#	Paper	IF	Citations
148	The psychological impact of quarantine and how to reduce it: rapid review of the evidence. <i>Lancet, The</i> , 2020 , 395, 912-920	4.0	6240
147	Managing mental health challenges faced by healthcare workers during covid-19 pandemic. <i>BMJ, The</i> , 2020 , 368, m1211	5.9	811
146	What are the consequences of deployment to Iraq and Afghanistan on the mental health of the UK armed forces? A cohort study. <i>Lancet, The</i> , 2010 , 375, 1783-97	4.0	398
145	A Systematic, Thematic Review of Social and Occupational Factors Associated With Psychological Outcomes in Healthcare Employees During an Infectious Disease Outbreak. <i>Journal of Occupational and Environmental Medicine</i> , 2018 , 60, 248-257	2	274
144	Stigma as a barrier to seeking health care among military personnel with mental health problems. <i>Epidemiologic Reviews</i> , 2015 , 37, 144-62	4.1	188
143	A systematic review of the comorbidity between PTSD and alcohol misuse. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2014 , 49, 1401-25	4.5	180
142	Violent offending by UK military personnel deployed to Iraq and Afghanistan: a data linkage cohort study. <i>Lancet, The</i> , 2013 , 381, 907-17	4.0	129
141	The stigma of mental health problems and other barriers to care in the UK Armed Forces. <i>BMC Health Services Research</i> , 2011 , 11, 31	2.9	117
140	The prevalence of common mental disorders and PTSD in the UK military: using data from a clinical interview-based study. <i>BMC Psychiatry</i> , 2009 , 9, 68	4.2	117
139	Occupational moral injury and mental health: systematic review and meta-analysis. <i>British Journal of Psychiatry</i> , 2018 , 212, 339-346	5.4	113
138	Leadership, cohesion, morale, and the mental health of UK Armed Forces in Afghanistan. <i>Psychiatry (New York)</i> , 2012 , 75, 49-59	1	108
137	Do stigma and other perceived barriers to mental health care differ across Armed Forces?. <i>Journal of the Royal Society of Medicine</i> , 2010 , 103, 148-56	2.3	106
136	'Goodbye and good luck': the mental health needs and treatment experiences of British ex-service personnel. <i>British Journal of Psychiatry</i> , 2005 , 186, 480-6	5.4	104
135	Mental health outcomes in US and UK military personnel returning from Iraq. <i>British Journal of Psychiatry</i> , 2014 , 204, 200-7	5.4	98
134	Mental health of health-care workers in the COVID-19 era. <i>Nature Reviews Nephrology</i> , 2020 , 16, 425-426	4.9	86
133	Mental health outcomes at the end of the British involvement in the Iraq and Afghanistan conflicts: a cohort study. <i>British Journal of Psychiatry</i> , 2018 , 213, 690-697	5.4	84
132	Risk and resilience factors affecting the psychological wellbeing of individuals deployed in humanitarian relief roles after a disaster. <i>Journal of Mental Health</i> , 2015 , 24, 385-413	2.7	81

131	Life in and after the Armed Forces: social networks and mental health in the UK military. <i>Sociology of Health and Illness</i> , 2013 , 35, 1045-64	3	75
130	Help-seeking and receipt of treatment among UK service personnel. <i>British Journal of Psychiatry</i> , 2010 , 197, 149-55	5.4	74
129	Unintended Consequences of Changing the Definition of Posttraumatic Stress Disorder in DSM-5: Critique and Call for Action. <i>JAMA Psychiatry</i> , 2016 , 73, 750-2	14.5	73
128	Mental health of UK military personnel while on deployment in Iraq. <i>British Journal of Psychiatry</i> , 2010 , 197, 405-10	5.4	70
127	Social and occupational factors associated with psychological distress and disorder among disaster responders: a systematic review. <i>BMC Psychology</i> , 2016 , 4, 18	2.8	64
126	Mild traumatic brain injury in UK military personnel returning from Afghanistan and Iraq: cohort and cross-sectional analyses. <i>Journal of Head Trauma Rehabilitation</i> , 2012 , 27, 33-44	3	63
125	Guidelines for peer support in high-risk organizations: an international consensus study using the Delphi method. <i>Journal of Traumatic Stress</i> , 2012 , 25, 134-41	3.8	60
