| # | ARTICLE | IF | CITATIONS |
|----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1 | Six steps in quality intervention development (6SQulD). <i>Journal of Epidemiology and Community Health</i> , 2016, 70, 520-525. | 2.0 | 295 |
| 2 | Interventions with potential to reduce sedentary time in adults: systematic review and meta-analysis. <i>British Journal of Sports Medicine</i> , 2015, 49, 1056-1063. | 3.1 | 254 |
| 3 | Walking for depression or depressive symptoms: A systematic review and meta-analysis. <i>Mental Health and Physical Activity</i> , 2012, 5, 66-75. | 0.9 | 168 |
| 4 | A methodological systematic review of what's wrong with meta-ethnography reporting. <i>BMC Medical Research Methodology</i> , 2014, 14, 119. | 1.4 | 132 |
| 5 | Understanding what helps or hinders asthma action plan use: A systematic review and synthesis of the qualitative literature. <i>Patient Education and Counseling</i> , 2011, 85, e131-e143. | 1.0 | 121 |
| 6 | How information about other people's personal experiences can help with healthcare decision-making: A qualitative study. <i>Patient Education and Counseling</i> , 2011, 85, e291-e298. | 1.0 | 110 |
| 7 | Randomized controlled trial of gamma-linolenic acid and eicosapentaenoic acid in peripheral arterial disease. <i>Clinical Nutrition</i> , 1998, 17, 265-271. | 2.3 | 80 |
| 8 | How should we measure informed choice? The case of cancer screening. <i>Journal of Medical Ethics</i> , 2005, 31, 192-196. | 1.0 | 79 |
| 9 | Increasing informed uptake and non-uptake of screening: evidence from a systematic review. <i>Health Expectations</i> , 2001, 4, 116-130. | 1.1 | 71 |
| 10 | Physical Activity in South Asians: An In-Depth Qualitative Study to Explore Motivations and Facilitators. <i>PLoS ONE</i> , 2012, 7, e45333. | 1.1 | 71 |
| 11 | Patient perspectives on information and choice in cancer screening: A qualitative study in the UK. <i>Social Science and Medicine</i> , 2007, 65, 890-899. | 1.8 | 70 |
| 12 | Methods of synthesizing qualitative research studies for health technology assessment. <i>International Journal of Technology Assessment in Health Care</i> , 2011, 27, 384-390. | 0.2 | 68 |
| 13 | Alcohol intake as a risk factor for peripheral arterial disease in the general population in the Edinburgh Artery Study. <i>European Journal of Epidemiology</i> , 1995, 11, 9-14. | 2.5 | 56 |
| 14 | Physical activity for people with dementia: a scoping study. <i>BMC Geriatrics</i> , 2013, 13, 129. | 1.1 | 47 |
| 15 | Military veterans with mental health problems: a protocol for a systematic review to identify whether they have an additional risk of contact with criminal justice systems compared with other veterans groups. <i>Systematic Reviews</i> , 2012, 1, 53. | 2.5 | 37 |
| 16 | Cranberry Products and Prevention of Urinary Tract Infections. <i>JAMA - Journal of the American Medical Association</i> , 2013, 310, 1395. | 3.8 | 34 |
| 17 | The physiology of adolescent sexual behaviour: A systematic review. <i>Cogent Social Sciences</i> , 2017, 3, 1368858. | 0.5 | 34 |
| 18 | Assessing the unintended health impacts of road transport policies and interventions: translating research evidence for use in policy and practice. <i>BMC Public Health</i> , 2008, 8, 339. | 1.2 | 29 |

| # | ARTICLE | IF | CITATIONS |
|----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 19 | The "vicious cycle" of personalised asthma action plan implementation in primary care: a qualitative study of patients and health professionals' views. <i>BMC Family Practice</i> , 2015, 16, 145. | 2.9 | 29 |
| 20 | Developing novel evidence-based interventions to promote asthma action plan use: a cross-study synthesis of evidence from randomised controlled trials and qualitative studies. <i>Trials</i> , 2012, 13, 216. | 0.7 | 24 |
