Brian P Suffoletto

List of Publications by Year in Descending Order

Source: https://exaly.com/author-pdf/7002665/brian-p-suffoletto-publications-by-year.pdf

Version: 2024-04-09

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

106 46 2,507 27 g-index h-index citations papers 3,156 119 5.2 3.7 L-index avg, IF ext. citations ext. papers

#	Paper	IF	Citations
106	Responding to the opioid crisis in North America and beyond: recommendations of the Stanford-Lancet Commission <i>Lancet, The</i> , 2022 ,	40	13
105	Predictong falls within 3 months of emergency department discharge among community-dwelling older aduls using self-report tools versus a brief funcitonal assessment <i>American Journal of Emergency Medicine</i> , 2022 , 53, 245-249	2.9	
104	A Text Message Intervention for Adolescents With Depression and Their Parents or Caregivers to Overcome Cognitive Barriers to Mental Health Treatment Initiation: Focus Groups and Pilot Trial. <i>JMIR Formative Research</i> , 2021 , 5, e30580	2.5	O
103	COVID-19 Vaccine Uptake and Intent Among Emergency Healthcare Workers: A Cross-Sectional Survey. <i>Journal of Occupational and Environmental Medicine</i> , 2021 , 63, 852-856	2	10
102	Brief Alcohol Screening and Intervention for Community College Students (BASICCS): Feasibility and preliminary efficacy of web-conferencing BASICCS and supporting automated text messages. <i>Psychology of Addictive Behaviors</i> , 2021 , 35, 840-851	3.4	2
101	Acceptability, Engagement, and Effects of a Mobile Digital Intervention to Support Mental Health for Young Adults Transitioning to College: Pilot Randomized Controlled Trial. <i>JMIR Formative Research</i> , 2021 , 5, e32271	2.5	1
100	Adolescent alcohol use predicts cannabis use over a three year follow-up period. <i>Substance Abuse</i> , 2021 , 1-6	3.8	O
99	Matchmaking and the Future of Hypertension Management. <i>Circulation: Cardiovascular Quality and Outcomes</i> , 2021 , 14, e007062	5.8	0
98	Distress tolerance among emergency department patients in acute pain: Associations with substance use treatment. <i>Stress and Health</i> , 2021 , 37, 588-595	3.7	O
97	The role of specific sources of social support on postinjury psychological symptoms. <i>Rehabilitation Psychology</i> , 2021 , 66, 600-610	2.7	
96	Mobile phone sensor-based detection of subjective cannabis intoxication in young adults: A feasibility study in real-world settings. <i>Drug and Alcohol Dependence</i> , 2021 , 228, 108972	4.9	2
95	Event centrality following treatment for physical injury in the emergency department: Associations with posttraumatic outcomes. <i>General Hospital Psychiatry</i> , 2020 , 67, 77-82	5.6	1
94	Risk and protective factors for repeated overdose after opioid overdose survival. <i>Drug and Alcohol Dependence</i> , 2020 , 209, 107890	4.9	16
93	A Pilot Randomized Controlled Trial of the PTSD Coach App Following Motor Vehicle Crash-related Injury. <i>Academic Emergency Medicine</i> , 2020 , 27, 1126-1139	3.4	8
92	Mobile Assessment of Acute Effects of Marijuana on Cognitive Functioning in Young Adults: Observational Study. <i>JMIR MHealth and UHealth</i> , 2020 , 8, e16240	5.5	3
91	The Development and Evaluation of a Text Message Program to Prevent Perceived Insufficient Milk Among First-Time Mothers: Retrospective Analysis of a Randomized Controlled Trial. <i>JMIR MHealth and UHealth</i> , 2020 , 8, e17328	5.5	6
90	Attentional and approach biases to alcohol cues among young adult drinkers: An ecological momentary assessment study. <i>Experimental and Clinical Psychopharmacology</i> , 2020 , 28, 649-658	3.2	2

