#	Paper	IF	Citations
92	Oral prednisolone for preschool children with acute virus-induced wheezing. <i>New England Journal of Medicine</i> , 2009 , 360, 329-38	59.2	241
91	Diagnostic value of laboratory tests in identifying serious infections in febrile children: systematic review. <i>BMJ, The</i> , 2011 , 342, d3082	5.9	201
90	Comparison of oral amoxicillin and intravenous benzyl penicillin for community acquired pneumonia in children (PIVOT trial): a multicentre pragmatic randomised controlled equivalence trial. <i>Thorax</i> , 2007 , 62, 1102-6	7.3	68
89	Which urgent care services do febrile children use and why?. <i>Archives of Disease in Childhood</i> , 2011 , 96, 810-6	2.2	47
88	How well do clinical prediction rules perform in identifying serious infections in acutely ill children across an international network of ambulatory care datasets?. <i>BMC Medicine</i> , 2013 , 11, 10	11.4	37
87	Information needs of parents for acute childhood illness: determining 'what, how, where and when' of safety netting using a qualitative exploration with parents and clinicians. <i>BMJ Open</i> , 2014 , 4, e003874 ³		36
86	Why collaborate with children in health research: an analysis of the risks and benefits of collaboration with children. <i>Archives of Disease in Childhood: Education and Practice Edition</i> , 2013 , 98, 42-8	0.5	32
85	Risk score to stratify children with suspected serious bacterial infection: observational cohort study. <i>Archives of Disease in Childhood</i> , 2011 , 96, 361-7	2.2	31
84	Impacts of COVID-19 on vulnerable children in temporary accommodation in the UK. <i>Lancet Public Health, The</i> , 2020 , 5, e241-e242	22.4	28
83	The safety netting behaviour of first contact clinicians: a qualitative study. <i>BMC Family Practice</i> , 2013 , 14, 140	2.6	28
82	A systematic review of explanatory factors of barriers and facilitators to improving asthma management in South Asian children. <i>BMC Public Health</i> , 2014 , 14, 403	4.1	28
81	"We might get a lot more families who will agree": Muslim and Jewish perspectives on less invasive perinatal and paediatric autopsy. <i>PLoS ONE</i> , 2018 , 13, e0202023	3.7	28
80	The under reporting of recruitment strategies in research with children with life-threatening illnesses: A systematic review. <i>Palliative Medicine</i> , 2017 , 31, 419-436	5.5	27
79	Safety netting in healthcare settings: what it means, and for whom?. <i>Archives of Disease in Childhood: Education and Practice Edition</i> , 2014 , 99, 48-53	0.5	26
78	Medical vulnerability of individuals with Down syndrome to severe COVID-19-data from the Trisomy 21 Research Society and the UK ISARIC4C survey. <i>EClinicalMedicine</i> , 2021 , 33, 100769	11.3	24
77	Water, Sanitation, and Hygiene: Linkages with Stunting in Rural Ethiopia. <i>International Journal of Environmental Research and Public Health</i> , 2019 , 16,	4.6	22
76	Evaluation of temperature-pulse centile charts in identifying serious bacterial illness: observational cohort study. <i>Archives of Disease in Childhood</i> , 2011 , 96, 368-73	2.2	20

75	Parents' help-seeking behaviours during acute childhood illness at home: A contribution to explanatory theory. <i>Journal of Child Health Care</i> , 2016 , 20, 77-86	2	19
74	The predictive value of the NICE "red traffic lights" in acutely ill children. <i>PLoS ONE</i> , 2014 , 9, e90847	3.7	19
73	Health information needs of families attending the paediatric emergency department. <i>Archives of Disease in Childhood</i> , 2011 , 96, 335-9	2.2	19
72	Improving health-care quality in resource-poor settings. <i>Bulletin of the World Health Organization</i> , 2017 , 95, 76-78	8.2	19
71	Children with fever and cough at emergency care: diagnostic accuracy of a clinical model to identify children at low risk of pneumonia. <i>European Journal of Emergency Medicine</i> , 2013 , 20, 273-80	2.3	18
70	A qualitative study to identify parents' perceptions of and barriers to asthma management in children from South Asian and White British families. <i>BMC Pulmonary Medicine</i> , 2017 , 17, 126	3.5	17
