#	Paper	IF	Citations
156	Guideline for the diagnosis and management of hypertension in adults - 2016. <i>Medical Journal of Australia</i> , 2016 , 205, 85-9	4	155
155	A systematic review of interventions in primary care to improve health literacy for chronic disease behavioral risk factors. <i>BMC Family Practice</i> , 2012 , 13, 49	2.6	145
154	National Heart Foundation of Australia and the Cardiac Society of Australia and New Zealand: Australian Clinical Guidelines for the Diagnosis and Management of Atrial Fibrillation 2018. <i>Heart Lung and Circulation</i> , 2018 , 27, 1209-1266	1.8	122
153	A systematic review of chronic disease management interventions in primary care. <i>BMC Family Practice</i> , 2018 , 19, 11	2.6	121
152	Review of bupropion for smoking cessation. <i>Drug and Alcohol Review</i> , 2003 , 22, 203-20	3.2	99
151	Barriers to the use of anticoagulation for nonvalvular atrial fibrillation: a representative survey of Australian family physicians. <i>Stroke</i> , 2008 , 39, 227-30	6.7	94
150	COPD-X Australian and New Zealand guidelines for the diagnosis and management of chronic obstructive pulmonary disease: 2017 update. <i>Medical Journal of Australia</i> , 2017 , 207, 436-442	4	88
149	Chronic disease management in primary care: from evidence to policy. <i>Medical Journal of Australia</i> , 2008 , 188, S53-6	4	84
148	Do people with existing chronic conditions benefit from telephone coaching? A rapid review. <i>Australian Health Review</i> , 2013 , 37, 381-8	1.8	82
147	Factors influencing general practice follow-up attendances of patients with complex medical problems after hospitalization. <i>Family Practice</i> , 2010 , 27, 62-8	1.9	74
146	Teaching about tobacco in medical schools: a worldwide study. <i>Drug and Alcohol Review</i> , 2009 , 28, 484-97	3.2	71
145	Effect of a computer-guided, quality improvement program for cardiovascular disease risk management in primary health care: the treatment of cardiovascular risk using electronic decision support cluster-randomized trial. <i>Circulation: Cardiovascular Quality and Outcomes</i> , 2015 , 8, 87-95	5.8	70
144	Role of the general practitioner in smoking cessation. <i>Drug and Alcohol Review</i> , 2006 , 25, 21-6	3.2	65
143	Uptake and implementation of Advance Care Planning in Australia: findings of key informant interviews. <i>Australian Health Review</i> , 2012 , 36, 98-104	1.8	63
142	The impact of health literacy and life style risk factors on health-related quality of life of Australian patients. <i>Health and Quality of Life Outcomes</i> , 2016 , 14, 68	3	62
141	Screening for atrial fibrillation during influenza vaccinations by primary care nurses using a smartphone electrocardiograph (iECG): A feasibility study. <i>European Journal of Preventive Cardiology</i> , 2016 , 23, 13-20	3.9	59
140	Attitudes and barriers to involvement in palliative care by Australian urban general practitioners. <i>Journal of Palliative Medicine</i> , 2008 , 11, 980-5	2.2	58

139	Characteristics of effective self-management interventions in patients with COPD: individual patient data meta-analysis. <i>European Respiratory Journal</i> , 2016 , 48, 55-68	13.6	43
138	Do self-management interventions in COPD patients work and which patients benefit most? An individual patient data meta-analysis. <i>International Journal of COPD</i> , 2016 , 11, 2063-74	3	42
137	Which providers can bridge the health literacy gap in lifestyle risk factor modification education: a systematic review and narrative synthesis. <i>BMC Family Practice</i> , 2012 , 13, 44	2.6	41
136	Influencing antibiotic prescribing in general practice: a trial of prescriber feedback and management guidelines. <i>Family Practice</i> , 1999 , 16, 495-500	1.9	41
