1	What relationships can be found between nurses' working life and turnover? A mixed‐methods approach. Journal of Nursing Management, 2022, 30, 288-297.	3.4	10
2	Staff structural empowerment—Observations of first‐line managers and interviews with managers and staff. Journal of Nursing Management, 2022, 30, 403-412.	3.4	3
3	A peer learning intervention in workplace introduction - managers' and new graduates' perspectives. BMC Nursing, 2022, 21, 12.	2.5	0
4	Quality of life of older people in nursing homes in China—evaluation and application of the Chinese version of the life satisfaction questionnaire. BMC Geriatrics, 2022, 22, 328.	2.7	6
5	Strategies used by people with Alzheimer's disease for outdoor wayfinding: A repeated observational study. Dementia, 2021, 20, 505-517.	2.0	8
6	Pain prevalence among residents living in nursing homes and its association with quality of life and well‐being. Scandinavian Journal of Caring Sciences, 2021, 35, 1332-1341.	2.1	7
7	Malpractice claimed calls within the Swedish Healthcare Direct: a descriptive – comparative case study. BMC Nursing, 2021, 20, 21.	2.5	2
8	First-year nursing students' collaboration using peer learning during clinical practice education: An observational study. Nurse Education in Practice, 2021, 50, 102946.	2.6	11
9	Using augmented reality technology for balance training in the older adults: a feasibility pilot study. BMC Geriatrics, 2021, 21, 144.	2.7	21
10	Attending a bridging program to obtain a Swedish nursing license: An interview study with internationally educated nurses. Nurse Education Today, 2021, 99, 104744.	3.3	11
11	Health-promoting and -impeding aspects of using peer-learning during clinical practice education: A qualitative study. Nurse Education in Practice, 2021, 55, 103169.	2.6	7
12	Psychometric evaluation of Nurse Professional Competence Scale—Short‐form Chinese language version among nursing graduate students. Nursing Open, 2021, 8, 3232-3241.	2.4	10
13	Staff Working Life and Older Persons' Satisfaction With Care. Journal of Nursing Care Quality, 2021, 36, E7-E13.	0.9	6
14	Clusters of competence: Relationship between self‐reported professional competence and achievement on a national examination among graduating nursing students. Journal of Advanced Nursing, 2020, 76, 199-208.	3.3	29
15	Nursing student's expectations for their future profession and motivating factors – A longitudinal descriptive study from Sweden. Nurse Education Today, 2020, 84, 104218.	3.3	8
16	Use of a flipped classroom in ophthalmology courses for nursing, dental and medical students: A quasi-experimental study using a mixed-methods approach. Nurse Education Today, 2020, 85, 104262.	3.3	28
17	Residents' use and perceptions of residential care facility gardens: A behaviour mapping and conversation study. International Journal of Older People Nursing, 2020, 15, e12283.	1.3	8
18	Factors associated with improvement in depressive symptoms among older persons after hospitalisation – a prospective design with two follow‐ups. Scandinavian Journal of Caring Sciences, 2020, 35, 923-928.	2.1	2

#	Article	IF	Citations
19	Relationships between structural and psychological empowerment, mediated by person-centred processes and thriving for nursing home staff. Geriatric Nursing, 2019, 40, 67-71.	1.9	22
20	Staff perception of Lean, care-giving, thriving and exhaustion: a longitudinal study in primary care. BMC Health Services Research, 2019, 19, 652.	2.2	15
21	Nursing students' reflections on caring for end-of-life patients in a youth volunteer association. Nurse Education in Practice, 2019, 34, 204-209.	2.6	7
22	District nurses experiences of precepting district nurse students at the postgraduate level. Nurse Education in Practice, 2019, 37, 75-80.	2.6	15
23	How do first-line managers in elderly care experience their work situation from a structural and psychological empowerment perspective? An interview study. Journal of Nursing Management, 2019, 27, 1208-1215.	3.4	15
24	Self-regulated learning ability, metacognitive ability, and general self-efficacy in a sample of nursing students: A cross-sectional and correlational study. Nurse Education in Practice, 2019, 37, 15-21.	2.6	51
25	Lecturers' reflection on the three-part assessment discussions with students and preceptors during clinical practice education: A repeated group discussion study. Nurse Education in Practice, 2019, 36, 1-6.	2.6	2
