#	ARTICLE	IF	CITATIONS
1	Unidentified communication challenges in the intensive care unit: A qualitative study using multiple triangulations. <i>Australian Critical Care</i> , 2023, 36, 215-222.	0.6	10
2	Intensive care professionals' perspectives on dysphagia management: A focus group study. <i>Australian Critical Care</i> , 2023, 36, 528-535.	0.6	6
3	Rehabilitation interventions after traumatic brain injury: a scoping review. <i>Disability and Rehabilitation</i> , 2022, 44, 653-660.	0.9	17
4	Dysphagia in Intensive Care Evaluation (DICE): An International Cross-Sectional Survey. <i>Dysphagia</i> , 2022, 37, 1451-1460.	1.0	11
5	Development of a core outcome set for general intensive care unit patients: A protocol. <i>Acta Anaesthesiologica Scandinavica</i> , 2022, 66, 415-424.	0.7	5
6	Clinical application of "Sophia Observation withdrawal Symptoms" Paediatric Delirium screening tool in Danish version: A feasibility study. <i>Scandinavian Journal of Caring Sciences</i> , 2022, , .	1.0	3
7	Development of competencies for advanced nursing practice in intensive care units across Europe: A modified e-Delphi study. <i>Intensive and Critical Care Nursing</i> , 2022, 71, 103239.	1.4	13
8	"We can't do without it": Parent and call-handler experiences of video triage of children at a medical helpline. <i>PLoS ONE</i> , 2022, 17, e0266007.	1.1	7
9	STRONG for Surgery & Strong for Life " against all odds: intensive prehabilitation including smoking, nutrition, alcohol and physical activity for risk reduction in cancer surgery " a protocol for an RCT with nested interview study (STRONG-Cancer). <i>Trials</i> , 2022, 23, 333.	0.7	6
10	How parents express their worry in calls to a medical helpline: a mixed methods study. , 2022, 23, 80.		5
11	Development of a non-pharmacologic delirium management bundle in paediatric intensive care units. <i>Nursing in Critical Care</i> , 2022, 27, 867-876.	1.1	11
12	Effect of relatives' intensive care unit diaries on post traumatic stress in patients and relatives (DRIP-study): A mixed methods study. <i>Intensive and Critical Care Nursing</i> , 2021, 62, 102951.	1.4	5
13	Sleep and agitation during subacute traumatic brain injury rehabilitation: A scoping review. <i>Australian Critical Care</i> , 2021, 34, 76-82.	0.6	7
14	Risk factors for long-term cognitive impairment in ICU survivors: A multicenter, prospective cohort study. <i>Acta Anaesthesiologica Scandinavica</i> , 2021, 65, 92-99.	0.7	10
15	Socioeconomic inequality in telephone triage on triage response, hospitalization and 30-day mortality. <i>European Journal of Public Health</i> , 2021, 31, 703-705.	0.1	2
16	Does rocking motion calm delirious patients in ICU? A multicentre randomised clinical trial protocol (RockingICU). <i>Acta Anaesthesiologica Scandinavica</i> , 2021, 65, 995-1001.	0.7	0
17	Mastery of everyday life and social support needs in older vulnerable women with myocardial infarction and their relatives: a qualitative study. <i>European Journal of Cardiovascular Nursing</i> , 2021, 20, 641-647.	0.4	5
18	Elements of chaplaincy in Danish intensive care units: key-informant interviews with hospital chaplains. <i>Journal of Health Care Chaplaincy</i> , 2021, , 1-15.	0.7	1

#	ARTICLE	IF	CITATIONS
19	Skills, competencies, and policies for advanced practice critical care nursing in Europe: A scoping review. <i>Nurse Education in Practice</i> , 2021, 54, 103142.	1.0	21
20	Pharmacological and non-pharmacological interventions to prevent delirium in critically ill patients: a systematic review and network meta-analysis. <i>Intensive Care Medicine</i> , 2021, 47, 943-960.	3.9	54
21	Inclusion, delivery, assessment, and outcomes in longitudinal research on sleep disturbance and agitation in TBI-rehabilitation: lessons learned and future considerations. <i>Brain Injury</i> , 2021, 35, 1616-1623.	0.6	1
22	ICU Diaries. , 2021, , 71-81.		0
