#	ARTICLE	IF	CITATIONS
1	Perceived Workplace Hazards and Health Problems Among the Workers of Tannery Industries. Journal of Preventive and Social Medicine: JOPSOM: A Bi-annual Journal of the National Institute of Preventive and Social Medicine, 2021, 39, 31-42.	0.1	0
2	Socio-demographic factors on food insecurity among rural school going children in Bangladesh. Journal of Preventive and Social Medicine: JOPSOM: A Bi-annual Journal of the National Institute of Preventive and Social Medicine, 2021, 39, 67-72.	0.1	0
3	Chronic Obstructive Pulmonary Disease Among the Users of Improved Cooking Stove and Traditional Cooking Stove. Bangladesh Medical Research Council Bulletin, 2021, 46, 211-218.	0.2	0
4	Slips, Trips and Falls among the workers in a garment industry in Dhaka, Bangladesh. International Journal of Occupational Safety and Health, 2021, 11, 40-47.	0.5	0
5	Community Clinic in Bangladesh: Empowering women through utilization and participation. Asia Pacific Journal of Health Management, 2021, 16, 54-64.	0.3	1
6	Associations between urinary heavy metal concentrations and blood pressure in residents of Asian countries. Environmental Health and Preventive Medicine, 2021, 26, 101.	3.4	13
7	<i>In-utero</i> arsenic exposure and growth of infants from birth to 6 months of age: a prospective cohort study in rural Bangladesh. International Journal of Environmental Health Research, 2020, 30, 421-434.	2.7	7
8	Community clinics in Bangladesh: A unique example of public-private partnership. Heliyon, 2020, 6, e03950.	3.2	26
9	Willingness to Pay for Health Insurance among Urban Poor: An Evidence from Urban Primary Health Care Project in Bangladesh. Bangladesh Journal of Medical Science, 2020, 19, 433-443.	0.2	3
10	Does Entitlement Card ensure Utilization of Urban Primary Healthcare Clinic in Bangladesh?. Maternal and Child Health Journal, 2020, 5, 213-225.	0.1	1
11	Parenting Stress of Mothers Having Children with Thalassemia. Journal of Preventive and Social Medicine: JOPSOM: A Bi-annual Journal of the National Institute of Preventive and Social Medicine, 2020, 38, 22-29.	0.1	1
12	Socioeconomic characteristics of autistic children: a comparative study. International Journal of Community Medicine and Public Health, 2020, 7, 2914.	0.1	2
13	Twenty Years of Arsenic Contamination and Arsenicosis Patients in a Village of Bangladesh. American Journal of Public Health Research, 2020, 8, 190-196.	0.3	4
14	Dietary patterns and serum of DDT concentrations among reproductive-aged group of women in Bangladesh. Environmental Science and Pollution Research, 2018, 25, 17665-17673.	5.3	5
15	Arsenic contamination in groundwater in Bangladesh: implications and challenges for healthcare policy. Risk Management and Healthcare Policy, 2018, Volume 11, 251-261.	2.5	136
16	A Pilot School Meal Program Using Local Foods with Soybean in Rural Bangladesh: Effects on the Nutritional Status of Children. Food and Nutrition Sciences (Print), 2018, 09, 290-313.	0.4	1
17	Intake of DDT and its metabolites through food items among reproductive age women in Bangladesh. Chemosphere, 2017, 189, 744-751.	8.2	21
18	Dietary pattern of rachitic children at selected geographical area. Bangladesh Medical Journal, 2016, 43, 151-156.	0.0	0

#	ARTICLE	IF	CITATIONS
19	Nutritional Status and Associated Factors among 24 to 59 Months old Urban Slum Children of Dhaka City. <i>Journal of Armed Forces Medical College Bangladesh</i> , 2016, 11, 14-18.	0.0	1
20	Ground Water Arsenic Contamination and Its Health Effects in Bangladesh. , 2015, , 51-72.		8
21	Non-monotonic relationships between arsenic and selenium excretion and its implication on arsenic methylation pattern in a Bangladeshi population. <i>Environmental Research</i> , 2015, 140, 300-307.	7.5	6
