#	ARTICLE	IF	CITATIONS
1	Prevalence of myalgic encephalomyelitis/chronic fatigue syndrome (ME/CFS) in three regions of England: a repeated cross-sectional study in primary care. <i>BMC Medicine</i> , 2011, 9, 91.	2.3	201
2	Behavioural and psychological symptoms in dementia and the challenges for family carers: Systematic review. <i>British Journal of Psychiatry</i> , 2016, 208, 429-434.	1.7	161
3	ReseArch with Patient and Public involvement: a RealisT evaluation of the RAPPORT study. <i>Health Services and Delivery Research</i> , 2015, 3, 1-176.	1.4	143
4	Effectiveness of interventions to directly support food and drink intake in people with dementia: systematic review and meta-analysis. <i>BMC Geriatrics</i> , 2016, 16, 26.	1.1	125
5	The relationship between benign joint hypermobility syndrome and psychological distress: a systematic review and meta-analysis. <i>Rheumatology</i> , 2014, 53, 114-122.	0.9	93
6	Entry to care: positive choice or fait accompli? Developing a more proactive nursing response to the needs of older people and their carers. <i>Journal of Advanced Nursing</i> , 1996, 24, 265-274.	1.5	92
7	The functional status and well being of people with myalgic encephalomyelitis/chronic fatigue syndrome and their carers. <i>BMC Public Health</i> , 2011, 11, 402.	1.2	90
8	Do people with benign joint hypermobility syndrome (BJHS) have reduced joint proprioception? A systematic review and meta-analysis. <i>Rheumatology International</i> , 2013, 33, 2709-2716.	1.5	78
9	Effectiveness of interventions to indirectly support food and drink intake in people with dementia: Eating and Drinking Well IN dementia (EDWINA) systematic review. <i>BMC Geriatrics</i> , 2016, 16, 89.	1.1	71
10	Older care-home residents as collaborators or advisors in research: a systematic review. <i>Age and Ageing</i> , 2016, 45, 337-345.	0.7	71
11	Physiotherapy students' professional identity on the edge of working life. <i>Medical Teacher</i> , 2006, 28, 270-276.	1.0	62
12	Befriending carers of people with dementia: randomised controlled trial. <i>BMJ: British Medical Journal</i> , 2008, 336, 1295-1297.	2.4	62
13	The expressed needs of people with Chronic Fatigue Syndrome/Myalgic Encephalomyelitis: A systematic review. <i>BMC Public Health</i> , 2009, 9, 458.	1.2	61
14	Shifting dementia discourses from deficit to active citizenship. <i>Sociology of Health and Illness</i> , 2017, 39, 199-211.	1.1	61
15	Consumer involvement in health research: a UK scoping and survey. <i>International Journal of Consumer Studies</i> , 2014, 38, 35-44.	7.2	59
16	Reciprocal relationships and the importance of feedback in patient and public involvement: A mixed methods study. <i>Health Expectations</i> , 2018, 21, 899-908.	1.1	58
17	Systematic overview of economic evaluations of health-related rehabilitation. <i>Disability and Health Journal</i> , 2016, 9, 11-25.	1.6	56
18	Participatory Organizational Research: Examining Voice in the Co-production of Knowledge. <i>British Journal of Management</i> , 2014, 25, 133-144.	3.3	52

#	ARTICLE	IF	CITATIONS
19	A pragmatic, unblinded randomised controlled trial comparing an occupational therapy-led lifestyle approach and routine GP care for panic disorder treatment in primary care. <i>Journal of Affective Disorders</i> , 2007, 99, 63-71.	2.0	46
20	Physiotherapy and occupational therapy interventions for people with benign joint hypermobility syndrome: a systematic review of clinical trials. <i>Disability and Rehabilitation</i> , 2014, 36, 797-803.	0.9	45
21	Perspectives of carers on medication management in dementia: lessons from collaboratively developing a research proposal. <i>BMC Research Notes</i> , 2014, 7, 463.	0.6	43
22	Facilitators and barriers to co-research by people with dementia and academic researchers: Findings from a qualitative study. <i>Health Expectations</i> , 2019, 22, 761-771.	1.1	43
23	Chronic fatigue syndrome/myalgic encephalomyelitis (CFS/ME) in adults: a qualitative study of perspectives from professional practice. <i>BMC Family Practice</i> , 2010, 11, 89.	2.9	41
24	What constitutes a high quality discharge summary? A comparison between the views of secondary and primary care doctors. <i>International Journal of Medical Education</i> , 2014, 5, 125-131.	0.6	41
25	The importance of detecting and managing comorbidities in people with dementia?. <i>Age and Ageing</i> , 2014, 43, 741-743.	0.7	41
