#	ARTICLE	IF	CITATIONS
1	Patient satisfaction: A valid concept?. <i>Social Science and Medicine</i> , 1994, 38, 509-516.	1.8	937
2	The meaning of patient satisfaction: An explanation of high reported levels. <i>Social Science and Medicine</i> , 1998, 47, 1351-1359.	1.8	501
3	Why older people do not participate in leisure time physical activity: a survey of activity levels, beliefs and deterrents. <i>Age and Ageing</i> , 2004, 33, 287-292.	0.7	305
4	Efficacy and Tolerability of Tricyclic Antidepressants and SSRIs Compared With Placebo for Treatment of Depression in Primary Care: A Meta-Analysis. <i>Annals of Family Medicine</i> , 2005, 3, 449-456.	0.9	304
5	Effectiveness of Motivational Interviewing on adult behaviour change in health and social care settings: A systematic review of reviews. <i>PLoS ONE</i> , 2018, 13, e0204890.	1.1	236
6	Supporting "work-related goals" rather than "return to work" after cancer? A systematic review and meta-synthesis of 25 qualitative studies. <i>Psycho-Oncology</i> , 2013, 22, 1208-1219.	1.0	207
7	Intervention description is not enough: evidence from an in-depth multiple case study on the untold role and impact of context in randomised controlled trials of seven complex interventions. <i>Trials</i> , 2012, 13, 95.	0.7	187
8	What do we know about who does and does not attend general health checks? Findings from a narrative scoping review. <i>BMC Public Health</i> , 2012, 12, 723.	1.2	185
9	Form of delivery as a key "active ingredient" in behaviour change interventions. <i>British Journal of Health Psychology</i> , 2016, 21, 733-740.	1.9	138
10	The psychological experience of living with head and neck cancer: a systematic review and meta-synthesis. <i>Psycho-Oncology</i> , 2013, 22, 2648-2663.	1.0	126
11	Perceptions of illness causation among new referrals to a community mental health team: "explanatory model" or "exploratory map"? <i>Social Science and Medicine</i> , 2001, 53, 465-476.	1.8	125
12	Health in the 'hidden population' of people with low literacy. A systematic review of the literature. <i>BMC Public Health</i> , 2010, 10, 459.	1.2	122
13	The meaning and management of neuroleptic medication: a study of patients with a diagnosis of schizophrenia. <i>Social Science and Medicine</i> , 1998, 47, 1313-1323.	1.8	118
14	A process for Decision-making after Pilot and feasibility Trials (ADePT): development following a feasibility study of a complex intervention for pelvic organ prolapse. <i>Trials</i> , 2013, 14, 353.	0.7	115
15	Exploring and explaining low participation in physical activity among children and young people with asthma: a review. <i>BMC Family Practice</i> , 2008, 9, 40.	2.9	108
16	How the stigma of low literacy can impair patient-professional spoken interactions and affect health: insights from a qualitative investigation. <i>BMC Health Services Research</i> , 2013, 13, 319.	0.9	100
17	Valuing people as individuals: development of an instrument through a survey of person-centredness in secondary care. <i>Journal of Advanced Nursing</i> , 2001, 36, 450-459.	1.5	82
18	Audio-visual recording of patient-GP consultations for research purposes: A literature review on recruiting rates and strategies. <i>Patient Education and Counseling</i> , 2008, 71, 157-168.	1.0	81

#	ARTICLE	IF	CITATIONS
19	Promoting research participation: Why not advertise altruism?. <i>Social Science and Medicine</i> , 2008, 66, 1451-1456.	1.8	81
20	Speaking up about safety concerns: multi-setting qualitative study of patients' views and experiences. <i>BMJ Quality and Safety</i> , 2010, 19, e33-e33.	1.8	79
21	People with Aphasia: Capacity to Consent, Research Participation and Intervention Inequalities. <i>International Journal of Stroke</i> , 2013, 8, 193-196.	2.9	78
22	An exploration of the epistemological intricacies of using qualitative data to develop a quantitative measure of user views of health care. <i>Journal of Advanced Nursing</i> , 2000, 31, 1235-1243.	1.5	77
23	What Adherence Measures Should Be Used in Trials of Home-Based Rehabilitation Interventions? A Systematic Review of the Validity, Reliability, and Acceptability of Measures. <i>Archives of Physical Medicine and Rehabilitation</i> , 2017, 98, 1241-1256.e45.	0.5	77
24	Patient Satisfaction in Mental Health Care: Evaluating an Evaluative Method. <i>British Journal of Psychiatry</i> , 1995, 166, 559-562.	1.7	76