23	The effect of family-authored diaries on posttraumatic stress disorder in intensive care unit patients and their relatives: A randomised controlled trial (DRIP-study). <i>Australian Critical Care</i> , 2020, 33, 123-129.	0.6	42
24	Patient experience of necrotising soft-tissue infection from diagnosis to six months after intensive care unit stay: A qualitative content analysis. <i>Australian Critical Care</i> , 2020, 33, 187-192.	0.6	8
25	Trends and recommendations for critical care nursing research in the Nordic countries: Triangulation of review and survey data. <i>Intensive and Critical Care Nursing</i> , 2020, 56, 102765.	1.4	8
26	Experience of family function, family involvement, and self-management in adult patients with type 2 diabetes: A thematic analysis. <i>Journal of Advanced Nursing</i> , 2020, 76, 621-631.	1.5	10
27	The challenge of non-adherence to early rehabilitation after coronary artery bypass surgery: Secondary results from the SheppHeartCABG trial. <i>European Journal of Cardiovascular Nursing</i> , 2020, 19, 238-247.	0.4	7
28	Long-term patient-important outcomes after septic shock: A protocol for 1-year follow-up of the CLASSIC trial. <i>Acta Anaesthesiologica Scandinavica</i> , 2020, 64, 410-416.	0.7	5
29	Disease self-management in patients with moderate COPD: a thematic analysis. <i>European Clinical Respiratory Journal</i> , 2020, 7, 1762376.	0.7	5
30	Cognitive function and health-related quality of life 1 year after acute brain injury: An observational study. <i>Acta Anaesthesiologica Scandinavica</i> , 2020, 64, 1469-1476.	0.7	2
31	An ICU diary written by relatives: Who is it really written for?. <i>Intensive and Critical Care Nursing</i> , 2020, 57, 102813.	1.4	4
32	Narrative critical care: A literary analysis of first-person critical illness pathographies. <i>Journal of Critical Care</i> , 2020, 59, 194-200.	1.0	6
33	Danish general practitioners' management of patients with COPD: a nationwide survey. <i>Scandinavian Journal of Primary Health Care</i> , 2020, 38, 391-398.	0.6	5
34	Delirium prevalence and prevention in patients with acute brain injury: A prospective before-and-after intervention study. <i>Intensive and Critical Care Nursing</i> , 2020, 59, 102816.	1.4	15
35	Stimulated by insight: Exploration of critical care nurses' experience of research participation in a recovery programme for intensive care survivors. <i>Journal of Clinical Nursing</i> , 2020, 29, 1312-1322.	1.4	7
36	Influence of sedation on delirium recognition in critically ill patients: A multinational cohort study. <i>Australian Critical Care</i> , 2020, 33, 420-425.	0.6	14

#	ARTICLE	IF	CITATIONS
37	Report on the Third International Intensive Care Unit Diary Conference. <i>Critical Care Nurse</i> , 2020, 40, e18-e25.	0.5	17
38	Psychosocial interventions for reducing diabetes distress in vulnerable people with type 2 diabetes mellitus: a systematic review and meta-analysis. <i>Diabetes, Metabolic Syndrome and Obesity: Targets and Therapy</i> , 2019, Volume 12, 19-33.	1.1	39
39	Nurses' and physicians' approaches to delirium management in the intensive care unit: A focus group investigation. <i>Australian Critical Care</i> , 2019, 32, 299-305.	0.6	12
40	Elements of intensive care bereavement follow-up services: A European survey. <i>Nursing in Critical Care</i> , 2019, 24, 201-208.	1.1	14
41	Patients' perceptions of an intensive care unit diary written by relatives: A hermeneutic phenomenological study. <i>Intensive and Critical Care Nursing</i> , 2019, 55, 102751.	1.4	12
42	Spousal bereavement after fibrotic interstitial lung disease: A qualitative study. <i>Respiratory Medicine</i> , 2019, 146, 129-136.	1.3	7
43	Intervention fidelity in postintensive care follow-up consultations at ten sites in the RAPIT trial: A mixed-methods evaluation. <i>Journal of Advanced Nursing</i> , 2019, 75, 862-875.	1.5	3
44	Intensive care unit diaries: Developing a shared story strengthens relationships between critically ill patients and their relatives: A hermeneutic-phenomenological study. <i>International Journal of Nursing Studies</i> , 2019, 92, 90-96.	2.5	21