69	Using a co-production prioritization exercise involving South Asian children, young people and their families to identify health priorities requiring further research and public awareness. <i>Health Expectations</i> , 2017 , 20, 852-861	3.7	17
68	Parent's information seeking in acute childhood illness: what helps and what hinders decision making?. <i>Health Expectations</i> , 2015 , 18, 3044-56	3.7	16
67	A systematic review of complementary feeding practices in South Asian infants and young children: the Bangladesh perspective. <i>BMC Nutrition</i> , 2017 , 3, 56	2.5	14
66	Information resources to aid parental decision-making on when to seek medical care for their acutely sick child: a narrative systematic review. <i>BMJ Open</i> , 2015 , 5, e008280	3	13
65	Systematic review of infant and young child complementary feeding practices in South Asian families: the Pakistan perspective. <i>Public Health Nutrition</i> , 2018 , 21, 655-668	3.3	12
64	The use of a collaborative structured methodology for the development of a multifaceted intervention programme for the management of asthma (the MIA project), tailored to the needs of children and families of South Asian origin: a community-based, participatory study. <i>Health Services and Delivery Research</i> , 2014 , 2, 1-226	1.5	12
63	Systematic review of infant and young child complementary feeding practices in South Asian families: the India perspective. <i>Public Health Nutrition</i> , 2018 , 21, 637-654	3.3	11
62	Asthma management in British South Asian children: an application of the candidacy framework to a qualitative understanding of barriers to effective and accessible asthma care. <i>BMC Public Health</i> , 2016 , 16, 510	4.1	11
61	Integrated care for childhood epilepsy: ongoing challenges and lessons for other long-term conditions. <i>Archives of Disease in Childhood</i> , 2016 , 101, 1057-1062	2.2	11
60	A call for increased paediatric palliative care research: Identifying barriers. <i>Palliative Medicine</i> , 2016 , 30, 979-980	5.5	10
59	What drives junior doctors to use clinical practice guidelines? A national cross-sectional survey of foundation doctors in England & Wales. <i>BMC Medical Education</i> , 2015 , 15, 227	3.3	9
58	Children travelling for treatment: what we don't know. <i>Archives of Disease in Childhood</i> , 2013 , 98, 442-4	2.2	9

57	Multiple and complex links between babyWASH and stunting: an evidence synthesis. <i>Journal of Water Sanitation and Hygiene for Development</i> , 2020 , 10, 786-805	1.5	6
56	COVID-19 in Children with Down Syndrome: Data from the Trisomy 21 Research Society Survey. <i>Journal of Clinical Medicine</i> , 2021 , 10,	5.1	6
55	Could Postnatal Women's Groups Be Used to Improve Outcomes for Mothers and Children in High-Income Countries? A Systematic Review. <i>Maternal and Child Health Journal</i> , 2018 , 22, 1698-1712	2.4	6
54	Development and evaluation of a hospital discharge information package to empower parents in caring for a child with a fever. <i>BMJ Open</i> , 2018 , 8, e021697	3	6
53	Learning Together 1: an educational model for training GPs, paediatricians: initial findings. <i>Education for Primary Care</i> , 2017 , 28, 29-35	0.9	5
52	Characteristics of revisits of children at risk for serious infections in pediatric emergency care. <i>European Journal of Pediatrics</i> , 2018 , 177, 617-624	4.1	5
51	Using an epidemiological model to investigate unwarranted variation: the case of ventilation tubes for otitis media with effusion in England. <i>Journal of Health Services Research and Policy</i> , 2014 , 19, 236-44 ^{2.4}	2.4	5
50	An international survey on the impact of COVID-19 in individuals with Down syndrome 2020 ,		5
49	Linkages between sanitation and the sustainable development goals: A case study of Brazil. <i>Sustainable Development</i> , 2021 , 29, 339-352	6.7	5
48	Complementary Feeding Practices for South Asian Young Children Living in High-Income Countries: A Systematic Review. <i>Nutrients</i> , 2018 , 10,	6.7	5
47	Accounting for the future of health in India. <i>Lancet, The</i> , 2017 , 389, 680-682	4.0	4
