#	ARTICLE	IF	CITATIONS
1	Implementation of eHealth to Support Assessment and Decision-making for Residents With Dementia in Long-term Care: Systematic Review. <i>Journal of Medical Internet Research</i> , 2022, 24, e29837.	4.3	10
2	54â€...Patient and public involvement in a delphi study to determine the most important components of community palliative care outside normal working hours (â€out-of-hoursâ€™™). , 2022, , .		0
3	Building a community nursing research community of practice. <i>British Journal of Community Nursing</i> , 2022, 27, 57-58.	0.4	1
4	Palliative and end-of-life care in primary care during the COVID-19 pandemic and beyond. <i>British Journal of General Practice</i> , 2022, 72, 6-7.	1.4	4
5	â€œI wanna live and not think about the futureâ€what place for advance care planning for people living with severe multiple sclerosis and their families? A qualitative study. <i>PLoS ONE</i> , 2022, 17, e0265861.	2.5	9
6	How do personâ€centered outcome measures enable shared decisionâ€making for people with dementia and family carers?â€™A systematic review. <i>Alzheimer's and Dementia: Translational Research and Clinical Interventions</i> , 2022, 8, .	3.7	7
7	The most important components of out-of-hours community care for patients at the end of life: A Delphi study of healthcare professionalsâ€™™ and patient and family carersâ€™™ perspectives. <i>Palliative Medicine</i> , 2022, 36, 1296-1304.	3.1	5
8	Formal and Informal Costs of Care for People With Dementia Who Experience a Transition to Hospital at the End of Life: A Secondary Data Analysis. <i>Journal of the American Medical Directors Association</i> , 2022, , .	2.5	2
9	Patient and public involvement in palliative care research: What works, and why? A qualitative evaluation. <i>Palliative Medicine</i> , 2021, 35, 151-160.	3.1	24
10	Integrating Comprehensive Geriatric Assessment for people with COPD and frailty starting pulmonary rehabilitation: the Breathe Plus feasibility trial protocol. <i>ERJ Open Research</i> , 2021, 7, 00717-2020.	2.6	6
11	Characteristics and mortality rates among patients requiring intermediate care: a national cohort study using linked databases. <i>BMC Medicine</i> , 2021, 19, 48.	5.5	4
12	How many people will need palliative care in Scotland by 2040? A mixed-method study of projected palliative care need and recommendations for service delivery. <i>BMJ Open</i> , 2021, 11, e041317.	1.9	21
13	Culture in the spotlightâ€cultural adaptation and content validity of the integrated palliative care outcome scale for dementia: A cognitive interview study. <i>Palliative Medicine</i> , 2021, 35, 962-971.	3.1	10
14	Hospital-based specialist palliative care compared with usual care for adults with advanced illness and their caregivers: a systematic review. <i>Health Services and Delivery Research</i> , 2021, 9, 1-218.	1.4	2
15	Priorities and opportunities for palliative and end of life care in United Kingdom health policies: a national documentary analysis. <i>BMC Palliative Care</i> , 2021, 20, 108.	1.8	18
16	Palliative Long-Term Abdominal Drains Versus Large Volume Paracentesis in Refractory Ascites Due to Cirrhosis (REDUCe Study): Qualitative Outcomes. <i>Journal of Pain and Symptom Management</i> , 2021, 62, 312-325.e2.	1.2	13
17	Timely short-term specialized palliative care service intervention for older people with frailty and their family carers in primary care: Development and modelling of the frailty+ intervention using theory of change. <i>Palliative Medicine</i> , 2021, 35, 026921632110401.	3.1	2
18	Community-based short-term integrated palliative and supportive care reduces symptom distress for older people with chronic noncancer conditions compared with usual care: A randomised controlled single-blind mixed method trial. <i>International Journal of Nursing Studies</i> , 2021, 120, 103978.	5.6	18

#	ARTICLE	IF	CITATIONS
19	Factors Associated With Emergency Department Visits by People With Dementia Near the End of Life: A Systematic Review. <i>Journal of the American Medical Directors Association</i> , 2021, 22, 2046-2055.e35.	2.5	13
20	Managing clinical uncertainty in older people towards the end of life: a systematic review of person-centred tools. <i>BMC Palliative Care</i> , 2021, 20, 168.	1.8	7