26	Does telecare prolong community living in dementia? A study protocol for a pragmatic, randomised controlled trial. <i>Trials</i> , 2013, 14, 349.	0.7	38
27	The effectiveness and cost-effectiveness of assistive technology and telecare for independent living in dementia: a randomised controlled trial. <i>Age and Ageing</i> , 2021, 50, 882-890.	0.7	36
28	Developing patient education to enhance recovery after colorectal surgery through action research: a qualitative study. <i>BMJ Open</i> , 2017, 7, e013498.	0.8	34
29	The current and future roles of community pharmacists: Views and experiences of patients with type 2 diabetes. <i>Research in Social and Administrative Pharmacy</i> , 2013, 9, 777-789.	1.5	32
30	A synthesis of the evidence on peer research with potentially vulnerable adults: how this relates to dementia. <i>International Journal of Geriatric Psychiatry</i> , 2017, 32, 58-67.	1.3	32
31	Maintaining Social Connections in Dementia: A Qualitative Synthesis. <i>Qualitative Health Research</i> , 2020, 30, 23-42.	1.0	32
32	Community occupational therapy for people with dementia and family carers (COTiD-UK) versus treatment as usual (Valuing Active Life in Dementia [VALID] programme): study protocol for a randomised controlled trial. <i>Trials</i> , 2016, 17, 65.	0.7	31
33	How embedded is public involvement in mainstream health research in England a decade after policy implementation? A realist evaluation. <i>Journal of Health Services Research and Policy</i> , 2018, 23, 98-106.	0.8	30
34	Development pathways in learning to be a physiotherapist. <i>Physiotherapy Research International</i> , 2006, 11, 129-139.	0.7	29
35	Befriending carers of people with dementia: a cost utility analysis. <i>International Journal of Geriatric Psychiatry</i> , 2009, 24, 610-623.	1.3	29
36	Social support needs for equity in health and social care: a thematic analysis of experiences of people with chronic fatigue syndrome/myalgic encephalomyelitis. <i>International Journal for Equity in Health</i> , 2011, 10, 46.	1.5	29

#	ARTICLE	IF	CITATIONS
37	Implementing e-learning and e-tools for care home staff supporting residents with dementia and challenging behaviour: A process evaluation of the ResCare study using normalisation process theory. <i>Dementia</i> , 2020, 19, 1604-1620.	1.0	29
38	Challenge Demcare: management of challenging behaviour in dementia at home and in care homes – development, evaluation and implementation of an online individualised intervention for care homes; and a cohort study of specialist community mental health care for families. <i>Programme Grants for Applied Research</i> , 2017, 5, 1-290.	0.4	28
39	Embedding patient and public involvement: Managing tacit and explicit expectations. <i>Health Expectations</i> , 2019, 22, 1231-1239.	1.1	25
40	Are occupational therapists more effective than social workers when assessing frail older people? Results of CAMELOT, a randomised controlled trial. <i>Age and Ageing</i> , 2004, 34, 41-46.	0.7	24
41	Adherence to Home Physiotherapy Treatment in Children and Young People with Joint Hypermobility: A Qualitative Report of Family Perspectives on Acceptability and Efficacy. <i>Musculoskeletal Care</i> , 2014, 12, 56-61.	0.6	22
42	The experience of family carers attending a joint reminiscence group with people with dementia: A thematic analysis. <i>Dementia</i> , 2015, 14, 842-859.	1.0	22
43	A protocol for a systematic review of effective home support to people with dementia and their carers: components and impacts. <i>Journal of Advanced Nursing</i> , 2016, 72, 186-196.	1.5	22
44	A Disease Register for ME/CFS: Report of a Pilot Study. <i>BMC Research Notes</i> , 2011, 4, 139.	0.6	21
45	Medicines administration for residents with dysphagia in care homes: A small scale observational study to improve practice. <i>International Journal of Pharmaceutics</i> , 2016, 512, 416-421.	2.6	21
46	Rehabilitation as a Disability Equality Issue: A Conceptual Shift for Disability Studies?. <i>Social Inclusion</i> , 2018, 6, 61-72.	0.6	21
47	Occupational therapy compared with social work assessment for older people. An economic evaluation alongside the CAMELOT randomised controlled trial. <i>Age and Ageing</i> , 2004, 34, 47-52.	0.7	20
48	“In One Ear and Out the Other” It’s a Lot to Take in™: A Qualitative Study Exploring the Informational Needs of Patients with ANCA-Associated Vasculitis. <i>Musculoskeletal Care</i> , 2013, 11, 51-59.	0.6	20
