

Alpesh N Amin

List of Publications by Citations

Source: <https://exaly.com/author-pdf/7080339/alpesh-n-amin-publications-by-citations.pdf>

Version: 2024-04-23

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
163	Incremental Hemodialysis, Residual Kidney Function, and Mortality Risk in Incident Dialysis Patients: A Cohort Study. <i>American Journal of Kidney Diseases</i> , 2016 , 68, 256-265	7.4	145
162	Multidrug-Resistant Gram-Negative Bacterial Infections in the Hospital Setting: Overview, Implications for Clinical Practice, and Emerging Treatment Options. <i>Microbial Drug Resistance</i> , 2016 , 22, 412-31	2.9	118
161	Duration of venous thromboembolism risk across a continuum in medically ill hospitalized patients. <i>Journal of Hospital Medicine</i> , 2012 , 7, 231-8	2.7	99
160	Current treatment practice and outcomes. Report of the hyponatremia registry. <i>Kidney International</i> , 2015 , 88, 167-77	9.9	98
159	The Obesity Paradox in Kidney Disease: How to Reconcile it with Obesity Management. <i>Kidney International Reports</i> , 2017 , 2, 271-281	4.1	81
158	Medical cost reductions associated with the usage of novel oral anticoagulants vs warfarin among atrial fibrillation patients, based on the RE-LY, ROCKET-AF, and ARISTOTLE trials. <i>Journal of Medical Economics</i> , 2012 , 15, 776-85	2.4	74
157	Acute bacterial skin and skin structure infections (ABSSSI): practice guidelines for management and care transitions in the emergency department and hospital. <i>Journal of Emergency Medicine</i> , 2015 , 48, 508-19	1.5	72
156	Intradialytic hypotension, blood pressure changes and mortality risk in incident hemodialysis patients. <i>Nephrology Dialysis Transplantation</i> , 2018 , 33, 149-159	4.3	64
155	Inpatient thromboprophylaxis use in U.S. hospitals: adherence to the seventh American College of Chest Physicians' recommendations for at-risk medical and surgical patients. <i>Journal of Hospital Medicine</i> , 2009 , 4, E15-21	2.7	60
154	Decolonization to Reduce Postdischarge Infection Risk among MRSA Carriers. <i>New England Journal of Medicine</i> , 2019 , 380, 638-650	59.2	55
153	Estimation of the impact of warfarin's time-in-therapeutic range on stroke and major bleeding rates and its influence on the medical cost avoidance associated with novel oral anticoagulant use—learnings from ARISTOTLE, ROCKET-AF, and RE-LY trials. <i>Journal of Thrombosis and Thrombolysis</i> , 2014 , 29, 150-8	5.1	51
152	Risk of stroke/systemic embolism, major bleeding and associated costs in non-valvular atrial fibrillation patients who initiated apixaban, dabigatran or rivaroxaban compared with warfarin in the United States Medicare population. <i>Current Medical Research and Opinion</i> , 2017 , 33, 1595-1604	2.5	42
151	Evaluation of incremental healthcare resource burden and readmission rates associated with hospitalized hyponatremic patients in the US. <i>Journal of Hospital Medicine</i> , 2012 , 7, 634-9	2.7	42
150	Preventing venous thromboembolism in US hospitals: are surgical patients receiving appropriate prophylaxis?. <i>Thrombosis and Haemostasis</i> , 2008 , 99, 796-7	7	38
149	Hospitalist perspective on the treatment of skin and soft tissue infections. <i>Mayo Clinic Proceedings</i> , 2014 , 89, 1436-51	6.4	35
148	Clinical and economic consequences of ventilator-associated pneumonia. <i>Clinical Infectious Diseases</i> , 2009 , 49 Suppl 1, S36-43	11.6	31
147	Attitudes and preferences on the use of mobile health technology and health games for self-management: interviews with older adults on anticoagulation therapy. <i>JMIR MHealth and UHealth</i> , 2014 , 2, e32	5.5	29

