#	ARTICLE	IF	CITATIONS
1	COVID-19 and resilience of healthcare systems in ten countries. <i>Nature Medicine</i> , 2022, 28, 1314-1324.	15.2	164
2	“A creeping phenomenon”: the association between rainfall and household food insecurity in the district of iLembe, KwaZulu-Natal. <i>Climate and Development</i> , 2021, 13, 128-138.	2.2	4
3	Coping through a drought: the association between child nutritional status and household food insecurity in the district of iLembe, South Africa. <i>Public Health Nutrition</i> , 2021, 24, 1052-1065.	1.1	12
4	Socio-economic Determinants of Increasing Household Food Insecurity during and after a Drought in the District of iLembe, South Africa. <i>Ecology of Food and Nutrition</i> , 2021, 60, 25-43.	0.8	7
5	Implementation and experiences of integrated prevention of mother-to-child transmission services in Tanzania, Malawi and South Africa: A mixed methods study. <i>Global Public Health</i> , 2021, 16, 201-215.	1.0	5
6	Understanding the influence of health systems on women’s experiences of Option B+: A meta-ethnography of qualitative research from sub-Saharan Africa. <i>Global Public Health</i> , 2021, 16, 167-185.	1.0	4
7	Exploring the evolution of policies for universal antiretroviral therapy and their implementation across three sub-Saharan African countries: Findings from the SHAPE study. <i>Global Public Health</i> , 2021, 16, 227-240.	1.0	4
8	Consequences of male partner engagement policies on HIV care-seeking in three African countries: Findings from the SHAPE UTT study. <i>Global Public Health</i> , 2021, 16, 216-226.	1.0	7
9	Influence of evolving HIV treatment guidance on CD4 counts and viral load monitoring: A mixed-methods study in three African countries. <i>Global Public Health</i> , 2021, 16, 288-304.	1.0	6
10	Investigating the implementation of differentiated HIV services and implications for pregnant and postpartum women: A mixed methods multi-country study. <i>Global Public Health</i> , 2021, 16, 274-287.	1.0	5
11	Healer-led vs. clinician-led training to improve personal protective equipment use among traditional healers in South Africa: a randomized controlled trial protocol. <i>Global Health Action</i> , 2021, 14, 1898131.	0.7	1
12	“We had to manage what we had on hand, in whatever way we could”: adaptive responses in policy for decentralized drug-resistant tuberculosis care in South Africa. <i>Health Policy and Planning</i> , 2021, 36, 249-259.	1.0	5
13	Determinants of Confidence in Overall Knowledge About COVID-19 Among Healthcare Workers in South Africa: Results From an Online Survey. <i>Frontiers in Public Health</i> , 2021, 9, 614858.	1.3	12
14	Undisclosed Antiretroviral Therapy Use at Primary Health Care Clinics in Rural KwaZulu Natal South Africa: A DO-ART Trial Sub-study. <i>AIDS and Behavior</i> , 2021, 25, 3695-3703.	1.4	9
15	Diverse clinical and social circumstances: developing patient-centred care for DR-TB patients in South Africa. <i>Public Health Action</i> , 2021, 11, 120-125.	0.4	5
16	HIV status alters disease severity and immune cell responses in Beta variant SARS-CoV-2 infection wave. <i>ELife</i> , 2021, 10, .	2.8	28
17	Understanding the health systems impacts of Universal Test and Treat in sub-Saharan Africa: The Shape UTT study. <i>Global Public Health</i> , 2021, 16, 161-166.	1.0	2
18	The political theatre of the UK’s travel ban on South Africa. <i>Lancet, The</i> , 2021, 398, 2211-2213.	6.3	37

#	ARTICLE	IF	CITATIONS
19	Are out-of-school adolescents at higher risk of adverse health outcomes? Evidence from 9 diverse settings in sub-Saharan Africa. <i>Tropical Medicine and International Health</i> , 2020, 25, 70-80.	1.0	16
20	The impact of continuous quality improvement on coverage of antenatal HIV care tests in rural South Africa: Results of a stepped-wedge cluster-randomised controlled implementation trial. <i>PLoS Medicine</i> , 2020, 17, e1003150.	3.9	13
21	Systems and implementation science should be part of the COVID-19 response in low resource settings. <i>BMC Medicine</i> , 2020, 18, 219.	2.3	11
22	Legislative landscape for traditional health practitioners in Southern African development community countries: a scoping review. <i>BMJ Open</i> , 2020, 10, e029958.	0.8	5
23	South African health professionals' state of well-being during the emergence of COVID-19. <i>South African Medical Journal</i> , 2020, 110, 956.	0.2	7