22	Arsenic exposure increases maternal but not cord serum IgG in Bangladesh. <i>Pediatrics International</i> , 2015, 57, 119-125.	0.5	13
23	Delta-aminolevulinic acid dehydratase (ALAD) polymorphism in lead exposed Bangladeshi children and its effect on urinary aminolevulinic acid (ALA). <i>Environmental Research</i> , 2015, 136, 318-323.	7.5	15
24	Blood Lead Levels and Health Problems of Lead Acid Battery Workers in Bangladesh. <i>Scientific World Journal</i> , The, 2014, 2014, 1-7.	2.1	44
25	Altered Pulmonary Function among the Transport Workers in Dhaka City. <i>Health</i> , 2014, 06, 2144-2153.	0.3	3
26	Nutritional Status among the Children of Age Group 5-14 Years in Selected Arsenic Exposed and Non-Exposed Areas of Bangladesh. <i>Journal of Family & Reproductive Health</i> , 2014, 8, 161-8.	0.4	3
27	Eye problems among the workers in re-rolling mill exposed to high temperature. <i>Work</i> , 2013, 46, 93-97.	1.1	2
28	Knowledge about inhaler use among the chronic asthma patients in selected hospitals. <i>Bangladesh Medical Research Council Bulletin</i> , 2011, 37, 47-50.	0.2	2
29	Determinants of Smoking Behaviour Among Secondary School Students in Bangladesh. <i>Journal of Community Health</i> , 2011, 36, 831-838.	3.8	12
30	Swelling of vallate papillae of the tongue following arsenic exposure. <i>Bangladesh Medical Research Council Bulletin</i> , 2010, 36, 1-3.	0.2	3
31	Assessment of low ABSPI among arsenic exposed and non-exposed populations: A pilot study. <i>Bangladesh Medical Research Council Bulletin</i> , 2010, 36, 23-26.	0.2	4
32	Quality of Life of Arsenicosis Patients in an Arsenic-Affected Rural Area in Bangladesh. <i>Archives of Environmental and Occupational Health</i> , 2010, 65, 70-76.	1.4	12
33	Mutual interaction between nutritional status and chronic arsenic toxicity due to groundwater contamination in an area of Terai, lowland Nepal. <i>Journal of Epidemiology and Community Health</i> , 2007, 61, 389-394.	3.7	37
34	Detecting arsenic-related skin lesions: Experiences from a large community-based survey in Bangladesh. <i>International Journal of Environmental Health Research</i> , 2007, 17, 141-149.	2.7	6
35	Arsenicosis in two villages in Terai, lowland Nepal. <i>Environmental Sciences: an International Journal of Environmental Physiology and Toxicology</i> , 2004, 11, 179-88.	0.1	3
36	Arsenic in drinking water and pregnancy outcomes.. <i>Environmental Health Perspectives</i> , 2001, 109, 629-631.	6.0	321

#	ARTICLE	IF	CITATIONS
37	Arsenic contamination of ground and pond water and water purification system using pond water in Bangladesh. <i>Engineering Geology</i> , 2001, 60, 323-331.	6.3	44
38	Occupational Exposure and Respiratory Illness Symptoms Among Textile Industry Workers in a Developing Country. <i>Journal of Occupational and Environmental Hygiene</i> , 2000, 15, 313-320.	0.4	23
39	The relationship of arsenic levels in drinking water and the prevalence rate of skin lesions in Bangladesh.. <i>Environmental Health Perspectives</i> , 1999, 107, 727-729.	6.0	280
40	Arsenicosis in a village in Bangladesh. <i>International Journal of Environmental Health Research</i> , 1999, 9, 187-195.	2.7	43
41	Hypertension and Arsenic Exposure in Bangladesh. <i>Hypertension</i> , 1999, 33, 74-78.	2.7	257
42	Diabetes Mellitus Associated with Arsenic Exposure in Bangladesh. <i>American Journal of Epidemiology</i> , 1998, 148, 198-203.	3.4	298
43	Arsenic contamination in ground water and arsenicosis in Bangladesh. <i>International Journal of Environmental Health Research</i> , 1997, 7, 271-276.	2.7	51
44	Women, Health and Development in Bangladesh. <i>Asia-Pacific Journal of Public Health</i> , 1991, 5, 359-363.	1.0	0