146	Current and Potential Therapeutic Strategies for Hemodynamic Cardiorenal Syndrome. <i>CardioRenal Medicine</i> , 2016 , 6, 83-98	2.8	28
145	Does ambulation modify venous thromboembolism risk in acutely ill medical patients?. <i>Thrombosis and Haemostasis</i> , 2010 , 104, 955-61	7	28
144	Pre-dialysis serum sodium and mortality in a national incident hemodialysis cohort. <i>Nephrology Dialysis Transplantation</i> , 2016 , 31, 992-1001	4.3	27
143	Extended-Duration Betrixaban Reduces the Risk of Rehospitalization Associated With Venous Thromboembolism Among Acutely Ill Hospitalized Medical Patients: Findings From the APEX Trial (Acute Medically Ill Venous Thromboembolism Prevention With Extended Duration Betrixaban). <i>Circulation</i> , 2017 , 135, 81-91	16.7	25
142	Confidence in correct inhaler technique and its association with treatment adherence and health status among US patients with chronic obstructive pulmonary disease. <i>Patient Preference and Adherence</i> , 2017 , 11, 1205-1212	2.4	24
141	Comparison of differences in medical costs when new oral anticoagulants are used for the treatment of patients with non-valvular atrial fibrillation and venous thromboembolism vs warfarin or placebo in the US. <i>Journal of Medical Economics</i> , 2015 , 18, 399-409	2.4	23
140	Appropriate thromboprophylaxis in hospitalized cancer patients. <i>Clinical Advances in Hematology and Oncology</i> , 2008 , 6, 910-20	0.6	23
139	Hospital readmissions in US atrial fibrillation patients: occurrence and costs. <i>American Journal of Therapeutics</i> , 2013 , 20, 143-50	1	22
138	Optimizing the prevention of venous thromboembolism: recent quality initiatives and strategies to drive improvement. <i>Joint Commission Journal on Quality and Patient Safety</i> , 2009 , 35, 558-64	1.4	21
137	Implementing critical pathways and a multidisciplinary team approach to cardiovascular disease management. <i>American Journal of Cardiology</i> , 2008 , 102, 47G-56G	3	21
136	The hospitalist perspective on treatment of community-acquired bacterial pneumonia. <i>Postgraduate Medicine</i> , 2014 , 126, 18-29	3.7	20
135	Healthcare resource burden associated with hyponatremia among patients hospitalized for heart failure in the US. <i>Journal of Medical Economics</i> , 2013 , 16, 415-20	2.4	19
134	Oral anticoagulation to reduce risk of stroke in patients with atrial fibrillation: current and future therapies. <i>Clinical Interventions in Aging</i> , 2013 , 8, 75-84	4	19
133	Retrospective administrative database study of the time period of venous thromboembolism risk during and following hospitalization for major orthopedic or abdominal surgery in real-world US patients. <i>Hospital Practice (1995)</i> , 2011 , 39, 7-17	2.2	19
132	Need to improve thromboprophylaxis across the continuum of care for surgical patients. <i>Advances in Therapy</i> , 2010 , 27, 81-93	4.1	19
131	Predictive value of the present-on-admission indicator for hospital-acquired venous thromboembolism. <i>Medical Care</i> , 2015 , 53, e31-6	3.1	18
130	Approach and Management of Hypertension After Kidney Transplantation. <i>Frontiers in Medicine</i> , 2020 , 7, 229	4.9	18
129	Current Management of Hyponatremia in Acute Heart Failure: A Report From the Hyponatremia Registry for Patients With Euvolemic and Hypervolemic Hyponatremia (HN Registry). <i>Journal of the American Heart Association</i> , 2017 , 6,	6	18

