

Daniel A Dumesic

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/7365951/daniel-a-dumesic-publications-by-year.pdf>

Version: 2024-04-29

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
148	Polycystic ovary syndrome as a plausible evolutionary outcome of metabolic adaptation.. <i>Reproductive Biology and Endocrinology</i> , 2022 , 20, 12	5	3
147	Female Adult Acne and Androgen Excess: A Report From the Multidisciplinary Androgen Excess and PCOS Committee.. <i>Journal of the Endocrine Society</i> , 2022 , 6, bvac003	0.4	1
146	Intergenerational Implications of PCOS 2022 , 555-576		
145	Accelerated subcutaneous abdominal stem cell adipogenesis predicts insulin sensitivity in normal-weight women with polycystic ovary syndrome. <i>Fertility and Sterility</i> , 2021 , 116, 232-242	4.8	5
144	Passing on PCOS: new insights into its epigenetic transmission. <i>Cell Metabolism</i> , 2021 , 33, 463-466	24.6	4
143	Serum Testosterone to Androstenedione Ratio Predicts Metabolic Health in Normal-Weight Polycystic Ovary Syndrome Women. <i>Journal of the Endocrine Society</i> , 2021 , 5, bvab158	0.4	1
142	Developmental Programming: Sheep Granulosa and Theca Cell-Specific Transcriptional Regulation by Prenatal Testosterone. <i>Endocrinology</i> , 2020 , 161,	4.8	2
141	Endocrine-Metabolic Dysfunction in Polycystic Ovary Syndrome: an Evolutionary Perspective. <i>Current Opinion in Endocrine and Metabolic Research</i> , 2020 , 12, 41-48	1.7	16
140	A primate perspective on oocytes and transgenerational PCOS. <i>Reproductive BioMedicine Online</i> , 2020 , 40, 765-767	4	2
139	Mechanisms of intergenerational transmission of polycystic ovary syndrome. <i>Reproduction</i> , 2020 , 159, R1-R13	3.8	36
138	Measures of Patient Dissatisfaction With Health Care in Polycystic Ovary Syndrome: Retrospective Analysis. <i>Journal of Medical Internet Research</i> , 2020 , 22, e16541	7.6	7
137	Dynamic changes in chromatin accessibility, altered adipogenic gene expression, and total versus de novo fatty acid synthesis in subcutaneous adipose stem cells of normal-weight polycystic ovary syndrome (PCOS) women during adipogenesis: evidence of cellular programming. <i>Clinical Epigenetics</i> , 2020 , 12, 181	7.7	6
136	Loss of anti-Müllerian hormone (AMH) immunoactivity due to a homozygous AMH gene variant rs10417628 in a woman with classical polycystic ovary syndrome (PCOS). <i>Human Reproduction</i> , 2020 , 35, 2294-2302	5.7	2
135	Animal Models to Understand the Etiology and Pathophysiology of Polycystic Ovary Syndrome. <i>Endocrine Reviews</i> , 2020 , 41,	27.2	72
134	In utero Androgen Excess: A Developmental Commonality Preceding Polycystic Ovary Syndrome?. <i>Frontiers of Hormone Research</i> , 2019 , 53, 1-17	3.5	22
133	Massive Ovarian Growth in a Woman With Severe Insulin-Resistant Polycystic Ovary Syndrome Receiving GnRH Analogue. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2019 , 104, 2796-2800	5.6	6
132	Adipose Insulin Resistance in Normal-Weight Women With Polycystic Ovary Syndrome. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2019 , 104, 2171-2183	5.6	34