| 21 | Alcohol brief interventions in Scottish antenatal care: a qualitative study of midwives' attitudes and practices. <i>BMC Pregnancy and Childbirth</i> , 2014, 14, 170. | 0.9 | 24 |
| 22 | A realist evaluation of an antenatal programme to change drinking behaviour of pregnant women. <i>Midwifery</i> , 2015, 31, 965-972. | 1.0 | 24 |
| 23 | Understanding the Importance of Context: A Qualitative Study of a Location-Based Exergame to Enhance School Childrens Physical Activity. <i>PLoS ONE</i> , 2016, 11, e0160927. | 1.1 | 24 |
| 24 | Adolescents and health-related behaviour: using a framework to develop interventions to support positive behaviours. <i>Pilot and Feasibility Studies</i> , 2018, 4, 69. | 0.5 | 22 |
| 25 | Experiences of knowledge brokering for evidence-informed public health policy and practice: three years of the Scottish Collaboration for Public Health Research and Policy. <i>Evidence and Policy</i> , 2012, 8, 347-359. | 0.5 | 21 |
| 26 | Resource use and costs of elective surgery for asymptomatic abdominal aortic aneurysm. <i>European Journal of Vascular and Endovascular Surgery</i> , 1997, 14, 143-148. | 0.8 | 20 |
| 27 | A systematic review of adolescent physiological development and its relationship with health-related behaviour: a protocol. <i>Systematic Reviews</i> , 2016, 5, 3. | 2.5 | 19 |
| 28 | Does time matter? An investigation of knowledge and attitudes following blood transfusion training. <i>Nurse Education in Practice</i> , 2014, 14, 176-182. | 1.0 | 17 |
| 29 | Stakeholders' experiences of the public health research process: time to change the system?. <i>Health Research Policy and Systems</i> , 2020, 18, 83. | 1.1 | 17 |
| 30 | Realist evaluation of an enhanced health visiting programme. <i>PLoS ONE</i> , 2017, 12, e0180569. | 1.1 | 17 |
| 31 | Supporting the health and well-being of school-aged children through a school nurse programme: a realist evaluation. <i>BMC Health Services Research</i> , 2018, 18, 664. | 0.9 | 16 |
| 32 | Developing a reporting guideline to improve meta-ethnography in health research: the eMERGe mixed-methods study. <i>Health Services and Delivery Research</i> , 2019, 7, 1-116. | 1.4 | 16 |
| 33 | A qualitative study of independent fast food vendors near secondary schools in disadvantaged Scottish neighbourhoods. <i>BMC Public Health</i> , 2014, 14, 793. | 1.2 | 15 |
| 34 | Understanding what asthma plans mean: a linguistic analysis of terminology used in published texts. <i>Primary Care Respiratory Journal: Journal of the General Practice Airways Group</i> , 2011, 20, 170-177. | 2.5 | 14 |
| 35 | Risk Perceptions of Environmental Hazards and Human Reproduction: A Community-Based Survey. , 2012, 2012, 1-9. | | 13 |
| 36 | Length of hospital stay following elective abdominal aortic aneurysm repair. <i>European Journal of Vascular and Endovascular Surgery</i> , 1998, 16, 185-191. | 0.8 | 12 |

| # | ARTICLE | IF | CITATIONS |
|----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 37 | The Effect of the More Active MuMs in Stirling Trial on Body Composition and Psychological Well-Being among Postnatal Women. <i>Journal of Pregnancy</i> , 2016, 2016, 1-10. | 1.1 | 11 |
| 38 | Developing and refining a programme theory for understanding how twenty mile per hour speed limits impact health. <i>Journal of Transport and Health</i> , 2018, 10, 92-110. | 1.1 | 11 |
| 39 | Impact of UK colorectal cancer screening pilot on primary care. <i>British Journal of General Practice</i> , 2005, 55, 20-5. | 0.7 | 11 |
| 40 | Using evaluability assessment to assess local community development health programmes: a Scottish case-study. <i>BMC Medical Research Methodology</i> , 2017, 17, 70. | 1.4 | 10 |
| 41 | Interactions Between Health Professionals and Lesbian, Gay and Bisexual Patients in Healthcare Settings: A Systematic Review. <i>Journal of Homosexuality</i> , 2023, 70, 250-276. | 1.3 | 10 |
