

Robyn Tamblyn

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/7245277/robyn-tamblyn-publications-by-year.pdf>

Version: 2024-04-25

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
140	Association of Antidepressant Prescription Filling With Treatment Indication and Prior Prescription Filling Behaviors and Medication Experiences. <i>Medical Care</i> , 2022 , 60, 56-65	3.1	1
139	The MedSafer Study-Electronic Decision Support for Deprescribing in Hospitalized Older Adults: A Cluster Randomized Clinical Trial.. <i>JAMA Internal Medicine</i> , 2022 ,	11.5	7
138	Opioid prescribing among new users for non-cancer pain in the USA, Canada, UK, and Taiwan: A population-based cohort study. <i>PLoS Medicine</i> , 2021 , 18, e1003829	11.6	1
137	Detection of adverse drug events in e-prescribing and administrative health data: a validation study. <i>BMC Health Services Research</i> , 2021 , 21, 376	2.9	2
136	Postoperative duration of opioid use and acute healthcare services use in cancer patients hospitalized for thoracic surgery. <i>Journal of Surgical Oncology</i> , 2021 , 124, 431-440	2.8	1
135	Smart about medications (SAM): a digital solution to enhance medication management following hospital discharge. <i>JAMIA Open</i> , 2021 , 4, ooab037	2.9	1
134	Association of Opioid Consumption Profiles After Hospitalization With Risk of Adverse Health Care Events. <i>JAMA Network Open</i> , 2021 , 4, e218782	10.4	3
133	Association of Intravenous Radiocontrast With Kidney Function: A Regression Discontinuity Analysis. <i>JAMA Internal Medicine</i> , 2021 , 181, 767-774	11.5	4
132	Smart About Meds (SAM): a pilot randomized controlled trial of a mobile application to improve medication adherence following hospital discharge. <i>JAMIA Open</i> , 2021 , 4, ooab050	2.9	0
131	Incidence and Variables Associated With Inconsistencies in Opioid Prescribing at Hospital Discharge and Its Associated Adverse Drug Outcomes. <i>Value in Health</i> , 2021 , 24, 147-157	3.3	0
130	Failure to follow medication changes made at hospital discharge is associated with adverse events in 30 days. <i>Health Services Research</i> , 2020 , 55, 512-523	3.4	6
129	Multinational Investigation of Fracture Risk with Antidepressant Use by Class, Drug, and Indication. <i>Journal of the American Geriatrics Society</i> , 2020 , 68, 1494-1503	5.6	10
128	Adverse Drug Events in Older Adults: Review of Adjudication Methods in Deprescribing Studies. <i>Journal of the American Geriatrics Society</i> , 2020 , 68, 1594-1602	5.6	7
127	Both New and Chronic Potentially Inappropriate Medications Continued at Hospital Discharge Are Associated With Increased Risk of Adverse Events. <i>Journal of the American Geriatrics Society</i> , 2020 , 68, 1184-1192	5.6	17
126	Reply to: Antidepressants and Fracture Risk: Is There a Real Connection?. <i>Journal of the American Geriatrics Society</i> , 2020 , 68, 2142-2143	5.6	
125	Effect of an Electronic Medication Reconciliation Intervention on Adverse Drug Events: A Cluster Randomized Trial. <i>JAMA Network Open</i> , 2019 , 2, e1910756	10.4	18
124	Multinational comparison of new antidepressant use in older adults: a cohort study. <i>BMJ Open</i> , 2019 , 9, e027663	3	17