128	Health care utilization, costs, and readmission rates associated with hyponatremia. <i>Hospital Practice (1995)</i> , 2013 , 41, 89-95	2.2	18
127	Venous thromboembolism pharmacy intervention management program with an active, multifaceted approach reduces preventable venous thromboembolism and increases appropriate prophylaxis. <i>Clinical and Applied Thrombosis/Hemostasis</i> , 2012 , 18, 45-58	3.3	18
126	Real-World Medical Cost Avoidance When New Oral Anticoagulants are Used Versus Warfarin for Venous Thromboembolism in the United States. <i>Clinical and Applied Thrombosis/Hemostasis</i> , 2016 , 22, 5-11	3.3	17
125	Evaluation of medical costs associated with use of new oral anticoagulants compared with standard therapy among venous thromboembolism patients. <i>Journal of Medical Economics</i> , 2014 , 17, 763-70	2.4	17
124	Feasibility Study of a Mobile Health Intervention for Older Adults on Oral Anticoagulation Therapy. <i>Gerontology and Geriatric Medicine</i> , 2016 , 2, 2333721416672970	2.3	17
123	Direct Oral Anticoagulants for the Management of Thromboembolic Disorders: The Importance of Adherence and Persistence in Achieving Beneficial Outcomes. <i>Clinical and Applied Thrombosis/Hemostasis</i> , 2016 , 22, 605-16	3.3	16
122	How to use the core competencies in hospital medicine: a framework for curriculum development. <i>Journal of Hospital Medicine</i> , 2006 , 1 Suppl 1, 57-67	2.7	16
121	Personalizing Nursing Home Compare and the Discharge from Hospitals to Nursing Homes. <i>Health Services Research</i> , 2016 , 51, 2076-2094	3.4	16
120	When Patients Customize Nursing Home Ratings, Choices And Rankings Differ From The Government's Version. <i>Health Affairs</i> , 2016 , 35, 714-9	7	16
119	A Real-World Observational Study of Hospitalization and Health Care Costs Among Nonvalvular Atrial Fibrillation Patients Prescribed Oral Anticoagulants in the U.S. Medicare Population. <i>Journal of Managed Care & Specialty Pharmacy</i> , 2018 , 24, 911-920	1.9	15
118	Medical costs in the US of clinical events associated with oral anticoagulant (OAC) use compared to warfarin among non-valvular atrial fibrillation patients. <i>Journal of Medical Economics</i> , 2013 , 16, 1163-8	2.4	14
117	Clinical and economic outcomes in patients at risk of venous thromboembolism receiving appropriate enoxaparin or unfractionated heparin prophylaxis. <i>Thrombosis and Haemostasis</i> , 2009 , 102, 321-6	7	14
116	Healthcare-associated infections, infection control and the potential of new antibiotics in development in the USA. <i>Future Microbiology</i> , 2015 , 10, 1049-62	2.9	12
115	Real-world comparison of all-cause hospitalizations, hospitalizations due to stroke and major bleeding, and costs for non-valvular atrial fibrillation patients prescribed oral anticoagulants in a US health plan. <i>Journal of Medical Economics</i> , 2018 , 21, 244-253	2.4	12
114	Estimated medical cost reductions associated with use of novel oral anticoagulants vs warfarin in a real-world non-valvular atrial fibrillation patient population. <i>Journal of Medical Economics</i> , 2014 , 17, 771-81	3.4	12
113	Incremental cost burden to US healthcare payers of atrial fibrillation/atrial flutter patients with additional risk factors. <i>Advances in Therapy</i> , 2011 , 28, 907-26	4.1	12
112	Reducing the incidence of hospital-associated venous thromboembolism within a network of academic hospitals: Findings from five University of California medical centers. <i>Journal of Hospital Medicine</i> , 2016 , 11 Suppl 2, S22-S28	2.7	12
111	Estimated medical cost reductions associated with apixaban in real-world patients with non-valvular atrial fibrillation. <i>Journal of Medical Economics</i> , 2013 , 16, 1193-202	2.4	11