135	Barriers to Care in Gout: From Prescriber to Patient. <i>Journal of Rheumatology</i> , 2016 , 43, 144-9	4.1	39
134	A randomised controlled trial of a consumer-focused e-health strategy for cardiovascular risk management in primary care: the Consumer Navigation of Electronic Cardiovascular Tools (CONNECT) study protocol. <i>BMJ Open</i> , 2014 , 4, e004523	3	38
133	Care of patients with a diagnosis of chronic obstructive pulmonary disease: a cluster randomised controlled trial. <i>Medical Journal of Australia</i> , 2012 , 197, 394-8	4	37
132	Early intervention for chronic obstructive pulmonary disease by practice nurse and GP teams: a cluster randomized trial. <i>Family Practice</i> , 2016 , 33, 663-670	1.9	35
131	Multimorbidity in Australia: Comparing estimates derived using administrative data sources and survey data. <i>PLoS ONE</i> , 2017 , 12, e0183817	3.7	35
130	Finding common ground? Evaluating an intervention to improve teamwork among primary health-care professionals. <i>International Journal for Quality in Health Care</i> , 2010 , 22, 519-24	1.9	34
129	National Heart Foundation of Australia and Cardiac Society of Australia and New Zealand: Australian clinical guidelines for the diagnosis and management of atrial fibrillation 2018. <i>Medical Journal of Australia</i> , 2018 , 209, 356-362	4	32
128	Hepatitis B risks and immunisation coverage amongst Australians travelling to southeast Asia and east Asia. <i>Travel Medicine and Infectious Disease</i> , 2009 , 7, 344-9	8.4	32
127	A Systematic Review of the Efficacy of Interventions that Aim to Increase Self-Compassion on Nutrition Habits, Eating Behaviours, Body Weight and Body Image. <i>Mindfulness</i> , 2018 , 9, 388-400	2.9	30
126	Advance care planning and interpersonal relationships: a two-way street. <i>Family Practice</i> , 2013 , 30, 219-269		30
125	eHealth Tools to Provide Structured Assistance for Atrial Fibrillation Screening, Management, and Guideline-Recommended Therapy in Metropolitan General Practice: The AF - SMART Study. <i>Journal of the American Heart Association</i> , 2019 , 8, e010959	6	29
124	Bupropion as an aid to smoking cessation: a review of real-life effectiveness. <i>International Journal of Clinical Practice</i> , 2004 , 58, 285-91	2.9	28
123	The Treatment of cardiovascular Risk in Primary care using Electronic Decision supOrt (TORPEDO) study-intervention development and protocol for a cluster randomised, controlled trial of an electronic decision support and quality improvement intervention in Australian primary healthcare. <i>BMJ Open</i> , 2012 , 2,	3	27
122	Depression, smoking and smoking cessation: a qualitative study. <i>Family Practice</i> , 2013 , 30, 587-92	1.9	26

121	Risk of exposure to hepatitis B and other blood-borne viruses among Australians who travel abroad. <i>Journal of Travel Medicine</i> , 2006 , 13, 345-50	12.9	25
120	Pretravel advice and hepatitis A immunization among Australian travelers. <i>Journal of Travel Medicine</i> , 2007 , 14, 31-6	12.9	24
119	Quit in general practice: a cluster randomized trial of enhanced in-practice support for smoking cessation. <i>Family Practice</i> , 2015 , 32, 173-80	1.9	23
118	What evidence is there to support skill mix changes between GPs, pharmacists and practice nurses in the care of elderly people living in the community?. <i>Australia and New Zealand Health Policy</i> , 2009 , 6, 23		23
117	Influencing antibiotic prescribing by prescriber feedback and management guidelines: a 5-year follow-up. <i>Family Practice</i> , 2002 , 19, 12-7	1.9	23
116	Patient experiences of nurse-facilitated advance care planning in a general practice setting: a qualitative study. <i>BMC Palliative Care</i> , 2019 , 18, 25	3	22
