#	ARTICLE	IF	CITATIONS
1	A time and cost analysis of speech pathology paediatric feeding services delivered in-person versus via telepractice. <i>Journal of Telemedicine and Telecare</i> , 2023, 29, 613-620.	2.7	9
2	Enhancing speech-language pathology head and neck cancer service provision in rural Australia: Using a plan, do, study, act approach. <i>International Journal of Speech-Language Pathology</i> , 2023, 25, 292-305.	1.2	0
3	Clinician and consumer perceptions of head and neck cancer services in rural areas: Implications for speech pathology service delivery. <i>Australian Journal of Rural Health</i> , 2022, 30, 175-187.	1.5	5
4	Implementation of a speech and language therapy-led referring model for videofluoroscopic swallow studies: An evaluation of service outcomes. <i>International Journal of Language and Communication Disorders</i> , 2022, , .	1.5	1
5	Beyond forced telehealth adoption: A framework to sustain telehealth among allied health services. <i>Journal of Telemedicine and Telecare</i> , 2022, , 1357633X2210744.	2.7	22
6	Post-acute health care needs of people with head and neck cancer: Mapping health care services, experiences, and the impact of rurality. <i>Head and Neck</i> , 2022, 44, 1377-1392.	2.0	4
7	Telepractice and Dysphagia Management: The Era of COVID-19 and Beyond. <i>Dysphagia</i> , 2022, 37, 1386-1399.	1.8	8
8	Evaluation of the implementation of a speech and language therapist-led referring model for VFSS using the Consolidated Framework for Implementation Research (CFIR). <i>International Journal of Language and Communication Disorders</i> , 2022, 57, 977-989.	1.5	2
9	Speech-language pathology managers' perceptions of a videofluoroscopic swallow study eLearning programme to support training and service delivery. <i>International Journal of Speech-Language Pathology</i> , 2021, 23, 103-112.	1.2	6
10	A Consensus Statement for the Management and Rehabilitation of Communication and Swallowing Function in the ICU: A Global Response to COVID-19. <i>Archives of Physical Medicine and Rehabilitation</i> , 2021, 102, 835-842.	0.9	25
11	Evaluating the Use of Telepractice to Deliver Pediatric Feeding Assessments. <i>American Journal of Speech-Language Pathology</i> , 2021, 30, 1686-1699.	1.8	10
12	Establishing Clinical Swallowing Assessment Services via Telepractice: A Multisite Implementation Evaluation. <i>American Journal of Speech-Language Pathology</i> , 2021, 30, 2456-2464.	1.8	6
13	Speech pathology service enhancement for people with head and neck cancer living in rural areas: Using a concept mapping approach to inform service change. <i>Head and Neck</i> , 2021, 43, 3504-3521.	2.0	6
14	Speech-language therapists' perceptions of an eLearning program to support training in videofluoroscopic swallow studies. <i>International Journal of Language and Communication Disorders</i> , 2021, 56, 257-270.	1.5	2
15	Evaluating the Use of Telepractice for Bottle-Feeding Assessments. <i>Children</i> , 2021, 8, 989.	1.5	4
16	Sustaining allied health telehealth services beyond the rapid response to COVID-19: Learning from patient and staff experiences at a large quaternary hospital. <i>Journal of Telemedicine and Telecare</i> , 2021, 27, 615-624.	2.7	37
17	Changing from telephone to videoconference for pre-treatment pharmacist consults in cancer services: Impacts to funding and time efficiency. <i>Journal of Telemedicine and Telecare</i> , 2021, 27, 680-684.	2.7	3
18	Evaluation of a speech pathology service delivery model for patients at low dysphagia risk during radiotherapy for HNC. <i>Supportive Care in Cancer</i> , 2020, 28, 1867-1876.	2.2	3

#	ARTICLE	IF	CITATIONS
19	Knowing the costs of change: an introduction to health economic analyses and considerations for their use in implementation research. <i>Speech, Language and Hearing</i> , 2020, 23, 30-36.	1.0	6
