#	Paper	IF	Citations
91	ICD-11 complex Post Traumatic Stress Disorder (CPTSD) in parents with perinatal bereavement: Implications for treatment and care. <i>Midwifery</i> , 2021 , 96, 102947	2.8	0
90	Art participation for psychosocial wellbeing during stroke rehabilitation: a feasibility randomised controlled trial. <i>Disability and Rehabilitation</i> , 2019 , 41, 9-18	2.4	10
89	Extending the assessment of patient-centredness in health care: Development of the updated Valuing Patients as Individuals Scale using exploratory factor analysis. <i>Journal of Clinical Nursing</i> , 2018 , 27, 65-76	3.2	2
88	Effectiveness of Motivational Interviewing on adult behaviour change in health and social care settings: A systematic review of reviews. <i>PLoS ONE</i> , 2018 , 13, e0204890	3.7	127
87	Physical activity participation in community dwelling stroke survivors: synergy and dissonance between motivation and capability. A qualitative study. <i>Physiotherapy</i> , 2017 , 103, 311-321	3	23
86	Alcohol and disadvantaged men: A feasibility trial of an intervention delivered by mobile phone. <i>Drug and Alcohol Review</i> , 2017 , 36, 468-476	3.2	10
85	Podiatry intervention versus usual care to prevent falls in care homes: pilot randomised controlled trial (the PIRFECT study). <i>BMC Geriatrics</i> , 2017 , 17, 143	4.1	17
84	How active are women who play bingo: a cross-sectional study from the Well!Bingo project. <i>BMC Women's Health</i> , 2017 , 17, 57	2.9	1
83	Real Time Monitoring of Engagement with a Text Message Intervention to Reduce Binge Drinking Among Men Living in Socially Disadvantaged Areas of Scotland. <i>International Journal of Behavioral Medicine</i> , 2017 , 24, 713-721	2.6	7
82	Doing the right thing: factors influencing GP prescribing of antidepressants and prescribed doses. <i>BMC Family Practice</i> , 2017 , 18, 72	2.6	39
81	Barriers and facilitators to smoking cessation in a cancer context: A qualitative study of patient, family and professional views. <i>BMC Cancer</i> , 2017 , 17, 348	4.8	40
80	Reducing patient delay in Acute Coronary Syndrome (RAPiD): research protocol for a web-based randomized controlled trial examining the effect of a behaviour change intervention. <i>Journal of Advanced Nursing</i> , 2017 , 73, 1220-1234	3.1	2
79	What Adherence Measures Should Be Used in Trials of Home-Based Rehabilitation Interventions? A Systematic Review of the Validity, Reliability, and Acceptability of Measures. <i>Archives of Physical Medicine and Rehabilitation</i> , 2017 , 98, 1241-1256.e45	2.8	48
78	Modifying Alcohol Consumption to Reduce Obesity (MACRO): development and feasibility trial of a complex community-based intervention for men. <i>Health Technology Assessment</i> , 2017 , 21, 1-150	4.4	4
77	Social context, art making processes and creative output: a qualitative study exploring how psychosocial benefits of art participation during stroke rehabilitation occur. <i>Disability and Rehabilitation</i> , 2016 , 38, 661-72	2.4	7
76	Optimising the validity and completion of adherence diaries: a multiple case study and randomised crossover trial. <i>Trials</i> , 2016 , 17, 489	2.8	13
75	Achieving Good Outcomes for Asthma Living (GOAL): mixed methods feasibility and pilot cluster randomised controlled trial of a practical intervention for eliciting, setting and achieving goals for adults with asthma. <i>Trials</i> , 2016 , 17, 584	2.8	9

74	Interventions for sustained healthcare professional behaviour change: a protocol for an overview of reviews. <i>Systematic Reviews</i> , 2016 , 5, 173	3	9
73	Why, when and how to update a meta-ethnography qualitative synthesis. <i>Systematic Reviews</i> , 2016 , 5, 44	3	44
72	Accessing and engaging women from socio-economically disadvantaged areas: a participatory approach to the design of a public health intervention for delivery in a Bingo club. <i>BMC Public Health</i> , 2016 , 16, 345	4.1	3
71	Which Images and Features in Graphic Cigarette Warnings Predict Their Perceived Effectiveness? Findings from an Online Survey of Residents in the UK. <i>Annals of Behavioral Medicine</i> , 2015 , 49, 639-49	4.5	21
