#	ARTICLE	IF	CITATIONS
1	What factors shape quality of life for women affected by gynaecological cancer in South, South East and East Asian countries? A critical review. <i>Reproductive Health</i> , 2022, 19, 70.	3.1	6
2	“They say we are money minded” exploring experiences of formal private for-profit health providers towards contribution to pro-poor access in post conflict Northern Uganda. <i>Global Health Action</i> , 2021, 14, 1890929.	1.9	1
3	Medical costs and out-of-pocket expenditures associated with multimorbidity in China: quantile regression analysis. <i>BMJ Global Health</i> , 2021, 6, e004042.	4.7	25
4	The association between mental-physical multimorbidity and disability, work productivity, and social participation in China: a panel data analysis. <i>BMC Public Health</i> , 2021, 21, 376.	2.9	11
5	Effect of multimorbidity on utilisation and out-of-pocket expenditure in Indonesia: quantile regression analysis. <i>BMC Health Services Research</i> , 2021, 21, 427.	2.2	23
6	Challenges in Implementing Community-Based Healthcare Teams in a Low-Income Country Context: Lessons From Ethiopia’s Family Health Teams. <i>International Journal of Health Policy and Management</i> , 2021, , .	0.9	4
7	Is there an association between public spending on health and choice of healthcare providers across socioeconomic groups in India? - Evidence from a national sample. <i>Social Science and Medicine</i> , 2021, 285, 114149.	3.8	6
8	Moving from community-based to health centre-based management: impact on urban community health worker performance in Ethiopia. <i>Health Policy and Planning</i> , 2021, , .	2.7	3
9	Physical multimorbidity, health service use, and catastrophic health expenditure by socioeconomic groups in China: an analysis of population-based panel data. <i>The Lancet Global Health</i> , 2020, 8, e840-e849.	6.3	177
10	The long-run effects of noncommunicable disease shocks. <i>Health Economics (United Kingdom)</i> , 2020, 29, 1549-1565.	1.7	5
11	Progress towards reducing sociodemographic disparities in breastfeeding outcomes in Indonesia: a trend analysis from 2002 to 2017. <i>BMC Public Health</i> , 2020, 20, 1112.	2.9	13
12	Prevalence of non-communicable diseases and their risk factors in Papua New Guinea: A systematic review. <i>SAGE Open Medicine</i> , 2020, 8, 205031212097384.	1.8	7
13	The distinctive roles of urban community health workers in low- and middle-income countries: a scoping review of the literature. <i>Health Policy and Planning</i> , 2020, 35, 1039-1052.	2.7	18
14	Impact of Indonesia’s national health insurance scheme on inequality in access to maternal health services: A propensity score matched analysis. <i>Journal of Global Health</i> , 2020, 10, 010429.	2.7	28
15	The Impact of Leaving Camps on Well-being of Internally Displaced Persons in Northern Uganda. <i>South African Journal of Economics</i> , 2020, 88, 21-39.	2.2	1
16	Imagining maternity care as a complex adaptive system: understanding health system constraints to the promotion of respectful maternity care. <i>Sexual and Reproductive Health Matters</i> , 2020, 28, e1854153.	1.8	17
17	Strengthening routine immunization in Papua New Guinea: a cross-sectional provincial assessment of front-line services. <i>BMC Public Health</i> , 2020, 20, 100.	2.9	6
18	Rural and urban differences in health system performance among older Chinese adults: cross-sectional analysis of a national sample. <i>BMC Health Services Research</i> , 2020, 20, 372.	2.2	17

#	ARTICLE	IF	CITATIONS
19	Community Health Workers as Influential Health System Actors and not "Just Another Pair Of Hands". International Journal of Health Policy and Management, 2020, , .	0.9	20
20	Implications of multimorbidity patterns on health care utilisation and quality of life in middle-income countries: cross-sectional analysis. Journal of Global Health, 2019, 9, 020413.	2.7	35
21	The need for cost-effective and affordable responses for the global epidemic of non-communicable diseases. The Lancet Global Health, 2019, 7, e1293-e1294.	6.3	3
22	Oxygen systems to improve clinical care and outcomes for children and neonates: A stepped-wedge cluster-randomised trial in Nigeria. PLoS Medicine, 2019, 16, e1002951.	8.4	29
23	What, why and how do health systems learn from one another? Insights from eight low- and middle-income country case studies. Health Research Policy and Systems, 2019, 17, 9.	2.8	19
24	Never again? Challenges in transforming the health workforce landscape in post-Ebola West Africa. Human Resources for Health, 2019, 17, 19.	3.1	21
25	The UNICEF/Washington Group Child Functioning Moduleâ€™s Accuracy, Inter-Rater Reliability and Cut-Off Level for Disability Disaggregation of Fijiâ€™s Education Management Information System. International Journal of Environmental Research and Public Health, 2019, 16, 806.	2.6	15
26	Socio-economic status and behavioural and cardiovascular risk factors in Papua New Guinea: A cross-sectional survey. PLoS ONE, 2019, 14, e0211068.	2.5	18
27	The impact of user charges on health outcomes in low-income and middle-income countries: a systematic review. BMJ Global Health, 2019, 3, e001087.	4.7	34
28	Socio-cultural change in conflict and post conflict settings: five decades of giving birth in Cambodia. Conflict and Health, 2019, 13, 53.	2.7	2
29	Hypoxaemia in hospitalised children and neonates: A prospective cohort study in Nigerian secondary-level hospitals. EClinicalMedicine, 2019, 16, 51-63.	7.1	40
30	Standard of Living and Disability in Cambodia. Journal of Development Studies, 2019, 55, 2382-2402.	2.1	29
31	Prevention and control of noncommunicable diseases: lessons from the HIV experience. Bulletin of the World Health Organization, 2019, 97, 239-241.	3.3	7
32	Health workersâ€™ strikes in low-income countries: the available evidence. Bulletin of the World Health Organization, 2019, 97, 460-467H.	3.3	27
33	Title is missing!. , 2019, 16, e1002951.		0
34	Title is missing!. , 2019, 16, e1002951.		0
35	Title is missing!. , 2019, 16, e1002951.		0
36	Title is missing!. , 2019, 16, e1002951.		0