Implementation of a Web-Based Tool With Text Message Prompts to Improve End-of-Shift 89 Assessments for Emergency Medicine Residents. Journal of Graduate Medical Education, 2020, 12, 753-758 The effect of SMS behavior change techniques on event-level desire to get drunk in young adults. 88 3.4 Psychology of Addictive Behaviors, 2020, 34, 320-326 Sex Without Contraceptives in a Multicenter Study of Adolescent Emergency Department Patients. 87 5 3.4 Academic Emergency Medicine, **2020**, 27, 283-290 Nudging Emergency Care Providers to Reduce Opioid Prescribing Using Peer Norm Comparison 86 2.8 6 Feedback: A Pilot Randomized Trial. Pain Medicine, 2020, 21, 1393-1399 In-Person Contacts and Their Relationship With Alcohol Consumption Among Young Adults With 85 5.8 19 Hazardous Drinking During a Pandemic. Journal of Adolescent Health, 2020, 67, 671-676 A Preliminary Study Using Smartphone Accelerometers to Sense Gait Impairments Due to Alcohol 84 1.9 Intoxication. Journal of Studies on Alcohol and Drugs, 2020, 81, 505-510 Positive urgency worsens the impact of normative feedback on 21st birthday drinking. Drug and 83 4.9 2 Alcohol Dependence, **2019**, 204, 107559 Which behavior change techniques help young adults reduce binge drinking? A pilot randomized 82 6 4.2 clinical trial of 5 text message interventions. Addictive Behaviors, 2019, 92, 161-167 Early Screening for Posttraumatic Stress Disorder and Depression Among Injured Emergency 81 3.4 10 Department Patients: A Feasibility Study. Academic Emergency Medicine, 2019, 26, 1232-1244 Do electronic health record prompts increase take-home naloxone administration for emergency 80 4.6 16 department patients after an opioid overdose?. Addiction, 2019, 114, 1575-1581 Implementations of a text-message intervention to increase linkage from the emergency department to outpatient treatment for substance use disorders. Journal of Substance Abuse 79 4.2 7 Treatment, 2019, 100, 39-44 Reliability and Validity of the Newton Screen for Alcohol and Cannabis Misuse in a Pediatric 78 3.6 Emergency Department Sample. Journal of Pediatrics, 2019, 210, 154-160.e1 Screening for Adolescent Alcohol Use in the Emergency Department: What Does It Tell Us About 2.2 77 4 Cannabis, Tobacco, and Other Drug Use?. Substance Use and Misuse, 2019, 54, 1007-1016 Predictive Validity of a 2-Question Alcohol Screen at 1-, 2-, and 3-Year Follow-up. Pediatrics, 2019, 76 6 7.4 143, How Are Real-time Opioid Prescribing Cognitions by Emergency Providers Influenced by Reviewing 2.8 2 75 the State Prescription Drug Monitoring Program?. Pain Medicine, 2019, 20, 955-960 SMS-facilitated home blood pressure monitoring: A qualitative analysis of resultant health behavior 3.1 74 change. Patient Education and Counseling, 2019, 102, 2246-2253 Methodology and Demographics of a Brief Adolescent Alcohol Screen Validation Study. Pediatric 73 1.4 9 Emergency Care, 2019, 35, 737-744 Feasibility and Acceptability of a Motivational Intervention Combined with Text Messaging for Alcohol and Sex Risk Reduction with Emergency Department Patients: A Pilot Trial. Addiction 8 2.6 72 Research and Theory, **2019**, 27, 85-94