49	The informational needs of patients with ANCA-associated vasculitis—development of an informational needs questionnaire. <i>Rheumatology</i> , 2014, 53, 1414-1421.	0.9	20
50	Exploring the need for a new UK occupational therapy intervention for people with dementia and family carers: Community Occupational Therapy in Dementia (COTiD). A focus group study. <i>Ageing and Mental Health</i> , 2016, 20, 762-769.	1.5	20
51	The impact of volunteering on the volunteer: findings from a peer support programme for family carers of people with dementia. <i>Health and Social Care in the Community</i> , 2017, 25, 548-558.	0.7	20
52	Older women's reduced contact with food in the Changes Around Food Experience (CAFE) study: choices, adaptations and dynamism. <i>Ageing and Society</i> , 2014, 34, 645-669.	1.2	19
53	Assessment of need and practice for assistive technology and telecare for people with dementia—The ATTILA (Assistive Technology and Telecare to maintain Independent Living At home for people with) Tj ETQq1 1 0.784314 rgBT /Overl 420-430.	1.8	19
54	Organisational aspects of elder mistreatment in long term care. <i>Quality in Ageing and Older Adults</i> , 2014, 15, 197-209.	0.4	18

#	ARTICLE	IF	CITATIONS
55	â€œWeâ€™re passengers sailing in the same ship, but we have our own berths to sleep inâ€™: Evaluating patient and public involvement within a regional research programme: An action research project informed by Normalisation Process Theory. PLoS ONE, 2019, 14, e0215953.	1.1	18
56	Placing assistive technology and telecare in everyday practices of people with dementia and their caregivers: findings from an embedded ethnography of a national dementia trial. BMC Geriatrics, 2021, 21, 121.	1.1	18
57	Assistive technology and telecare to maintain independent living at home for people with dementia: the ATTILA RCT. Health Technology Assessment, 2021, 25, 1-156.	1.3	18
58	Resisting medications: moral discourses and performances in illness narratives. Sociology of Health and Illness, 2013, 35, 449-464.	1.1	17
59	Cost-effectiveness analysis of an occupational therapy-led lifestyle approach and routine general practitionerâ€™s care for panic disorder. Social Psychiatry and Psychiatric Epidemiology, 2010, 45, 741-750.	1.6	16
60	Analyzing Interactional Contexts in a Data-Sharing Focus Group. Qualitative Health Research, 2010, 20, 582-594.	1.0	16
61	Negotiating and valuing spaces: The discourse of space and â€œhomeâ€™ in care homes. Health and Place, 2017, 43, 8-16.	1.5	16
62	Systematic review: Effective home support in dementia care, components and impacts â€œ Stage 2, effectiveness of home support interventions. Journal of Advanced Nursing, 2018, 74, 507-527.	1.5	16
63	Patient and Public Involvement in Health and Social Care Research. , 2020, , .		16
64	Community Occupational Therapy for people with dementia and family carers (COTiD-UK) versus treatment as usual (Valuing Active Life in Dementia [VALID]) study: A single-blind, randomised controlled trial. PLoS Medicine, 2021, 18, e1003433.	3.9	16
65	How organizational factors interact to influence the quality of care of older people in the care home sector. Journal of Health Services Research and Policy, 2013, 18, 14-22.	0.8	15
66	Use of an online survey to explore positive and negative outcomes of rehabilitation for people with CFS/ME. Disability and Rehabilitation, 2014, 36, 387-394.	0.9	15
67	Involving service users in the development of the <sc>S</sc>upport at <sc>H</sc>ome: <sc>I</sc>nterventions to <sc>E</sc>nhance <sc>L</sc>ife in <sc>D</sc>ementia <sc>C</sc>arer <sc>S</sc>upporter <sc>P</sc>rogramme for family carers of people with dementia. Health Expectations, 2015, 18, 95-110.	1.1	15
68	The impact of assistive technology on burden and psychological wellâ€™being in informal caregivers of people with dementia (ATTILA Study). Alzheimer's and Dementia: Translational Research and Clinical Interventions, 2020, 6, e12064.	1.8	15
69	Systematic review of techniques to monitor remission of acute Charcot neuroarthropathy in people with diabetes. Diabetes/Metabolism Research and Reviews, 2020, 36, e3328.	1.7	15
70	Systematic review investigating the reporting of comorbidities and medication in randomized controlled trials of people with dementia. Age and Ageing, 2014, 43, 868-872.	0.7	14
71	â€œEveryone needs to understand each otherâ€™s systemsâ€™: Stakeholder views on the acceptability and viability of a Pharmacist Independent Prescriber role in care homes for older people in the UK. Health and Social Care in the Community, 2020, 28, 1479-1487.	0.7	13
