

Anne E. MacFarlane

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/7041140/anne-e-macfarlane-publications-by-year.pdf>

Version: 2024-04-27

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
88	The impact of economic recession on the health of migrant fathers over time: results from the Growing up in Ireland longitudinal study.. <i>BMC Public Health</i> , 2022 , 22, 166	4.1	0
87	Translational framework for implementation evaluation and research: a normalisation process theory coding manual for qualitative research and instrument development.. <i>Implementation Science</i> , 2022 , 17, 19	8.4	0
86	Conceptualising, operationalising, and measuring trust in participatory health research networks: a scoping review.. <i>Systematic Reviews</i> , 2022 , 11, 40	3	0
85	Life-Course Marginalities of Positive Health and Aging: A Participatory Approach Integrating the Lived Experiences of Older Irish Travelers and Older Homeless Adults in Multistakeholder Research Processes.. <i>Qualitative Health Research</i> , 2022 , 10497323221100346	3.9	0
84	Foundations of Research Coproduction 2022 , 14-33		0
83	'If relevant, yes; if not, no': General practitioner (GP) users and GP perceptions about asking ethnicity questions in Irish general practice: A qualitative analysis using Normalization Process Theory. <i>PLoS ONE</i> , 2021 , 16, e0251192	3.7	1
82	'I hated being ghosted' - The relevance of social participation for living well with post-stroke aphasia: Qualitative interviews with working aged adults. <i>Health Expectations</i> , 2021 , 24, 1504-1515	3.7	3
81	Involving migrants in the adaptation of primary care services in a 'newly' diverse urban area in Ireland: The tension between agency and structure. <i>Health and Place</i> , 2021 , 70, 102556	4.6	2
80	Participatory health research with migrants: Opportunities, challenges, and way forwards. <i>Health Expectations</i> , 2021 , 24, 188-197	3.7	5
79	Migrants' involvement in health policy, service development and research in the WHO European Region: A narrative review of policy and practice. <i>Tropical Medicine and International Health</i> , 2021 , 26, 1164-1176	2.3	0
78	Migrant health and language barriers: Uncovering macro level influences on the implementation of trained interpreters in healthcare settings. <i>Health Policy</i> , 2021 , 125, 1085-1091	3.2	0
77	Conceptualising, operationalising and measuring trust in participatory health research networks: a scoping review protocol. <i>BMJ Open</i> , 2020 , 10, e038840	3	3
76	Positive health among older Traveller and older homeless adults: A scoping review of life-course and structural determinants. <i>Health and Social Care in the Community</i> , 2020 , 28, 1961-1978	2.6	2
75	Participatory implementation research in the field of migrant health: Sustainable changes and ripple effects over time. <i>Health Expectations</i> , 2020 , 23, 306-317	3.7	6
74	The use of music as an arts-based method in migrant health research: a scoping review protocol. <i>HRB Open Research</i> , 2020 , 3, 75	1.2	1
73	The relevance of stroke care for living well with post-stroke aphasia: a qualitative interview study with working-aged adults. <i>Disability and Rehabilitation</i> , 2020 , 1-13	2.4	3
72	Optimising individual and community involvement in health decision-making in general practice consultations and primary care settings: A way forward. <i>European Journal of General Practice</i> , 2020 , 26, 196-201	2.8	4