24	Multiple forms of discrimination and internalized stigma compromise retention in HIV care among adolescents: findings from a South African cohort. <i>Journal of the International AIDS Society</i> , 2020, 23, e25488.	1.2	48
25	Prioritising health research in KwaZulu-Natal: has the research conducted met the research needs?. <i>Health Research Policy and Systems</i> , 2020, 18, 32.	1.1	0
26	Drug-resistant tuberculosis patient care journeys in South Africa: a pilot study using routine laboratory data. <i>International Journal of Tuberculosis and Lung Disease</i> , 2020, 24, 83-91.	0.6	4
27	Geographical Accessibility to Glucose-6-Phosphate Dioxygenase Deficiency Point-of-Care Testing for Antenatal Care in Ghana. <i>Diagnostics</i> , 2020, 10, 229.	1.3	17
28	Title is missing!. , 2020, 17, e1003150.		0
29	Title is missing!. , 2020, 17, e1003150.		0
30	Title is missing!. , 2020, 17, e1003150.		0
31	Title is missing!. , 2020, 17, e1003150.		0
32	Title is missing!. , 2020, 17, e1003150.		0
33	Acceptability of HIV self-testing among men and women in KwaZulu-Natal, South Africa. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2019, 31, 186-192.	0.6	50
34	Feasibility of HIV self-testing: experiences of people seeking HIV testing in rural and urban KwaZulu-Natal, South Africa. <i>African Journal of AIDS Research</i> , 2019, 18, 115-122.	0.3	3
35	HIV self-testing as part of a differentiated HIV testing approach: exploring urban and rural adult experiences from KwaZulu-Natal, South Africa using a cross-over study design. <i>BMC Public Health</i> , 2019, 19, 53.	1.2	19
36	Food Security in the District of iLembe, KwaZulu-Natal: A Comparison of Coping Strategies between Urban and Rural Households. <i>Ecology of Food and Nutrition</i> , 2019, 58, 379-396.	0.8	8

#	ARTICLE	IF	CITATIONS
37	Repeat HIV testing practices in the era of HIV self-testing among adults in KwaZulu-Natal, South Africa. PLoS ONE, 2019, 14, e0212343.	1.1	11
38	Exploring factors that influence the integration of HIVST with HCT using a qualitative comparative cross-over design in KwaZulu-Natal, South Africa. Global Public Health, 2019, 14, 1275-1287.	1.0	9
39	Adapting the Coping Strategies Index to measure food insecurity in the rural district of iLembe, South Africa. Food, Culture & Society, 2019, 22, 95-110.	0.6	12
40	Personalized public health: An implementation research agenda for the HIV response and beyond. PLoS Medicine, 2019, 16, e1003020.	3.9	23
41	“He was no longer listening to me”: A qualitative study in six Sub-Saharan African countries exploring next-of-kin perspectives on caring following the death of a relative from AIDS. AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV, 2019, 31, 754-760.	0.6	2
42	The rebellious man: Next-of-kin accounts of the death of a male relative on antiretroviral therapy in sub-Saharan Africa. Global Public Health, 2019, 14, 1252-1263.	1.0	4
43	Implementing prevention policies for mother-to-child transmission of HIV in rural Malawi, South Africa and United Republic of Tanzania, 2013–2016. Bulletin of the World Health Organization, 2019, 97, 200-212.	1.5	14
44	Acceptability of HIV Self-Testing in Sub-Saharan Africa: Scoping Study. AIDS and Behavior, 2018, 22, 560-568.	1.4	86
45	The Hidden Curricula of Medical Education: A Scoping Review. Academic Medicine, 2018, 93, 648-656.	0.8	127
46	Benefits of health reform for households in rural South Africa following implementation of ward-based primary healthcare outreach teams: a qualitative inquiry. Global Health Action, 2018, 11, 1527666.	0.7	5
47	Traditional health practitioners and sustainable development: a case study in South Africa. Public Health, 2018, 165, 1-5.	1.4	8
48	Why do rural women in the most remote and poorest areas of Zambia predominantly attend only one antenatal care visit with a skilled provider? A qualitative inquiry. BMC Health Services Research, 2018, 18, 409.	0.9	14
49	Implementation of a community-based intervention in the most rural and remote districts of Zambia: a process evaluation of safe motherhood action groups. Implementation Science, 2018, 13, 74.	2.5	15
50	Navigating Multiple Sources of Healing in the Context of HIV/AIDS and Wide Availability of Antiretroviral Treatment: A Qualitative Study of Community Participants’ Perceptions and Experiences in Rural South Africa. Frontiers in Public Health, 2018, 6, 73.	1.3	9