21	Preferences and priorities to manage clinical uncertainty for older people with frailty and multimorbidity: a discrete choice experiment and stakeholder consultations. <i>BMC Geriatrics</i> , 2021, 21, 553.	2.7	4
22	Response to Zhou (2021) "Comment on Evans et al (2021) "Community-based short-term integrated palliative and supportive care reduces symptom distress for older people with chronic noncancer conditions compared with usual care" International Journal of Nursing Studies, 2021, 125, 104119.	5.6	0
23	Common elements of service delivery models that optimise quality of life and health service use among older people with advanced progressive conditions: a tertiary systematic review. <i>BMJ Open</i> , 2021, 11, e048417.	1.9	5
24	Empowering Better End-of-Life Dementia Care (EMBEDCare): A mixed methods protocol to achieve integrated person-centred care across settings. <i>International Journal of Geriatric Psychiatry</i> , 2020, 35, 820-832.	2.7	13
25	COVID-19 and "conversations not had" with people with frailty in acute settings. <i>Journal of Health Services Research and Policy</i> , 2020, 25, 211-212.	1.7	2
26	The effectiveness and cost-effectiveness of hospital-based specialist palliative care for adults with advanced illness and their caregivers. <i>The Cochrane Library</i> , 2020, 2020, CD012780.	2.8	61
27	Processes of consent in research for adults with impaired mental capacity nearing the end of life: systematic review and transparent expert consultation (MORECare_Capacity statement). <i>BMC Medicine</i> , 2020, 18, 221.	5.5	24
28	Effect of Short-term Integrated Palliative Care on Patient-Reported Outcomes Among Patients Severely Affected With Long-term Neurological Conditions. <i>JAMA Network Open</i> , 2020, 3, e2015061.	5.9	26
29	Implementation of a complex intervention to improve care for patients whose situations are clinically uncertain in hospital settings: A multi-method study using normalisation process theory. <i>PLoS ONE</i> , 2020, 15, e0239181.	2.5	2
30	Improving Exercise-Based Interventions for People Living with Both COPD and Frailty: A Realist Review. <i>International Journal of COPD</i> , 2020, Volume 15, 841-855.	2.3	25
31	Randomised clinical trial: palliative long-term abdominal drains vs large-volume paracentesis in refractory ascites due to cirrhosis. <i>Alimentary Pharmacology and Therapeutics</i> , 2020, 52, 107-122.	3.7	37
32	Experiences of Pulmonary Rehabilitation in People Living with Chronic Obstructive Pulmonary Disease and Frailty. A Qualitative Interview Study. <i>Annals of the American Thoracic Society</i> , 2020, 17, 1213-1221.	3.2	19
33	Palliative Care and the Management of Common Distressing Symptoms in Advanced Cancer: Pain, Breathlessness, Nausea and Vomiting, and Fatigue. <i>Journal of Clinical Oncology</i> , 2020, 38, 905-914.	1.6	154
34	Feasibility and acceptability of a culturally adapted advance care planning intervention for people living with advanced cancer and their families: A mixed methods study. <i>Palliative Medicine</i> , 2020, 34, 651-666.	3.1	18
35	Understanding usual care in randomised controlled trials of complex interventions: A multi-method approach. <i>Palliative Medicine</i> , 2020, 34, 667-679.	3.1	19
36	A realist review of advance care planning for people with multiple sclerosis and their families. <i>PLoS ONE</i> , 2020, 15, e0240815.	2.5	22

#	ARTICLE	IF	CITATIONS
37	Immediate versus delayed short-term integrated palliative care for advanced long-term neurological conditions: the OPTCARE Neuro RCT. Health Services and Delivery Research, 2020, 8, 1-80.	1.4	4
38	A realist review of advance care planning for people with multiple sclerosis and their families. , 2020, 15, e0240815.		0
39	A realist review of advance care planning for people with multiple sclerosis and their families. , 2020, 15, e0240815.		0
40	A realist review of advance care planning for people with multiple sclerosis and their families. , 2020, 15, e0240815.		0
41	A realist review of advance care planning for people with multiple sclerosis and their families. , 2020, 15, e0240815.		0
42	A realist review of advance care planning for people with multiple sclerosis and their families. , 2020, 15, e0240815.		0
43	A realist review of advance care planning for people with multiple sclerosis and their families. , 2020, 15, e0240815.		0