110	Rate of deep-vein thrombosis and pulmonary embolism during the care continuum in patients with acute ischemic stroke in the United States. <i>BMC Neurology</i> , 2013 , 13, 17	3.1	11
109	Are There Any Differences in the Clinical and Economic Outcomes Between US Cancer Patients Receiving Appropriate or Inappropriate Venous Thromboembolism Prophylaxis?. <i>Journal of Oncology Practice</i> , 2009 , 5, 159-64	3.1	11
108	Real-world rates of in-hospital and postdischarge deep-vein thrombosis and pulmonary embolism in at-risk medical patients in the United States. <i>Clinical and Applied Thrombosis/Hemostasis</i> , 2011 , 17, 611-9	3.3	11
107	Pneumonia readmissions: risk factors and implications. <i>Ochsner Journal</i> , 2014 , 14, 649-54	1.5	11
106	Hypoglycemia-Related Hospitalizations and Mortality Among Patients With Diabetes Transitioning to Dialysis. <i>American Journal of Kidney Diseases</i> , 2018 , 72, 701-710	7.4	10
105	Dialysis Provider and Outcomes among United States Veterans Who Transition to Dialysis. <i>Clinical Journal of the American Society of Nephrology: CJASN</i> , 2018 , 13, 1055-1062	6.9	10
104	Treatment patterns for patients hospitalized with chronic obstructive pulmonary disease. <i>American Journal of Health-System Pharmacy</i> , 2018 , 75, 359-366	2.2	10
103	Lack of thromboprophylaxis across the care continuum in US medical patients. <i>Hospital Practice (1995)</i> , 2010 , 38, 17-25	2.2	10
102	Influence of the duration of hospital length of stay on frequency of prophylaxis and risk for venous thromboembolism among patients hospitalized for acute medical illnesses in the USA. <i>Drugs in Context</i> , 2019 , 8, 212568	5.2	10
101	Lower 30-day readmission rates with roflumilast treatment among patients hospitalized for chronic obstructive pulmonary disease. <i>International Journal of COPD</i> , 2015 , 10, 909-15	3	9
100	Hospitalized patients with acute decompensated heart failure: recognition, risk stratification, and treatment review. <i>Journal of Hospital Medicine</i> , 2008 , 3, S16-24	2.7	9
99	Development and external validation of a prognostic tool for COVID-19 critical disease. <i>PLoS ONE</i> , 2020 , 15, e0242953	3.7	9
98	Comparative clinical outcomes between direct oral anticoagulants and warfarin among elderly patients with non-valvular atrial fibrillation in the CMS medicare population. <i>Journal of Thrombosis and Thrombolysis</i> , 2019 , 48, 240-249	5.1	8
97	Using an online quiz-based reinforcement system to teach healthcare quality and patient safety and care transitions at the University of California. <i>International Journal for Quality in Health Care</i> , 2017 , 29, 735-739	1.9	8
96	Emergency medicine and hospital medicine: a call for collaboration. <i>American Journal of Medicine</i> , 2012 , 125, 826.e1-6	2.4	8
95	Inpatient and outpatient occurrence of deep vein thrombosis and pulmonary embolism and thromboprophylaxis following selected at-risk surgeries. <i>Annals of Pharmacotherapy</i> , 2011 , 45, 1045-52	2.9	8
94	Evaluation of medical costs avoided when new oral anticoagulants are used for extended treatment of venous thromboembolism based on clinical trial results. <i>Journal of Thrombosis and Thrombolysis</i> , 2015 , 40, 131-8	5.1	7
93	Patient Motivators for Emergency Department Utilization: A Pilot Cross-Sectional Survey of Uninsured Admitted Patients at a University Teaching Hospital. <i>Journal of Emergency Medicine</i> , 2015 , 49, 203-10.e3	1.5	7

92	Rationale and study protocol for the Nursing Home Compare Plus (NHCPlus) randomized controlled trial: A personalized decision aid for patients transitioning from the hospital to a skilled-nursing facility. <i>Contemporary Clinical Trials</i> , 2016 , 47, 139-45	2.3	7
91	Incremental Health Care Burden of Bleeding Among Patients with Venous Thromboembolism in the United States. <i>Journal of Managed Care & Specialty Pharmacy</i> , 2015 , 21, 965-72	1.9	7
90	Application of randomized clinical trial data to actual practice: apixaban therapy for reduction of stroke risk in non-valvular atrial fibrillation patients. <i>Current Medical Research and Opinion</i> , 2013 , 29, 1253-61	2.5	7
89	Productive interdisciplinary team relationships: the hospitalist and the case manager. <i>Lippincott's Case Management: Managing the Process of Patient Care</i> , 2006 , 11, 160-4		7
88	Real-World Use of Prophylactic Antibiotics in Insertable Cardiac Monitor Procedures. <i>PACE - Pacing and Clinical Electrophysiology</i> , 2016 , 39, 837-42	1.6	7
87	Management Strategies and Outcomes for Hyponatremia in Cirrhosis in the Hyponatremia Registry. <i>Canadian Journal of Gastroenterology and Hepatology</i> , 2018 , 2018, 1579508	2.8	7
86	Temporal pattern and costs of rehospitalization in atrial fibrillation/atrial flutter patients with one or more additional risk factors. <i>Journal of Medical Economics</i> , 2012 , 15, 548-55	2.4	6
85	CMSSHospital-Acquired Conditions for the Neurohospitalist. <i>Neurohospitalist, The</i> , 2012 , 2, 18-27	1.1	6
84	The role of hospitalists in the acute care of stroke patients. <i>Current Treatment Options in Cardiovascular Medicine</i> , 2010 , 12, 240-9	2.1	6
83	Who is managing acute decompensated heart failure? The need for a multidisciplinary approach. <i>Journal of Hospital Medicine</i> , 2008 , 3, S1-6	2.7	6
82	Improving the management of patients after myocardial infarction, from admission to discharge. <i>Clinical Therapeutics</i> , 2006 , 28, 1509-39	3.5	6
81	A systems-based practice curriculum. <i>Medical Education</i> , 2004 , 38, 568-9	3.7	6
80	Who will care for our hospitalized patients?. <i>Stroke</i> , 2005 , 36, 1113-4	6.7	6
79	Venous Thromboembolism Prophylaxis and Risk in the Inpatient and Outpatient Continuum of Care Among Hospitalized Acutely Ill Patients in the US: A Retrospective Analysis. <i>Advances in Therapy</i> , 2019 , 36, 59-71	4.1	6
78	Real-world comparison of in-hospital Reveal LINQ insertable cardiac monitor insertion inside and outside of the cardiac catheterization or electrophysiology laboratory. <i>American Heart Journal</i> , 2019 , 207, 76-82	4.9	6
77	Appropriate VTE prophylaxis is associated with lower direct medical costs. <i>Hospital Practice (1995)</i> , 2010 , 38, 130-7	2.2	5
76	A business of medicine curriculum for medical students. <i>Medical Education</i> , 2005 , 39, 510-1	3.7	5
75	Improved outcomes over time for adult COVID-19 patients with acute respiratory distress syndrome or acute respiratory failure. <i>PLoS ONE</i> , 2021 , 16, e0253767	3.7	5