115	Patients' perspectives on the impact of a new COPD diagnosis in the face of multimorbidity: a qualitative study. <i>Npj Primary Care Respiratory Medicine</i> , 2014 , 24, 14036	3.2	22
114	Challenges to establishing successful partnerships in community health promotion programs: local experiences from the national implementation of healthy eating activity and lifestyle (HEAL) program. <i>Health Promotion Journal of Australia</i> , 2015 , 26, 45-51	1.7	22
113	IPCRG Consensus statement: tackling the smoking epidemic - practical guidance for primary care. <i>Primary Care Respiratory Journal: Journal of the General Practice Airways Group</i> , 2008 , 17, 185-93		22
112	Australian general practitioner perceptions of the detection and screening of at-risk drinking, and the role of the AUDIT-C: a qualitative study. <i>BMC Family Practice</i> , 2013 , 14, 121	2.6	21
111	Development and early experience from an intervention to facilitate teamwork between general practices and allied health providers: the Team-link study. <i>BMC Health Services Research</i> , 2010 , 10, 104	2.9	21
110	Quit in general practice: a cluster randomised trial of enhanced in-practice support for smoking cessation. <i>BMC Family Practice</i> , 2010 , 11, 59	2.6	21
109	An investigation of barriers and enablers to advanced nursing roles in Australian general practice. <i>Collegian</i> , 2015 , 22, 183-9	1.6	20
108	Preventive evidence into practice (PEP) study: implementation of guidelines to prevent primary vascular disease in general practice protocol for a cluster randomised controlled trial. <i>Implementation Science</i> , 2013 , 8, 8	8.4	20
107	Postgraduate education for doctors in smoking cessation. <i>Drug and Alcohol Review</i> , 2009 , 28, 466-73	3.2	20
106	How is advance care planning conceptualised in Australia? Findings from key informant interviews. <i>Australian Health Review</i> , 2011 , 35, 197-203	1.8	20
105	Advancing general practice nursing in Australia: roles and responsibilities of primary healthcare organisations. <i>Australian Health Review</i> , 2017 , 41, 127-132	1.8	18
104	Improving access and provision of pre-travel healthcare for travellers visiting friends and relatives: a review of the evidence. <i>Journal of Travel Medicine</i> , 2018 , 25,	12.9	18

103	Diagnosing asthma in adults in primary care: a qualitative study of Australian GPs experiences. <i>Primary Care Respiratory Journal: Journal of the General Practice Airways Group</i> , 2010 , 19, 52-6		18
102	Sharing risk management: an implementation model for cardiovascular absolute risk assessment and management in Australian general practice. <i>International Journal of Clinical Practice</i> , 2008 , 62, 905-11	1.9	18
101	Feasibility and acceptability of a nurse-led hypertension management intervention in general practice. <i>Collegian</i> , 2018 , 25, 33-38	1.6	17
100	Risk activities and pre-travel health seeking practices of notified cases of imported infectious diseases in Australia. <i>Journal of Travel Medicine</i> , 2017 , 24,	12.9	17
99	Implementing guidelines to routinely prevent chronic vascular disease in primary care: the Preventive Evidence into Practice cluster randomised controlled trial. <i>BMJ Open</i> , 2015 , 5, e009397	3	17
98	Healthcare workers and immunity to infectious diseases. <i>Australian and New Zealand Journal of Public Health</i> , 2008 , 32, 367-71	2.3	17
97	Multidisciplinary care plans and diabetes--benefits for patients with poor glycaemic control. <i>Australian Family Physician</i> , 2008 , 37, 960-2		17
96	Influence of cardiovascular absolute risk assessment on prescribing of antihypertensive and lipid-lowering medications: a cluster randomized controlled trial. <i>American Heart Journal</i> , 2014 , 167, 28-35	4.9	15
