.	2.5	62
76	Haemoglobin status and predictors of anaemia among pregnant women in Mpigi, Uganda. <i>BMC Research Notes</i> , 2014, 7, 712.	1.4	55
77	Impact of user fees on maternal health service utilization and related health outcomes: a systematic review. <i>Health Policy and Planning</i> , 2014, 29, 137-150.	2.7	121
78	From Joint Thinking to Joint Action: A Call to Action on Improving Water, Sanitation, and Hygiene for Maternal and Newborn Health. <i>PLoS Medicine</i> , 2014, 11, e1001771.	8.4	53
79	The contribution of unimproved water and toilet facilities to pregnancy-related mortality in Afghanistan: analysis of the Afghan Mortality Survey. <i>Tropical Medicine and International Health</i> , 2014, 19, 1488-1499.	2.3	8
80	Systematic review and meta-analysis: association between water and sanitation environment and maternal mortality. <i>Tropical Medicine and International Health</i> , 2014, 19, 368-387.	2.3	110
81	Socio-economic factors associated with maternal health-seeking behaviours among women from poor households in rural Egypt. <i>International Journal for Equity in Health</i> , 2014, 13, 111.	3.5	19
82	The role of private providers in maternal health. <i>The Lancet Global Health</i> , 2014, 2, e133-e134.	6.3	3
83	Where There Is No Toilet: Water and Sanitation Environments of Domestic and Facility Births in Tanzania. <i>PLoS ONE</i> , 2014, 9, e106738.	2.5	33
84	Obstetric fistula in Southern Sudan: situational analysis and Key Informant Method to estimate prevalence. <i>BMC Pregnancy and Childbirth</i> , 2013, 13, 64.	2.4	9
85	Maternal underweight and child growth and development – Authors' reply. <i>Lancet, The</i> , 2013, 381, 627.	13.7	0
86	The effectiveness of birth plans in increasing use of skilled care at delivery and postnatal care in rural Tanzania: a cluster randomised trial. <i>Tropical Medicine and International Health</i> , 2013, 18, 435-443.	2.3	56
87	Acute Maternal Infection and Risk of Pre-Eclampsia: A Population-Based Case-Control Study. <i>PLoS ONE</i> , 2013, 8, e73047.	2.5	52
88	New Signal Functions to Measure the Ability of Health Facilities to Provide Routine and Emergency Newborn Care. <i>PLoS Medicine</i> , 2012, 9, e1001340.	8.4	106
89	Effect of vitamin A supplementation in women of reproductive age on cause-specific early and late infant mortality in rural Ghana: ObaapaVitA double-blind, cluster-randomised, placebo-controlled trial. <i>BMJ Open</i> , 2012, 2, e000658.	1.9	17
90	Effect of maternal obesity on neonatal death in sub-Saharan Africa: multivariable analysis of 27 national datasets. <i>Lancet, The</i> , 2012, 380, 1325-1330.	13.7	75

#	ARTICLE	IF	CITATIONS
91	Impact of Free Delivery Care on Health Facility Delivery and Insurance Coverage in Ghana's Brong Ahafo Region. PLoS ONE, 2012, 7, e49430.	2.5	114
92	Emergency obstetric care availability: a critical assessment of the current indicator. Tropical Medicine and International Health, 2012, 17, 2-8.	2.3	26
93	How twins differ: multiple pregnancy and the use of health care in the 2008 Nigeria Demographic and Health Survey. Tropical Medicine and International Health, 2012, 17, 637-645.	2.3	2
94	Reducing maternal mortality: better monitoring, indicators and benchmarks needed to improve emergency obstetric care. Research summary for policymakers. Tropical Medicine and International Health, 2012, 17, 694-696.	2.3	13
95	The Influence of Distance and Level of Service Provision on Antenatal Care Use in Rural Zambia. PLoS ONE, 2012, 7, e46475.	2.5	93
96	Distance to Care, Facility Delivery and Early Neonatal Mortality in Malawi and Zambia. PLoS ONE, 2012, 7, e52110.	2.5	111
