#	ARTICLE	IF	CITATIONS
1	Development, acceptability and uptake of an on-line communication skills education program targeting challenging conversations for oncology health professionals related to identifying and responding to anxiety and depression. <i>BMC Health Services Research</i> , 2022, 22, 132.	0.9	5
2	Barriers and facilitators to nurse-led advance care planning and palliative care practice change in primary healthcare: a qualitative study. <i>Australian Journal of Primary Health</i> , 2022, 28, 151-157.	0.4	4
3	Staff perspectives on the feasibility of a clinical pathway for anxiety and depression in cancer care, and mid-implementation adaptations. <i>BMC Health Services Research</i> , 2022, 22, 192.	0.9	3
4	Australian general practice experiences of implementing a structured approach to initiating advance care planning and palliative care: a qualitative study. <i>BMJ Open</i> , 2022, 12, e057184.	0.8	2
5	A compassionate pause. <i>Patient Education and Counseling</i> , 2021, 104, 432-436.	1.0	1
6	Prevalence of advance care planning documentation and self-reported uptake in older Australians with a cancer diagnosis. <i>Journal of Geriatric Oncology</i> , 2021, 12, 274-281.	0.5	5
7	Does talking about end of life with adults with intellectual disability cause emotional discomfort or psychological harm?. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2021, 34, 659-669.	1.3	10
8	Professionals' views and experiences in supporting decision-making involvement for people living with dementia. <i>Dementia</i> , 2021, 20, 84-105.	1.0	15
9	Specialist palliative care staff's varying experiences of talking with people with intellectual disability about their dying and death: A thematic analysis of in-depth interviews. <i>Palliative Medicine</i> , 2021, 35, 738-749.	1.3	7
10	Practitioners' perceptions of acceptability of a question prompt list about palliative care for advance care planning with people living with dementia and their family caregivers: a mixed-methods evaluation study. <i>BMJ Open</i> , 2021, 11, e044591.	0.8	7
11	"A good death but there was all this tension around" perspectives of residential managers on the experience of delivering end of life care for people living with dementia. <i>BMC Geriatrics</i> , 2021, 21, 306.	1.1	5
12	Acceptability and appropriateness of a clinical pathway for managing anxiety and depression in cancer patients: a mixed methods study of staff perspectives. <i>BMC Health Services Research</i> , 2021, 21, 1243.	0.9	11
13	Personal and Interpersonal Factors and Their Associations With Advance Care Planning Documentation: A Cross-sectional Survey of Older Adults in Australia. <i>Journal of Pain and Symptom Management</i> , 2020, 59, 1212-1222.e3.	0.6	8
14	The value of real-world testing: a qualitative feasibility study to explore staff and organisational barriers and strategies to support implementation of a clinical pathway for the management of anxiety and depression in adult cancer patients. <i>Pilot and Feasibility Studies</i> , 2020, 6, 109.	0.5	10
15	Prognostic Awareness in Adult Oncology and Palliative Care. <i>Journal of Clinical Oncology</i> , 2020, 38, 877-884.	0.8	32
16	Incorporating an advance care planning screening tool into routine health assessments with older people. <i>Australian Journal of Primary Health</i> , 2020, 26, 240.	0.4	7
17	How and how much is spirituality discussed in palliative care consultations for advanced cancer patients with and without a question prompt list?. <i>Patient Education and Counseling</i> , 2019, 102, 2208-2213.	1.0	10
18	Advance care planning in different settings for people with dementia: A systematic review and narrative synthesis. <i>Palliative and Supportive Care</i> , 2019, 17, 707-719.	0.6	26

#	ARTICLE	IF	CITATIONS
19	Costs and outcomes of advance care planning and end-of-life care for older adults with end-stage kidney disease: A person-centred decision analysis. PLoS ONE, 2019, 14, e0217787.	1.1	13
20	Advance Care Planning in Palliative Care. , 2019, , 649-662.		0
21	Patient experiences of nurse-facilitated advance care planning in a general practice setting: a qualitative study. BMC Palliative Care, 2019, 18, 25.	0.8	47