25	Effectiveness of interventions designed to promote patient involvement to enhance safety: a systematic review. <i>BMJ Quality and Safety</i> , 2010, 19, e10-e10.	1.8	72
26	Barriers and facilitators to smoking cessation in a cancer context: A qualitative study of patient, family and professional views. <i>BMC Cancer</i> , 2017, 17, 348.	1.1	66
27	Why, when and how to update a meta-ethnography qualitative synthesis. <i>Systematic Reviews</i> , 2016, 5, 44.	2.5	64
28	When "no" might not quite mean "no"; the importance of informed and meaningful non-consent: results from a survey of individuals refusing participation in a health-related research project. <i>BMC Health Services Research</i> , 2007, 7, 59.	0.9	61
29	From physical and functional to continuity with pre-stroke self and participation in valued activities: A qualitative exploration of stroke survivors'™, carers'™ and physiotherapists'™ perceptions of physical activity after stroke. <i>Disability and Rehabilitation</i> , 2015, 37, 64-77.	0.9	61
30	From child to adult: An exploration of shifting family roles and responsibilities in managing physiotherapy for cystic fibrosis. <i>Social Science and Medicine</i> , 2007, 65, 2135-2146.	1.8	57
31	â€œDoing the right thingâ€™: factors influencing GP prescribing of antidepressants and prescribed doses. <i>BMC Family Practice</i> , 2017, 18, 72.	2.9	55
32	â€œI've Never Not Had it So I Don't Really Know What it's Like Not toâ€™: Nondifference and Biographical Disruption Among Children and Young People With Cystic Fibrosis. <i>Qualitative Health Research</i> , 2009, 19, 1443-1455.	1.0	49
33	Can Text Messages Reach the Parts Other Process Measures Cannot Reach: An Evaluation of a Behavior Change Intervention Delivered by Mobile Phone?. <i>PLoS ONE</i> , 2012, 7, e52621.	1.1	49
34	Physical activity participation in community dwelling stroke survivors: synergy and dissonance between motivation and capability. A qualitative study. <i>Physiotherapy</i> , 2017, 103, 311-321.	0.2	49
35	Optimising long-term participation in physical activities after stroke: Exploring new ways of working for physiotherapists. <i>Physiotherapy</i> , 2009, 95, 227-233.	0.2	44
36	Patient perspectives on multiple medications versus combined pills: a qualitative study. <i>QJM - Monthly Journal of the Association of Physicians</i> , 2005, 98, 885-893.	0.2	41

#	ARTICLE	IF	CITATIONS
37	Women's perceptions of decision-making about hysterectomy. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2004, 111, 133-142.	1.1	39
38	Which surgical decisions should patients participate in and how? Reflections on women's recollections of discussions about variants of hysterectomy. <i>Social Science and Medicine</i> , 2006, 62, 499-509.	1.8	39
39	Defining 'people-centredness': making the implicit explicit. <i>Health and Social Care in the Community</i> , 1998, 6, 84-94.	0.7	38
40	Low exercise among children with asthma: a culture of over protection? A qualitative study of experiences and beliefs. <i>British Journal of General Practice</i> , 2010, 60, e319-e326.	0.7	38
41	Gender Differences and Mental Health: An Exploratory Study of Knowledge and Attitudes to Mental Health Among Scottish Teenagers. <i>Child and Adolescent Mental Health</i> , 2007, 12, 8-12.	1.8	36
42	Problems and solutions: Accounts by parents and children of adhering to chest physiotherapy for cystic fibrosis. <i>Disability and Rehabilitation</i> , 2007, 29, 1097-1105.	0.9	35
43	Decayed and missing teeth and oral-health-related factors: Predicting depression in homeless people. <i>Journal of Psychosomatic Research</i> , 2011, 71, 108-112.	1.2	35
44	“Seeing is believing, and believing is seeing”: An exploration of the meaning and impact of women's mental images of their breast cancer and their potential origins. <i>Patient Education and Counseling</i> , 2008, 73, 339-346.	1.0	29
45	Which Images and Features in Graphic Cigarette Warnings Predict Their Perceived Effectiveness? Findings from an Online Survey of Residents in the UK. <i>Annals of Behavioral Medicine</i> , 2015, 49, 639-649.	1.7	26
46	Images in Health Care: Potential and Problems. <i>Journal of Health Services Research and Policy</i> , 2009, 14, 251-254.	0.8	25
47	QALYs in mental health: a case study. <i>Psychological Medicine</i> , 1992, 22, 725-731.	2.7	23
48	Pharmaceutical care of older people: what do older people want from community pharmacy?. <i>International Journal of Pharmacy Practice</i> , 2015, 23, 121-130.	0.3	23