123	Pharmacist-Led Education to Discontinue Inappropriate Prescribing-Reply. <i>JAMA - Journal of the American Medical Association</i> , 2019 , 321, 1314	27.4	
122	Challenges at Care Transitions: Failure to Follow Medication Changes Made at Hospital Discharge. <i>American Journal of Medicine</i> , 2019 , 132, 1216-1224.e5	2.4	6
121	The MedSafer Study: A Controlled Trial of an Electronic Decision Support Tool for Deprescribing in Acute Care. <i>Journal of the American Geriatrics Society</i> , 2019 , 67, 1843-1850	5.6	24
120	The Health System Impact Fellowship: Perspectives From the Program Leads Comment on "CIHR Health System Impact Fellows: Reflections on Driving Change Within the Health System". <i>International Journal of Health Policy and Management</i> , 2019 , 8, 623-626	2.5	4
119	Rewarding Success: Changing the Paradigm of How Research Is Rewarded. <i>Healthcare Papers</i> , 2019 , 18, 41-49	0.7	
118	Developing Competencies for Health System Impact: Early Lessons Learned from the Health System Impact Fellows. <i>Healthcare Policy</i> , 2019 , 15, 61-72	1.1	4
117	The Career Outcomes of Health Services and Policy Research Doctoral Graduates. <i>Healthcare Policy</i> , 2019 , 15, 16-33	1.1	3
116	Training for Impact: PhD Modernization as a Key Resource for Learning Health Systems. <i>Healthcare Policy</i> , 2019 , 15, 10-15	1.1	3
115	Exploring Mentorship as a Strategy to Build Capacity and Optimize the Embedded Scientist Workforce. <i>Healthcare Policy</i> , 2019 , 15, 73-84	1.1	3
114	Training for Health System Improvement: Emerging Lessons from Canadian and US Approaches to Embedded Fellowships. <i>Healthcare Policy</i> , 2019 , 15, 34-48	1.1	8
113	Can Hyperparameter Tuning Improve the Performance of a Super Learner?: A Case Study. <i>Epidemiology</i> , 2019 , 30, 521-531	3.1	14
112	Using Health Information Exchange: Usage and Perceived Usefulness in Primary Care. <i>Studies in Health Technology and Informatics</i> , 2019 , 264, 709-713	0.5	3
111	Development of a Method for Extracting Structured Dose Information from Free-Text Electronic Prescriptions. <i>Studies in Health Technology and Informatics</i> , 2019 , 264, 1568-1569	0.5	1
110	Assessment of potential bias in research grant peer review in Canada. <i>Cmaj</i> , 2018 , 190, E489-E499	3.5	62
109	Usage and accuracy of medication data from nationwide health information exchange in Quebec, Canada. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2018 , 25, 722-729	8.6	3
108	Development of Enriched Core Competencies for Health Services and Policy Research. <i>Health Services Research</i> , 2018 , 53 Suppl 2, 4004-4023	3.4	16
107	Assumptions made when preparing drug exposure data for analysis have an impact on results: An unreported step in pharmacoepidemiology studies. <i>Pharmacoepidemiology and Drug Safety</i> , 2018 , 27, 781-788	2.6	21
106	Assessing the accuracy of using diagnostic codes from administrative data to infer antidepressant treatment indications: a validation study. <i>Pharmacoepidemiology and Drug Safety</i> , 2018 , 27, 1101-1111	2.6	5

105	Improving patient safety and efficiency of medication reconciliation through the development and adoption of a computer-assisted tool with automated electronic integration of population-based community drug data: the RightRx project. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2018 , 25, 482-495	8.6	23
104	Divergence from osteoporosis screening guidelines in older breast cancer patients treated with anti-estrogen therapy: A population-based cohort study. <i>Bone</i> , 2018 , 116, 94-102	4.7	2
103	What is in your wallet? A cluster randomized trial of the effects of showing comparative patient out-of-pocket costs on primary care prescribing for uncomplicated hypertension. <i>Implementation Science</i> , 2018 , 13, 7	8.4	11
102	Patterns and predictors of emergency department visits among older patients after breast cancer surgery: A population-based cohort study. <i>Journal of Geriatric Oncology</i> , 2018 , 9, 204-213	3.6	8
101	Effect of a Pharmacist-Led Educational Intervention on Inappropriate Medication Prescriptions in Older Adults: The D-PRESCRIBE Randomized Clinical Trial. <i>JAMA - Journal of the American Medical Association</i> , 2018 , 320, 1889-1898	27.4	133
100	The Importance of Relevance: Willingness to Share eHealth Data for Family Medicine Research. <i>Frontiers in Public Health</i> , 2018 , 6, 255	6	3
99	Derivation and validation of a multivariable model to predict when primary care physicians prescribe antidepressants for indications other than depression. <i>Clinical Epidemiology</i> , 2018 , 10, 457-474	5.9	3
98	From E-Prescribing to Drug Management System. <i>International Journal of Healthcare Information Systems and Informatics</i> , 2018 , 13, 55-70	1.1	0
97	Variation matters and should be included in health care research for comparison of outcomes. <i>Primary Health Care Research and Development</i> , 2017 , 18, 183-187	1.6	4
96	Determinants of community pharmacists' quality of care: a population-based cohort study using pharmacy administrative claims data. <i>BMJ Open</i> , 2017 , 7, e015877	3	6
95	Off-label indications for antidepressants in primary care: descriptive study of prescriptions from an indication based electronic prescribing system. <i>BMJ, The</i> , 2017 , 356, j603	5.9	99
94	Integrated Health Information Technology and the Quality of Patient Care: A Natural Experiment. <i>Journal of Management Information Systems</i> , 2017 , 34, 457-486	5.3	11
93	A comparison of methods for estimating the temporal change in a continuous variable: Example of HbA1c in patients with diabetes. <i>Pharmacoepidemiology and Drug Safety</i> , 2017 , 26, 1474-1482	2.6	3
92	Using mobile devices for inpatient rounding and handoffs: an innovative application developed and rapidly adopted by clinicians in a pediatric hospital. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2017 , 24, e69-e78	8.6	15
91	Inpatient Z-drug use commonly exceeds safe dosing recommendations. <i>PLoS ONE</i> , 2017 , 12, e0177645	3.7	1
90	Pharmacovigilance without borders: electronic health records in different countries can be used to address important methodological issues in estimating the risk of adverse events. <i>Journal of Clinical Epidemiology</i> , 2016 , 77, 101-111	5.7	6
89	A Novel Personalized Fall Risk Calculator: A Prototype for Improving the Safety of Prescribing Through Computerized Decision Support 2016 , 233-252		
88	In Defense of Off-label Prescribing-Reply. <i>JAMA Internal Medicine</i> , 2016 , 176, 861-2	11.5	2