26	Lean maturity and quality in primary care. Journal of Health Organization and Management, 2019, 33, 141-154.	1.3	17
27	First-line managers dealing with different management approaches. Leadership in Health Services, 2019, 32, 543-557.	1.2	5
28	Psychometric properties of an instrument measuring communication within and between the professional groups licensed practical nurses and registered nurses in anaesthetic clinics. BMC Health Services Research, 2019, 19, 950.	2.2	1
29	Coping mediates the relationship between sense of coherence and mental quality of life in patients with chronic illness: a cross-sectional study. Quality of Life Research, 2018, 27, 1855-1863.	3.1	62
30	Nursing students' and preceptors' experience of assessment during clinical practice: A multilevel repeated-interview study of student–preceptor dyads. Nurse Education in Practice, 2018, 30, 13-19.	2.6	17
31	Internationally educated nurses' descriptions of their access to structural empowerment while working in another country's health care context. Journal of Nursing Management, 2018, 26, 866-873.	3.4	10
32	Nurse Anesthetists' Reflections on Caring for Patients With Previous Substance Dependence: Balancing Between Professionalism and Preconceptions. Journal of Perianesthesia Nursing, 2018, 33, 69-77.	0.7	1
33	A peer learning intervention targeting newly graduated nurses: A feasibility study with a descriptive design based on the Medical Research Council framework. Journal of Advanced Nursing, 2018, 74, 1127-1138.	3.3	8
34	Internationally educated nurses' and medical graduates' experiences of getting a license and practicing in Sweden – a qualitative interview study. BMC Medical Education, 2018, 18, 296.	2.4	18
35	A short version of the nurse professional competence scale for measuring nurses' self-reported competence. Nurse Education Today, 2018, 71, 233-239.	3.3	60
36	Nursing students' perceptions of using the Clinical Education Assessment tool AssCE and their overall perceptions of the clinical learning environment - A cross-sectional correlational study. Nurse Education Today, 2017, 51, 63-67.	3.3	19

#	ARTICLE	IF	CITATIONS
37	A peer learning intervention for nursing students in clinical practice education: A quasi-experimental study. Nurse Education Today, 2017, 51, 81-87.	3.3	88
38	A questionnaire measuring staff perceptions of Lean adoption in healthcare: development and psychometric testing. BMC Health Services Research, 2017, 17, 235.	2.2	18
39	Systematic pain assessment in nursing homes: a cluster-randomized trial using mixed-methods approach. BMC Geriatrics, 2017, 17, 61.	2.7	18
40	Identified obstacles and prerequisites in telenursesâ€™ work environment â€" a modified Delphi study. BMC Health Services Research, 2017, 17, 357.	2.2	11
41	The postoperative handover: a focus group interview study with nurse anaesthetists, anaesthesiologists and PACU nurses. BMJ Open, 2017, 7, e015038.	1.9	17
42	Empowerment and performance of managers and subordinates in elderly care: A longitudinal and multilevel study. Journal of Nursing Management, 2017, 25, 647-656.	3.4	17
43	A longitudinal qualitative study of health care personnel's perceptions of simultaneous implementation of three risk assessment scales on falls, malnutrition and pressure ulcers. Journal of Clinical Nursing, 2016, 25, 1912-1922.	3.0	3
44	Heel pressure ulcer, prevention and predictors during the care delivery chain â€" when and where to take action? A descriptive and explorative study. Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine, 2016, 24, 134.	2.6	13
45	An intervention targeting fundamental values among caregivers at residential facilities: effects of a cluster-randomized controlled trial on residentsâ€™ self-reported empowerment, person-centered climate and life satisfaction. BMC Geriatrics, 2016, 16, 130.	2.7	12
46	Garden greenery and the health of older people in residential care facilities: a multiâ€level crossâ€sectional study. Journal of Advanced Nursing, 2016, 72, 2065-2076.	3.3	62
47	A longitudinal study of working life among first-line managers in the care of older adults. Applied Nursing Research, 2016, 32, 7-13.	2.2	12
48	Using diffusion of innovation theory to describe perceptions of a passive positioning alarm among persons with mild dementia: a repeated interview study. BMC Geriatrics, 2016, 16, 3.	2.7	17
49	Prevention of heel pressure ulcers among older patients â€" from ambulance care to hospital discharge: A multi-centre randomized controlled trial. Applied Nursing Research, 2016, 30, 170-175.	2.2	26