51	HIV Treatment Substantially Decreases Hospitalization Rates: Evidence From Rural South Africa. Health Affairs, 2018, 37, 997-1004.	2.5	2
52	Evaluation of a community-based intervention to improve maternal and neonatal health service coverage in the most rural and remote districts of Zambia. PLoS ONE, 2018, 13, e0190145.	1.1	24
53	Where are we now? A multicountry qualitative study to explore access to pre-antiretroviral care services: a precursor to antiretroviral therapy initiation. Sexually Transmitted Infections, 2017, 93, e052970.	0.8	17
54	The relevance and role of homestays in medical education: a scoping study. Medical Education Online, 2017, 22, 1320185.	1.1	6

#	ARTICLE	IF	CITATIONS
55	Bottlenecks to HIV care and treatment in sub-Saharan Africa: a multi-country qualitative study. Sexually Transmitted Infections, 2017, 93, e053172.	0.8	27
56	“Side effects” are “central effects” that challenge retention in HIV treatment programmes in six sub-Saharan African countries: a multicountry qualitative study. Sexually Transmitted Infections, 2017, 93, e052971.	0.8	38
57	“I am treated well if I adhere to my HIV medication”: putting patient-provider interactions in context through insights from qualitative research in five sub-Saharan African countries. Sexually Transmitted Infections, 2017, 93, e052973.	0.8	22
58	Using theories of practice to understand HIV-positive persons varied engagement with HIV services: a qualitative study in six Sub-Saharan African countries. Sexually Transmitted Infections, 2017, 93, e052977.	0.8	30
59	Traditional health practitioners’ management of HIV/AIDS in rural South Africa in the era of widespread antiretroviral therapy. Global Health Action, 2017, 10, 1352210.	0.7	9
60	Changing forms of HIV-related stigma along the HIV care and treatment continuum in sub-Saharan Africa: a temporal analysis. Sexually Transmitted Infections, 2017, 93, e052975.	0.8	39
61	Understanding the relationship between couple dynamics and engagement with HIV care services: insights from a qualitative study in Eastern and Southern Africa. Sexually Transmitted Infections, 2017, 93, e052976.	0.8	21
62	HIV testing experiences and their implications for patient engagement with HIV care and treatment on the eve of “test and treat”: findings from a multicountry qualitative study. Sexually Transmitted Infections, 2017, 93, e052969.	0.8	26
63	Traditional healers, faith healers and medical practitioners: the contribution of medical pluralism to bottlenecks along the cascade of care for HIV/AIDS in Eastern and Southern Africa. Sexually Transmitted Infections, 2017, 93, e052974.	0.8	59
64	Predictors of Antenatal Care, Skilled Birth Attendance, and Postnatal Care Utilization among the Remote and Poorest Rural Communities of Zambia: A Multilevel Analysis. Frontiers in Public Health, 2017, 5, 11.	1.3	59
65	The perceived role of ward-based primary healthcare outreach teams in rural KwaZulu-Natal, South Africa. African Journal of Primary Health Care and Family Medicine, 2017, 9, e1-e5.	0.3	16
66	“It is better to die” experiences of traditional health practitioners within the HIV treatment as prevention trial communities in rural South Africa (ANRS 12249 TasP trial). AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV, 2016, 28, 24-32.	0.6	28
67	The role of traditional health practitioners in Rural KwaZulu-Natal, South Africa: generic or mode specific?. BMC Complementary and Alternative Medicine, 2016, 16, 304.	3.7	57
68	Barriers to Intrauterine Device Uptake in a Rural Setting in Ghana. Health Care for Women International, 2016, 37, 197-215.	0.6	43
69	Does treatment collection and observation each day keep the patient away? An analysis of the determinants of adherence among patients with Tuberculosis in South Africa. Health Policy and Planning, 2016, 31, 454-461.	1.0	11
70	“If you don’t take a stand for your life, who will help you?” Men’s engagement in HIV care in Kwazulu-Natal, South Africa.. Psychology of Men and Masculinity, 2016, 17, 265-273.	1.0	25
71	When development breeds contempt: case examples of community-driven health systems initiatives. Development in Practice, 2015, 25, 1120-1130.	0.6	3
72	Exploring the perceptions and experiences of community health workers using role identity theory. Global Health Action, 2015, 8, 28045.	0.7	48

#	ARTICLE	IF	CITATIONS