70	From physical and functional to continuity with pre-stroke self and participation in valued activities: a qualitative exploration of stroke survivors' carers' and physiotherapists' perceptions of physical activity after stroke. <i>Disability and Rehabilitation</i> , 2015 , 37, 64-77	2.4	43
69	Pharmaceutical care of older people: what do older people want from community pharmacy?. <i>International Journal of Pharmacy Practice</i> , 2015 , 23, 121-30	1.7	19
68	Nocebo and the potential harm of high risk labelling: a scoping review. <i>Journal of Advanced Nursing</i> , 2015 , 71, 1518-29	3.1	12
67	Reducing patient delay with symptoms of acute coronary syndrome: a research protocol for a systematic review of previous interventions to investigate which behaviour change techniques are associated with effective interventions. <i>Open Heart</i> , 2014 , 1, e000079	3	3
66	Is disgust the driver behind the selection of images for UK tobacco packets?. <i>Health Education Journal</i> , 2014 , 73, 522-529	1.5	4
65	Feasibility study of the effects of art as a creative engagement intervention during stroke rehabilitation on improvement of psychosocial outcomes: study protocol for a single blind randomized controlled trial: the ACES study. <i>Trials</i> , 2014 , 15, 380	2.8	11
64	A meta-ethnography of organisational culture in primary care medical practice. <i>Journal of Health Organization and Management</i> , 2014 , 28, 21-40	1.9	11
63	A mobile phone intervention to reduce binge drinking among disadvantaged men: study protocol for a randomised controlled cost-effectiveness trial. <i>Trials</i> , 2014 , 15, 494	2.8	9
62	Patient factors associated with SSRI dose for depression treatment in general practice: a primary care cross sectional study. <i>BMC Family Practice</i> , 2014 , 15, 210	2.6	12
61	Recruiting and retaining postpartum women from areas of social disadvantage in a weight-loss trial—an assessment of strategies employed in the WeighWell feasibility study. <i>Maternal and Child Nutrition</i> , 2013 , 9, 322-31	3.4	8
60	Risky single-occasion drinking and disadvantaged men: will recruitment through primary care miss hazardous drinkers?. <i>Alcoholism: Clinical and Experimental Research</i> , 2013 , 37, 1577-81	3.7	5
59	Goal-setting intervention in patients with active asthma: protocol for a pilot cluster-randomised controlled trial. <i>Trials</i> , 2013 , 14, 289	2.8	9
58	How the stigma of low literacy can impair patient-professional spoken interactions and affect health: insights from a qualitative investigation. <i>BMC Health Services Research</i> , 2013 , 13, 319	2.9	74
57	A process for Decision-making after Pilot and feasibility Trials (ADePT): development following a feasibility study of a complex intervention for pelvic organ prolapse. <i>Trials</i> , 2013 , 14, 353	2.8	91

56	The psychological experience of living with head and neck cancer: a systematic review and meta-synthesis. <i>Psycho-Oncology</i> , 2013 , 22, 2648-63	3.9	108
55	Supporting Rwork-related goalsRather than Return to workRafter cancer? A systematic review and meta-synthesis of 25 qualitative studies. <i>Psycho-Oncology</i> , 2013 , 22, 1208-19	3.9	152
54	Is the effectiveness of tobacco image-based warning labels likely to vary by socio-demographic variable? Findings from an online survey of 19,000 members of the UK Public. <i>Health Education Journal</i> , 2013 , 72, 351-362	1.5	6
53	People with aphasia: capacity to consent, research participation and intervention inequalities. <i>International Journal of Stroke</i> , 2013 , 8, 193-6	6.3	58
52	Patient, practice and organisational influences on asthma control: observational data from a national study on primary care in the United Kingdom. <i>International Journal of Nursing Studies</i> , 2012 , 49, 596-609	5.8	7
51	Can theory be embedded in visual interventions to promote self-management? A proposed model and worked example. <i>International Journal of Nursing Studies</i> , 2012 , 49, 1598-609	5.8	17
50	What do we know about who does and does not attend general health checks? Findings from a narrative scoping review. <i>BMC Public Health</i> , 2012 , 12, 723	4.1	142
