#	Article	IF	Citations
1	Modifiers of the effect of maternal multiple micronutrient supplementation on stillbirth, birth outcomes, and infant mortality: a meta-analysis of individual patient data from 17 randomised trials in low-income and middle-income countries. The Lancet Global Health, 2017, 5, e1090-e1100.	2.9	162
2	Effects of Vitamin A or Beta Carotene Supplementation on Pregnancy-Related Mortality and Infant Mortality in Rural Bangladesh. JAMA - Journal of the American Medical Association, 2011, 305, 1986-95.	3.8	122
3	Effect of Maternal Multiple Micronutrient vs Ironâ€“Folic Acid Supplementation on Infant Mortality and Adverse Birth Outcomes in Rural Bangladesh. JAMA - Journal of the American Medical Association, 2014, 312, 2649.	3.8	115
4	Effect of fortified complementary food supplementation on child growth in rural Bangladesh: a cluster-randomized trial. International Journal of Epidemiology, 2015, 44, 1862-1876.	0.9	112
5	Aflatoxin exposure during the first 1000 days of life in rural South Asia assessed by aflatoxin B1-lysine albumin biomarkers. Food and Chemical Toxicology, 2014, 74, 184-189.	1.8	97
6	Iron Status of Women Is Associated with the Iron Concentration of Potable Groundwater in Rural Bangladesh1â€“3. Journal of Nutrition, 2011, 141, 944-949.	1.3	72
7	Maternal Dietary Diversity Decreases with Household Food Insecurity in Rural Bangladesh: A Longitudinal Analysis. Journal of Nutrition, 2016, 146, 2109-2116.	1.3	63
8	Biomarkers of Environmental Enteric Dysfunction Among Children in Rural Bangladesh. Journal of Pediatric Gastroenterology and Nutrition, 2017, 65, 40-46.	0.9	50
9	Analyzing the Mobile â€œDigital Divideâ€• Changing Determinants of Household Phone Ownership Over Time in Rural Bangladesh. JMIR MHealth and UHealth, 2015, 3, e24.	1.8	50
10	High prevalence of anemia with lack of iron deficiency among women in rural Bangladesh: a role for thalassemia and iron in groundwater. Asia Pacific Journal of Clinical Nutrition, 2012, 21, 416-24.	0.3	44
11	First-trimester plasma tocopherols are associated with risk of miscarriage in rural Bangladesh. American Journal of Clinical Nutrition, 2015, 101, 294-301.	2.2	43
12	Characteristics that modify the effect of small-quantity lipid-based nutrient supplementation on child growth: an individual participant data meta-analysis of randomized controlled trials. American Journal of Clinical Nutrition, 2021, 114, 15S-42S.	2.2	41
13	Lessons learned while developing, adapting and implementing a pilot parent-mediated behavioural intervention for children with autism spectrum disorder in rural Bangladesh. Autism, 2017, 21, 611-621.	2.4	40
14	Risk factors for reported obstetric complications and near misses in rural northwest Bangladesh: analysis from a prospective cohort study. BMC Pregnancy and Childbirth, 2014, 14, 347.	0.9	39
15	Plasma zinc, vitamin B₁₂ and Î±-tocopherol are positively and plasma Î³-tocopherol is negatively associated with Hb concentration in early pregnancy in north-west Bangladesh. Public Health Nutrition, 2013, 16, 1354-1361.	1.1	36
16	Effects of vitamin A and Î²-carotene supplementation on birth size and length of gestation in rural Bangladesh: a cluster-randomized trial. American Journal of Clinical Nutrition, 2013, 97, 188-194.	2.2	34
17	Patterns and determinants of care seeking for obstetric complications in rural northwest Bangladesh: analysis from a prospective cohort study. BMC Health Services Research, 2015, 15, 166.	0.9	34
18	Arsenic exposure and hepatitis E virus infection during pregnancy. Environmental Research, 2015, 142, 273-280.	3.7	33