131	Hyperandrogenic origins of polycystic ovary syndrome - implications for pathophysiology and therapy. <i>Expert Review of Endocrinology and Metabolism</i> , 2019 , 14, 131-143	4.1	50
130	Polycystic Ovary Syndrome and Hyperandrogenic States 2019 , 520-555.e13		2
129	Polycystic Ovary Syndrome: Impact of Lipotoxicity on Metabolic and Reproductive Health. <i>Obstetrical and Gynecological Survey</i> , 2019 , 74, 223-231	2.4	11
128	Naturally Occurring and Experimentally Induced Rhesus Macaque Models for Polycystic Ovary Syndrome: Translational Gateways to Clinical Application. <i>Medical Sciences (Basel, Switzerland)</i> , 2019 , 7,	3.3	11
127	Reproductive and metabolic determinants of granulosa cell dysfunction in normal-weight women with polycystic ovary syndrome. <i>Fertility and Sterility</i> , 2018 , 109, 508-515	4.8	10
126	Developmental Programming: Impact of Prenatal Testosterone Excess on Steroidal Machinery and Cell Differentiation Markers in Visceral Adipocytes of Female Sheep. <i>Reproductive Sciences</i> , 2018 , 25, 1010-1023	3	18
125	Precocious subcutaneous abdominal stem cell development to adipocytes in normal-weight women with polycystic ovary syndrome. <i>Fertility and Sterility</i> , 2018 , 110, 1367-1376	4.8	19
124	Use of fertility medications and cancer risk: a review and update. <i>Current Opinion in Obstetrics and Gynecology</i> , 2017 , 29, 195-201	2.4	28
123	Pluripotent nontumorigenic multilineage differentiating stress enduring cells (Muse cells): a seven-year retrospective. <i>Stem Cell Research and Therapy</i> , 2017 , 8, 227	8.3	21
122	Clustering of PCOS-like traits in naturally hyperandrogenic female rhesus monkeys. <i>Human Reproduction</i> , 2017 , 32, 923-936	5.7	40
121	Combined hormonal contraception and the risk of venous thromboembolism: a guideline. <i>Fertility and Sterility</i> , 2017 , 107, 43-51	4.8	61
120	Fertility drugs and cancer: a guideline. <i>Fertility and Sterility</i> , 2016 , 106, 1617-1626	4.8	25
119	Hyperandrogenism Accompanies Increased Intra-Abdominal Fat Storage in Normal Weight Polycystic Ovary Syndrome Women. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2016 , 101, 4178-4188	5.6	104
118	Position statement on West Nile virus: a committee opinion. <i>Fertility and Sterility</i> , 2016 , 105, e9-e10	4.8	1
117	Recommendations for development of an emergency plan for in vitro fertilization programs: a committee opinion. <i>Fertility and Sterility</i> , 2016 , 105, e11-e13	4.8	5
116	Developmental Programming: Impact of Gestational Steroid and Metabolic Milieus on Adiposity and Insulin Sensitivity in Prenatal Testosterone-Treated Female Sheep. <i>Endocrinology</i> , 2016 , 157, 522-354.8	4.8	37
115	Translational Insight Into Polycystic Ovary Syndrome (PCOS) From Female Monkeys with PCOS-like Traits. <i>Current Pharmaceutical Design</i> , 2016 , 22, 5625-5633	3.3	26
114	Muse Cells: Nontumorigenic Pluripotent Stem Cells Present in Adult Tissues-A Paradigm Shift in Tissue Regeneration and Evolution. <i>Stem Cells International</i> , 2016 , 2016, 1463258	5	8