49	Intervention description is not enough: evidence from an in-depth multiple case study on the untold role and impact of context in randomised controlled trials of seven complex interventions. <i>Trials</i> , 2012 , 13, 95	2.8	141
48	Elective induction of labour: the problem of interpretation and communication of risks. <i>Midwifery</i> , 2012 , 28, 352-5	2.8	7
47	Can text messages reach the parts other process measures cannot reach: an evaluation of a behavior change intervention delivered by mobile phone?. <i>PLoS ONE</i> , 2012 , 7, e52621	3.7	41
46	Paying the price for an incentive: an exploratory study of smokersReasons for failing to complete an incentive based smoking cessation scheme. <i>Journal of Health Services Research and Policy</i> , 2012 , 17, 212-8	2.4	12
45	Decayed and missing teeth and oral-health-related factors: predicting depression in homeless people. <i>Journal of Psychosomatic Research</i> , 2011 , 71, 108-12	4.1	30
44	A feasibility study of a personalised lifestyle programme (HealthForce) for individuals who have participated in cardiovascular risk screening. <i>Preventive Medicine</i> , 2011 , 52, 387-9	4.3	8
43	Tacit and transitional: an exploration of patientsRand primary care health professionalsRgoals in relation to asthma. <i>Social Science and Medicine</i> , 2011 , 72, 1359-66	5.1	15
42	Assessing asthma control in UK primary care: use of routinely collected prospective observational consultation data to determine appropriateness of a variety of control assessment models. <i>BMC Family Practice</i> , 2011 , 12, 105	2.6	11
41	Is the routine recording of primary care consultations possible [and desirable? Lessons for researchers from a consultation with multiple stakeholders. <i>Patient Education and Counseling</i> , 2011 , 82, 247-53	3.1	8
40	Low exercise among children with asthma: a culture of over protection? A qualitative study of experiences and beliefs. <i>British Journal of General Practice</i> , 2010 , 60, e319-26	1.6	30
39	Effectiveness of interventions designed to promote patient involvement to enhance safety: a systematic review. <i>BMJ Quality and Safety</i> , 2010 , 19, e10	5.4	51

38	Speaking up about safety concerns: multi-setting qualitative study of patients' views and experiences. <i>BMJ Quality and Safety</i> , 2010 , 19, e33	5.4	62
37	Cancer diagnosis: An opportune time to help patients and their families stop smoking?. <i>Public Health</i> , 2010 , 124, 479-82	4	7
36	Developing a longitudinal database of routinely recorded primary care consultations linked to service use and outcome data. <i>Social Science and Medicine</i> , 2010 , 70, 473-478	5.1	4
35	Health in the hidden population of people with low literacy. A systematic review of the literature. <i>BMC Public Health</i> , 2010 , 10, 459	4.1	92
34	Images in health care: potential and problems. <i>Journal of Health Services Research and Policy</i> , 2009 , 14, 251-4	2.4	22
33	I've never not had it so I don't really know what it's like not to: nondifference and biographical disruption among children and young people with cystic fibrosis. <i>Qualitative Health Research</i> , 2009 , 19, 1443-55	3.9	37
32	Optimising long-term participation in physical activities after stroke: exploring new ways of working for physiotherapists. <i>Physiotherapy</i> , 2009 , 95, 228-34	3	39
31	Promoting research participation: why not advertise altruism?. <i>Social Science and Medicine</i> , 2008 , 66, 1451-6	5.1	66
30	Placing evidence in context: A response to Fry's commentary. <i>Social Science and Medicine</i> , 2008 , 66, 1461-1462	4	4
29	Audio-visual recording of patient-GP consultations for research purposes: a literature review on recruiting rates and strategies. <i>Patient Education and Counseling</i> , 2008 , 71, 157-68	3.1	63
28	Exploring and explaining low participation in physical activity among children and young people with asthma: a review. <i>BMC Family Practice</i> , 2008 , 9, 40	2.6	84
27	"Seeing is believing, and believing is seeing": an exploration of the meaning and impact of women's mental images of their breast cancer and their potential origins. <i>Patient Education and Counseling</i> , 2008 , 73, 339-46	3.1	18
