#	ARTICLE	IF	CITATIONS
1	Discussing sexuality with patients: nurses' attitudes and beliefs. <i>Journal of Advanced Nursing</i> , 2010, 66, 1308-1316.	3.3	158
2	SBAR improves communication and safety climate and decreases incident reports due to communication errors in an anaesthetic clinic: a prospective intervention study. <i>BMJ Open</i> , 2014, 4, e004268.	1.9	115
3	A peer learning intervention for nursing students in clinical practice education: A quasi-experimental study. <i>Nurse Education Today</i> , 2017, 51, 81-87.	3.3	88
4	Telenurses' experiences of working with computerized decision support: supporting, inhibiting and quality improving. <i>Journal of Advanced Nursing</i> , 2009, 65, 1074-1083.	3.3	73
5	Mental health nursing staff's attitudes towards mental illness: an analysis of related factors. <i>Journal of Psychiatric and Mental Health Nursing</i> , 2014, 21, 782-788.	2.1	70
6	My, your and our needs for safety and security: relatives' reflections on using information and communication technology in dementia care. <i>Scandinavian Journal of Caring Sciences</i> , 2012, 26, 104-112.	2.1	63
7	Garden greenery and the health of older people in residential care facilities: a multi-level cross-sectional study. <i>Journal of Advanced Nursing</i> , 2016, 72, 2065-2076.	3.3	62
8	Coping mediates the relationship between sense of coherence and mental quality of life in patients with chronic illness: a cross-sectional study. <i>Quality of Life Research</i> , 2018, 27, 1855-1863.	3.1	62
9	Registered nurses' reflections on discussing sexuality with patients: responsibilities, doubts and fears. <i>Journal of Clinical Nursing</i> , 2014, 23, 531-540.	3.0	61
10	A short version of the nurse professional competence scale for measuring nurses' self-reported competence. <i>Nurse Education Today</i> , 2018, 71, 233-239.	3.3	60
11	Persons with early-stage dementia reflect on being outdoors: a repeated interview study. <i>Aging and Mental Health</i> , 2013, 17, 793-800.	2.8	58
12	Self-regulated learning ability, metacognitive ability, and general self-efficacy in a sample of nursing students: A cross-sectional and correlational study. <i>Nurse Education in Practice</i> , 2019, 37, 15-21.	2.6	51
13	Staff satisfaction with work, perceived quality of care and stress in elderly care: psychometric assessments and associations. <i>Journal of Nursing Management</i> , 2006, 14, 318-328.	3.4	50
14	Staff perceptions of job satisfaction and life situation before and 6 and 12 months after increased information technology support in dementia care. <i>Journal of Telemedicine and Telecare</i> , 2005, 11, 304-309.	2.7	50
15	Malpractice claims regarding calls to Swedish telephone advice nursing: what went wrong and why?. <i>Journal of Telemedicine and Telecare</i> , 2012, 18, 379-383.	2.7	46
16	Working life and stress symptoms among caregivers in elderly care with formal and no formal competence. <i>Journal of Nursing Management</i> , 2011, 19, 732-741.	3.4	44
17	Staff members' perceptions of a ICT support package in dementia care during the process of implementation. <i>Journal of Nursing Management</i> , 2009, 17, 781-789.	3.4	33
18	A passive positioning alarm used by persons with dementia and their spouses - a qualitative intervention study. <i>BMC Geriatrics</i> , 2013, 13, 11.	2.7	31

#	ARTICLE	IF	CITATIONS
19	What are the structural conditions of importance to preceptors' performance?. Nurse Education Today, 2013, 33, 444-449.	3.3	31
20	Clusters of competence: Relationship between self-reported professional competence and achievement on a national examination among graduating nursing students. Journal of Advanced Nursing, 2020, 76, 199-208.	3.3	29
21	Incidence of ADL Disability in Older Persons, Physical Activities as a Protective Factor and the Need for Informal and Formal Care – Results from the SNAC-N Project. PLoS ONE, 2015, 10, e0138901.	2.5	29
22	Use of a flipped classroom in ophthalmology courses for nursing, dental and medical students: A quasi-experimental study using a mixed-methods approach. Nurse Education Today, 2020, 85, 104262.	3.3	28