50	Implementing situation-background-assessment-recommendation in an anaesthetic clinic and subsequent information retention among receivers. European Journal of Anaesthesiology, 2016, 33, 172-178.	1.7	25
51	Telephone nurses' communication and response to callers' concernâ€"a mixed methods study. Applied Nursing Research, 2016, 29, 116-121.	2.2	27
52	First-line managersâ€™ descriptions and reflections regarding their staff's access to empowering structures. Journal of Nursing Management, 2015, 23, 1003-1010.	3.4	9
53	District nurses' prescribing practice and its link to structural conditions. Journal of the American Association of Nurse Practitioners, 2015, 27, 568-575.	0.9	4
54	Male first-line managers' experiences of the work situation in elderly care: an empowerment perspective. Journal of Nursing Management, 2015, 23, 695-704.	3.4	19

#	Article	IF	Citations
55	Staff assessment of structural empowerment and ability to work according to evidence-based practice in mental health care. Journal of Nursing Management, 2015, 23, 765-774.	3.4	16
56	Effects of Tracking Technology on Daily Life of Persons With Dementia. American Journal of Alzheimer's Disease and Other Dementias, 2015, 30, 29-40.	1.9	26
57	Distriktssköterskors beskrivningar av sjukdomsförebyggande arbete i daglig verksamhet och strukturella förutsättningar för detta arbete. Nordic Journal of Nursing Research, 2015, 35, 77-84.	1.5	2
58	An Observational Study of Postoperative Handover in Anesthetic Clinics; The Content of Verbal Information and Factors Influencing Receiver Memory. Journal of Perianesthesia Nursing, 2015, 30, 105-115.	0.7	16
59	E-assessment and an e-training program among elderly care staff lacking formal competence: results of a mixed-methods intervention study. BMC Health Services Research, 2015, 15, 189.	2.2	9
60	Incidence of ADL Disability in Older Persons, Physical Activities as a Protective Factor and the Need for Informal and Formal Care – Results from the SNAC-N Project. PLoS ONE, 2015, 10, e0138901.	2.5	29
61	SBAR improves communication and safety climate and decreases incident reports due to communication errors in an anaesthetic clinic: a prospective intervention study. BMJ Open, 2014, 4, e004268.	1.9	115
62	A comparison of calls subjected to a malpractice claim versus 'normal calls' within the Swedish Healthcare Direct: a case–control study. BMJ Open, 2014, 4, e005961.	1.9	19
63	Registered nurses' reflections on discussing sexuality with patients: responsibilities, doubts and fears. Journal of Clinical Nursing, 2014, 23, 531-540.	3.0	61
64	Is There a Caring Perspective in Garden/Patio Design in Elderly Care? A Description and a Comparison of Residents' and Staff Members' Perceptions of These Outdoor Spaces. Journal of Housing for the Elderly, 2014, 28, 85-106.	0.7	8
65	Mental health nursing staff's attitudes towards mental illness: an analysis of related factors. Journal of Psychiatric and Mental Health Nursing, 2014, 21, 782-788.	2.1	70
66	Time trends in prevalence of activities of daily living (ADL) disability and survival: Comparing two populations (aged 78+ years) living in a rural area in Sweden. Archives of Gerontology and Geriatrics, 2014, 58, 370-375.	3.0	20
67	E-assessment of prior learning: a pilot study of interactive assessment of staff with no formal education who are working in Swedish elderly care. BMC Geriatrics, 2014, 14, 52.	2.7	4
68	A passive positioning alarm used by persons with dementia and their spouses – a qualitative intervention study. BMC Geriatrics, 2013, 13, 11.	2.7	31
69	What are the structural conditions of importance to preceptors' performance?. Nurse Education Today, 2013, 33, 444-449.	3.3	31
70	District nurses' self-reported clinical activities, beliefs about and attitudes towards obesity management. Applied Nursing Research, 2013, 26, 198-203.	2.2	11
71	Persons with early-stage dementia reflect on being outdoors: a repeated interview study. Aging and Mental Health, 2013, 17, 793-800.	2.8	58
72	Malpractice claims regarding calls to Swedish telephone advice nursing: what went wrong and why?. Journal of Telemedicine and Telecare, 2012, 18, 379-383.	2.7	46

#	Article	IF	Citations
73	My, your and our needs for safety and security: relatives' reflections on using information and communication technology in dementia care. Scandinavian Journal of Caring Sciences, 2012, 26, 104-112.	2.1	63