| 42 | Use of natural experimental studies to evaluate 20mph speed limits in two major UK cities. <i>Journal of Transport and Health</i> , 2021, 22, 101141. | 1.1 | 10 |
| 43 | Lipid lowering therapy in the treatment of lower limb atherosclerosis. <i>European Journal of Vascular and Endovascular Surgery</i> , 1998, 16, 5-6. | 0.8 | 9 |
| 44 | Recommendations by Queensland GPs to be more physically active: which patients were recommended which activities and what action they took. <i>Australian and New Zealand Journal of Public Health</i> , 2011, 35, 537-542. | 0.8 | 9 |
| 45 | A theory based evaluation of an intervention to promote positive health behaviors and reduce social isolation in people experiencing homelessness. <i>Journal of Social Distress and the Homeless</i> , 2019, 28, 158-168. | 0.7 | 9 |
| 46 | Seven key investments for health equity across the lifecourse: Scotland versus the rest of the UK. <i>Social Science and Medicine</i> , 2015, 140, 136-146. | 1.8 | 8 |
| 47 | Developing a taxonomy to characterise trusted adult support in the lives of adolescents. <i>Journal of Adolescence</i> , 2019, 76, 30-36. | 1.2 | 7 |
| 48 | Evaluating the citywide Edinburgh 20mph speed limit intervention effects on traffic speed and volume: A pre-post observational evaluation. <i>PLoS ONE</i> , 2021, 16, e0261383. | 1.1 | 6 |
| 49 | Socio-economic patterning of food and drink advertising at public transport stops in Edinburgh, UK. <i>Public Health Nutrition</i> , 2021, , 1-9. | 1.1 | 6 |
| 50 | The impact of a support centre for people with sensory impairment living in rural Scotland. <i>Primary Health Care Research and Development</i> , 2016, 17, 138-148. | 0.5 | 4 |
| 51 | How does physical activity benefit people living with dementia? A systematic review to identify the potential mechanisms of action. <i>Quality in Ageing and Older Adults</i> , 2021, 22, 3-25. | 0.4 | 4 |
| 52 | Cranberries for the prevention of urinary tract infections. <i>Nephrology</i> , 2013, 18, 388-389. | 0.7 | 3 |
| 53 | Stand Up for Health: programme theory for an intervention to reduce sedentary behaviour in contact centres. <i>Evaluation and Program Planning</i> , 2021, 89, 102002. | 0.9 | 3 |
| 54 | Experiences of knowledge brokering for evidence-informed public health, policy, and practice: 3 years of the Scottish Collaboration for Public Health Research and Policy. <i>Lancet, The</i> , 2012, 380, S39. | 6.3 | 2 |

| # | ARTICLE | IF | CITATIONS |
|----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 55 | 'Lifting the ban on alcohol at Scottish football matches: an own goal for public health progress?'. Journal of Public Health, 2014, 36, 178-179. | 1.0 | 2 |
| 56 | A novel research method for workshops and co-production of interventions: using a secret Facebook group. Pilot and Feasibility Studies, 2020, 6, 168. | 0.5 | 2 |
| 57 | Design, rationale and analysis plan for the Stand Up for Health trial in contact centres: a stepped wedge feasibility study. Pilot and Feasibility Studies, 2020, 6, 139. | 0.5 | 2 |
| 58 | Care home residents on the move: the significance of cultural context for physical activity. Ageing and Society, 2022, 42, 1899-1920. | 1.2 | 2 |
| 59 | Tweeting about twenty: an analysis of interest, public sentiments and opinion about 20mph speed restrictions in two UK cities. BMC Public Health, 2021, 21, 2016. | 1.2 | 2 |
| 60 | High-Risk Versus Population Prevention Strategies for NCDs: Geoffrey Rose Revisited in the Twenty-First Century. , 2013, , 3-19. | | 1 |
| 61 | Public Health May Not Be Ready for Health System Change “ But Neither Is the System Ready to Integrate Public Health. HealthcarePapers, 2013, 13, 77-83. | 0.2 | 1 |
| 62 | Letter of response to the commentary written by Dr Howell. Evidence-based Nursing, 2013, 16, 126-126. | 0.1 | 0 |
