

# Bernard Silke

## List of Publications by Citations

**Source:** <https://exaly.com/author-pdf/6871825/bernard-silke-publications-by-citations.pdf>

**Version:** 2024-04-25

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
42	Serum potassium levels as an outcome determinant in acute medical admissions. <i>Clinical Medicine</i> , <b>2015</b> , 15, 239-43	1.9	31
41	Acute medical units: review of evidence. <i>European Journal of Internal Medicine</i> , <b>2011</b> , 22, 344-7	3.9	23
40	Blood cultures in emergency medical admissions: a key patient cohort. <i>European Journal of Emergency Medicine</i> , <b>2016</b> , 23, 38-43	2.3	20
39	High-sensitivity troponin as an outcome predictor in acute medical admissions. <i>Postgraduate Medical Journal</i> , <b>2014</b> , 90, 311-6	2	20
38	Social deprivation and hospital admission rates, length of stay and readmissions in emergency medical admissions. <i>European Journal of Internal Medicine</i> , <b>2015</b> , 26, 766-71	3.9	17
37	Deprivation index and dependency ratio are key determinants of emergency medical admission rates. <i>European Journal of Internal Medicine</i> , <b>2015</b> , 26, 709-13	3.9	13
36	Glucose as a risk predictor in acute medical emergency admissions. <i>Diabetes Research and Clinical Practice</i> , <b>2014</b> , 103, 119-26	7.4	12
35	Deprivation influences the emergency admission rate of ambulatory care sensitive conditions. <i>Clinical Medicine</i> , <b>2016</b> , 16, 119-23	1.9	12
34	Comparative influence of Acute Illness Severity and comorbidity on mortality. <i>European Journal of Internal Medicine</i> , <b>2020</b> , 72, 42-46	3.9	10
33	Factors associated with length of stay following an emergency medical admission. <i>European Journal of Internal Medicine</i> , <b>2015</b> , 26, 237-42	3.9	9
32	Emergency readmissions are substantially determined by acute illness severity and chronic debilitating illness: a single centre cohort study. <i>European Journal of Internal Medicine</i> , <b>2015</b> , 26, 12-7	3.9	9
31	Fifteen-year outcomes of an acute medical admission unit. <i>Irish Journal of Medical Science</i> , <b>2018</b> , 187, 1097-1105	1.9	8
30	Consultant experience as a determinant of outcomes in emergency medical admissions. <i>European Journal of Internal Medicine</i> , <b>2014</b> , 25, 151-5	3.9	8
29	Social deprivation, population dependency ratio and an extended hospital episode - Insights from acute medicine. <i>European Journal of Internal Medicine</i> , <b>2015</b> , 26, 714-9	3.9	8
28	Predicting Outcomes in Emergency Medical Admissions Using a Laboratory Only Nomogram. <i>Computational and Mathematical Methods in Medicine</i> , <b>2017</b> , 2017, 5267864	2.8	7
27	Outcomes in acute medicine - Evidence from extended observations on readmissions, hospital length of stay and mortality outcomes. <i>European Journal of Internal Medicine</i> , <b>2019</b> , 66, 69-74	3.9	6
26	Hyponatraemia in Emergency Medical Admissions-Outcomes and Costs. <i>Journal of Clinical Medicine</i> , <b>2014</b> , 3, 1220-33	5.1	6

