#	ARTICLE	IF	CITATIONS
1	A goal set too high: factors associated with planning excess gestational weight gain in a prospective cohort study. <i>Journal of Maternal-Fetal and Neonatal Medicine</i> , 2022, 35, 7865-7873.	1.5	3
2	Does Excess First- or Second-Trimester Weight Gain Predict Excess Total Gestational Weight Gain? A Multicentre Prospective Cohort Study. <i>Journal of Obstetrics and Gynaecology Canada</i> , 2021, 43, 949-956.	0.7	1
3	Predictors of Gestational Weight Gain Examined As a Continuous Outcome: A Prospective Analysis. <i>Journal of Women's Health</i> , 2021, 30, 1006-1015.	3.3	8
4	Gestational weight gain outside the 2009 Institute of Medicine recommendations: novel psychological and behavioural factors associated with inadequate or excess weight gain in a prospective cohort study. <i>BMC Pregnancy and Childbirth</i> , 2021, 21, 70.	2.4	8
5	Influences on mental health and health services accessibility in immigrant women with postpartum depression: An interpretive descriptive study. <i>Journal of Psychiatric and Mental Health Nursing</i> , 2020, 27, 87-96.	2.1	15
6	Screening and Intervention Practices for Alcohol Use by Pregnant Women and Women of Childbearing Age: Results of a Canadian Survey. <i>Journal of Obstetrics and Gynaecology Canada</i> , 2020, 42, 1121-1128.	0.7	5
7	Competing priorities: a qualitative study of how women make and enact decisions about weight gain in pregnancy. <i>BMC Pregnancy and Childbirth</i> , 2020, 20, 507.	2.4	4
8	Prediction of excess pregnancy weight gain using psychological, physical, and social predictors: A validated model in a prospective cohort study. <i>PLoS ONE</i> , 2020, 15, e0233774.	2.5	16
9	Title is missing!. , 2020, 15, e0233774.		0
10	Title is missing!. , 2020, 15, e0233774.		0
11	Title is missing!. , 2020, 15, e0233774.		0
12	Title is missing!. , 2020, 15, e0233774.		0
13	Title is missing!. , 2020, 15, e0233774.		0
14	A catalyst for system change: a case study of child health network formation, evolution and sustainability in Canada. <i>BMC Health Services Research</i> , 2017, 17, 100.	2.2	17
15	Pregnant Women's Views on the Feasibility and Acceptability of Web-Based Mental Health E-Screening Versus Paper-Based Screening: A Randomized Controlled Trial. <i>Journal of Medical Internet Research</i> , 2017, 19, e88.	4.3	35
16	Predictors of Postpartum Depression Among Immigrant Women in the Year After Childbirth. <i>Journal of Women's Health</i> , 2016, 25, 155-165.	3.3	27
17	The impact of drop-in centers on the health of street children in New Delhi, India: A cross-sectional study. <i>Child Abuse and Neglect</i> , 2016, 62, 122-131.	2.6	41
18	Why Are Half of Women Interested in Participating in Group Prenatal Care?. <i>Maternal and Child Health Journal</i> , 2016, 20, 97-105.	1.5	15

#	ARTICLE	IF	CITATIONS
19	Quality of prenatal care questionnaire: psychometric testing in an Australia population. <i>BMC Pregnancy and Childbirth</i> , 2015, 15, 214.	2.4	14
20	Perceptions of barriers, facilitators and motivators related to use of prenatal care: A qualitative descriptive study of inner-city women in Winnipeg, Canada. <i>SAGE Open Medicine</i> , 2015, 3, 205031211562131.	1.8	18
21	Pregnant Women's Perceptions of Harms and Benefits of Mental Health Screening. <i>PLoS ONE</i> , 2015, 10, e0145189.	2.5	19
22	Understanding the Link Between Personal Recovery Experience and Program Delivery Decisions of Administrators Working in Addiction Agencies Serving Women in Canada. <i>Journal of Groups in Addiction and Recovery</i> , 2015, 10, 41-62.	0.4	2
23	Barriers and facilitators related to use of prenatal care by inner-city women: perceptions of health care providers. <i>BMC Pregnancy and Childbirth</i> , 2015, 15, 2.	2.4	90
24	Disclosure during prenatal mental health screening. <i>Journal of Affective Disorders</i> , 2015, 186, 90-94.	4.1	25
25	Knowledge Translation for Service Providers with Addiction or Recovery Experience: A Delphi Method. <i>Journal of Social Work Practice in the Addictions</i> , 2015, 15, 147-164.	0.7	1
26	Barriers and facilitators of mental health screening in pregnancy. <i>Journal of Affective Disorders</i> , 2015, 186, 350-357.	4.1	73
27	Knowledge translation tool to improve pregnant women's awareness of gestational weight gain goals and risks of gaining outside recommendations: a non-randomized intervention study. <i>BMC Pregnancy and Childbirth</i> , 2015, 15, 105.	2.4	13
28	Preferences for Mental Health Screening Among Pregnant Women. <i>American Journal of Preventive Medicine</i> , 2015, 49, e35-e43.	3.0	26