22	Prevalence and correlates of advance care directives among older Australians accessing health and residential aged care services: multicentre audit study. BMJ Open, 2019, 9, e025255.	0.8	64
23	Palliative care physicians' perspectives on transferring patients to nursing homes and communication strategies to facilitate this transition: A qualitative study. Palliative Medicine, 2019, 33, 323-331.	1.3	9
24	Fidelity is fundamental: intervention predictors in advance care plans in terminal cancer. BMJ Supportive and Palliative Care, 2019, 9, bmjpspcare-2019-001917.	0.8	4
25	Enabling better end of life communication in residential aged care. Patient Education and Counseling, 2019, 102, 2131-2133.	1.0	0
26	“A Real Bucket of Worms”: Views of People Living with Dementia and Family Members on Supported Decision-Making. Journal of Bioethical Inquiry, 2019, 16, 587-608.	0.9	18
27	Case-control study of end-of-life treatment preferences and costs following advance care planning for adults with end-stage kidney disease. Nephrology, 2019, 24, 148-154.	0.7	16
28	Exploring symptom meaning: perspectives of palliative care physicians. Supportive Care in Cancer, 2018, 26, 2769-2784.	1.0	7
29	Using intuition or a formal palliative care needs assessment screening process in general practice to predict death within 12 months: A randomised controlled trial. Palliative Medicine, 2018, 32, 384-394.	1.3	38
30	An Interview Study of Patient and Caregiver Perspectives on Advance Care Planning in ESRD. American Journal of Kidney Diseases, 2018, 71, 216-224.	2.1	46
31	Advance Care Planning in Palliative Care. , 2018, , 1-14.		4
32	General practitioners (GPs) and end-of-life care: a qualitative study of Australian GPs and specialist palliative care clinicians. BMJ Supportive and Palliative Care, 2018, , bmjpspcare-2018-001531.	0.8	20
33	A randomised controlled trial of an advance care planning intervention for patients with incurable cancer. British Journal of Cancer, 2018, 119, 1182-1190.	2.9	54
34	How couples with dementia experience healthcare, lifestyle, and everyday decision-making. International Psychogeriatrics, 2018, 30, 1639-1647.	0.6	23
35	Advance care planning in Australia. , 2018, , .		13
36	Advance care decision making and planning. Australian Journal of General Practice, 2018, 47, 753-757.	0.3	14

#	ARTICLE	IF	CITATIONS
37	Advance care planning in chronic kidney disease: A survey of current practice in Australia. <i>Nephrology</i> , 2017, 22, 139-149.	0.7	34
38	Clinicians' Perspectives on Advance Care Planning for Patients With CKD in Australia: An Interview Study. <i>American Journal of Kidney Diseases</i> , 2017, 70, 315-323.	2.1	23
39	Encouraging early discussion of life expectancy and end-of-life care: A randomised controlled trial of a nurse-led communication support program for patients and caregivers. <i>International Journal of Nursing Studies</i> , 2017, 67, 31-40.	2.5	81
40	Prognosis Communication in Late-Life Disability: A Mixed Methods Study. <i>Journal of the American Geriatrics Society</i> , 2017, 65, 2496-2501.	1.3	4
41	Psychiatry trainees' views and educational needs regarding the care of patients with a life-limiting illness. <i>Palliative and Supportive Care</i> , 2017, 15, 231-241.	0.6	6
42	What is symptom meaning? A framework analysis of communication in palliative care consultations. <i>Patient Education and Counseling</i> , 2017, 100, 2088-2094.	1.0	7
43	Protocol for a national prevalence study of advance care planning documentation and self-reported uptake in Australia. <i>BMJ Open</i> , 2017, 7, e018024.	0.8	12
44	Pharmacovigilance in hospice/palliative care: the net immediate and short-term effects of dexamethasone for anorexia. <i>BMJ Supportive and Palliative Care</i> , 2016, 6, 331-337.	0.8	12
45	Exploring the utility of the vignette technique in promoting advance care planning discussions with cancer patients and caregivers. <i>Patient Education and Counseling</i> , 2016, 99, 1406-1412.	1.0	12
46	Knowing, planning for and fearing death: Do adults with intellectual disability and disability staff differ?. <i>Research in Developmental Disabilities</i> , 2016, 49-50, 47-59.	1.2	45