45	Structure and content of diaries written by close relatives for intensive care unit patients: A narrative approach (DRIP study). <i>Journal of Advanced Nursing</i> , 2019, 75, 1296-1305.	1.5	8
46	Reporting and interpreting missing health-related quality of life data in intensive care trials: Protocol for a systematic review. <i>Acta Anaesthesiologica Scandinavica</i> , 2019, 63, 796-801.	0.7	2
47	Caring for non-sedated mechanically ventilated patients in ICU: A qualitative study comparing perspectives of expert and competent nurses. <i>Intensive and Critical Care Nursing</i> , 2019, 52, 35-41.	1.4	24
48	Labour market attachment after mild traumatic brain injury: nationwide cohort study with 5-year register follow-up in Denmark. <i>BMJ Open</i> , 2019, 9, e026104.	0.8	21
49	Impact of caller's degree-of-worry on triage response in out-of-hours telephone consultations: a randomized controlled trial. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2019, 27, 44.	1.1	8
50	Negotiated mobilisation: An ethnographic exploration of nurse-patient interactions in an intensive care unit. <i>Journal of Clinical Nursing</i> , 2019, 28, 2329-2339.	1.4	18
51	Evidence characterising skills, competencies and policies in advanced practice critical care nursing in Europe: a scoping review protocol. <i>BMJ Open</i> , 2019, 9, e031504.	0.8	15
52	Interventions for preventing intensive care unit delirium in adults. <i>The Cochrane Library</i> , 2019, 2019, CD009783.	1.5	58
53	External Validation of Two Models to Predict Delirium in Critically Ill Adults Using Either the Confusion Assessment Method-ICU or the Intensive Care Delirium Screening Checklist for Delirium Assessment. <i>Critical Care Medicine</i> , 2019, 47, e827-e835.	0.4	19
54	Delirium assessment in neurocritically ill patients: A validation study. <i>Acta Anaesthesiologica Scandinavica</i> , 2019, 63, 352-359.	0.7	23

#	ARTICLE	IF	CITATIONS
55	Reprint of Recovery programme for ICU survivors has no effect on relatives' quality of life: Secondary analysis of the RAPIT-study. <i>Intensive and Critical Care Nursing</i> , 2019, 50, 111-117.	1.4	4
56	Patient Assessment of Family Function, Glycemic Control and Quality of Life in Adult Patients With Type 2 Diabetes and Incipient Complications. <i>Canadian Journal of Diabetes</i> , 2019, 43, 193-200.	0.4	15
57	Extent and application of patient diaries in Austria: process of continuing adaptation. <i>Nursing in Critical Care</i> , 2019, 24, 343-348.	1.1	13
58	Premorbid risk factors influencing labour market attachment after mild traumatic brain injury: a national register study with long-term follow-up. <i>BMJ Open</i> , 2019, 9, e027297.	0.8	1
59	Self-rated worry in acute care telephone triage: a mixed-methods study. <i>British Journal of General Practice</i> , 2018, 68, e197-e203.	0.7	22
60	Experiences and informational needs on sexual health in people with epilepsy or multiple sclerosis: A focus group investigation. <i>Journal of Clinical Nursing</i> , 2018, 27, 2868-2876.	1.4	11
61	Recovery programme for ICU survivors has no effect on relatives' quality of life: Secondary analysis of the RAPIT-study. <i>Intensive and Critical Care Nursing</i> , 2018, 47, 39-45.	1.4	14
62	Children's and young people's experiences of a parent's critical illness and admission to the intensive care unit: A qualitative meta-synthesis. <i>Journal of Clinical Nursing</i> , 2018, 27, 2923-2932.	1.4	6
63	Clinical practices to promote sleep in the ICU: A multinational survey. <i>International Journal of Nursing Studies</i> , 2018, 81, 107-114.	2.5	16
64	Nurses' and physicians' perceptions of Confusion Assessment Method for the intensive care unit for delirium detection: focus group study. <i>Nursing in Critical Care</i> , 2018, 23, 16-22.	1.1	29
65	Patient perspectives on navigating the field of traumatic brain injury rehabilitation: a qualitative thematic analysis. <i>Disability and Rehabilitation</i> , 2018, 40, 926-934.	0.9	38