71	Barriers to the use of trained interpreters in consultations with refugees in four resettlement countries: a qualitative analysis using normalisation process theory. <i>BMC Family Practice</i> , 2020 , 21, 259	2.6	1
70	Migrant health research in the Republic of Ireland: a scoping review. <i>BMC Public Health</i> , 2019 , 19, 324	4.1	14
69	Interdisciplinary team working in the Irish primary healthcare system: Analysis of 'invisible' bottom up innovations using Normalisation Process Theory. <i>Health Policy</i> , 2019 , 123, 1083-1092	3.2	5
68	The Helen Lester Memorial Lecture 2018: the leper squint: spaces for participation in primary health care. <i>British Journal of General Practice</i> , 2019 , 69, 255-256	1.6	4
67	Perspectives of people with aphasia post-stroke towards personal recovery and living successfully: A systematic review and thematic synthesis. <i>PLoS ONE</i> , 2019 , 14, e0214200	3.7	30
66	Ethnicity recording in health and social care data collections in Ireland: where and how is it measured and what is it used for?. <i>International Journal for Equity in Health</i> , 2019 , 19, 2	4.6	8
65	'Participation is integral': understanding the levers and barriers to the implementation of community participation in primary healthcare: a qualitative study using normalisation process theory. <i>BMC Health Services Research</i> , 2019 , 19, 515	2.9	14
64	Community participation in primary health care: Meaningful involvement of migrants 2019 , 283-295		2
63	Defining a framework for medical teachers' competencies to teach ethnic and cultural diversity: Results of a European Delphi study. <i>Medical Teacher</i> , 2019 , 41, 68-74	3	16
62	Material practices for meaningful engagement: An analysis of participatory learning and action research techniques for data generation and analysis in a health research partnership. <i>Health Expectations</i> , 2018 , 21, 159-170	3.7	23
61	Ethnic Minority Health in Ireland-Co-creating knowledge (EMH-IC): a participatory health research protocol. <i>BMJ Open</i> , 2018 , 8, e026335	3	9
60	Implementing community participation via interdisciplinary teams in primary care: An Irish case study in practice. <i>Health Expectations</i> , 2018 , 21, 990-1001	3.7	7
59	Participatory methods for research prioritization in primary care: an analysis of the World Caf� approach in Ireland and the USA. <i>Family Practice</i> , 2017 , 34, 278-284	1.9	42
58	Exploring barriers to primary care for migrants in Greece in times of austerity: Perspectives of service providers. <i>European Journal of General Practice</i> , 2017 , 23, 128-134	2.8	14
57	Supporting the use of theory in cross-country health services research: a participatory qualitative approach using Normalisation Process Theory as an example. <i>BMJ Open</i> , 2017 , 7, e014289	3	8
56	Assessing the facilitators and barriers of interdisciplinary team working in primary care using normalisation process theory: An integrative review. <i>PLoS ONE</i> , 2017 , 12, e0177026	3.7	37
55	Engaging migrants and other stakeholders to improve communication in cross-cultural consultation in primary care: a theoretically informed participatory study. <i>BMJ Open</i> , 2016 , 6, e010822	3	28
54	Using Participatory Learning & Action research to access and engage with 'hard to reach' migrants in primary healthcare research. <i>BMC Health Services Research</i> , 2016 , 16, 25	2.9	29