124	The impact of deployment length on the health and well-being of military personnel: a systematic review of the literature. <i>Occupational and Environmental Medicine</i> , 2011 , 68, 69-76	2.1	58
123	A cluster randomized controlled trial to determine the efficacy of Trauma Risk Management (TRiM) in a military population. <i>Journal of Traumatic Stress</i> , 2010 , 23, 430-6	3.8	58
122	Coming home: social functioning and the mental health of UK Reservists on return from deployment to Iraq or Afghanistan. <i>Annals of Epidemiology</i> , 2011 , 21, 666-72	6.4	57
121	Early Service leavers: a study of the factors associated with premature separation from the UK Armed Forces and the mental health of those that leave early. <i>European Journal of Public Health</i> , 2013 , 23, 410-5	2.1	54
120	Prevalence of Mental Health Disorders in Elderly U.S. Military Veterans: A Meta-Analysis and Systematic Review. <i>American Journal of Geriatric Psychiatry</i> , 2018 , 26, 534-545	6.5	51
119	Postdeployment Battlemind training for the U.K. armed forces: a cluster randomized controlled trial. <i>Journal of Consulting and Clinical Psychology</i> , 2012 , 80, 331-41	6.5	46
118	Psychological impact upon London Ambulance Service of the 2005 bombings. <i>Occupational Medicine</i> , 2009 , 59, 428-33	2.1	45
117	Trauma-related guilt and posttraumatic stress among journalists. <i>Journal of Traumatic Stress</i> , 2012 , 25, 207-10	3.8	43
116	Latest developments in post-traumatic stress disorder: diagnosis and treatment. <i>British Medical Bulletin</i> , 2015 , 114, 147-55	5.4	41
115	The mental health of the UK Armed Forces: where facts meet fiction. <i>Høre Utbildning</i> , 2014 , 5,	5	41
114	Traumatic stress within disaster-exposed occupations: overview of the literature and suggestions for the management of traumatic stress in the workplace. <i>British Medical Bulletin</i> , 2019 , 129, 25-34	5.4	39

113	How communication with families can both help and hinder service members' mental health and occupational effectiveness on deployment. <i>Military Medicine</i> , 2010 , 175, 745-9	1.3	38
112	Stigma and mental health in the Royal Navy: a mixed methods paper. <i>Journal of Mental Health</i> , 2010 , 19, 8-16	2.7	37
111	What should be done to support the mental health of healthcare staff treating COVID-19 patients?. <i>British Journal of Psychiatry</i> , 2020 , 217, 537-539	5.4	36
110	How might the NHS protect the mental health of health-care workers after the COVID-19 crisis?. <i>Lancet Psychiatry</i> , 2020 , 7, 733-734	23.3	34
109	How to support staff deploying on overseas humanitarian work: a qualitative analysis of responder views about the 2014/15 West African Ebola outbreak. <i>Hjere Utbildning</i> , 2016 , 7, 30933	5	34
108	Health consequences of bullying in the healthcare workplace: A systematic review. <i>Journal of Advanced Nursing</i> , 2019 , 75, 3195-3209	3.1	33
107	Service Life and Beyond Institution or Culture?. <i>RUSI Journal</i> , 2014 , 159, 60-68	1.5	33
106	Social and occupational factors associated with psychological wellbeing among occupational groups affected by disaster: a systematic review. <i>Journal of Mental Health</i> , 2017 , 26, 373-384	2.7	33
105	The long-term consequences of military deployment: a 5-year cohort study of United Kingdom reservists deployed to Iraq in 2003. <i>American Journal of Epidemiology</i> , 2012 , 176, 1177-84	3.8	33
104	A validation study of the International Trauma Questionnaire to assess post-traumatic stress disorder in treatment-seeking veterans. <i>British Journal of Psychiatry</i> , 2020 , 216, 132-137	5.4	32
103	Exploring positive pathways to care for members of the UK Armed Forces receiving treatment for PTSD: a qualitative study. <i>Hjere Utbildning</i> , 2014 , 5,	5	32
102	Training peers to treat Ebola centre workers with anxiety and depression in Sierra Leone. <i>International Journal of Social Psychiatry</i> , 2018 , 64, 156-165	8.5	31
101	What healthcare leaders need to do to protect the psychological well-being of frontline staff in the COVID-19 pandemic. <i>BMJ Leader</i> , 2020 , 4, 101-102	1.6	30
