| # | ARTICLE                                                                                                                                                                                    | IF  | CITATIONS |
|---|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1 | Neuropsychiatric Disorders Due to Limbic Encephalitis: Immunologic Aspect. International Journal of Molecular Sciences, 2021, 22, 389.                                                     | 4.1 | 14        |
| 2 | High Fat Diet Suppresses Peroxisome Proliferator-Activated Receptors and Reduces Dopaminergic Neurons in the Substantia Nigra. International Journal of Molecular Sciences, 2020, 21, 207. | 4.1 | 37        |
| 3 | Lipids and Alzheimer's Disease. International Journal of Molecular Sciences, 2020, 21, 1505.                                                                                               | 4.1 | 250       |
| 4 | Behavioral characteristics of autism spectrum disorder in very preterm birth children. Molecular Autism, 2019, 10, 32.                                                                     | 4.9 | 28        |
| 5 | miRNA-34c Overexpression Causes Dendritic Loss and Memory Decline. International Journal of Molecular Sciences, 2018, 19, 2323.                                                            | 4.1 | 25        |