44	Title is missing!. , 2020, 15, e0239181.		0
45	Title is missing!. , 2020, 15, e0239181.		0
46	Title is missing!. , 2020, 15, e0239181.		0
47	Title is missing!. , 2020, 15, e0239181.		0
48	What influences patientsâ€™ decisions regarding palliative care in advance care planning discussions? Perspectives from a qualitative study conducted with advanced cancer patients, families and healthcare professionals. Palliative Medicine, 2019, 33, 1299-1309.	3.1	37
49	Patterns of emergency department attendance among older people in the last three months of life and factors associated with frequent attendance: a mortality follow-back survey. Age and Ageing, 2019, 48, 680-687.	1.6	10
50	Effects of an advance care planning educational programme intervention on the end-of-life care attitudes of multidisciplinary practitioners at an acute hospital: A pre- and post-study. Palliative Medicine, 2019, 33, 1158-1165.	3.1	13
51	Task-shifting must recognise the professional role of nurses. The Lancet Global Health, 2019, 7, e1328-e1329.	6.3	6
52	Which outcome domains are important in palliative care and when? An international expert consensus workshop, using the nominal group technique. Palliative Medicine, 2019, 33, 1058-1068.	3.1	27
53	Palliative Care, Frailty, and Older People. , 2019, , 1191-1207.		1
54	Service Delivery Models to Maximize Quality of Life for Older People at the End of Life: A Rapid Review. Milbank Quarterly, 2019, 97, 113-175.	4.4	55

#	ARTICLE	IF	CITATIONS
55	A collaborative approach in dementia care to improve clinical effectiveness and priorities for research through audit. <i>International Journal of Palliative Nursing</i> , 2019, 25, 588-595.	0.5	1
56	The impact of population ageing on end-of-life care in Scotland: projections of place of death and recommendations for future service provision. <i>BMC Palliative Care</i> , 2019, 18, 112.	1.8	35
57	Emotional labour in palliative and end-of-life care communication: A qualitative study with generalist palliative care providers. <i>Patient Education and Counseling</i> , 2019, 102, 494-502.	2.2	38
58	The conceptual models and mechanisms of action that underpin advance care planning for cancer patients: A systematic review of randomised controlled trials. <i>Palliative Medicine</i> , 2019, 33, 5-23.	3.1	51
59	Factors associated with older people's emergency department attendance towards the end of life: a systematic review. <i>European Journal of Public Health</i> , 2019, 29, 67-74.	0.3	35
60	The AMBER care bundle for hospital inpatients with uncertain recovery nearing the end of life: the ImproveCare feasibility cluster RCT. <i>Health Technology Assessment</i> , 2019, 23, 1-150.	2.8	11
61	A framework for complexity in palliative care: A qualitative study with patients, family carers and professionals. <i>Palliative Medicine</i> , 2018, 32, 1078-1090.	3.1	85
62	Integrating palliative care into neurology services: what do the professionals say?. <i>BMJ Supportive and Palliative Care</i> , 2018, 8, 41-44.	1.6	24
63	Taking patient and public involvement online: qualitative evaluation of an online forum for palliative care and rehabilitation research. <i>Research Involvement and Engagement</i> , 2018, 4, 14.	2.9	29
64	What is the impact of population ageing on the future provision of end-of-life care? Population-based projections of place of death. <i>Palliative Medicine</i> , 2018, 32, 329-336.	3.1	218
65	Palliative Care, Frailty, and Older People. , 2018, , 1-17.		1
66	The future of end-of-life care. <i>Lancet, The</i> , 2018, 392, 915-916.	13.7	10
67	Palliative long-term abdominal drains versus repeated drainage in individuals with untreatable ascites due to advanced cirrhosis: study protocol for a feasibility randomised controlled trial. <i>Trials</i> , 2018, 19, 401.	1.6	10
68	How can a measure improve assessment and management of symptoms and concerns for people with dementia in care homes? A mixed-methods feasibility and process evaluation of IPOS-Dem. <i>PLoS ONE</i> , 2018, 13, e0200240.	2.5	59
69	Development of a caregiver-reported measure to support systematic assessment of people with dementia in long-term care: The Integrated Palliative care Outcome Scale for Dementia. <i>Palliative Medicine</i> , 2017, 31, 651-660.	3.1	57