113	Uterine septum: a guideline. <i>Fertility and Sterility</i> , 2016 , 106, 530-40	4.8	101
112	Cumulus Cell Mitochondrial Resistance to Stress In Vitro Predicts Oocyte Development During Assisted Reproduction. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2016 , 101, 2235-45	5.6	19
111	Prevention and treatment of moderate and severe ovarian hyperstimulation syndrome: a guideline. <i>Fertility and Sterility</i> , 2016 , 106, 1634-1647	4.8	170
110	Disparities and relative risk ratio of preterm birth in six Central and Eastern European centers. <i>Croatian Medical Journal</i> , 2015 , 56, 119-27	1.6	13
109	Scientific Statement on the Diagnostic Criteria, Epidemiology, Pathophysiology, and Molecular Genetics of Polycystic Ovary Syndrome. <i>Endocrine Reviews</i> , 2015 , 36, 487-525	27.2	401
108	Inflammatory Factors in Reproductive Medicine. <i>Seminars in Reproductive Medicine</i> , 2015 , 33, 237	1.4	
107	Phospholipase C-zeta deficiency as a cause for repetitive oocyte fertilization failure during ovarian stimulation for in vitro fertilization with ICSI: a case report. <i>Journal of Assisted Reproduction and Genetics</i> , 2015 , 32, 1415-9	3.4	11
106	Oocyte environment: follicular fluid and cumulus cells are critical for oocyte health. <i>Fertility and Sterility</i> , 2015 , 103, 303-16	4.8	266
105	Intrafollicular cortisol levels inversely correlate with cumulus cell lipid content as a possible energy source during oocyte meiotic resumption in women undergoing ovarian stimulation for in vitro fertilization. <i>Fertility and Sterility</i> , 2015 , 103, 249-57	4.8	19
104	Pluripotent stem cells derived from mouse and human white mature adipocytes. <i>Stem Cells Translational Medicine</i> , 2014 , 3, 161-71	6.9	39
103	Protein phospholipase C Zeta1 expression in patients with failed ICSI but with normal sperm parameters. <i>Journal of Assisted Reproduction and Genetics</i> , 2014 , 31, 749-56	3.4	23
102	Pluripotent muse cells derived from human adipose tissue: a new perspective on regenerative medicine and cell therapy. <i>Clinical and Translational Medicine</i> , 2014 , 3, 12	5.7	27
101	Impaired preadipocyte differentiation into adipocytes in subcutaneous abdominal adipose of PCOS-like female rhesus monkeys. <i>Endocrinology</i> , 2014 , 155, 2696-703	4.8	46
100	21-Hydroxylase-derived steroids in follicles of nonobese women undergoing ovarian stimulation for in vitro fertilization (IVF) positively correlate with lipid content of luteinized granulosa cells (LGCs) as a source of cholesterol for steroid synthesis. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2014 , 99, 1299-306	5.6	13
99	A mystery unraveled: nontumorigenic pluripotent stem cells in human adult tissues. <i>Expert Opinion on Biological Therapy</i> , 2014 , 14, 917-29	5.4	13
98	Exploring the potential association between brominated diphenyl ethers, polychlorinated biphenyls, organochlorine pesticides, perfluorinated compounds, phthalates, and bisphenol A in polycystic ovary syndrome: a case-control study. <i>BMC Endocrine Disorders</i> , 2014 , 14, 86	3.3	69
97	Intrauterine environment and polycystic ovary syndrome. <i>Seminars in Reproductive Medicine</i> , 2014 , 32, 159-65	1.4	65
96	Abnormal infant islet morphology precedes insulin resistance in PCOS-like monkeys. <i>PLoS ONE</i> , 2014 , 9, e106527	3.7	33