95	Validation of the COPD Diagnostic Questionnaire in an Australian general practice cohort: a cross-sectional study. <i>Primary Care Respiratory Journal: Journal of the General Practice Airways Group</i> , 2014 , 23, 92-7		15
94	A digital health intervention for cardiovascular disease management in primary care (CONNECT) randomized controlled trial. <i>Npj Digital Medicine</i> , 2020 , 3, 117	15.7	15
93	Inhaler technique mastery and maintenance in healthcare professionals trained on different devices. <i>Journal of Asthma</i> , 2018 , 55, 79-88	1.9	14
92	Healthcare improvement as planned system change or complex responsive processes? a longitudinal case study in general practice. <i>BMC Family Practice</i> , 2013 , 14, 51	2.6	14
91	A Web-Based Cognitive Behavior Therapy Intervention to Improve Social and Occupational Functioning in Adults With Type 2 Diabetes (The Springboard Trial): Randomized Controlled Trial. <i>Journal of Medical Internet Research</i> , 2019 , 21, e12246	7.6	14
90	Routine use of clinical management guidelines in Australian general practice. <i>Australian Journal of Primary Health</i> , 2014 , 20, 41-6	1.4	13
89	A multifaceted quality improvement intervention for CVD risk management in Australian primary healthcare: a protocol for a process evaluation. <i>Implementation Science</i> , 2014 , 9, 187	8.4	13
88	Feasibility and effectiveness of nurse-delivered smoking cessation counselling combined with nicotine replacement in Australian general practice. <i>Drug and Alcohol Review</i> , 2011 , 30, 583-8	3.2	13
87	Prevalence of Risk Factors for Cardiovascular Diseases in Bangladesh: A Systematic Review and Meta-Analysis. <i>PLoS ONE</i> , 2016 , 11, e0160180	3.7	13
86	The contribution of travellers visiting friends and relatives to notified infectious diseases in Australia: state-based enhanced surveillance. <i>Epidemiology and Infection</i> , 2016 , 144, 3554-3563	4.3	13

85	Self-management experiences among middle-aged population of rural area of Pakistan with type 2 diabetes: A qualitative analysis. <i>Clinical Epidemiology and Global Health</i> , 2019 , 7, 177-183	1.8	13
84	Feasibility and efficacy of COPD case finding by practice nurses. <i>Australian Family Physician</i> , 2009 , 38, 826-30		13
83	Interdisciplinary model of care (RADICALS) for early detection and management of chronic obstructive pulmonary disease (COPD) in Australian primary care: study protocol for a cluster randomised controlled trial. <i>BMJ Open</i> , 2017 , 7, e016985	3	12
82	General Practitioners' Perception of Risk for Travelers Visiting Friends and Relatives. <i>Journal of Travel Medicine</i> , 2015 , 22, 368-74	12.9	12
81	Annual influenza vaccination: coverage and attitudes of primary care staff in Australia. <i>Influenza and Other Respiratory Viruses</i> , 2011 , 5, 135-41	5.6	12
80	Process evaluation of a practice nurse-led smoking cessation trial in Australian general practice: views of general practitioners and practice nurses. <i>Family Practice</i> , 2015 , 32, 468-73	1.9	11
79	Application of two versions of the WHO/international society of hypertension absolute cardiovascular risk assessment tools in a rural Bangladeshi population. <i>BMJ Open</i> , 2015 , 5, e008140	3	11
78	Barriers and facilitators to influenza vaccination among high-risk groups aged less than 65 years - views from general practitioners and practice nurses. <i>Australian and New Zealand Journal of Public Health</i> , 2007 , 31, 558-61	2.3	11
77	A cluster randomised controlled trial of nurse and GP partnership for care of chronic obstructive pulmonary disease. <i>BMC Pulmonary Medicine</i> , 2008 , 8, 8	3.5	11