26	General practitioners' reasons for the failure of a randomized controlled trial (The TIGER Trial) to implement epilepsy guidelines in primary care. <i>Epilepsia</i> , 2007 , 48, 1275-82	6.4	15
25	Gender Differences and Mental Health: An Exploratory Study of Knowledge and Attitudes to Mental Health Among Scottish Teenagers. <i>Child and Adolescent Mental Health</i> , 2007 , 12, 8-12	2.2	30
24	When "no" might not quite mean "no"; the importance of informed and meaningful non-consent: results from a survey of individuals refusing participation in a health-related research project. <i>BMC Health Services Research</i> , 2007 , 7, 59	2.9	49
23	From child to adult: an exploration of shifting family roles and responsibilities in managing physiotherapy for cystic fibrosis. <i>Social Science and Medicine</i> , 2007 , 65, 2135-46	5.1	47
22	Coronary heart disease and the management of risk: Patient perspectives of outcomes associated with the clinical implementation of the National Service Framework targets. <i>Health, Risk and Society</i> , 2007 , 9, 359-373	2	9
21	Problems and solutions: accounts by parents and children of adhering to chest physiotherapy for cystic fibrosis. <i>Disability and Rehabilitation</i> , 2007 , 29, 1097-105	2.4	30

20	Which surgical decisions should patients participate in and how? Reflections on women's recollections of discussions about variants of hysterectomy. <i>Social Science and Medicine</i> , 2006 , 62, 499-509	5.1	34
19	Overcoming barriers to recruitment in health research: concerns of potential participants need to be dealt with. <i>BMJ, The</i> , 2006 , 333, 398	5.9	12
18	Patient perspectives on multiple medications versus combined pills: a qualitative study. <i>QJM - Monthly Journal of the Association of Physicians</i> , 2005 , 98, 885-93	2.7	38
17	Efficacy and tolerability of tricyclic antidepressants and SSRIs compared with placebo for treatment of depression in primary care: a meta-analysis. <i>Annals of Family Medicine</i> , 2005 , 3, 449-56	2.9	248
16	Why older people do not participate in leisure time physical activity: a survey of activity levels, beliefs and deterrents. <i>Age and Ageing</i> , 2004 , 33, 287-92	3	257
15	Women's perceptions of decision-making about hysterectomy. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2004 , 111, 133-42	3.7	30
14	Predictors of discontinuation on clozapine: a population study. <i>Irish Journal of Psychological Medicine</i> , 2003 , 20, 115-118	3	4
13	Attributes of trainers for postgraduate training in general surgery--a national consensus. <i>Journal of the Royal College of Surgeons of Edinburgh</i> , 2003 , 1, 215-20	2.5	7
12	Partnerships with health and private voluntary organizations: what are the issues for health authorities and boards?. <i>Public Health</i> , 2003 , 117, 317-22	4	4
11	Disclosure of minor mental health problems: an exploratory theoretical study. <i>Journal of Advanced Nursing</i> , 2001 , 35, 108-16	3.1	16
10	Valuing people as individuals: development of an instrument through a survey of person-centredness in secondary care. <i>Journal of Advanced Nursing</i> , 2001 , 36, 450-9	3.1	75
9	Perceptions of illness causation among new referrals to a community mental health team: "explanatory model" or "exploratory map"?. <i>Social Science and Medicine</i> , 2001 , 53, 465-76	5.1	104
8	An exploration of the epistemological intricacies of using qualitative data to develop a quantitative measure of user views of health care. <i>Journal of Advanced Nursing</i> , 2000 , 31, 1235-43	3.1	72
7	Exploring person-centredness: user perspectives on a model of social psychiatry. <i>Health and Social Care in the Community</i> , 1999 , 7, 475-482	2.6	17
6	The meaning and management of neuroleptic medication: a study of patients with a diagnosis of schizophrenia. <i>Social Science and Medicine</i> , 1998 , 47, 1313-23	5.1	110
5	The meaning of patient satisfaction: an explanation of high reported levels. <i>Social Science and Medicine</i> , 1998 , 47, 1351-9	5.1	431
4	Defining person-centredness: making the implicit explicit. <i>Health and Social Care in the Community</i> , 1998 , 6, 84-94	2.6	35
3	Shared care? Some effects of patient access to medical communications. <i>Journal of Mental Health</i> , 1997 , 6, 37-46	2.7	5