74	The Impact of Unmet Communication and Education Needs on Neurosurgical Patient and Caregiver Experiences of Care: A Qualitative Exploratory Analysis. <i>World Neurosurgery</i> , 2019 , 122, e1528-e1535	2.1	5
73	Comparison of Medical Costs of Patients With Atrial Fibrillation Unsuitable for Warfarin Treatment With Apixaban or Aspirin Based on AVERROES Trial. <i>Clinical and Applied Thrombosis/Hemostasis</i> , 2015 , 21, 235-40	3.3	4
72	Balancing Service and Education: An AAIM Consensus Statement. <i>American Journal of Medicine</i> , 2017 , 130, 237-242	2.4	4
71	Correlation of Simulation Examination to Written Test Scores for Advanced Cardiac Life Support Testing: Prospective Cohort Study. <i>Western Journal of Emergency Medicine</i> , 2015 , 16, 907-12	3.3	4
70	Implementation of a mandated venous thromboembolism clinical order set improves venous thromboembolism core measures. <i>Hospital Practice (1995)</i> , 2014 , 42, 89-99	2.2	4
69	Health care-associated pneumonia. <i>Hospital Practice (1995)</i> , 2010 , 38, 63-74	2.2	4
68	The role of hospitalists in the management of acute decompensated heart failure. <i>The American Heart Hospital Journal</i> , 2005 , 3, 111-7		4
67	Choosing Non-Vitamin K Antagonist Oral Anticoagulants: Practical Considerations We Need to Know. <i>Ochsner Journal</i> , 2016 , 16, 531-541	1.5	4
66	Postoperative respiratory failure: An update on the validity of the Agency for Healthcare Research and Quality Patient Safety Indicator 11 in an era of clinical documentation improvement programs. <i>American Journal of Surgery</i> , 2020 , 220, 222-228	2.7	4
65	Efficacy and safety of sodium zirconium cyclosilicate in patients with baseline serum potassium level ≥ 5 mmol/L: pooled analysis from two phase 3 trials. <i>BMC Nephrology</i> , 2019 , 20, 440	2.7	4
64	Frequency of hospital readmissions for venous thromboembolism and associated hospital costs and length of stay among acute medically ill patients in the US. <i>Journal of Medical Economics</i> , 2019 , 22, 1119-1125	2.4	3
63	Costs associated with unplanned readmissions among patients with heart failure with and without hyponatremia. <i>American Journal of Health-System Pharmacy</i> , 2019 , 76, 374-380	2.2	3
62	Venous Thromboembolism Prophylaxis and Risk for Acutely Medically Ill Patients Stratified by Different Ages and Renal Disease Status. <i>Clinical and Applied Thrombosis/Hemostasis</i> , 2019 , 25, 1076029618823287	3.3	3
61	Platelet response to direct thrombin inhibitor or fondaparinux treatment in patients with suspected heparin-induced thrombocytopenia. <i>Journal of Thrombosis and Thrombolysis</i> , 2018 , 45, 536-542 ^{5.1}	5.1	3