#	Article	IF	Citations
19	Antenatal Multiple Micronutrient Supplementation Compared to Ironâ€“Folic Acid Affects Micronutrient Status but Does Not Eliminate Deficiencies in a Randomized Controlled Trial Among Pregnant Women of Rural Bangladesh. Journal of Nutrition, 2019, 149, 1260-1270.	1.3	33
20	Maternal vitamin A and Î²-carotene supplementation and risk of bacterial vaginosis: a randomized controlled trial in rural Bangladesh. American Journal of Clinical Nutrition, 2011, 94, 1643-1649.	2.2	30
21	Effects of prenatal multiple micronutrient supplementation on growth and cognition through 2 y of age in rural Bangladesh: the JiVitA-3 Trial. American Journal of Clinical Nutrition, 2016, 104, 1175-1182.	2.2	30
22	Early Neonatal Feeding Is Common and Associated with Subsequent Breastfeeding Behavior in Rural Bangladesh1â€“3. Journal of Nutrition, 2013, 143, 1161-1167.	1.3	29
23	Accounts of severe acute obstetric complications in Rural Bangladesh. BMC Pregnancy and Childbirth, 2011, 11, 76.	0.9	24
24	Availability of emergency obstetric care (EmOC) among public and private health facilities in rural northwest Bangladesh. BMC Public Health, 2015, 15, 36.	1.2	24
25	Effect of maternal antenatal and newborn supplementation with vitamin A on cognitive development of school-aged children in rural Bangladesh: a follow-up of a placebo-controlled, randomized trial. American Journal of Clinical Nutrition, 2017, 106, 77-87.	2.2	24
26	Lowâ€birthweight rates higher among <scp>B</scp>angladeshi neonates measured during active birth surveillance compared to national survey data. Maternal and Child Nutrition, 2015, 11, 583-594.	1.4	21
27	The Association of Cytokines and Micronutrients with Hepatitis E Virus Infection During Pregnancy and the Postpartum Period in Rural Bangladesh. American Journal of Tropical Medicine and Hygiene, 2016, 94, 203-211.	0.6	20
28	Bioelectrical Impedance among Rural Bangladeshi Women during Pregnancy and in the Postpartum Period. Journal of Health, Population and Nutrition, 2011, 29, 236-44.	0.7	18
29	Iodine status in pregnancy and household salt iodine content in rural Bangladesh. Maternal and Child Nutrition, 2012, 8, 162-173.	1.4	18
30	Dietary patterns of >30,000 adolescents 9â€“15 years of age in rural Bangladesh. Annals of the New York Academy of Sciences, 2020, 1468, 3-15.	1.8	18
31	Groundwater Iron Assessment and Consumption by Women in Rural Northwestern Bangladesh. International Journal for Vitamin and Nutrition Research, 2012, 82, 5-14.	0.6	16
32	Environmental enteric dysfunction and systemic inflammation predict reduced weight but not length gain in rural Bangladeshi children. British Journal of Nutrition, 2018, 119, 407-414.	1.2	15
33	Care-seeking patterns for fatal non-communicable diseases among women of reproductive age in rural northwest Bangladesh. BMC Women's Health, 2012, 12, 23.	0.8	14
34	Newborn Vitamin A Supplementation Does Not Affect Nasopharyngeal Carriage of Streptococcus pneumoniae in Bangladeshi Infants at Age 3 Months. Journal of Nutrition, 2011, 141, 1907-1911.	1.3	13
35	Maternal morbidity in early pregnancy in rural northern Bangladesh. International Journal of Gynecology and Obstetrics, 2012, 119, 227-233.	1.0	13
36	Excessive adiposity at low BMI levels among women in rural Bangladesh. Journal of Nutritional Science, 2016, 5, e11.	0.7	12

#	Article	IF	Citations
37	Risk of Depressive Symptoms Associated with Morbidity in Postpartum Women in Rural Bangladesh. Maternal and Child Health Journal, 2017, 21, 1890-1900.	0.7	12
38	Unintended pregnancy is a risk factor for depressive symptoms among socio-economically disadvantaged women in rural Bangladesh. BMC Pregnancy and Childbirth, 2018, 18, 490.	0.9	12
39	Costs and cost-effectiveness analyses of mCARE strategies for promoting care seeking of maternal and newborn health services in rural Bangladesh. PLoS ONE, 2019, 14, e0223004.	1.1	11