70	The effectiveness and cost-effectiveness of inpatient specialist palliative care in acute hospitals for adults with advanced illness and their caregivers. <i>The Cochrane Library</i> , 2017, , .	2.8	4
71	How integrated are neurology and palliative care services? Results of a multicentre mapping exercise. <i>BMC Neurology</i> , 2016, 16, 63.	1.8	41
72	Factors Associated with Transition from Community Settings to Hospital as Place of Death for Adults Aged 75 and Older: A Population-Based Mortality Follow-Back Survey. <i>Journal of the American Geriatrics Society</i> , 2016, 64, 2210-2217.	2.6	34

#	ARTICLE	IF	CITATIONS
73	Developing a model of short-term integrated palliative and supportive care for frail older people in community settings: perspectives of older people, carers and other key stakeholders. Age and Ageing, 2016, 45, 863-873.	1.6	70
74	Of apples and oranges: Lessons learned from the preparation of research protocols for systematic reviews exploring the effectiveness of Specialist Palliative Care. BMC Palliative Care, 2016, 15, 43.	1.8	11
75	Measures to assess commonly experienced symptoms for people with dementia in long-term care settings: a systematic review. BMC Medicine, 2016, 14, 38.	5.5	32
76	Results of a transparent expert consultation on patient and public involvement in palliative care research. Palliative Medicine, 2015, 29, 939-949.	3.1	35
77	Place and Cause of Death in Centenarians: A Population-Based Observational Study in England, 2001 to 2010. PLoS Medicine, 2014, 11, e1001653.	8.4	96
78	Evaluating complex interventions in End of Life Care: the MORECare Statement on good practice generated by a synthesis of transparent expert consultations and systematic reviews. BMC Medicine, 2013, 11, 111.	5.5	256
79	Mixed Methods Research in the Development and Evaluation of Complex Interventions in Palliative and End-of-Life Care: Report on the MORECare Consensus Exercise. Journal of Palliative Medicine, 2013, 16, 1550-1560.	1.1	34
80	The Selection and Use of Outcome Measures in Palliative and End-of-Life Care Research: The MORECare International Consensus Workshop. Journal of Pain and Symptom Management, 2013, 46, 925-937.	1.2	61
81	“Best practice”™ in developing and evaluating palliative and end-of-life care services: A meta-synthesis of research methods for the MORECare project. Palliative Medicine, 2013, 27, 885-898.	3.1	73
82	MORECare research methods guidance development: Recommendations for ethical issues in palliative and end-of-life care research. Palliative Medicine, 2013, 27, 908-917.	3.1	68
83	Recommendations for managing missing data, attrition and response shift in palliative and end-of-life care research: Part of the MORECare research method guidance on statistical issues. Palliative Medicine, 2013, 27, 899-907.	3.1	80
84	Patient, caregiver, health professional and researcher views and experiences of participating in research at the end of life: a critical interpretive synthesis of the literature. BMC Medical Research Methodology, 2012, 12, 123.	3.1	75
85	Culture, consent, costs and care homes: Enabling older people with dementia to participate in research. Aging and Mental Health, 2011, 15, 475-481.	2.8	64
86	What Is the Evidence That Palliative Care Teams Improve Outcomes for Cancer Patients and Their Families?. Cancer Journal (Sudbury, Mass), 2010, 16, 423-435.	2.0	313
87	End of life care for community dwelling older people with dementia: an integrated review. International Journal of Geriatric Psychiatry, 2010, 25, 329-337.	2.7	107
88	V.A. Crooks and G.J.A. Andrews (eds) 2009: Geographies of health. Primary health care: people, practice, place. Surrey: Ashgate Publishing. 280 pp, £60 hardback. ISBN: 978-0-7546-7247-0. Primary Health Care Research and Development, 2010, 11, 410-412.	1.2	0
89	Practice nurses and older people: a case management approach to care. Journal of Advanced Nursing, 2005, 51, 343-352.	3.3	27
90	The workforce in health and social care services to older people: developing an education and training strategy. Nurse Education Today, 2004, 24, 402-408.	3.3	13

#	ARTICLE	IF	CITATIONS
91	Maintaining independence in the cognitively intact elderly care home population: a systematic review of intervention trials. Reviews in Clinical Gerontology, 2003, 13, 163-174.	0.5	3