23	Telephone nurses' communication and response to callers' concern – a mixed methods study. Applied Nursing Research, 2016, 29, 116-121.	2.2	27
24	Effects of Tracking Technology on Daily Life of Persons With Dementia. American Journal of Alzheimer's Disease and Other Dementias, 2015, 30, 29-40.	1.9	26
25	Prevention of heel pressure ulcers among older patients – from ambulance care to hospital discharge: A multi-centre randomized controlled trial. Applied Nursing Research, 2016, 30, 170-175.	2.2	26
26	Caregivers' job satisfaction and empowerment before and after an intervention focused on caregiver empowerment. Journal of Nursing Management, 2010, 18, 14-23.	3.4	25
27	Leadership and management skills of first-line managers of elderly care and their work environment. Journal of Nursing Management, 2010, 18, 736-745.	3.4	25
28	Incident reporting in nurse-led national telephone triage in Sweden: the reported errors reveal a pattern that needs to be broken. Journal of Telemedicine and Telecare, 2010, 16, 243-247.	2.7	25
29	Implementing situation-background-assessment-recommendation in an anaesthetic clinic and subsequent information retention among receivers. European Journal of Anaesthesiology, 2016, 33, 172-178.	1.7	25
30	Relationships between structural and psychological empowerment, mediated by person-centred processes and thriving for nursing home staff. Geriatric Nursing, 2019, 40, 67-71.	1.9	22
31	Using augmented reality technology for balance training in the older adults: a feasibility pilot study. BMC Geriatrics, 2021, 21, 144.	2.7	21
32	Relatives' opinions of IT support, perceptions of irritations and life satisfaction in dementia care. Journal of Telemedicine and Telecare, 2006, 12, 246-250.	2.7	20
33	Time trends in prevalence of activities of daily living (ADL) disability and survival: Comparing two populations (aged 78+ years) living in a rural area in Sweden. Archives of Gerontology and Geriatrics, 2014, 58, 370-375.	3.0	20
34	A comparison of calls subjected to a malpractice claim versus –normal calls– within the Swedish Healthcare Direct: a case-control study. BMJ Open, 2014, 4, e005961.	1.9	19
35	Male first-line managers' experiences of the work situation in elderly care: an empowerment perspective. Journal of Nursing Management, 2015, 23, 695-704.	3.4	19
36	Nursing students' perceptions of using the Clinical Education Assessment tool AssCE and their overall perceptions of the clinical learning environment - A cross-sectional correlational study. Nurse Education Today, 2017, 51, 63-67.	3.3	19

#	ARTICLE	IF	CITATIONS
37	A questionnaire measuring staff perceptions of Lean adoption in healthcare: development and psychometric testing. <i>BMC Health Services Research</i> , 2017, 17, 235.	2.2	18
38	Systematic pain assessment in nursing homes: a cluster-randomized trial using mixed-methods approach. <i>BMC Geriatrics</i> , 2017, 17, 61.	2.7	18
39	Internationally educated nurses' and medical graduates' experiences of getting a license and practicing in Sweden – a qualitative interview study. <i>BMC Medical Education</i> , 2018, 18, 296.	2.4	18
40	Psychometric testing of the Leadership and Management Inventory: a tool to measure the skills and abilities of first-line nurse managers. <i>Journal of Nursing Management</i> , 2008, 16, 784-794.	3.4	17
41	Dental hygienists' work environment: motivating, facilitating, but also trying. <i>International Journal of Dental Hygiene</i> , 2010, 8, 204-212.	1.9	17
42	Using diffusion of innovation theory to describe perceptions of a passive positioning alarm among persons with mild dementia: a repeated interview study. <i>BMC Geriatrics</i> , 2016, 16, 3.	2.7	17
43	The postoperative handover: a focus group interview study with nurse anaesthetists, anaesthesiologists and PACU nurses. <i>BMJ Open</i> , 2017, 7, e015038.	1.9	17