47	Advance care planning in patients with incurable cancer: study protocol for a randomised controlled trial. <i>BMJ Open</i> , 2016, 6, e012387.	0.8	21
48	Developing a clinical pathway for the identification and management of anxiety and depression in adult cancer patients: an online Delphi consensus process. <i>Supportive Care in Cancer</i> , 2016, 24, 33-41.	1.0	30
49	A systematic review of evidence for end-of-life communication interventions: Who do they target, how are they structured and do they work?. <i>Patient Education and Counseling</i> , 2016, 99, 3-16.	1.0	119
50	Clinical pathway for the screening, assessment and management of anxiety and depression in adult cancer patients: Australian guidelines. <i>Psycho-Oncology</i> , 2015, 24, 987-1001.	1.0	148
51	Therapeutic Life Review in Palliative Care: A Systematic Review of Quantitative Evaluations. <i>Journal of Pain and Symptom Management</i> , 2015, 49, 747-761.	0.6	75
52	The 'surprise' question may improve the accuracy of GPs in identifying death in patients with advanced stage IV solid-cell cancer. <i>Evidence-Based Medicine</i> , 2015, 20, 71-71.	0.6	8
53	Learning about dying, death, and end-of-life planning: Current issues informing future actions. <i>Journal of Intellectual and Developmental Disability</i> , 2015, 40, 230-235.	1.1	41
54	A qualitative analysis of responses to a question prompt list and prognosis and end-of-life care discussion prompts delivered in a communication support program. <i>Psycho-Oncology</i> , 2015, 24, 287-293.	1.0	62

#	ARTICLE	IF	CITATIONS
55	A mixed method feasibility study of a patient- and family-centred advance care planning intervention for cancer patients. <i>BMC Palliative Care</i> , 2015, 14, 27.	0.8	25
56	Discussing prognosis and end-of-life care in the final year of life: a randomised controlled trial of a nurse-led communication support programme for patients and caregivers. <i>BMJ Open</i> , 2014, 4, e005745-e005745.	0.8	44
57	How do Australian palliative care nurses address existential and spiritual concerns? Facilitators, barriers and strategies. <i>Journal of Clinical Nursing</i> , 2014, 23, 3197-3205.	1.4	59
58	Australian Palliative Care Nurses' Reflections on Existential/Spiritual Interventions. <i>Journal of Hospice and Palliative Nursing</i> , 2014, 16, 105-112.	0.5	5
59	In Reply to 'Decisions About Dialysis and Other Life-Sustaining Treatments Should Not Be Made Separately'. <i>American Journal of Kidney Diseases</i> , 2014, 64, 817.	2.1	0
60	Advanced cancer patients and caregivers use of a Question Prompt List. <i>Patient Education and Counseling</i> , 2014, 97, 30-37.	1.0	52
61	Advance Care Planning for Adults With CKD: A Systematic Integrative Review. <i>American Journal of Kidney Diseases</i> , 2014, 63, 761-770.	2.1	88
62	Specialist respiratory physicians' attitudes to and practice of advance care planning in COPD. A pilot study. <i>Respiratory Medicine</i> , 2014, 108, 935-939.	1.3	14
63	Cancer Caregivers Advocate a Patient- and Family-Centered Approach to Advance Care Planning. <i>Journal of Pain and Symptom Management</i> , 2014, 47, 1064-1077.	0.6	55
64	Understanding how cancer patients actualise, relinquish, and reject advance care planning: implications for practice. <i>Supportive Care in Cancer</i> , 2013, 21, 2195-2205.	1.0	39
65	Patient perspectives regarding communication about prognosis and end-of-life issues: How can it be optimised?. <i>Patient Education and Counseling</i> , 2013, 90, 307-314.	1.0	68
66	Evaluation of a novel individualised communication-skills training intervention to improve doctors' confidence and skills in end-of-life communication. <i>Palliative Medicine</i> , 2013, 27, 236-243.	1.3	104
67	A question prompt list for patients with advanced cancer in the final year of life: Development and cross-cultural evaluation. <i>Palliative Medicine</i> , 2013, 27, 779-788.	1.3	69
68	Nurse-Facilitated Preparation and Life Completion Interventions Are Acceptable and Feasible in the Australian Palliative Care Setting. <i>Cancer Nursing</i> , 2013, 36, E39-E46.	0.7	21
69	Australian Survey of Current Practice and Guideline Use in Adult Cancer Pain Assessment and Management: Perspectives of Palliative Care Physicians. <i>Journal of Palliative Medicine</i> , 2013, 16, 1403-1409.	0.6	18