95	Cancer risk and PCOS. <i>Steroids</i> , 2013 , 78, 782-5	2.8	124
94	A novel approach to quantifying ovarian cell lipid content and lipid accumulation in vitro by confocal microscopy in lean women undergoing ovarian stimulation for in vitro fertilization (IVF). <i>Journal of Assisted Reproduction and Genetics</i> , 2013 , 30, 733-40	3.4	5
93	Nonhuman primate models of polycystic ovary syndrome. <i>Molecular and Cellular Endocrinology</i> , 2013 , 373, 21-8	4.4	78
92	Androgens inhibit adipogenesis during human adipose stem cell commitment to preadipocyte formation. <i>Steroids</i> , 2013 , 78, 920-6	2.8	98
91	Ontogeny of the ovary in polycystic ovary syndrome. <i>Fertility and Sterility</i> , 2013 , 100, 23-38	4.8	70
90	Awakened by cellular stress: isolation and characterization of a novel population of pluripotent stem cells derived from human adipose tissue. <i>PLoS ONE</i> , 2013 , 8, e64752	3.7	92
89	Effects of endogenous androgens and abdominal fat distribution on the interrelationship between insulin and non-insulin-mediated glucose uptake in females. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2013 , 98, 1541-8	5.6	23
88	Phenotypic expression of polycystic ovary syndrome in South Asian women. <i>Obstetrical and Gynecological Survey</i> , 2013 , 68, 228-34	2.4	10
87	Consensus on women's health aspects of polycystic ovary syndrome (PCOS): the Amsterdam ESHRE/ASRM-Sponsored 3rd PCOS Consensus Workshop Group. <i>Fertility and Sterility</i> , 2012 , 97, 28-38.e23	4.8	1195
86	The effect of timing of embryonic progression on chromosomal abnormality. <i>Fertility and Sterility</i> , 2012 , 98, 876-80	4.8	51
85	Early-to-mid gestation fetal testosterone increases right hand 2D:4D finger length ratio in polycystic ovary syndrome-like monkeys. <i>PLoS ONE</i> , 2012 , 7, e42372	3.7	53
84	Polycystic ovary syndrome: etiology, pathogenesis and diagnosis. <i>Nature Reviews Endocrinology</i> , 2011 , 7, 219-31	15.2	775
83	Polycystic ovary syndrome: an ancient disorder?. <i>Fertility and Sterility</i> , 2011 , 95, 1544-8	4.8	94
82	Epigenetic mechanism underlying the development of polycystic ovary syndrome (PCOS)-like phenotypes in prenatally androgenized rhesus monkeys. <i>PLoS ONE</i> , 2011 , 6, e27286	3.7	101
81	Novel pathway of adipogenesis through cross-talk between adipose tissue macrophages, adipose stem cells and adipocytes: evidence of cell plasticity. <i>PLoS ONE</i> , 2011 , 6, e17834	3.7	61
80	Assessment of cardiovascular risk and prevention of cardiovascular disease in women with the polycystic ovary syndrome: a consensus statement by the Androgen Excess and Polycystic Ovary Syndrome (AE-PCOS) Society. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2010 , 95, 2038-49	5.6	669
79	Experimentally induced gestational androgen excess disrupts glucoregulation in rhesus monkey dams and their female offspring. <i>American Journal of Physiology - Endocrinology and Metabolism</i> , 2010 , 299, E741-51	6	76
78	Menstrual cycle and surgical treatment of breast cancer: findings from the NCCTG N9431 study. <i>Journal of Clinical Oncology</i> , 2009 , 27, 3620-6	2.2	20

77	Early prenatal androgenization results in diminished ovarian reserve in adult female rhesus monkeys. <i>Human Reproduction</i> , 2009 , 24, 3188-95	5.7	25
76	Developmental programming: excess weight gain amplifies the effects of prenatal testosterone excess on reproductive cyclicity--implication for polycystic ovary syndrome. <i>Endocrinology</i> , 2009 , 150, 1456-65	4.8	54
75	Fetal, infant, adolescent and adult phenotypes of polycystic ovary syndrome in prenatally androgenized female rhesus monkeys. <i>American Journal of Primatology</i> , 2009 , 71, 776-84	2.5	130
74	Intrafollicular antimüllerian hormone levels predict follicle responsiveness to follicle-stimulating hormone (FSH) in normoandrogenic ovulatory women undergoing gonadotropin releasing-hormone analog/recombinant human FSH therapy for in vitro fertilization and embryo transfer. <i>Fertility and Sterility</i> , 2009 , 92, 217-21	4.8	31
73	Fetal programming of adrenal androgen excess: lessons from a nonhuman primate model of polycystic ovary syndrome. <i>Endocrine Development</i> , 2008 , 13, 145-158		57
72	Implications of polycystic ovary syndrome on oocyte development. <i>Seminars in Reproductive Medicine</i> , 2008 , 26, 53-61	1.4	89
71	Endocrine antecedents of polycystic ovary syndrome in fetal and infant prenatally androgenized female rhesus monkeys. <i>Biology of Reproduction</i> , 2008 , 79, 154-63	3.9	84
70	Plasma free fatty acid storage in subcutaneous and visceral adipose tissue in postabsorptive women. <i>Diabetes</i> , 2008 , 57, 1186-94	0.9	42
69	Polycystic ovary syndrome and oocyte developmental competence. <i>Obstetrical and Gynecological Survey</i> , 2008 , 63, 39-48	2.4	92
68	Accounting for the Follicle Population in the Polycystic Ovary 2008 , 9-24		1
67	Fetal Origins of Polycystic Ovary Syndrome 2008 , 87-106		2
66	Prenatal androgen excess negatively impacts body fat distribution in a nonhuman primate model of polycystic ovary syndrome. <i>International Journal of Obesity</i> , 2007 , 31, 1579-85	5.5	36
65	Omental 11beta-hydroxysteroid dehydrogenase 1 correlates with fat cell size independently of obesity. <i>Obesity</i> , 2007 , 15, 1155-63	8	87
64	Pioglitazone improves insulin action and normalizes menstrual cycles in a majority of prenatally androgenized female rhesus monkeys. <i>Reproductive Toxicology</i> , 2007 , 23, 438-48	3.4	38
63	Polycystic ovary syndrome and its developmental origins. <i>Reviews in Endocrine and Metabolic Disorders</i> , 2007 , 8, 127-41	10.5	223
62	Molecular abnormalities in oocytes from women with polycystic ovary syndrome revealed by microarray analysis. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2007 , 92, 705-13	5.6	220
61	Increased adiposity enhances intrafollicular estradiol levels in normoandrogenic ovulatory women receiving gonadotropin-releasing hormone analog/recombinant human follicle-stimulating hormone therapy for in vitro fertilization. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2007 , 92, 1438-41	5.6	13
60	Meal fatty acid uptake in visceral fat in women. <i>Diabetes</i> , 2007 , 56, 2589-97	0.9	55