25	MRI in acutely ill medical patients in an Irish hospital: influence on outcomes and length of hospital stay. <i>Journal of the American College of Radiology</i> , <b>2014</b> , 11, 698-702	3.5	6
24	Time patterns in mortality after an emergency medical admission; relationship to weekday or weekend admission. <i>European Journal of Internal Medicine</i> , <b>2016</b> , 36, 44-49	3.9	6
23	Hyponatraemia during an emergency medical admission as a marker of illness severity & case complexity. <i>European Journal of Internal Medicine</i> , <b>2019</b> , 59, 60-64	3.9	6
22	Survival analysis of weekend emergency medical admissions. <i>QJM - Monthly Journal of the Association of Physicians</i> , <b>2017</b> , 110, 291-297	2.7	5
21	Effect of social deprivation on the admission rate and outcomes of adult respiratory emergency admissions. <i>Respiratory Medicine</i> , <b>2017</b> , 125, 94-101	4.6	5
20	Deprivation status and the hospital costs of an emergency medical admission. <i>European Journal of Internal Medicine</i> , <b>2017</b> , 46, 30-34	3.9	4
19	Factors predicting the hospital episode costs of emergency medical admissions. <i>European Journal of Internal Medicine</i> , <b>2014</b> , 25, 633-8	3.9	4
18	Persons with disability, social deprivation and an emergency medical admission. <i>Irish Journal of Medical Science</i> , <b>2018</b> , 187, 593-600	1.9	3
17	The Relationship Between Social Deprivation and a Weekend Emergency Medical Admission. <i>Acute Medicine</i> , <b>2016</b> , 15, 124-129	0.7	3
16	Hospital Readmissions - Independent Predictors of 30-day Readmissions derived from a 10 year Database. <i>Acute Medicine</i> , <b>2017</b> , 16, 4-9	0.7	3
15	The dynamics of the emergency medical readmission - The underlying fundamentals. <i>European Journal of Internal Medicine</i> , <b>2017</b> , 45, 78-83	3.9	2
14	Social Factors Determine the Emergency Medical Admission Workload. <i>Journal of Clinical Medicine</i> , <b>2017</b> , 6,	5.1	2
13	Pattern of Investigation Reflects Risk Profile in Emergency Medical Admissions. <i>Journal of Clinical Medicine</i> , <b>2015</b> , 4, 1113-25	5.1	2
12	Is there excessive troponin testing in clinical practice? Evidence from emergency medical admissions. <i>European Journal of Internal Medicine</i> , <b>2021</b> , 86, 48-53	3.9	2
11	Non-Specific Clinical Presentations are Not Prognostic and do not Anticipate Hospital Length of Stay or Resource Utilization. <i>European Journal of Internal Medicine</i> , <b>2021</b> , 87, 75-82	3.9	2
10	Relationship of the clinical acuity & complexity to the outcome of an emergency medical admission. <i>Acute Medicine</i> , <b>2018</b> , 17, 18-25	0.7	2
9	Air Quality and Hospital Outcomes in Emergency Medical Admissions with Respiratory Disease. <i>Toxics</i> , <b>2016</b> , 4,	4.7	1
8	Broadband access, housing and car ownership as deprivation predictors of the emergency medical admission. <i>European Journal of Internal Medicine</i> , <b>2016</b> , 35, e25-e26	3.9	1

7	Socio-economic status and the clinical acuity of emergency medical admissions. <i>Panminerva Medica</i> , <b>2018</b> , 60, 235-237	2	0
6	Lung function and outcomes in emergency medical admissions. <i>European Journal of Internal Medicine</i> , <b>2019</b> , 59, 34-38	3.9	0
5	Rising Emergency Admission and Readmission Rates-a Retrospective Study of Demographic and Socio-economic Factors. <i>Journal of General Internal Medicine</i> , <b>2018</b> , 33, 1623-1625	4	
4	Admission and readmission rate incidences from deprived areas-impact of a classical or multi-dimensional model. <i>Irish Journal of Medical Science</i> , <b>2019</b> , 188, 303-310	1.9	
3	Is troponin testing rather underestimated in clinic practice? Evidence from emergency medical admissions: Authors response. <i>European Journal of Internal Medicine</i> , <b>2021</b> , 90, 106	3.9	
2	Comment to: Non-specific clinical presentations are not prognostic and do not anticipate hospital length of stay or resource utilization: Author's reply. <i>European Journal of Internal Medicine</i> , <b>2021</b> , 91, 87	3.9	
1	The Relationship between Resource Utilization, Clinical Risk and Hospital Costs for Emergency Medical Admissions. <i>Acute Medicine</i> , <b>2016</b> , 15, 7-12	0.7