49	Podiatry intervention versus usual care to prevent falls in care homes: pilot randomised controlled trial (the PIRFECT study). <i>BMC Geriatrics</i> , 2017, 17, 143.	1.1	22
50	Exploring “person-centredness”: user perspectives on a model of social psychiatry. <i>Health and Social Care in the Community</i> , 1999, 7, 475-482.	0.7	21
51	Can theory be embedded in visual interventions to promote self-management? A proposed model and worked example. <i>International Journal of Nursing Studies</i> , 2012, 49, 1598-1609.	2.5	19
52	Health literacy: the need to consider images as well as words. <i>Health Expectations</i> , 2008, 11, 99-101.	1.1	18
53	Art participation for psychosocial wellbeing during stroke rehabilitation: a feasibility randomised controlled trial. <i>Disability and Rehabilitation</i> , 2019, 41, 9-18.	0.9	18
54	Disclosure of minor mental health problems: an exploratory theoretical study. <i>Journal of Advanced Nursing</i> , 2001, 35, 108-116.	1.5	17

#	ARTICLE	IF	CITATIONS
55	General Practitioners' Reasons for the Failure of a Randomized Controlled Trial (The TIGER Trial) to Implement Epilepsy Guidelines in Primary Care. <i>Epilepsia</i> , 2007, 48, 1275-1282.	2.6	17
56	Nocebo and the potential harm of "high risk" labelling: a scoping review. <i>Journal of Advanced Nursing</i> , 2015, 71, 1518-1529.	1.5	17
57	Optimising the validity and completion of adherence diaries: a multiple case study and randomised crossover trial. <i>Trials</i> , 2016, 17, 489.	0.7	17
58	Tacit and transitional: An exploration of patients' and primary care health professionals' goals in relation to asthma. <i>Social Science and Medicine</i> , 2011, 72, 1359-1366.	1.8	16
59	Assessing Asthma control in UK primary care: Use of routinely collected prospective observational consultation data to determine appropriateness of a variety of control assessment models. <i>BMC Family Practice</i> , 2011, 12, 105.	2.9	16
60	Paying the price for an incentive: An exploratory study of smokers' reasons for failing to complete an incentive based smoking cessation scheme. <i>Journal of Health Services Research and Policy</i> , 2012, 17, 212-218.	0.8	15
61	Patient factors associated with SSRI dose for depression treatment in general practice: a primary care cross sectional study. <i>BMC Family Practice</i> , 2014, 15, 210.	2.9	15
62	Social context, art making processes and creative output: a qualitative study exploring how psychosocial benefits of art participation during stroke rehabilitation occur. <i>Disability and Rehabilitation</i> , 2016, 38, 661-672.	0.9	15
63	A meta-ethnography of organisational culture in primary care medical practice. <i>Journal of Health Organization and Management</i> , 2014, 28, 21-40.	0.6	14
64	Feasibility study of the effects of art as a creative engagement intervention during stroke rehabilitation on improvement of psychosocial outcomes: study protocol for a single blind randomized controlled trial: the ACES study. <i>Trials</i> , 2014, 15, 380.	0.7	13
65	Achieving Good Outcomes for Asthma Living (GOAL): mixed methods feasibility and pilot cluster randomised controlled trial of a practical intervention for eliciting, setting and achieving goals for adults with asthma. <i>Trials</i> , 2016, 17, 584.	0.7	13
66	Overcoming barriers to recruitment in health research: Concerns of potential participants need to be dealt with. <i>BMJ: British Medical Journal</i> , 2006, 333, 398.1.	2.4	13
67	Recruiting and retaining postpartum women from areas of social disadvantage in a weight loss trial "an assessment of strategies employed in the WeighWell feasibility study. <i>Maternal and Child Nutrition</i> , 2013, 9, 322-331.	1.4	12
68	Real Time Monitoring of Engagement with a Text Message Intervention to Reduce Binge Drinking Among Men Living in Socially Disadvantaged Areas of Scotland. <i>International Journal of Behavioral Medicine</i> , 2017, 24, 713-721.	0.8	12
69	Is the routine recording of primary care consultations possible and desirable? Lessons for researchers from a consultation with multiple stakeholders. <i>Patient Education and Counseling</i> , 2011, 82, 247-253.	1.0	11
70	Interventions for sustained healthcare professional behaviour change: a protocol for an overview of reviews. <i>Systematic Reviews</i> , 2016, 5, 173.	2.5	11
71	Alcohol and disadvantaged men: A feasibility trial of an intervention delivered by mobile phone. <i>Drug and Alcohol Review</i> , 2017, 36, 468-476.	1.1	11