53	Learning from doing: the case for combining normalisation process theory and participatory learning and action research methodology for primary healthcare implementation research. <i>BMC Health Services Research</i> , 2016 , 16, 346	2.9	27
52	Exploring levers and barriers to accessing primary care for marginalised groups and identifying their priorities for primary care provision: a participatory learning and action research study. <i>International Journal for Equity in Health</i> , 2016 , 15, 197	4.6	40
51	Reducing the health care burden for marginalised migrants: The potential role for primary care in Europe. <i>Health Policy</i> , 2016 , 120, 495-508	3.2	52
50	A critical analysis of the implementation of service user involvement in primary care research and health service development using normalization process theory. <i>Health Expectations</i> , 2016 , 19, 501-15	3.7	31
49	Addressing the long-term impacts of aphasia: how far does the Conversation Partner Programme go?. <i>Aphasiology</i> , 2015 , 29, 889-913	1.6	30
48	Who decides what criteria are important to consider in exploring the outcomes of conversation approaches? A participatory health research study. <i>Aphasiology</i> , 2015 , 29, 914-938	1.6	20
47	Mental health problems of undocumented migrants in the Netherlands: A qualitative exploration of recognition, recording, and treatment by general practitioners. <i>Scandinavian Journal of Primary Health Care</i> , 2015 , 33, 82-90	2.7	15
46	Primary care teams in Ireland: a qualitative mapping review of Irish grey and published literature. <i>Irish Journal of Medical Science</i> , 2015 , 184, 69-73	1.9	8
45	Involving migrants in the development of guidelines for communication in cross-cultural general practice consultations: a participatory learning and action research project. <i>BMJ Open</i> , 2015 , 5, e007092 ³		21
44	Guidelines and training initiatives that support communication in cross-cultural primary-care settings: appraising their implementability using Normalization Process Theory. <i>Family Practice</i> , 2015 , 32, 420-5	1.9	13
43	Communication in cross-cultural consultations in primary care in Europe: the case for improvement. The rationale for the RESTORE FP 7 project. <i>Primary Health Care Research and Development</i> , 2014 , 15, 122-33	1.6	35
42	Training socially responsive health care graduates: is service learning an effective educational approach?. <i>Medical Teacher</i> , 2014 , 36, 291-307	3	27
41	Healthcare for migrants, participatory health research and implementation science--better health policy and practice through inclusion. The RESTORE project. <i>European Journal of General Practice</i> , 2014 , 20, 148-52	2.8	16
40	A qualitative systematic review of studies using the normalization process theory to research implementation processes. <i>Implementation Science</i> , 2014 , 9, 2	8.4	184
39	Who are we and where are we going? Primary care academics in non-clinical posts. <i>Primary Health Care Research and Development</i> , 2014 , 15, 96-103	1.6	1
38	Health-care access for migrants in Europe. <i>Lancet, The</i> , 2013 , 382, 393	40	21
37	Community participation in primary care in Ireland: the need for implementation research. <i>Primary Health Care Research and Development</i> , 2013 , 14, 126-39	1.6	8
36	Service users' and caregivers' perspectives on continuity of care in out-of-hours primary care. <i>Qualitative Health Research</i> , 2013 , 23, 407-21	3.9	14

35	Patients' views about the use of their personal information from general practice medical records in health research: a qualitative study in Ireland. <i>Family Practice</i> , 2013 , 30, 105-12	1.9	19
34	REsearch into implementation STRategies to support patients of different ORigins and language background in a variety of European primary care settings (RESTORE): study protocol. <i>Implementation Science</i> , 2012 , 7, 111	8.4	33
33	Using a theory-driven conceptual framework in qualitative health research. <i>Qualitative Health Research</i> , 2012 , 22, 607-18	3.9	122
32	The e-Health Implementation Toolkit: qualitative evaluation across four European countries. <i>Implementation Science</i> , 2011 , 6, 122	8.4	19
31	The impact of direct provision accommodation for asylum seekers on organisation and delivery of local primary care and social care services: a case study. <i>BMC Family Practice</i> , 2011 , 12, 32	2.6	9
30	Evaluating complex interventions and health technologies using normalization process theory: development of a simplified approach and web-enabled toolkit. <i>BMC Health Services Research</i> , 2011 , 11, 245	2.9	133
29	Public attitudes to the use in research of personal health information from general practitioners' records: a survey of the Irish general public. <i>Journal of Medical Ethics</i> , 2011 , 37, 50-5	2.5	45
28	"I'm worried about what I missed": GP registrars' views on learning needs to deliver effective healthcare to ethnically and culturally diverse patient populations. <i>Education for Health: Change in Learning and Practice</i> , 2011 , 24, 494	0.4	7
27	An exploration of evidence-based policy in Ireland: health and social inclusion. <i>Evidence and Policy</i> , 2010 , 6, 255-268	2.1	6
26	Normalisation process theory: a framework for developing, evaluating and implementing complex interventions. <i>BMC Medicine</i> , 2010 , 8, 63	11.4	584
25	Expanding the value of qualitative theories of illness experience in clinical practice: a grounded theory of secondary heart disease prevention. <i>Health Education Research</i> , 2009 , 24, 357-68	1.8	12
24	Arranging and negotiating the use of informal interpreters in general practice consultations: experiences of refugees and asylum seekers in the west of Ireland. <i>Social Science and Medicine</i> , 2009 , 69, 210-4	5.1	45
23	Research activity and capacity in primary healthcare: the REACH study: a survey. <i>BMC Family Practice</i> , 2009 , 10, 33	2.6	15
22	A postal survey of data in general practice on the prevalence of Acquired Brain Injury (ABI) in patients aged 18-65 in one county in the west of Ireland. <i>BMC Family Practice</i> , 2009 , 10, 36	2.6	6
21	Development of a theory of implementation and integration: Normalization Process Theory. <i>Implementation Science</i> , 2009 , 4, 29	8.4	618
20	Language barriers in health and social care consultations in the community: a comparative study of responses in Ireland and England. <i>Health Policy</i> , 2009 , 92, 203-10	3.2	11
19	User involvement: Participatory approach works. <i>BMJ, The</i> , 2008 , 336, 405-6	5.9	3
18	Responses to language barriers in consultations with refugees and asylum seekers: a telephone survey of Irish general practitioners. <i>BMC Family Practice</i> , 2008 , 9, 68	2.6	21