20	Radiotherapy for cutaneous head and neck cancer and parotid tumours: a prospective investigation of treatment-related acute swallowing and toxicity patterns. <i>Supportive Care in Cancer</i> , 2019, 27, 573-581.	2.2	5
21	Implementation of speech pathology telepractice services for clinical swallowing assessment: An evaluation of service outcomes, costs and consumer satisfaction. <i>Journal of Telemedicine and Telecare</i> , 2019, 25, 545-551.	2.7	38
22	Developing the system architecture for conducting synchronous paediatric feeding assessments via telepractice. <i>Journal of Telemedicine and Telecare</i> , 2019, 25, 552-558.	2.7	13
23	Helical intensity-modulated radiotherapy with concurrent chemotherapy for oropharyngeal squamous cell carcinoma: A prospective investigation of acute swallowing and toxicity patterns. <i>Head and Neck</i> , 2018, 40, 1955-1966.	2.0	13
24	Randomized controlled trial of a multisite speech pathology telepractice service providing swallowing and communication intervention to patients with head and neck cancer: Evaluation of service outcomes. <i>Head and Neck</i> , 2017, 39, 932-939.	2.0	61
25	Application of telepractice for head and neck cancer management: a review of speech language pathology service models. <i>Current Opinion in Otolaryngology and Head and Neck Surgery</i> , 2017, 25, 169-174.	1.8	15
26	Patterns of dysphagia and acute toxicities in patients with head and neck cancer undergoing helical IMRT±concurrent chemotherapy. <i>Oral Oncology</i> , 2017, 64, 1-8.	1.5	42
27	Cost analysis of a speech pathology synchronous telepractice service for patients with head and neck cancer. <i>Head and Neck</i> , 2017, 39, 2470-2480.	2.0	42
28	Home-based telehealth service for swallowing and nutrition management following head and neck cancer treatment. <i>Journal of Telemedicine and Telecare</i> , 2017, 23, 866-872.	2.7	54
29	Using Telepractice to Support the Management of Head and Neck Cancer: Key Considerations for Speech-Language Pathology Service Planning, Establishment, and Evaluation. <i>Perspectives of the ASHA Special Interest Groups</i> , 2017, 2, 139-146.	0.8	5
30	Conducting Real-Time Videofluoroscopic Swallow Study via Telepractice: A Preliminary Feasibility and Reliability Study. <i>Dysphagia</i> , 2016, 31, 473-483.	1.8	21
31	Research funding for telemedicine: an Australian perspective. <i>Journal of Telemedicine and Telecare</i> , 2016, 22, 189-191.	2.7	1
32	A Dynamic Image Quality Evaluation of Videofluoroscopy Images: Considerations for Telepractice Applications. <i>Dysphagia</i> , 2015, 30, 473-481.	1.8	6
33	Impact of Dysphagia Severity on Clinical Decision Making via Telerehabilitation. <i>Telemedicine Journal and E-Health</i> , 2014, 20, 296-303.	2.8	52
34	Assessing dysphagia via telerehabilitation: Patient perceptions and satisfaction. <i>International Journal of Speech-Language Pathology</i> , 2013, 15, 176-183.	1.2	50
35	Evaluation of a Clinical Service Model for Dysphagia Assessment via Telerehabilitation. <i>International Journal of Telemedicine and Applications</i> , 2013, 2013, 1-7.	2.0	28
36	A pilot trial of a speech pathology telehealth service for head and neck cancer patients. <i>Journal of Telemedicine and Telecare</i> , 2012, 18, 443-446.	2.7	58

#	ARTICLE	IF	CITATIONS
37	Training the allied health assistant for the telerehabilitation assessment of dysphagia. Journal of Telemedicine and Telecare, 2012, 18, 287-291.	2.7	22
38	Managing Patient Factors in the Assessment of Swallowing via Telerehabilitation. International Journal of Telemedicine and Applications, 2012, 2012, 1-6.	2.0	24
39	Validity of Conducting Clinical Dysphagia Assessments for Patients with Normal to Mild Cognitive Impairment via Telerehabilitation. Dysphagia, 2012, 27, 460-472.	1.8	73
40	Assessing Swallowing Disorders Online: A Pilot Telerehabilitation Study. Telemedicine Journal and E-Health, 2011, 17, 688-695.	2.8	53