100	Psychological treatments for post-traumatic stress disorder in adults: a network meta-analysis. <i>Psychological Medicine</i> , 2020 , 50, 542-555	6.9	30
99	Deployment-related mental health support: comparative analysis of NATO and allied ISAF partners. <i>Hjere Utbildning</i> , 2014 , 5,	5	30
98	Does anonymity increase the reporting of mental health symptoms?. <i>BMC Public Health</i> , 2012 , 12, 797	4.1	30
97	Perceptions of stigma and barriers to care among UK military personnel deployed to Afghanistan and Iraq. <i>Anxiety, Stress and Coping</i> , 2013 , 26, 539-57	3.1	30
96	Anxiety, distress and anger among British nationals in Japan following the Fukushima nuclear accident. <i>British Journal of Psychiatry</i> , 2012 , 201, 400-7	5.4	30

95	Post-deployment screening for mental disorders and tailored advice about help-seeking in the UK military: a cluster randomised controlled trial. <i>Lancet, The</i> , 2017 , 389, 1410-1423	4.0	28
94	Cost-effectiveness of psychological treatments for post-traumatic stress disorder in adults. <i>PLoS ONE</i> , 2020 , 15, e0232245	3.7	28
93	Do serving and ex-serving personnel of the UK armed forces seek help for perceived stress, emotional or mental health problems?. <i>Høge Utbildning</i> , 2019 , 10, 1556552	5	28
92	Treatment of military-related post-traumatic stress disorder: challenges, innovations, and the way forward. <i>International Review of Psychiatry</i> , 2019 , 31, 95-110	3.6	27
91	Journalists' and media professionals' attitudes to PTSD and help-seeking: A descriptive study. <i>Journal of Mental Health</i> , 2009 , 18, 543-548	2.7	27
90	Non-deployment factors affecting psychological wellbeing in military personnel: literature review. <i>Journal of Mental Health</i> , 2018 , 27, 80-90	2.7	26
89	Effects of home on the mental health of British forces serving in Iraq and Afghanistan. <i>British Journal of Psychiatry</i> , 2012 , 201, 193-8	5.4	26
88	Alcohol misuse in the United Kingdom Armed Forces: A longitudinal study. <i>Drug and Alcohol Dependence</i> , 2015 , 156, 78-83	4.9	25
87	Veterans are not the only ones suffering from posttraumatic stress symptoms: what do we know about dependents' secondary traumatic stress?. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2017 , 52, 35-44	4.5	25
86	Stigmatisation, perceived barriers to care, help seeking and the mental health of British Military personnel. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2015 , 50, 1873-83	4.5	24
85	Training and post-disaster interventions for the psychological impacts on disaster-exposed employees: a systematic review. <i>Journal of Mental Health</i> , 2018 , 1-25	2.7	23
84	Getting a peace of the action: measures of post traumatic stress in UK military peacekeepers. <i>Journal of the Royal Society of Medicine</i> , 2008 , 101, 78-84	2.3	23
83	Combat Experiences and their Relationship to Post-Traumatic Stress Disorder Symptom Clusters in UK Military Personnel Deployed to Afghanistan. <i>Behavioral Medicine</i> , 2018 , 44, 131-140	4.4	22
82	Changes in stigma and barriers to care over time in U.K. Armed Forces deployed to Afghanistan and Iraq between 2008 and 2011. <i>Military Medicine</i> , 2013 , 178, 846-53	1.3	22
81	Protecting the psychological wellbeing of staff exposed to disaster or emergency at work: a qualitative study. <i>BMC Psychology</i> , 2019 , 7, 78	2.8	21
80	Laying Down Their Rifles: The Changing Influences on the Retention of Volunteer British Army Reservists Returning from Iraq, 2003-2006. <i>Armed Forces and Society</i> , 2010 , 36, 264-289	0.7	20
79	The impact of trauma exposure and moral injury on UK military veterans: a qualitative study. <i>Høge Utbildning</i> , 2020 , 11, 1704554	5	19
78	Can mental health and readjustment be improved in UK military personnel by a brief period of structured postdeployment rest (third location decompression)?. <i>Occupational and Environmental Medicine</i> , 2013 , 70, 439-45	2.1	19

77	Cohesion, leadership, mental health stigmatisation and perceived barriers to care in UK military personnel. <i>Journal of Mental Health</i> , 2018 , 27, 10-18	2.7	18