87	Pattern of Inpatient Laxative Use: Waste Not, Want Not. <i>JAMA Internal Medicine</i> , 2016 , 176, 1216-7	11.5	13
86	From Cues to Nudge: A Knowledge-Based Framework for Surveillance of Healthcare-Associated Infections. <i>Journal of Medical Systems</i> , 2016 , 40, 23	5.1	14
85	Association of Off-label Drug Use and Adverse Drug Events in an Adult Population. <i>JAMA Internal Medicine</i> , 2016 , 176, 55-63	11.5	126
84	Features of Computer-Based Decision Aids: Systematic Review, Thematic Synthesis, and Meta-Analyses. <i>Journal of Medical Internet Research</i> , 2016 , 18, e20	7.6	56
83	The Effectiveness of Web-Based Asthma Self-Management System, My Asthma Portal (MAP): A Pilot Randomized Controlled Trial. <i>Journal of Medical Internet Research</i> , 2016 , 18, e313	7.6	37
82	Adjuvant Endocrine Therapy in Breast Cancer: A Novel e-Health Approach in Optimizing Treatment for Seniors (OPTIMUM): A Two-Group Controlled Comparison Pilot Study. <i>JMIR Research Protocols</i> , 2016 , 5, e199	2	4
81	Health services and policy research in the first decade at the Canadian Institutes of Health Research. <i>CMAJ Open</i> , 2016 , 4, E213-21	2.5	19
80	Psychotropic and Opioid Medication Use in Older Patients With Breast Cancer Across the Care Trajectory: A Population-Based Cohort Study. <i>Journal of the National Comprehensive Cancer Network: JNCCN</i> , 2016 , 14, 1412-1419	7.3	10
79	Optimising the changing role of the community pharmacist: a randomised trial of the impact of audit and feedback. <i>BMJ Open</i> , 2016 , 6, e010865	3	7
78	Treatment Indications for Antidepressants Prescribed in Primary Care in Quebec, Canada, 2006-2015. <i>JAMA - Journal of the American Medical Association</i> , 2016 , 315, 2230-2	27.4	93
77	Challenges to the implementation of a nationwide electronic prescribing network in primary care: a qualitative study of users' perceptions. <i>Journal of the American Medical Association: JAMIA</i> , 2015 , 22, 838-48	8.6	10
76	Effectiveness of a computerized drug-monitoring program to detect and prevent adverse drug events and medication non-adherence in outpatient ambulatory care: study protocol of a randomized controlled trial. <i>Trials</i> , 2015 , 16, 2	2.8	7
75	Educating medical trainees on medication reconciliation: a systematic review. <i>BMC Medical Education</i> , 2015 , 15, 33	3.3	10
74	Evaluating the impact of an integrated computer-based decision support with person-centered analytics for the management of asthma in primary care: a randomized controlled trial. <i>Journal of the American Medical Association: JAMIA</i> , 2015 , 22, 773-83	8.6	20
73	Development and feasibility of an automated call monitoring intervention for older wheelchair users: the MOvIT project. <i>BMC Health Services Research</i> , 2015 , 15, 386	2.9	5
72	A consumer-targeted, pharmacist-led, educational intervention to reduce inappropriate medication use in community older adults (D-PRESCRIBE trial): study protocol for a cluster randomized controlled trial. <i>Trials</i> , 2015 , 16, 266	2.8	19
71	Tailoring interventions: identifying predictors of poor asthma control. <i>Annals of Allergy, Asthma and Immunology</i> , 2015 , 114, 485-491.e1	3.2	1
70	Preferences of Young Adults With First-Episode Psychosis for Receiving Specialized Mental Health Services Using Technology: A Survey Study. <i>JMIR Mental Health</i> , 2015 , 2, e18	6	74