76	Atrial Fibrillation Screen, Management And Guideline Recommended Therapy (AF SMART II) in the rural primary care setting: an implementation study protocol. <i>BMJ Open</i> , 2018 , 8, e023130	3	11
75	General practitioner multidisciplinary skills for enhanced primary care. <i>Australian Family Physician</i> , 2004 , 33, 479-80		11
74	Implementation of a consumer-focused eHealth intervention for people with moderate-to-high cardiovascular disease risk: protocol for a mixed-methods process evaluation. <i>BMJ Open</i> , 2017 , 7, e014333	3	10
73	Improving the uptake of pre-travel health advice amongst migrant Australians: exploring the attitudes of primary care providers and migrant community groups. <i>BMC Infectious Diseases</i> , 2016 , 16, 213	4	10
72	When colocation is not enough: a case study of General Practitioner Super Clinics in Australia. <i>Australian Journal of Primary Health</i> , 2017 , 23, 107-113	1.4	9
71	No difference demonstrated between faxed or mailed prenotification in promoting questionnaire response among family physicians: a randomized controlled trial. <i>Journal of Clinical Epidemiology</i> , 2012 , 65, 544-52	5.7	9
70	Satisfaction with referral relationships between general practice and allied health professionals in Australian primary health care. <i>Australian Journal of Primary Health</i> , 2011 , 17, 250-8	1.4	9
69	Warfarin: an inconvenient truth. <i>Stroke</i> , 2009 , 40, 5-7	6.7	9
68	Smoking cessation--what works?. <i>Australian Family Physician</i> , 2008 , 37, 10-4		9

67	Barriers and outcomes of an evidence-based approach to diagnosis and management of chronic obstructive pulmonary disease (COPD) in Australia: a qualitative study. <i>Family Practice</i> , 2017 , 34, 485-490 ^{1.9}		8
66	What drives adoption of a computerised, multifaceted quality improvement intervention for cardiovascular disease management in primary healthcare settings? A mixed methods analysis using normalisation process theory. <i>Implementation Science</i> , 2018 , 13, 140	8.4	8
65	Patient and practice characteristics predict the frequency of general practice multidisciplinary referrals of patients with chronic diseases: a multilevel study. <i>Health Policy</i> , 2011 , 101, 140-5	3.2	7
64	Study protocol: the DESPATCH study: delivering stroke prevention for patients with atrial fibrillation - a cluster randomised controlled trial in primary healthcare. <i>Implementation Science</i> , 2011 , 6, 48	8.4	7
63	Prerequisites for implementing cardiovascular absolute risk assessment in general practice: a qualitative study of Australian general practitioners and patients views. <i>Journal of Evaluation in Clinical Practice</i> , 2010 , 16, 580-4	2.5	7
62	Sustaining Chronic Disease Management in Primary Care: Lessons from a Demonstration Project. <i>Australian Journal of Primary Health</i> , 2007 , 13, 121	1.4	7
61	A Web-Based Public Health Intervention to Reduce Functional Impairment and Depressive Symptoms in Adults With Type 2 Diabetes (The Springboard Trial): Randomized Controlled Trial Protocol. <i>JMIR Research Protocols</i> , 2017 , 6, e145	2	7
60	Short-term predictive ability of selected cardiovascular risk prediction models in a rural Bangladeshi population: a case-cohort study. <i>BMC Cardiovascular Disorders</i> , 2016 , 16, 105	2.3	7
59	The effectiveness, safety and cost-effectiveness of cytisine versus varenicline for smoking cessation in an Australian population: a study protocol for a randomized controlled non-inferiority trial. <i>Addiction</i> , 2019 , 114, 923-933	4.6	7
58	Preventing chronic disease in patients with low health literacy using eHealth and teamwork in primary healthcare: protocol for a cluster randomised controlled trial. <i>BMJ Open</i> , 2018 , 8, e023239	3	7