70	Breaking Bad News and Truth Disclosure in Australia. , 2013, , 377-387.		2
71	Intensive Communication Skills Teaching for Specialist Training in Palliative Medicine: Development and Evaluation of an Experiential Workshop. <i>Journal of Palliative Medicine</i> , 2012, 15, 585-591.	0.6	36
72	Physician endorsement alone may not enhance question-asking by advanced cancer patients during consultations about palliative care. <i>Supportive Care in Cancer</i> , 2012, 20, 1457-1464.	1.0	20

#	ARTICLE	IF	CITATIONS
73	Artificial nutrition and hydration for patients with advanced dementia: perspectives from medical practitioners in the Netherlands and Australia. <i>Palliative Medicine</i> , 2011, 25, 83-91.	1.3	17
74	Discussing life story, forgiveness, heritage, and legacy with patients with life-limiting illnesses. <i>International Journal of Palliative Nursing</i> , 2011, 17, 454-460.	0.2	28
75	Communication about transitioning patients to palliative care. , 2010, , 203-214.		1
76	Advance Care Planning discussions in Australia: the development of clinical practice guidelines. , 2010, , 233-250.		0
77	Contacting Bereaved Relatives: The Views and Practices of Palliative Care and Oncology Health Care Professionals. <i>Journal of Pain and Symptom Management</i> , 2009, 37, 807-822.	0.6	18
78	Sustaining hope when communicating with terminally ill patients and their families: a systematic review. <i>Psycho-Oncology</i> , 2008, 17, 641-659.	1.0	262
79	Truth-telling in discussing prognosis in advanced life-limiting illnesses: a systematic review. <i>Palliative Medicine</i> , 2007, 21, 507-517.	1.3	357
80	Randomized Controlled Trial of a Prompt List to Help Advanced Cancer Patients and Their Caregivers to Ask Questions About Prognosis and End-of-Life Care. <i>Journal of Clinical Oncology</i> , 2007, 25, 715-723.	0.8	318
81	Clinical practice guidelines for communicating prognosis and end-of-life issues with adults in the advanced stages of a life-limiting illness, and their caregivers. <i>Medical Journal of Australia</i> , 2007, 187, 478-478.	0.8	7
82	Clinical practice guidelines for communicating prognosis and end-of-life issues with adults in the advanced stages of a life-limiting illness, and their caregivers. <i>Medical Journal of Australia</i> , 2007, 186, S77-S105.	0.8	254
83	A Systematic Review of Prognostic/End-of-Life Communication with Adults in the Advanced Stages of a Life-Limiting Illness: Patient/Caregiver Preferences for the Content, Style, and Timing of Information. <i>Journal of Pain and Symptom Management</i> , 2007, 34, 81-93.	0.6	437
84	Discrepant Perceptions About End-of-Life Communication: A Systematic Review. <i>Journal of Pain and Symptom Management</i> , 2007, 34, 190-200.	0.6	130
85	When and How to Initiate Discussion About Prognosis and End-of-Life Issues with Terminally Ill Patients. <i>Journal of Pain and Symptom Management</i> , 2005, 30, 132-144.	0.6	146
86	The needs of terminally ill cancer patients versus those of caregivers for information regarding prognosis and end-of-life issues. <i>Cancer</i> , 2005, 103, 1957-1964.	2.0	130
87	Fostering coping and nurturing hope when discussing the future with terminally ill cancer patients and their caregivers. <i>Cancer</i> , 2005, 103, 1965-1975.	2.0	239
88	Discussing end-of-life issues with terminally ill cancer patients and their carers: a qualitative study. <i>Supportive Care in Cancer</i> , 2005, 13, 589-599.	1.0	81
89	Discussing life expectancy with terminally ill cancer patients and their carers: a qualitative study. <i>Supportive Care in Cancer</i> , 2005, 13, 733-742.	1.0	79
90	Parenteral antibiotics in a palliative care unit: prospective analysis of current practice. <i>Palliative Medicine</i> , 2003, 17, 44-48.	1.3	84

#	ARTICLE	IF	CITATIONS
91	Asking questions can help: development and preliminary evaluation of a question prompt list for palliative care patients. <i>British Journal of Cancer</i> , 2003, 89, 2069-2077.	2.9	130
92	Insights from cancer patient communication research. <i>Hematology/Oncology Clinics of North America</i> , 2002, 16, 731-743.	0.9	31