44	Nursing students' and preceptors' experience of assessment during clinical practice: A multilevel repeated-interview study of student-preceptor dyads. <i>Nurse Education in Practice</i> , 2018, 30, 13-19.	2.6	17
45	Lean maturity and quality in primary care. <i>Journal of Health Organization and Management</i> , 2019, 33, 141-154.	1.3	17
46	Empowerment and performance of managers and subordinates in elderly care: A longitudinal and multilevel study. <i>Journal of Nursing Management</i> , 2017, 25, 647-656.	3.4	17
47	Staff assessment of structural empowerment and ability to work according to evidence-based practice in mental health care. <i>Journal of Nursing Management</i> , 2015, 23, 765-774.	3.4	16
48	An Observational Study of Postoperative Handover in Anesthetic Clinics; The Content of Verbal Information and Factors Influencing Receiver Memory. <i>Journal of Perianesthesia Nursing</i> , 2015, 30, 105-115.	0.7	16
49	Staff perception of Lean, care-giving, thriving and exhaustion: a longitudinal study in primary care. <i>BMC Health Services Research</i> , 2019, 19, 652.	2.2	15
50	District nurses experiences of precepting district nurse students at the postgraduate level. <i>Nurse Education in Practice</i> , 2019, 37, 75-80.	2.6	15
51	How do first-line managers in elderly care experience their work situation from a structural and psychological empowerment perspective? An interview study. <i>Journal of Nursing Management</i> , 2019, 27, 1208-1215.	3.4	15
52	Heel pressure ulcer, prevention and predictors during the care delivery chain – when and where to take action? A descriptive and explorative study. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2016, 24, 134.	2.6	13
53	An intervention targeting fundamental values among caregivers at residential facilities: effects of a cluster-randomized controlled trial on residents' self-reported empowerment, person-centered climate and life satisfaction. <i>BMC Geriatrics</i> , 2016, 16, 130.	2.7	12
54	A longitudinal study of working life among first-line managers in the care of older adults. <i>Applied Nursing Research</i> , 2016, 32, 7-13.	2.2	12

#	ARTICLE	IF	CITATIONS
55	Different development programmes – does it make a difference?. <i>Leadership in Health Services</i> , 2011, 24, 29-50.	1.2	11
56	District nurses' self-reported clinical activities, beliefs about and attitudes towards obesity management. <i>Applied Nursing Research</i> , 2013, 26, 198-203.	2.2	11
57	Identified obstacles and prerequisites in telenurses' work environment – a modified Delphi study. <i>BMC Health Services Research</i> , 2017, 17, 357.	2.2	11
58	First-year nursing students' collaboration using peer learning during clinical practice education: An observational study. <i>Nurse Education in Practice</i> , 2021, 50, 102946.	2.6	11
59	Attending a bridging program to obtain a Swedish nursing license: An interview study with internationally educated nurses. <i>Nurse Education Today</i> , 2021, 99, 104744.	3.3	11
60	Deficient knowledge of multidrug-resistant bacteria and preventive hygiene measures among primary healthcare personnel. <i>Journal of Advanced Nursing</i> , 2011, 67, 756-762.	3.3	10
61	Internationally educated nurses' descriptions of their access to structural empowerment while working in another country's health care context. <i>Journal of Nursing Management</i> , 2018, 26, 866-873.	3.4	10
62	Psychometric evaluation of Nurse Professional Competence Scale – Short form Chinese language version among nursing graduate students. <i>Nursing Open</i> , 2021, 8, 3232-3241.	2.4	10
63	What relationships can be found between nurses' working life and turnover? A mixed-methods approach. <i>Journal of Nursing Management</i> , 2022, 30, 288-297.	3.4	10
64	First-line managers' descriptions and reflections regarding their staff's access to empowering structures. <i>Journal of Nursing Management</i> , 2015, 23, 1003-1010.	3.4	9
65	E-assessment and an e-training program among elderly care staff lacking formal competence: results of a mixed-methods intervention study. <i>BMC Health Services Research</i> , 2015, 15, 189.	2.2	9