71	The utility of assessing for pain interference and psychological factors among emergency department patients who present with pain. <i>General Hospital Psychiatry</i> , 2018 , 52, 21-26	5.6	
70	The Association between Daily Posttraumatic Stress Symptoms and Pain over the First 14-days after Injury: An Experience Sampling Study. <i>Academic Emergency Medicine</i> , 2018 , 25, 844	3.4	8
69	The Effect of a Statewide Mandatory Prescription Drug Monitoring Program on Opioid Prescribing by Emergency Medicine Providers Across 15 Hospitals in a Single Health System. <i>Journal of Pain</i> , 2018 , 19, 430-438	5.2	31
68	Mobile phone sensors and supervised machine learning to identify alcohol use events in young adults: Implications for just-in-time adaptive interventions. <i>Addictive Behaviors</i> , 2018 , 83, 42-47	4.2	61
67	Postconcussive Symptoms Over the First 14 Days After Mild Traumatic Brain Injury: An Experience Sampling Study. <i>Journal of Head Trauma Rehabilitation</i> , 2018 , 33, E31-E39	3	4
66	Developing Text Messages to Reduce Community College Student Alcohol Use. <i>American Journal of Health Behavior</i> , 2018 , 42, 70-79	1.9	10
65	A Text Message Intervention with Adaptive Goal Support to Reduce Alcohol Consumption Among Non-Treatment-Seeking Young Adults: Non-Randomized Clinical Trial with Voluntary Length of Enrollment. <i>JMIR MHealth and UHealth</i> , 2018 , 6, e35	5.5	17
64	A text message intervention to reduce 21st birthday alcohol consumption: Evaluation of a two-group randomized controlled trial. <i>Psychology of Addictive Behaviors</i> , 2018 , 32, 149-161	3.4	13
63	Using phone sensors and an artificial neural network to detect gait changes during drinking episodes in the natural environment. <i>Gait and Posture</i> , 2018 , 60, 116-121	2.6	19
62	Effectiveness and treatment moderators of internet interventions for adult problem drinking: An individual patient data meta-analysis of 19 randomised controlled trials. <i>PLoS Medicine</i> , 2018 , 15, e1002	2 7 14 ⁶	106
61	Development and Preliminary Feasibility of an Automated Hypertension Self-Management System. <i>American Journal of Medicine</i> , 2018 , 131, 1125.e1-1125.e8	2.4	3
60	Using Digital Interventions to Support Individuals with Alcohol Use Disorder and Advanced Liver Disease: A Bridge Over Troubled Waters. <i>Alcoholism: Clinical and Experimental Research</i> , 2018 , 42, 1160-	-131765	3
59	Using Video Conferencing to Deliver a Brief Motivational Intervention for Alcohol and Sex Risk to Emergency Department Patients: A Proof-of-Concept Pilot Study. <i>Addiction Research and Theory</i> , 2017 , 25, 318-325	2.6	7
58	Not all texts are created equal: Design considerations for text message interventions to improve antihypertensive medication adherence. <i>Journal of Clinical Hypertension</i> , 2017 , 19, 1285-1287	2.3	3
57	Acceptability of an Opioid Relapse Prevention Text-message Intervention for Emergency Department Patients. <i>Journal of Addiction Medicine</i> , 2017 , 11, 475-482	3.8	7
56	Can an app help identify psychomotor function impairments during drinking occasions in the real world? A mixed-method pilot study. <i>Substance Abuse</i> , 2017 , 38, 438-449	3.8	7
55	Detecting Drinking Episodes in Young Adults Using Smartphone-based Sensors. 2017 , 1,		32
54	Quantitative sensory testing measures individual pain responses in emergency department patients. <i>Journal of Pain Research</i> , 2017 , 10, 1241-1253	2.9	6