66	Social inequality in phase II cardiac rehabilitation attendance: The impact of potential mediators. <i>European Journal of Cardiovascular Nursing</i> , 2018, 17, 345-355.	0.4	17
67	Family-centered bereavement practices in Danish intensive care units: a cross-sectional national survey. <i>Intensive and Critical Care Nursing</i> , 2018, 45, 52-57.	1.4	17
68	Ambivalence in rehabilitation: thematic analysis of the experiences of lower limb amputated veterans. <i>Disability and Rehabilitation</i> , 2018, 40, 2553-2560.	0.9	8
69	Relation between illness representation and self-reported degree-of-worry in patients calling out-of-hours services: a mixed-methods study in Copenhagen, Denmark. <i>BMJ Open</i> , 2018, 8, e020401.	0.8	10
70	Signs, symptoms and diagnosis of necrotizing fasciitis experienced by survivors and family: a qualitative Nordic multi-center study. <i>BMC Infectious Diseases</i> , 2018, 18, 429.	1.3	21
71	The effect of diaries written by relatives for intensive care patients on posttraumatic stress (DRIP) Tj ETQq1 1 0.784314 rgBT /Overload 37.	0.9	12
72	Prevalence and risk factors related to haloperidol use for delirium in adult intensive care patients: the multinational AID-ICU inception cohort study. <i>Intensive Care Medicine</i> , 2018, 44, 1081-1089.	3.9	63

#	ARTICLE	IF	CITATIONS
73	Mechanisms and drivers of social inequality in phase <scp>II</scp> cardiac rehabilitation attendance: A convergent mixed methods study. <i>Journal of Advanced Nursing</i> , 2018, 74, 2181-2195.	1.5	12
74	Experiences of family caregivers the first six months after patient diagnosis of necrotising soft tissue infection: A thematic analysis. <i>Intensive and Critical Care Nursing</i> , 2018, 49, 28-36.	1.4	7
75	Delirium prediction in the intensive care unit: comparison of two delirium prediction models. <i>Critical Care</i> , 2018, 22, 114.	2.5	42
76	Rehabilitation capital: a new form of capital to understand rehabilitation in a Nordic welfare state. <i>Health Sociology Review</i> , 2018, 27, 199-213.	1.7	10
77	Pain distress: the negative emotion associated with procedures in ICU patients. <i>Intensive Care Medicine</i> , 2018, 44, 1493-1501.	3.9	29
78	SheppHeartCABG trialâ€™ comprehensive early rehabilitation after coronary artery bypass grafting: a protocol for a randomised clinical trial. <i>BMJ Open</i> , 2017, 7, e013038.	0.8	11
79	Feasibility and acceptability of active book clubs in cancer survivors â€™ an explorative investigation. <i>Acta OncolÃ³gica</i> , 2017, 56, 471-478.	0.8	8
80	Experience of exclusion: A framework analysis of socioeconomic factors affecting cardiac rehabilitation participation among patients with acute coronary syndrome. <i>European Journal of Cardiovascular Nursing</i> , 2017, 16, 715-723.	0.4	14
81	Images of suffering depicted in diaries of family caregivers in the acute stage of necrotising soft tissue infection: A content analysis. <i>Intensive and Critical Care Nursing</i> , 2017, 41, 57-62.	1.4	9
82	The influence of diabetes distress on digital interventions for diabetes management in vulnerable people with type 2 diabetes: A qualitative study of patient perspectives. <i>Journal of Clinical and Translational Endocrinology</i> , 2017, 9, 41-47.	1.0	17
83	A sense of agency: An ethnographic exploration of being awake during mechanical ventilation in the intensive care unit. <i>International Journal of Nursing Studies</i> , 2017, 75, 1-9.	2.5	42
84	Under-triage in telephone consultation is related to non-normative symptom description and interpersonal communication: a mixed methods study. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2017, 25, 52.	1.1	35
85	Towards a new orientation: a qualitative longitudinal study of an intensive care recovery programme. <i>Journal of Clinical Nursing</i> , 2017, 26, 77-90.	1.4	13
86	Supportive and non-supportive interactions in families with a type 2 diabetes patient: an integrative review. <i>Diabetology and Metabolic Syndrome</i> , 2017, 9, 57.	1.2	56