66	Is There a Caring Perspective in Garden/Patio Design in Elderly Care? A Description and a Comparison of Residents' and Staff Members' Perceptions of These Outdoor Spaces. <i>Journal of Housing for the Elderly</i> , 2014, 28, 85-106.	0.7	8
67	A peer learning intervention targeting newly graduated nurses: A feasibility study with a descriptive design based on the Medical Research Council framework. <i>Journal of Advanced Nursing</i> , 2018, 74, 1127-1138.	3.3	8
68	Nursing student's expectations for their future profession and motivating factors – A longitudinal descriptive study from Sweden. <i>Nurse Education Today</i> , 2020, 84, 104218.	3.3	8
69	Residents' use and perceptions of residential care facility gardens: A behaviour mapping and conversation study. <i>International Journal of Older People Nursing</i> , 2020, 15, e12283.	1.3	8
70	Strategies used by people with Alzheimer's disease for outdoor wayfinding: A repeated observational study. <i>Dementia</i> , 2021, 20, 505-517.	2.0	8
71	Evaluation of OLD@HOME Virtual Health Record Staff Opinions of the System and Satisfaction with Work. <i>Telemedicine Journal and E-Health</i> , 2009, 15, 53-61.	2.8	7
72	A nine-month intervention programme focusing on empowerment; caregivers' descriptions of changed behaviour and increased room for acting. <i>Journal of Clinical Nursing</i> , 2009, 18, 866-873.	3.0	7

#	ARTICLE	IF	CITATIONS
73	Public nursing home staff's experience of participating in an intervention aimed at enhancing their self-esteem. <i>Journal of Nursing Management</i> , 2009, 17, 833-842.	3.4	7
74	Nursing students' reflections on caring for end-of-life patients in a youth volunteer association. <i>Nurse Education in Practice</i> , 2019, 34, 204-209.	2.6	7
75	Pain prevalence among residents living in nursing homes and its association with quality of life and well-being. <i>Scandinavian Journal of Caring Sciences</i> , 2021, 35, 1332-1341.	2.1	7
76	Health-promoting and -impeding aspects of using peer-learning during clinical practice education: A qualitative study. <i>Nurse Education in Practice</i> , 2021, 55, 103169.	2.6	7
77	Staff Perceptions of Job Satisfaction and Life Situation before and 6 and 12 Months after Increased Information Technology Support in Dementia Care. <i>Journal of Telemedicine and Telecare</i> , 2005, 11, 304-309.	2.7	7
78	Staff Working Life and Older Persons' Satisfaction With Care. <i>Journal of Nursing Care Quality</i> , 2021, 36, E7-E13.	0.9	6
79	Quality of life of older people in nursing homes in China—evaluation and application of the Chinese version of the life satisfaction questionnaire. <i>BMC Geriatrics</i> , 2022, 22, 328.	2.7	6
80	First-line managers dealing with different management approaches. <i>Leadership in Health Services</i> , 2019, 32, 543-557.	1.2	5
81	E-assessment of prior learning: a pilot study of interactive assessment of staff with no formal education who are working in Swedish elderly care. <i>BMC Geriatrics</i> , 2014, 14, 52.	2.7	4
82	District nurses' prescribing practice and its link to structural conditions. <i>Journal of the American Association of Nurse Practitioners</i> , 2015, 27, 568-575.	0.9	4
83	A longitudinal qualitative study of health care personnel's perceptions of simultaneous implementation of three risk assessment scales on falls, malnutrition and pressure ulcers. <i>Journal of Clinical Nursing</i> , 2016, 25, 1912-1922.	3.0	3
84	Staff structural empowerment—Observations of first-line managers and interviews with managers and staff. <i>Journal of Nursing Management</i> , 2022, 30, 403-412.	3.4	3
85	Distriktskätterskors beskrivningar av sjukdomsförebyggande arbete i daglig verksamhet och strukturella förutsättningar för detta arbete. <i>Nordic Journal of Nursing Research</i> , 2015, 35, 77-84.	1.5	2
86	Lecturers' reflection on the three-part assessment discussions with students and preceptors during clinical practice education: A repeated group discussion study. <i>Nurse Education in Practice</i> , 2019, 36, 1-6.	2.6	2