53	An Artificial Neural Network for Movement Pattern Analysis to Estimate Blood Alcohol Content Level. <i>Sensors</i> , 2017 , 17,	3.8	19
52	Characteristics and Outcomes of Blood Product Transfusion During Critical Care Transport. <i>Prehospital Emergency Care</i> , 2016 , 20, 586-93	2.8	9
51	Patterns of Change in Weekend Drinking Cognitions Among Non-Treatment-Seeking Young Adults During Exposure to a 12-Week Text Message Intervention. <i>Journal of Studies on Alcohol and Drugs</i> , 2016 , 77, 914-923	1.9	8
50	Innovative Routes for Enhancing Adolescent Marijuana Treatment: Interplay of Peer Influence Across Social Media and Geolocation. <i>Current Addiction Reports</i> , 2016 , 3, 221-229	3.9	1
49	A text message program as a booster to in-person brief interventions for mandated college students to prevent weekend binge drinking. <i>Journal of American College Health</i> , 2016 , 64, 481-9	2.2	21
48	Predicting older adults who return to the hospital or die within 30 days of emergency department care using the ISAR tool: subjective versus objective risk factors. <i>Emergency Medicine Journal</i> , 2016 , 33, 4-9	1.5	19
47	Text Message Behavioral Interventions: From Here to Where?. <i>Current Opinion in Psychology</i> , 2016 , 9, 16-21	6.2	33
46	Optimizing a Text Message Intervention to Reduce Heavy Drinking in Young Adults: Focus Group Findings. <i>JMIR MHealth and UHealth</i> , 2016 , 4, e73	5.5	8
45	Using online crowdsourcing to understand young adult attitudes toward expert-authored messages aimed at reducing hazardous alcohol consumption and to collect peer-authored messages. <i>Translational Behavioral Medicine</i> , 2015 , 5, 45-52	3.2	33
44	Current Science on Consumer Use of Mobile Health for Cardiovascular Disease Prevention: A Scientific Statement From the American Heart Association. <i>Circulation</i> , 2015 , 132, 1157-213	16.7	333
43	Risk factors and screening instruments to predict adverse outcomes for undifferentiated older emergency department patients: a systematic review and meta-analysis. <i>Academic Emergency Medicine</i> , 2015 , 22, 1-21	3.4	158
42	Real-time fatigue reduction in emergency care clinicians: The SleepTrackTXT randomized trial. <i>American Journal of Industrial Medicine</i> , 2015 , 58, 1098-113	2.7	14
41	An Interactive Text Message Intervention to Reduce Binge Drinking in Young Adults: A Randomized Controlled Trial with 9-Month Outcomes. <i>PLoS ONE</i> , 2015 , 10, e0142877	3.7	73
40	Factors contributing to emergency department care within 30 days of hospital discharge and potential ways to prevent it: differences in perspectives of patients, caregivers, and emergency physicians. <i>Journal of Hospital Medicine</i> , 2014 , 9, 315-9	2.7	10
39	Prevalence and interventional outcomes of patients with resolution of ST-segment elevation between prehospital and in-hospital ECG. <i>Prehospital Emergency Care</i> , 2014 , 18, 174-9	2.8	10
38	Mobile phone text messaging intervention to improve alertness and reduce sleepiness and fatigue during shiftwork among emergency medicine clinicians: study protocol for the SleepTrackTXT pilot randomized controlled trial. <i>Trials</i> , 2014 , 15, 244	2.8	7
37	Emergency healthcare worker sleep, fatigue, and alertness behavior survey (SFAB): development and content validation of a survey tool. <i>Accident Analysis and Prevention</i> , 2014 , 73, 399-411	6.1	20
36	Chest compressions do not disrupt the seal created by the laryngeal mask airway during positive pressure ventilation: a preliminary porcine study. <i>Canadian Journal of Emergency Medicine</i> , 2014 , 16, 378	8 ⁻ 82	2

35	Pre-resuscitation lactate and hospital mortality in prehospital patients. <i>Prehospital Emergency Care</i> , 2014 , 18, 321-7	2.8	24
34	A text message alcohol intervention for young adult emergency department patients: a randomized clinical trial. <i>Annals of Emergency Medicine</i> , 2014 , 64, 664-72.e4	2.1	104
33	Mobile phone text message intervention to reduce binge drinking among young adults: study protocol for a randomized controlled trial. <i>Trials</i> , 2013 , 14, 93	2.8	23
32	A sex risk reduction text-message program for young adult females discharged from the emergency department. <i>Journal of Adolescent Health</i> , 2013 , 53, 387-93	5.8	46
31	Tissue oximetry by near-infrared spectroscopy in a porcine model of out-of-hospital cardiac arrest and resuscitation. <i>Resuscitation</i> , 2013 , 84, 843-7	4	11
30	Emergency physician recognition of delirium. <i>Postgraduate Medical Journal</i> , 2013 , 89, 621-5	2	20
29	Mobile phone text messaging to assess symptoms after mild traumatic brain injury and provide self-care support: a pilot study. <i>Journal of Head Trauma Rehabilitation</i> , 2013 , 28, 302-12	3	27
28	Diagnostic accuracy of a rapid checklist to identify delirium in older patients transported by EMS. <i>Prehospital Emergency Care</i> , 2013 , 17, 230-4	2.8	7
27	Diagnostic accuracy of a single point-of-care prehospital serum lactate for predicting outcomes in pediatric trauma patients. <i>Pediatric Emergency Care</i> , 2013 , 29, 715-9	1.4	26
26	A mobile phone text message program to measure oral antibiotic use and provide feedback on adherence to patients discharged from the emergency department. <i>Academic Emergency Medicine</i> , 2012 , 19, 949-58	3.4	46
25	Potential utility of near-infrared spectroscopy in out-of-hospital cardiac arrest: an illustrative case series. <i>Prehospital Emergency Care</i> , 2012 , 16, 564-70	2.8	20
24	Near-infrared spectroscopy in post-cardiac arrest patients undergoing therapeutic hypothermia. <i>Resuscitation</i> , 2012 , 83, 986-90	4	14
23	Text-message-based drinking assessments and brief interventions for young adults discharged from the emergency department. <i>Alcoholism: Clinical and Experimental Research</i> , 2012 , 36, 552-60	3.7	135
22	Prehospital dynamic tissue oxygen saturation response predicts in-hospital lifesaving interventions in trauma patients. <i>Journal of Trauma</i> , 2012 , 72, 930-5		29
21	Prehospital serum lactate as a predictor of outcomes in trauma patients: a retrospective observational study. <i>Journal of Trauma</i> , 2011 , 70, 782-6		101
20	Less encouraging lessons from the front lines: barriers to implementation of an emergency department-based HIV screening program. <i>Annals of Emergency Medicine</i> , 2011 , 58, S44-8	2.1	19
19	Prediction of serious infection during prehospital emergency care. <i>Prehospital Emergency Care</i> , 2011 , 15, 325-30	2.8	27
18	Sleep quality and fatigue among prehospital providers. <i>Prehospital Emergency Care</i> , 2010 , 14, 187-93	2.8	62