69	Adherence to anti-estrogen therapy in seniors with breast cancer: how well are we doing?. <i>Breast Journal</i> , 2014 , 20, 632-8	1.2	9
68	Estimating the information gap between emergency department records of community medication compared to on-line access to the community-based pharmacy records. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2014 , 21, 391-8	8.6	20
67	The incidence and determinants of primary nonadherence with prescribed medication in primary care: a cohort study. <i>Annals of Internal Medicine</i> , 2014 , 160, 441-50	8	128
66	Using decision support for population tracking of adherence to recommended asthma guidelines. <i>BMJ Open</i> , 2014 , 4, e003759	3	2
65	Reduction of inappropriate benzodiazepine prescriptions among older adults through direct patient education: the EMPOWER cluster randomized trial. <i>JAMA Internal Medicine</i> , 2014 , 174, 890-8	11.5	300
64	Accelerating the Road to Change. <i>HealthcarePapers</i> , 2014 , 14, 17-21	0.7	3
63	An educational intervention to reduce the use of potentially inappropriate medications among older adults (EMPOWER study): protocol for a cluster randomized trial. <i>Trials</i> , 2013 , 14, 80	2.8	30
62	Rates and predictors of consideration for adjuvant radiotherapy among high-risk breast cancer patients: a cohort study. <i>Breast Cancer Research and Treatment</i> , 2013 , 140, 397-405	4.4	6
61	Medication reconciliation at admission and discharge: a time and motion study. <i>BMC Health Services Research</i> , 2013 , 13, 485	2.9	50
60	Guidelines adherence in the treatment of patients with newly diagnosed type 2 diabetes: a historical cohort comparing the use of metformin in Quebec pre and post-Canadian Diabetes Association guidelines. <i>BMC Health Services Research</i> , 2013 , 13, 442	2.9	6
59	A secure distributed logistic regression protocol for the detection of rare adverse drug events. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2013 , 20, 453-61	8.6	40
58	Usability of a computerised drug monitoring programme to detect adverse drug events and non-compliance in outpatient ambulatory care. <i>BMJ Quality and Safety</i> , 2013 , 22, 306-16	5.4	5
57	Practice indicators of suboptimal care and avoidable adverse events: a content analysis of a national qualifying examination. <i>Academic Medicine</i> , 2013 , 88, 1493-8	3.9	4
56	Predicting the use of electronic prescribing among early adopters in primary care. <i>Canadian Family Physician</i> , 2013 , 59, e312-21	0.9	7
55	HAIKU: A Semantic Framework for Surveillance of Healthcare-Associated Infections. <i>Procedia Computer Science</i> , 2012 , 10, 1073-1079	1.6	2
54	Do physician communication skills influence screening mammography utilization?. <i>BMC Health Services Research</i> , 2012 , 12, 219	2.9	17
53	Using novel Canadian resources to improve medication reconciliation at discharge: study protocol for a randomized controlled trial. <i>Trials</i> , 2012 , 13, 150	2.8	19
52	Medication-related falls in the elderly: causative factors and preventive strategies. <i>Drugs and Aging</i> , 2012 , 29, 359-76	4.7	222