46	Can clinical prediction models assess antibiotic need in childhood pneumonia? A validation study in paediatric emergency care. <i>PLoS ONE</i> , 2019 , 14, e0217570	3.7	4
45	Qualitative study to identify ethnicity-specific perceptions of and barriers to asthma management in South Asian and White British children with asthma. <i>BMJ Open</i> , 2019 , 9, e024545	3	4
44	A structured collaborative approach to intervention design using a modified intervention mapping approach: a case study using the Management and Interventions for Asthma (MIA) project for South Asian children. <i>BMC Medical Research Methodology</i> , 2020 , 20, 271	4.7	4
43	Development and preliminary testing of the Brief Developmental Assessment: an early recognition tool for children with heart disease. <i>Cardiology in the Young</i> , 2018 , 28, 582-591	1	4
42	Why are acute admissions to hospital of children under 5 years of age increasing in the UK?. <i>Archives of Disease in Childhood</i> , 2018 , 103, 917-919	2.2	4
41	Limited Evidence on the Management of Respiratory Tract Infections in Down's Syndrome: A Systematic Review. <i>Pediatric Infectious Disease Journal</i> , 2016 , 35, 1075-9	3.4	4
40	Associations between the household environment and stunted child growth in rural India: a cross-sectional analysis		4

39	Nurture Early for Optimal Nutrition (NEON) programme: qualitative study of drivers of infant feeding and care practices in a British-Bangladeshi population. <i>BMJ Open</i> , 2020 , 10, e035347	3	4
38	Getting underneath the skin: A community engagement event for optimal vitamin D status in an 'easily overlooked' group. <i>Health Expectations</i> , 2019 , 22, 1322-1330	3.7	3
37	Validation of the Brief Developmental Assessment in pre-school children with heart disease. <i>Cardiology in the Young</i> , 2018 , 28, 571-581	1	3
36	Admissions to a Low-Resource Neonatal Unit in Malawi Using a Mobile App: Digital Perinatal Outcome Audit. <i>JMIR MHealth and UHealth</i> , 2020 , 8, e16485	5.5	3
35	Linkages between Respiratory Symptoms in Women and Biofuel Use: Regional Case Study of Rajasthan, India. <i>International Journal of Environmental Research and Public Health</i> , 2019 , 16,	4.6	2
34	Respiratory tract infection-related healthcare utilisation in children with Down's syndrome. <i>Infection</i> , 2020 , 48, 403-410	5.8	2
33	A referral pathway for potentially abnormal neurodevelopment in children with heart disease in the United Kingdom: a Delphi consensus. <i>BMJ Paediatrics Open</i> , 2020 , 4, e000587	2.4	2
32	Neurodevelopmental status and follow-up in preschool children with heart disease in London, UK. <i>Archives of Disease in Childhood</i> , 2021 , 106, 263-271	2.2	2
31	Early morbidities following paediatric cardiac surgery: a mixed-methods study. <i>Health Services and Delivery Research</i> , 2020 , 8, 1-192	1.5	2
30	Behavioral interventions for asthma self-management in South Asian populations: a systematic review. <i>Journal of Asthma</i> , 2021 , 58, 112-120	1.9	2
29	Linkages between environmental factors (WASH and energy) and Infant and Young Child Feeding practices in rural India: implications for cross-sectoral interventions for child health. <i>Journal of Water Sanitation and Hygiene for Development</i> ,	1.5	2
28	Online community engagement in response to COVID-19 pandemic. <i>Health Expectations</i> , 2021 , 24, 728-739	3.9	2
27	An Uphill Task for POSHAN Abhiyan: Examining the Missing Link of 'Convergence'. <i>Indian Pediatrics</i> , 2020 , 57, 109-113	1.2	2
26	Clinicians' overestimation of febrile child risk assessment. <i>European Journal of Pediatrics</i> , 2016 , 175, 563-71	4.1	1
25	Barriers to Incorporating NICE Clinical Practice Guidelines in Medical Education: The Medical Student's Perspective. <i>Medical Science Educator</i> , 2011 , 21, 347-354	0.7	1
24	Parents' experiences with a sick or injured child during the COVID-19 lockdown: an online survey in the Netherlands. <i>BMJ Open</i> , 2021 , 11, e055811	3	1
23	Cultural Influences on Complementary Feeding Beliefs amongst New Chinese Immigrant Mothers in England: A Mixed Methods Study. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	1