LIST OF PUBLICATIONS

17	Delayed prehospital implementation of the 2005 American Heart Association guidelines for cardiopulmonary resuscitation and emergency cardiac care. <i>Prehospital Emergency Care</i> , 2010 , 14, 355-6	6 6 .8	49
16	Knowledge translation in emergency medical services: a qualitative survey of barriers to guideline implementation. <i>Resuscitation</i> , 2010 , 81, 836-40	4	42
15	Effects of pre-arrest and intra-arrest hypothermia on ventricular fibrillation and resuscitation. <i>Resuscitation</i> , 2009 , 80, 126-32	4	29
14	Association of intramyocardial high energy phosphate concentrations with quantitative measures of the ventricular fibrillation electrocardiogram waveform. <i>Resuscitation</i> , 2009 , 80, 946-50	4	38
13	Ethyl pyruvate enhances intra-resuscitation hemodynamics in prolonged ventricular fibrillation arrest. <i>Resuscitation</i> , 2009 , 80, 1411-6	4	9
12	Body temperature changes are associated with outcomes following in-hospital cardiac arrest and return of spontaneous circulation. <i>Resuscitation</i> , 2009 , 80, 1365-70	4	42
11	CORTICUS: the end of unconditional love for steroid use?. <i>Critical Care</i> , 2009 , 13, 309	10.8	7
10	Lipid emulsion combined with epinephrine and vasopressin does not improve survival in a swine model of bupivacaine-induced cardiac arrest. <i>Anesthesiology</i> , 2009 , 111, 138-46	4.3	74
9	Use of prehospital-induced hypothermia after out-of-hospital cardiac arrest: a survey of the National Association of Emergency Medical Services Physicians. <i>Prehospital Emergency Care</i> , 2008 , 12, 52-6	2.8	31
8	The effect of adenosine A1 receptor antagonism on return of spontaneous circulation and short-term survival in prolonged ventricular fibrillation. <i>Prehospital Emergency Care</i> , 2008 , 12, 352-8	2.8	5
7	Achalasia: a rare cause of stridor. <i>Internal and Emergency Medicine</i> , 2008 , 3, 127-9	3.7	
6	Increasing CPR duration prior to first defibrillation does not improve return of spontaneous circulation or survival in a swine model of prolonged ventricular fibrillation. <i>Resuscitation</i> , 2008 , 79, 155	- 6 0	13
5	Prevalence of Staphylococcus aureus nasal colonization in emergency department personnel. <i>Annals of Emergency Medicine</i> , 2008 , 52, 529-33	2.1	29
4	Effects of an impedance threshold device on hemodynamics and restoration of spontaneous circulation in prolonged porcine ventricular fibrillation. <i>Prehospital Emergency Care</i> , 2007 , 11, 179-85	2.8	14
3	Feasibility of basic emergency medical technicians to perform selected advanced life support interventions. <i>Prehospital Emergency Care</i> , 2006 , 10, 518-21	2.8	16
2	Intermittent pneumatic compression for the treatment of lower extremity arterial disease: a systematic review. <i>Vascular Medicine</i> , 2002 , 7, 141-8	3.3	27
1	Alterations of prostate biomarker expression and testosterone utilization in human LNCaP prostatic carcinoma cells by garlic-derived S-allylmercaptocysteine. <i>Prostate</i> , 2000 , 45, 304-14	4.2	45