51	The effectiveness of a new generation of computerized drug alerts in reducing the risk of injury from drug side effects: a cluster randomized trial. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2012 , 19, 635-43	8.6	53
50	The effectiveness of integrated health information technologies across the phases of medication management: a systematic review of randomized controlled trials. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2012 , 19, 22-30	8.6	71
49	Drug, patient, and physician characteristics associated with off-label prescribing in primary care. <i>Archives of Internal Medicine</i> , 2012 , 172, 781-8		78
48	Physicians' response to computerised alerts for psychotropic drugs in older persons: a multilevel analysis of the associated alert, patient and physician characteristics. <i>BMJ Open</i> , 2012 , 2,	3	4
47	Association between physician competence at licensure and the quality of asthma management among patients with out-of-control asthma. <i>Archives of Internal Medicine</i> , 2011 , 171, 1292-4		6
46	Are physicians with better clinical skills on licensing examinations less likely to prescribe antibiotics for viral respiratory infections in ambulatory care settings?. <i>Medical Care</i> , 2011 , 49, 156-65	3.1	15
45	Development and validation of a predictive algorithm to identify adult asthmatics from medical services and pharmacy claims databases. <i>Health Services Research</i> , 2011 , 46, 939-63	3.4	14
44	Electronic prescriptions and disruptions to the jurisdiction of community pharmacists. <i>Social Science and Medicine</i> , 2011 , 73, 121-8	5.1	15
43	Outpatient physician billing data for age and setting specific syndromic surveillance of influenza-like illnesses. <i>Journal of Biomedical Informatics</i> , 2011 , 44, 221-8	10.2	12
42	Effect of a web-based chronic disease management system on asthma control and health-related quality of life: study protocol for a randomized controlled trial. <i>Trials</i> , 2011 , 12, 260	2.8	19
41	A qualitative study of Canada's experience with the implementation of electronic health information technology. <i>Cmaj</i> , 2011 , 183, E281-8	3.5	63
40	Increasing the detection and response to adherence problems with cardiovascular medication in primary care through computerized drug management systems: a randomized controlled trial. <i>Medical Decision Making</i> , 2010 , 30, 176-88	2.5	30
39	Influence of physicians' management and communication ability on patients' persistence with antihypertensive medication. <i>Archives of Internal Medicine</i> , 2010 , 170, 1064-72		45
38	Enhancing pharmacosurveillance with systematic collection of treatment indication in electronic prescribing: a validation study in Canada. <i>Drug Safety</i> , 2010 , 33, 559-67	5.1	28
37	Assessing the accuracy of an inter-institutional automated patient-specific health problem list. <i>BMC Medical Informatics and Decision Making</i> , 2010 , 10, 10	3.6	22
36	Risk of injury associated with opioid use in older adults. <i>Journal of the American Geriatrics Society</i> , 2010 , 58, 1664-70	5.6	93
35	Indicators for Measuring Mental Health: Towards Better Surveillance. <i>Healthcare Policy</i> , 2009 , 5, e177-e186		2
34	Association between risk factors for injurious falls and new benzodiazepine prescribing in elderly persons. <i>BMC Family Practice</i> , 2009 , 10, 1	2.6	93