22	'Birthing a Better Future': A mixed-methods evaluation of an exhibition on the early years of life. <i>Health Expectations</i> , 2021 , 24, 1270-1285	3.7	1

21	Exploring perceptions of consanguineous unions with women from an East London community: analysis of discussion groups. <i>Journal of Community Genetics</i> , 2020 , 11, 225-234	2.5	1
20	Effect of antibiotics in preventing hospitalizations from respiratory tract infections in children with Down syndrome. <i>Pediatric Pulmonology</i> , 2021 , 56, 171-178	3.5	1
19	Associations between the household environment and stunted child growth in rural India: a cross-sectional analysis. <i>UCL Open Environment</i> , 2021 , 2, 1-10	1.9	1
18	Caring for a sick or injured child during the COVID-19 pandemic lockdown in 2020 in the UK: An online survey of parents' experiences. <i>Health Expectations</i> , 2021 , 24, 2036-2046	3.7	1
17	Admissions to a Low-Resource Neonatal Unit in Malawi Using a Mobile App and Dashboard: A 1-Year Digital Perinatal Outcome Audit.. <i>Frontiers in Digital Health</i> , 2021 , 3, 761128	2.3	1
16	Efficacy of maternal B supplementation in vegetarian women for improving infant neurodevelopment: protocol for the MATCOBIND multicentre, double-blind, randomised controlled trial. <i>BMJ Open</i> , 2020 , 10, e034987	3	0
15	Child medical tourism: a new phenomenon	360-369	0
14	Study protocol for randomised clinical trial comparing the effectiveness of side-lying sleep positioning to back-lying at reducing oxygen desaturation resulting from obstructive sleep apnoea in infants with cleft palate (SLUMBR2). <i>BMJ Open</i> , 2021 , 11, e049290	3	0
13	Interventions to improve vitamin D status in at-risk ethnic groups during pregnancy and early childhood: a systematic review. <i>Public Health Nutrition</i> , 2021 , 24, 3498-3519	3.3	0
12	Towards transformative WASH: an integrated case study exploring environmental, sociocultural, economic and institutional risk factors contributing to infant enteric infections in rural tribal India. <i>BMC Public Health</i> , 2021 , 21, 1331	4.1	0
11	Key considerations when involving children in health intervention design: reflections on working in partnership with South Asian children in the UK on a tailored Management and Intervention for Asthma (MIA) study.. <i>Research Involvement and Engagement</i> , 2022 , 8, 9	4.4	0
10	Implementing Clinical Guidelines for Paediatric Care Services: An Overview. <i>Journal of Integrated Care Pathways</i> , 2002 , 6, 18-25		
9	Reducing childhood obesity: evaluation of an Early Years Nutrition programme in a deprived London borough. <i>F1000Research</i> , 2021 , 9, 682	3.6	
8	What are the determinants of childhood infections in India's peri-urban slums? A case study of eight cities. <i>PLoS ONE</i> , 2021 , 16, e0257797	3.7	
7	OC25 - Helping parents spot the deteriorating child: co-production of safety-netting interventions. <i>Nursing Children and Young People</i> , 2016 , 28, 72-3	0.3	
6	OC26 - Parents of young children in research: informants, consultants and collaborators. <i>Nursing Children and Young People</i> , 2016 , 28, 73	0.3	
5	Impact of Digital Educational Interventions to Support Parents Caring for Acutely Ill Children at Home and Factors That Affect Their Use: Protocol for a Systematic Review. <i>JMIR Research Protocols</i> , 2021 , 10, e27504	2	
4	Participatory learning and action (PLA) to improve health outcomes in high-income settings: a systematic review protocol.. <i>BMJ Open</i> , 2022 , 12, e050784	3	

- 3 Barriers to the Delivery and Uptake of Water Sanitation and Hygiene (WASH) Promotion and Infant Diarrhea Prevention Services: A Case Study in Rural Tribal Banswara, Rajasthan. *Indian Pediatrics*, **2022**, 59, 38-42 1.2
- 2 Role of schools in community mobilisation to improve IYCF practices in 6-24-month-old tribal children in the Banswara district, India: findings from the qualitative PANCHSHEEL study.. *BMJ Open*, **2022**, 12, e047741 3
- 1 Usability-Focused Development and Usage of NeoTree-Beta, an App for Newborn Care in a Low-Resource Neonatal Unit, Malawi.. *Frontiers in Public Health*, **2022**, 10, 793314 6