87	General practitioners’ perceptions of COPD treatment: thematic analysis of qualitative interviews. <i>International Journal of COPD</i> , 2016, Volume 11, 1929-1937.	0.9	20
88	Knowledge sharing behaviour and intensive care nurse innovation: the moderating role of control of care quality. <i>Journal of Nursing Management</i> , 2016, 24, 943-953.	1.4	22
89	Strange and scary memories of the intensive care unit: a qualitative, longitudinal study inspired by Ricoeur's interpretation theory. <i>Journal of Clinical Nursing</i> , 2016, 25, 2807-2815.	1.4	36
90	A recovery program to improve quality of life, sense of coherence and psychological health in ICU survivors: a multicenter randomized controlled trial, the RAPIT study. <i>Intensive Care Medicine</i> , 2016, 42, 1733-1743.	3.9	100

#	ARTICLE	IF	CITATIONS
91	Comparison of sedation strategies for critically ill patients: a protocol for a systematic review incorporating network meta-analyses. <i>Systematic Reviews</i> , 2016, 5, 157.	2.5	9
92	The lived experience with idiopathic pulmonary fibrosis: a qualitative study. <i>European Respiratory Journal</i> , 2016, 47, 1472-1480.	3.1	76
93	Early physical training and psycho-educational intervention for patients undergoing coronary artery bypass grafting. The SheppHeart randomized 2 Å– 2 factorial clinical pilot trial. <i>European Journal of Cardiovascular Nursing</i> , 2016, 15, 425-437.	0.4	24
94	The state of critical care nursing education in Europe: an international survey. <i>Intensive Care Medicine</i> , 2015, 41, 2237-2240.	3.9	28
95	Barriers to recognition of out-of-hospital cardiac arrest during emergency medical calls: a qualitative inductive thematic analysis. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2015, 23, 70.	1.1	28
96	From spouse to caregiver and back: a grounded theory study of post-intensive care unit spousal caregiving. <i>Journal of Advanced Nursing</i> , 2015, 71, 1892-1903.	1.5	58
97	Symptoms of Posttraumatic Stress after Intensive Care Delirium. <i>BioMed Research International</i> , 2015, 2015, 1-9.	0.9	23
98	Immediate post-operative responses to transcatheter aortic valve implantation: An observational study. <i>European Journal of Cardiovascular Nursing</i> , 2015, 14, 232-239.	0.4	7
99	Impact of follow-up consultations for ICU survivors on post-ICU syndrome: a systematic review and meta-analysis. <i>Intensive Care Medicine</i> , 2015, 41, 763-775.	3.9	137
100	The patient experience of intensive care: A meta-synthesis of Nordic studies. <i>International Journal of Nursing Studies</i> , 2015, 52, 1354-1361.	2.5	85
101	Extent and application of <sc>ICU</sc> diaries in Germany in 2014. <i>Nursing in Critical Care</i> , 2015, 20, 155-162.	1.1	24
102	Nursesâ€™ experiences of caring for critically ill, non-sedated, mechanically ventilated patients in the Intensive Care Unit: A qualitative study. <i>Intensive and Critical Care Nursing</i> , 2015, 31, 196-204.	1.4	71
103	Enhancing personâ€™centred communication in <sc>NICU</sc>: a comparative thematic analysis. <i>Nursing in Critical Care</i> , 2015, 20, 287-298.	1.1	43
104	Determinants of Procedural Pain Intensity in the Intensive Care Unit. The EuropainÂ® Study. <i>American Journal of Respiratory and Critical Care Medicine</i> , 2014, 189, 39-47.	2.5	259
105	Standardising fast-track surgical nursing care in Denmark. <i>British Journal of Nursing</i> , 2014, 23, 471-476.	0.3	28
106	Perceived decisional responsibility for mechanical ventilation and weaning: a Norwegian survey. <i>Nursing in Critical Care</i> , 2014, 19, 18-25.	1.1	9
107	Intensive care delirium â€™ effect on memories and healthâ€™related quality of life â€™ a followâ€™up study. <i>Journal of Clinical Nursing</i> , 2014, 23, 634-644.	1.4	42
108	Improved nurseâ€™parent communication in neonatal intensive care unit: evaluation and adjustment of an implementation strategy. <i>Journal of Clinical Nursing</i> , 2014, 23, 3478-3489.	1.4	22