33	Doctor scores on national qualifying examinations predict quality of care in future practice. <i>Medical Education</i> , 2009 , 43, 1166-73	3.7	85
32	Indicators for measuring mental health: towards better surveillance. <i>Healthcare Policy</i> , 2009 , 5, e177-86	1.1	14
31	Accuracy of physician billing claims for identifying acute respiratory infections in primary care. <i>Health Services Research</i> , 2008 , 43, 2223-38	3.4	43
30	Evaluation of the use of an integrated drug information system by primary care physicians for vulnerable population. <i>International Journal of Medical Informatics</i> , 2008 , 77, 98-106	5.3	11
29	Detection of adverse drug events and other treatment outcomes using an electronic prescribing system. <i>Drug Safety</i> , 2008 , 31, 1005-16	5.1	17
28	A randomized trial of the effectiveness of on-demand versus computer-triggered drug decision support in primary care. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2008 , 15, 430-8	8.6	85
27	Impact of patient communication problems on the risk of preventable adverse events in acute care settings. <i>Cmaj</i> , 2008 , 178, 1555-62	3.5	265
26	The impact of electronic prescribing on the professionalization of community pharmacists: a qualitative study of pharmacists' perception. <i>Journal of Pharmacy and Pharmaceutical Sciences</i> , 2008 , 11, 131-46	3.4	14
25	Predictors of inappropriate antibiotic prescribing among primary care physicians. <i>Cmaj</i> , 2007 , 177, 877-83	3.5	118
24	Physician scores on a national clinical skills examination as predictors of complaints to medical regulatory authorities. <i>JAMA - Journal of the American Medical Association</i> , 2007 , 298, 993-1001	27.4	271
23	Ambulatory e-Prescribing: Evaluating a Novel Surveillance Data Source 2007 , 190-195		1
22	The development and evaluation of an integrated electronic prescribing and drug management system for primary care. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2006 , 13, 148-59	8.6	89
21	Effect of a community oriented problem based learning curriculum on quality of primary care delivered by graduates: historical cohort comparison study. <i>BMJ, The</i> , 2005 , 331, 1002	5.9	45
20	A 5-year prospective assessment of the risk associated with individual benzodiazepines and doses in new elderly users. <i>Journal of the American Geriatrics Society</i> , 2005 , 53, 233-41	5.6	106
19	Drug Utilization Patterns 2005 ,		9
18	Inappropriate prescribing practices: the challenge and opportunity for patient safety. <i>Healthcare Quarterly</i> , 2005 , 8 Spec No, 81-5		26
17	The Canadian Adverse Events Study: the incidence of adverse events among hospital patients in Canada. <i>Cmaj</i> , 2004 , 170, 1678-86	3.5	1321
16	Improving patient safety through computerized drug management: the devil is in the details. <i>Healthcare Papers</i> , 2004 , 5, 52-68; discussion 82-4	0.7	12

15	Physician and practice characteristics associated with the early utilization of new prescription drugs. <i>Medical Care</i> , 2003 , 41, 895-908	3.1	93
14	The medical office of the 21st century (MOXXI): effectiveness of computerized decision-making support in reducing inappropriate prescribing in primary care. <i>Cmaj</i> , 2003 , 169, 549-56	3.5	110
13	Association between licensure examination scores and practice in primary care. <i>JAMA - Journal of the American Medical Association</i> , 2002 , 288, 3019-26	27.4	154
12	Adverse events associated with prescription drug cost-sharing among poor and elderly persons. <i>JAMA - Journal of the American Medical Association</i> , 2001 , 285, 421-9	27.4	535
11	There's no place like home : an evaluation of early supported discharge for stroke. <i>Stroke</i> , 2000 , 31, 1016-23	6.73	203
10	Outcomes in Medical Education: What is the Standard and Outcome of Care Delivered by our Graduates?. <i>Advances in Health Sciences Education</i> , 1999 , 4, 9-25	3.7	18
9	Screening mammography referral rates for women ages 50 to 69 years by recently-licensed family physicians: physician and practice environment correlates. <i>Preventive Medicine</i> , 1999 , 29, 391-404	4.3	25
8	Survival after percutaneous endoscopic gastrostomy among older residents of Quebec. <i>Journal of the American Geriatrics Society</i> , 1999 , 47, 349-53	5.6	36
7	Normal distributions of thermal and vibration sensory thresholds. <i>Muscle and Nerve</i> , 1998 , 21, 367-74	3.4	56
6	Association between licensing examination scores and resource use and quality of care in primary care practice. <i>JAMA - Journal of the American Medical Association</i> , 1998 , 280, 989-96	27.4	108
5	Unnecessary prescribing of NSAIDs and the management of NSAID-related gastropathy in medical practice. <i>Annals of Internal Medicine</i> , 1997 , 127, 429-38	8	106
4	Does knowledge of drug prescribing predict drug management of standardized patients in office practice?. <i>Medical Education</i> , 1997 , 31, 132-7	3.7	14
3	The use of prescription claims databases in pharmacoepidemiological research: the accuracy and comprehensiveness of the prescription claims database in Québec. <i>Journal of Clinical Epidemiology</i> , 1995 , 48, 999-1009	5.7	449
2	Is the public being protected? Prevention of suboptimal medical practice through training programs and credentialing examinations. <i>Evaluation and the Health Professions</i> , 1994 , 17, 198-221; discussion 236-41	2.5	18
1	Can standardized patients predict real-patient satisfaction with the doctor-patient relationship?. <i>Teaching and Learning in Medicine</i> , 1994 , 6, 36-44	3.4	25