17	Understanding the implementation of complex interventions in health care: the normalization process model. <i>BMC Health Services Research</i> , 2007 , 7, 148	2.9	388
16	The complexity of patients' satisfaction with out-of-hours care: a qualitative study. <i>European Journal of General Practice</i> , 2007 , 13, 83-8	2.8	2
15	A qualitative study of the educational potential of joint teleconsultations at the primary-secondary care interface. <i>Journal of Telemedicine and Telecare</i> , 2006 , 12 Suppl 1, 22-4	6.8	21
14	Patients and health professionals' perspectives on the sociocultural influences on secondary cardiac behaviour: a qualitative study of the implications in policy and practice. <i>Family Practice</i> , 2006 , 23, 587-96	1.9	9
13	A qualitative study of factors influencing antimicrobial prescribing by non-consultant hospital doctors. <i>Journal of Antimicrobial Chemotherapy</i> , 2006 , 58, 840-3	5.1	66
12	A qualitative study of communication during joint teleconsultations at the primary-secondary care interface. <i>Journal of Telemedicine and Telecare</i> , 2006 , 12 Suppl 1, 24-6	6.8	11
11	Telemedicine services in the Republic of Ireland: an evolving policy context. <i>Health Policy</i> , 2006 , 76, 245-58	5.8	26
10	Helping each other to learn--a process evaluation of peer assisted learning. <i>BMC Medical Education</i> , 2006 , 6, 18	3.3	94
9	Patients' perceptions of joint teleconsultations: a qualitative evaluation. <i>Health Expectations</i> , 2006 , 9, 81-90	3.7	56
8	Role flexibility among telemedicine service providers in the north-west and west of Ireland. <i>Journal of Telemedicine and Telecare</i> , 2005 , 11 Suppl 1, 62-4	6.8	6
7	Understanding the normalization of telemedicine services through qualitative evaluation. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2003 , 10, 596-604	8.6	110
6	Why do telemedicine systems fail to normalize as stable models of service delivery?. <i>Journal of Telemedicine and Telecare</i> , 2003 , 9 Suppl 1, S25-6	6.8	27
5	Concepts of illness causation and attitudes to health care among older people in the Republic of Ireland. <i>Social Science and Medicine</i> , 2002 , 54, 1389-400	5.1	13
4	Implementation of telemedicine: the problem of evaluation. <i>Journal of Telemedicine and Telecare</i> , 2002 , 8 Suppl 2, 39-40	6.8	28
3	The benefits of a qualitative approach to telemedicine research. <i>Journal of Telemedicine and Telecare</i> , 2002 , 8 Suppl 2, 56-7	6.8	15
2	Implementation of telemedicine: the problem of evaluation. <i>Journal of Telemedicine and Telecare</i> , 2002 , 8, 39-40	6.8	4
1	The benefits of a qualitative approach to telemedicine research. <i>Journal of Telemedicine and Telecare</i> , 2002 , 8, 56-57	6.8	3