72	Attributes of trainers for postgraduate training in general surgery - A national consensus. <i>Journal of the Royal College of Surgeons of Edinburgh</i> , 2003, 1, 215-220.	0.8	10

#	ARTICLE	IF	CITATIONS
73	A mobile phone intervention to reduce binge drinking among disadvantaged men: study protocol for a randomised controlled cost-effectiveness trial. <i>Trials</i> , 2014, 15, 494.	0.7	10
74	Coronary heart disease and the management of risk: Patient perspectives of outcomes associated with the clinical implementation of the National Service Framework targets. <i>Health, Risk and Society</i> , 2007, 9, 359-373.	0.9	9
75	A feasibility study of a personalised lifestyle programme (HealthForce) for individuals who have participated in cardiovascular risk screening. <i>Preventive Medicine</i> , 2011, 52, 387-389.	1.6	9
76	Elective induction of labour: The problem of interpretation and communication of risks. <i>Midwifery</i> , 2012, 28, 412-415.	1.0	9
77	Goal-setting intervention in patients with active asthma: protocol for a pilot cluster-randomised controlled trial. <i>Trials</i> , 2013, 14, 289.	0.7	9
78	Cancer diagnosis: An opportune time to help patients and their families stop smoking?. <i>Public Health</i> , 2010, 124, 479-482.	1.4	8
79	Predictors of discontinuation on clozapine: a population study. <i>Irish Journal of Psychological Medicine</i> , 2003, 20, 115-118.	0.7	7
80	Patient, practice and organisational influences on asthma control: Observational data from a national study on primary care in the United Kingdom. <i>International Journal of Nursing Studies</i> , 2012, 49, 596-609.	2.5	7
81	Is the effectiveness of tobacco image-based warning labels likely to vary by socio-demographic variable? Findings from an online survey of 19,000 members of the UK Public. <i>Health Education Journal</i> , 2013, 72, 351-362.	0.6	6
82	Shared care? Some effects of patient access to medical communications. <i>Journal of Mental Health</i> , 1997, 6, 37-46.	1.0	5
83	Partnerships with health and private voluntary organizations: what are the issues for health authorities and boards?. <i>Public Health</i> , 2003, 117, 317-322.	1.4	5
84	Developing a longitudinal database of routinely recorded primary care consultations linked to service use and outcome data. <i>Social Science and Medicine</i> , 2010, 70, 473-478.	1.8	5
85	Risky Single-Occasion Drinking and Disadvantaged Men: Will Recruitment Through Primary Care Miss Hazardous Drinkers?. <i>Alcoholism: Clinical and Experimental Research</i> , 2013, 37, 1577-1581.	1.4	5
86	Modifying Alcohol Consumption to Reduce Obesity (MACRO): development and feasibility trial of a complex community-based intervention for men. <i>Health Technology Assessment</i> , 2017, 21, 1-150.	1.3	5
87	Placing evidence in context: A response to Fry's commentary. <i>Social Science and Medicine</i> , 2008, 66, 1461-1462.	1.8	4
88	Is disgust the driver behind the selection of images for UK tobacco packets?. <i>Health Education Journal</i> , 2014, 73, 522-529.	0.6	4
89	Reducing patient delay with symptoms of acute coronary syndrome: a research protocol for a systematic review of previous interventions to investigate which behaviour change techniques are associated with effective interventions. <i>Open Heart</i> , 2014, 1, e000079.	0.9	4
90	Accessing and engaging women from socio-economically disadvantaged areas: a participatory approach to the design of a public health intervention for delivery in a Bingo club. <i>BMC Public Health</i> , 2016, 16, 345.	1.2	4

#	ARTICLE	IF	CITATIONS
91	Extending the assessment of patient-centredness in health care: Development of the updated Valuing Patients as Individuals Scale using exploratory factor analysis. <i>Journal of Clinical Nursing</i> , 2018, 27, 65-76.	1.4	4
92	Reducing patient delay in Acute Coronary Syndrome (<sc>RAP</sc>iD): research protocol for a web-based randomized controlled trial examining the effect of a behaviour change intervention. <i>Journal of Advanced Nursing</i> , 2017, 73, 1220-1234.	1.5	3
93	ICD-11 complex Post Traumatic Stress Disorder (CPTSD) in parents with perinatal bereavement: Implications for treatment and care. <i>Midwifery</i> , 2021, 96, 102947.	1.0	2
94	How active are women who play bingo: a cross-sectional study from the Well!Bingo project. <i>BMC Women's Health</i> , 2017, 17, 57.	0.8	1