57	Clinical and biochemical characterization of high risk and not high risk for cardiovascular disease adults in a population from peripheral region of Bangladesh. <i>BMC Public Health</i> , 2015 , 15, 559	4.1	6
56	Bupropion sustained release. A therapeutic review of Zyban. <i>Australian Family Physician</i> , 2002 , 31, 443-7		6
55	Smoking cessation for Australian general practice: evaluation of best practice guidelines. <i>Australian Family Physician</i> , 2005 , 34, 505-7		6
54	Effectiveness of an electronic patient-centred self-management tool for gout sufferers: a cluster randomised controlled trial protocol. <i>BMJ Open</i> , 2017 , 7, e017281	3	5
53	A complexity perspective on health care improvement and reform in general practice and primary health care. <i>Australian Journal of Primary Health</i> , 2010 , 16, 29-35	1.4	5
52	Impact of Sustained Use of a Multifaceted Computerized Quality Improvement Intervention for Cardiovascular Disease Management in Australian Primary Health Care. <i>Journal of the American Heart Association</i> , 2017 , 6,	6	4
51	Preventive Evidence into Practice: what factors matter in a facilitation intervention to prevent vascular disease in family practice?. <i>BMC Family Practice</i> , 2019 , 20, 113	2.6	4
50	Efficacy and acceptability of a pilot dietary intervention focusing on self-compassion, goal-setting and self-monitoring. <i>Public Health Nutrition</i> , 2020 , 23, 2746-2758	3.3	4

49	QUality improvement in primary care to prevent hospitalisations and improve Effectiveness and efficiency of care for people Living with coronary heart disease (QUEL): protocol for a 24-month cluster randomised controlled trial in primary care. <i>BMC Family Practice</i> , 2020 , 21, 36	2.6	4
48	Activating primary care COPD patients with multi-morbidity through tailored self-management support. <i>Npj Primary Care Respiratory Medicine</i> , 2020 , 30, 12	3.2	4
47	The experiences of smoking cessation among patients with chronic obstructive pulmonary disease in Australian general practice: a qualitative descriptive study. <i>Family Practice</i> , 2016 , 33, 715-720	1.9	4
46	General practitionersViews on the influence of cost on the prescribing of asthma preventer medicines: a qualitative study. <i>Australian Health Review</i> , 2019 , 43, 246-253	1.8	4
45	Activating primary care COPD patients with multi-morbidity (APCOM) pilot project: study protocol. <i>Npj Primary Care Respiratory Medicine</i> , 2017 , 27, 12	3.2	4
44	Study protocol for a randomized controlled trial: the feasibility and impact of cardiovascular absolute risk assessment in Australian general practice. <i>American Heart Journal</i> , 2009 , 157, 436-41	4.9	4
43	Recruiting to a Randomized Controlled Trial of a Web-Based Program for People With Type 2 Diabetes and Depression: Lessons Learned at the Intersection of e-Mental Health and Primary Care. <i>Journal of Medical Internet Research</i> , 2019 , 21, e12793	7.6	4
42	The influence of personality on trajectories of distress, health and functioning in mild-to-moderately depressed adults with type 2 diabetes. <i>Psychology, Health and Medicine</i> , 2020 , 25, 296-308	2.1	4
41	Advance care planning for patients with advanced illnesses attending hospital outpatient clinics study: a study protocol for a randomised controlled trial. <i>BMJ Open</i> , 2019 , 9, e023107	3	3
40	Prevalence of FOB testing in eastern-Australian general practice patients: what has a national bowel cancer screening program delivered?. <i>Health Promotion Journal of Australia</i> , 2015 , 26, 39-44	1.7	3
39	Experiences and views of a brokerage model for primary care for Aboriginal people. <i>Australian Health Review</i> , 2015 , 39, 26-32	1.8	3
38	Vaccine-Preventable Disease 2013 , 209-259		3