40	Newborn micronutrient status biomarkers in a cluster-randomized trial of antenatal multiple micronutrient compared with iron folic acid supplementation in rural Bangladesh. American Journal of Clinical Nutrition, 2020, 112, 1328-1337.	2.2	11
41	Effects of Prenatal Multiple Micronutrient Supplementation on Fetal Growth Factors: A Cluster-Randomized, Controlled Trial in Rural Bangladesh. PLoS ONE, 2015, 10, e0137269.	1.1	11
42	Validation of Two Portable Instruments to Measure Iron Concentration in Groundwater in Rural Bangladesh. Journal of Health, Population and Nutrition, 2009, 27, 414-8.	0.7	10
43	Depressive symptoms in mothers after perinatal and early infant loss in rural Bangladesh: a population-based study. Annals of Epidemiology, 2016, 26, 467-473.	0.9	10
44	Efficacy of Antenatal Multiple Micronutrient (MM) vs Ironâ€Folic Acid (IFA) Supplementation in Improving Gestational and Postnatal Viability in Rural Bangladesh: The JiVitAâ€3 Trial. FASEB Journal, 2013, 27, 358.6.	0.2	8
45	Early newborn ritual foods correlate with delayed breastfeeding initiation in rural Bangladesh. International Breastfeeding Journal, 2016, 11, 31.	0.9	6
46	Predictors of neonatal mortality: development and validation of prognostic models using prospective data from rural Bangladesh. BMJ Global Health, 2020, 5, e001983.	2.0	6
47	Maternal nutritional status mediates the linkage between household food insecurity and mid-infancy size in rural Bangladesh. British Journal of Nutrition, 2020, 123, 1415-1425.	1.2	6
48	Thinness and fecundability: Time to pregnancy after adolescent marriage in rural Bangladesh. Maternal and Child Nutrition, 2020, 16, e12985.	1.4	6
49	Micronutrient and Inflammation Status Following One Year of Complementary Food Supplementation in 18-Month-Old Rural Bangladeshi Children: A Randomized Controlled Trial. Nutrients, 2020, 12, 1452.	1.7	6
50	Development of bioelectrical impedance analysis-based equations for estimation of body composition in postpartum rural Bangladeshi women. British Journal of Nutrition, 2013, 109, 639-647.	1.2	5
51	Supplementation with Fortified Lipid-Based and Blended Complementary Foods has Variable Impact on Body Composition Among Rural Bangladeshi Children: A Cluster-Randomized Controlled Trial. Journal of Nutrition, 2020, 150, 1924-1932.	1.3	5
52	OUP accepted manuscript. American Journal of Clinical Nutrition, 2022, , .	2.2	5
53	Longitudinal Assessment of Prenatal, Perinatal, and Early-Life Aflatoxin B1 Exposure in 828 Motherâ€“Child Dyads from Bangladesh and Malawi. Current Developments in Nutrition, 2022, 6, nzab153.	0.1	5
54	Autism spectrum disorder in a rural community in Bangladesh: A midâ€childhood assessment. Autism Research, 2022, 15, 328-339.	2.1	4

#	Article	IF	Citations
55	mCARE, a digital health intervention package on pregnancy surveillance and care-seeking reminders from 2018 to 2027 in Bangladesh: a model-based cost-effectiveness analysis. BMJ Open, 2021, 11, e042553.	0.8	3
56	Characterization of pubertal development of girls in rural Bangladesh. PLoS ONE, 2021, 16, e0247762.	1.1	1
57	Determinants of Plasma Ferritin at 3 Months of Age Among Rural Bangladeshi Infants From the JiVitA-3 Trial. Current Developments in Nutrition, 2021, 5, 835.	0.1	0
58	An enteropathy score predicts subsequent length better than lactulose mannitol (L:M) ratio alone in children enrolled in a communityâ€based randomized trial of complementary food supplements in rural Bangladesh. FASEB Journal, 2016, 30, 432.4.	0.2	0
59	Nonâ€Responsive Feeding Behaviors are Negatively Associated with Growth and Dietary Diversity at 24 months in Rural Bangladesh. FASEB Journal, 2016, 30, 432.8.	0.2	0