29	Comparing the feasibility, acceptability, clinical-, and cost-effectiveness of mental health e-screening to paper-based screening on the detection of depression, anxiety, and psychosocial risk in pregnant women: a study protocol of a randomized, parallel-group, superiority trial. <i>Trials</i> , 2014, 15, 3.	1.6	13
30	Study protocol for a randomized, controlled, superiority trial comparing the clinical and cost-effectiveness of integrated online mental health assessment-referral-care in pregnancy to usual prenatal care on prenatal and postnatal mental health and infant health and development: the Integrated Maternal Psychosocial Assessment to Care Trial (IMPACT). <i>Trials</i> , 2014, 15, 72.	1.6	30
31	Partnerships Among Canadian Agencies Serving Women with Substance Abuse Issues and Their Children. <i>International Journal of Mental Health and Addiction</i> , 2013, 11, 344-357.	7.4	14
32	The influence of lived experience with addiction and recovery on practice-related decisions among professionals working in addiction agencies serving women. <i>Drugs: Education, Prevention and Policy</i> , 2013, 20, 140-148.	1.3	9
33	Comparison of Midwifery, Family Medicine, and Obstetric Patients' Understanding of Weight Gain During Pregnancy: A Minority of Women Report Correct Counselling. <i>Journal of Obstetrics and Gynaecology Canada</i> , 2012, 34, 129-135.	0.7	38
34	Little Congruence Between Health Care Provider and Patient Perceptions of Counselling on Gestational Weight Gain. <i>Journal of Obstetrics and Gynaecology Canada</i> , 2012, 34, 518-524.	0.7	36
35	Women's and care providers' perspectives of quality prenatal care: a qualitative descriptive study. <i>BMC Pregnancy and Childbirth</i> , 2012, 12, 29.	2.4	100
36	Influence of Maternal Birthplace on Postpartum Health and Health Services Use. <i>Journal of Immigrant and Minority Health</i> , 2012, 14, 223-229.	1.6	58

#	ARTICLE	IF	CITATIONS
37	Length of stay and treatment completion for mothers with substance abuse issues in integrated treatment programmes. <i>Drugs: Education, Prevention and Policy</i> , 2011, 18, 219-227.	1.3	16
38	Despite 2009 guidelines, few women report being counseled correctly about weight gain during pregnancy. <i>American Journal of Obstetrics and Gynecology</i> , 2011, 205, 333.e1-333.e6.	1.3	87
39	Birth outcomes for infants born to women participating in integrated substance abuse treatment programs: A meta-analytic review. <i>Addiction Research and Theory</i> , 2011, 19, 542-555.	1.9	39
40	The Ontario Mother and Infant Study (TOMIS) III: A multi-site cohort study of the impact of delivery method on health, service use, and costs of care in the first postpartum year. <i>BMC Pregnancy and Childbirth</i> , 2009, 9, 16.	2.4	13
41	Integrated programs for women with substance use issues and their children: a qualitative meta-synthesis of processes and outcomes. <i>Harm Reduction Journal</i> , 2009, 6, 32.	3.2	63
42	Women's Care-Seeking Experiences After Referral for Postpartum Depression. <i>Qualitative Health Research</i> , 2008, 18, 1161-1173.	2.1	94
43	Postpartum Health, Service Needs, and Access to Care Experiences of Immigrant and Canadian-Born Women. <i>JOGNN - Journal of Obstetric, Gynecologic, and Neonatal Nursing</i> , 2006, 35, 717-727.	0.5	111
44	Learning Needs of Postpartum Women: Does Socioeconomic Status Matter?. <i>Birth</i> , 2005, 32, 86-92.	2.2	65
45	“New Choices” for substance-using mothers and their children: Preliminary evaluation. <i>Journal of Substance Use</i> , 2005, 10, 239-251.	0.7	22
46	Baccalaureate Nursing Students' Attitudes Toward Poverty: Implications for Nursing Curricula. <i>Journal of Nursing Education</i> , 2004, 43, 13-19.	0.9	24
47	Implementation, uptake, and impact of a provincial postpartum program. <i>Canadian Journal of Nursing Research</i> , 2004, 36, 60-82.	1.5	6
48	Prenatal Care Use Among Women of Low Income: A Matter of "Taking Care of Self". <i>Qualitative Health Research</i> , 2003, 13, 319-332.	2.1	51
49	Nursing alumni as student mentors: nurturing professional growth. <i>Nurse Education Today</i> , 2002, 22, 427-432.	3.3	35
50	Breastfeeding Outcomes of Women Following Uncomplicated Birth in Hamilton-Wentworth. <i>Canadian Journal of Public Health</i> , 1999, 90, 408-411.	2.3	17
51	A socio-ecological approach to understanding barriers to prenatal care for women of low income. <i>Journal of Advanced Nursing</i> , 1999, 29, 1170-1177.	3.3	59