37	A picture speaks a thousand words: evaluation of a pictorial post-vaccination care resource in Australia. <i>Australian Journal of Primary Health</i> , 2010 , 16, 246-51	1.4	3
36	Primary Healthcare System of Pakistan: Challenges to Self-Management of Type 2 Diabetes. <i>Open Journal of Endocrine and Metabolic Diseases</i> , 2016 , 06, 173-182	0.1	3
35	Healthcare ProfessionalsSPerspectives of PatientsSExperiences of the Self-Management of Type 2 Diabetes in the Rural Areas of Pakistan: A Qualitative Analysis. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	3
34	General practice patients--their readiness to quit smoking. <i>Australian Family Physician</i> , 2008 , 37, 81-3		3
33	Improving blood pressure control in primary care: The ImPress study. <i>International Journal of Nursing Studies</i> , 2019 , 95, 28-33	5.8	2
32	"You've got to breathe, you know" - asthma patients and carersSPerceptions around purchase and use of asthma preventer medicines. <i>Australian and New Zealand Journal of Public Health</i> , 2019 , 43, 207-213	2.3	2

31	Utilisation of Medicare-funded schemes for people with cardiovascular disease. <i>Australian Journal of Primary Health</i> , 2017 , 23, 482-488	1.4	2
30	Effectiveness of quality incentive payments in general practice (EQuIP-GP): a study protocol for a cluster-randomised trial of an outcomes-based funding model in Australian general practice to improve patient care. <i>BMC Health Services Research</i> , 2019 , 19, 529	2.9	2
29	Perspectives of rural and remote primary healthcare services on the meaning and goals of clinical governance. <i>Australian Journal of Primary Health</i> , 2017 , 23, 451-457	1.4	2
28	Supporting Treatment decision making to Optimise the Prevention of STROKE in Atrial Fibrillation: the STOP STROKE in AF study. Protocol for a cluster randomised controlled trial. <i>Implementation Science</i> , 2012 , 7, 63	8.4	2
27	Exploratory and Confirmatory Factor Analysis of an Urdu-version of the summary of Diabetes self-care Activities Measure (U-sDsCA). <i>Indian Journal of Public Health Research and Development</i> , 2018 , 9, 281	1.4	2
26	Travelling with medicines in 2018. <i>Australian Prescriber</i> , 2018 , 41, 102-104	1.4	2
25	A Web-Based Mental Health Intervention to Improve Social and Occupational Functioning in Adults With Type 2 Diabetes (The Springboard Trial): 12-Month Outcomes of a Randomized Controlled Trial. <i>Journal of Medical Internet Research</i> , 2020 , 22, e16729	7.6	2
24	Family medicine in the USA - an Australian perspective. <i>Australian Family Physician</i> , 2010 , 39, 360-1		2
23	Improving blood pressure control in general practice: A pilot study of the ImPress intervention. <i>Australian Family Physician</i> , 2017 , 46, 306-311		2
22	An explorative qualitative study on acceptability of physical activity assessment instruments among primary care professionals in southern Sydney. <i>BMC Family Practice</i> , 2016 , 17, 138	2.6	1
21	Role of pharmacists in collaborative care of travellers with chronic conditions. <i>Travel Medicine and Infectious Disease</i> , 2014 , 12, 286-7	8.4	1
20	Travel Health Advisory Group: a joint travel industry and travel health Special Interest Group promoting healthy travel in Australia. <i>Travel Medicine and Infectious Disease</i> , 2012 , 10, 259-62	8.4	1
19	How I would manage a man with COPD who has few symptoms and is at low risk of an exacerbation: a primary care perspective from Australia. <i>Primary Care Respiratory Journal: Journal of the General Practice Airways Group</i> , 2012 , 21, 442-3		1
18	Experiences of Diabetes Self-Management: A Focus Group Study among the Middle-Aged Population of Rural Pakistan with Type 2 Diabetes. <i>International Journal of Diabetology</i> , 2022 , 3, 17-29	1	1