72	Social networks, befriending and support for family carers of people with dementia. Quality in Ageing and Older Adults, 2007, 8, 37-44.	0.4	12

#	ARTICLE	IF	CITATIONS
73	Volunteer experiences and perceptions of the informed consent process: Lessons from two HIV clinical trials in Uganda. <i>BMC Medical Ethics</i> , 2015, 16, 86.	1.0	12
74	PERFECTED enhanced recovery (PERFECT-ER) care versus standard acute care for patients admitted to acute settings with hip fracture identified as experiencing confusion: study protocol for a feasibility cluster randomized controlled trial. <i>Trials</i> , 2017, 18, 583.	0.7	11
75	Process evaluation for the Care Homes Independent Pharmacist Prescriber Study (CHIPPS). <i>BMC Health Services Research</i> , 2021, 21, 1041.	0.9	11
76	Feasibility of a randomized controlled trial of functional strength training for people between six months and five years after stroke: FeSTivaLS trial. <i>Trials</i> , 2014, 15, 322.	0.7	10
77	The arts in dementia care education: a developmental study. <i>Journal of Public Mental Health</i> , 2015, 14, 18-23.	0.8	10
78	Bedlam or bliss? Recognising the emotional self-experience of people with moderate to advanced dementia in residential and nursing care. <i>Quality in Ageing and Older Adults</i> , 2015, 16, 235-248.	0.4	10
79	Exploring informed consent in HIV clinical trials: A case study in Uganda. <i>Heliyon</i> , 2016, 2, e00196.	1.4	9
80	The agentic person: shifting the focus of care. <i>Ageing and Mental Health</i> , 2016, 20, 771-772.	1.5	9
81	Systematic Review Investigating Multi-disciplinary Team Approaches to Screening and Early Diagnosis of Dementia in Primary Care – What are the Positive and Negative Effects and Who Should Deliver It?. <i>Current Alzheimer Research</i> , 2017, 15, 5-17.	0.7	9
82	Applying a new concept of embedding qualitative research: an example from a quantitative study of carers of people in later stage dementia. <i>BMC Geriatrics</i> , 2019, 19, 227.	1.1	9
83	Relational experiences of people seeking help and assessment for subjective cognitive concern and memory loss. <i>Ageing and Mental Health</i> , 2020, 24, 1356-1364.	1.5	9
84	Understanding the dementia diagnosis gap in Norfolk and Suffolk: a survey of general practitioners. <i>Quality in Primary Care</i> , 2014, 22, 101-7.	0.8	9
85	On the character and production of “active participation”™ in neurorehabilitation: an Actor-Network perspective. <i>Sociology of Health and Illness</i> , 2017, 39, 1529-1541.	1.1	8
86	A quasi-experimental feasibility study to determine the effect of a systematic treatment programme on the scores of the Nottingham Adjustment Scale of individuals with visual field deficits following stroke. <i>Clinical Rehabilitation</i> , 2011, 25, 43-50.	1.0	7
87	Effectiveness of interventions to improve, maintain or facilitate oral food and/or drink intake in people with dementia: systematic review. <i>BMC Health Services Research</i> , 2014, 14, .	0.9	7
88	Challenging Social Cognition Models of Adherence. <i>Qualitative Health Research</i> , 2015, 25, 283-294.	1.0	6
89	Evaluating the effectiveness of different approaches to home support for people in later stage dementia: a protocol for an observational study. <i>International Psychogeriatrics</i> , 2017, 29, 1213-1221.	0.6	6
90	Components, impacts and costs of dementia home support: a research programme including the DESCANT RCT. <i>Programme Grants for Applied Research</i> , 2021, 9, 1-132.	0.4	6

#	ARTICLE	IF	CITATIONS
91	A qualitative study to understand people's experiences of living with Charcot neuroarthropathy. <i>Diabetic Medicine</i> , 2022, 39, e14784.	1.2	6
92	Multidimensional collaboration: reflections on action research in a clinical context. <i>Educational Action Research</i> , 2011, 19, 363-378.	0.8	5
93	The views of pharmacists who participated in a community pharmacy randomised controlled trial. <i>International Journal of Pharmacy Practice</i> , 2013, 21, 128-130.	0.3	5
94	Reflecting on the research encounter for people in the early stages of dementia: Lessons from an embedded qualitative study. <i>Dementia</i> , 2020, 19, 2732-2749.	1.0	5
95	Exploring disconnected discourses about Patient and Public Involvement and Volunteer Involvement in English health and social care. <i>Health Expectations</i> , 2021, 24, 8-18.	1.1	5