59	Follicle luteinization in hyperandrogenic follicles of polycystic ovary syndrome patients undergoing gonadotropin therapy for in vitro fertilization. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2006 , 91, 2327-33	5.6	44
58	Animal Models and Fetal Programming of the Polycystic Ovary Syndrome 2006 , 259-272		3
57	Contributions of androgen and estrogen to fetal programming of ovarian dysfunction. <i>Reproductive Biology and Endocrinology</i> , 2006 , 4, 17	5	74
56	Diagnosis of polycystic ovaries by three-dimensional transvaginal ultrasound. <i>Fertility and Sterility</i> , 2006 , 85, 214-9	4.8	65
55	Early origins of polycystic ovary syndrome. <i>Reproduction, Fertility and Development</i> , 2005 , 17, 349-60	1.8	52
54	Diminished intrafollicular estradiol levels in in vitro fertilization cycles from women with reduced ovarian response to recombinant human follicle-stimulating hormone. <i>Fertility and Sterility</i> , 2005 , 83, 1377-83	4.8	15
53	Adrenal hyperandrogenism is induced by fetal androgen excess in a rhesus monkey model of polycystic ovary syndrome. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2005 , 90, 6630-7	5.6	62
52	Androgen excess fetal programming of female reproduction: a developmental aetiology for polycystic ovary syndrome?. <i>Human Reproduction Update</i> , 2005 , 11, 357-74	15.8	387
51	Insulin and messenger ribonucleic acid expression of insulin receptor isoforms in ovarian follicles from nonhirsute ovulatory women and polycystic ovary syndrome patients. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2004 , 89, 3561-6	5.6	42
50	Nonhuman primates contribute unique understanding to anovulatory infertility in women. <i>ILAR Journal</i> , 2004 , 45, 116-31	1.7	29
49	Vitrification versus programmable rate freezing of late stage murine embryos: a randomized comparison prior to application in clinical IVF. <i>Reproductive BioMedicine Online</i> , 2004 , 8, 558-68	4	33
48	Cumulative first live birth after elective cryopreservation of all embryos due to ovarian hyperresponsiveness. <i>Fertility and Sterility</i> , 2004 , 81, 309-14	4.8	7
47	Reduced intrafollicular androstenedione and estradiol levels in early-treated prenatally androgenized female rhesus monkeys receiving follicle-stimulating hormone therapy for in vitro fertilization. <i>Biology of Reproduction</i> , 2003 , 69, 1213-9	3.9	39
46	Prevalence and predictors of coronary artery calcification in women with polycystic ovary syndrome. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2003 , 88, 2562-8	5.6	297
45	Regional uptake of meal fatty acids in humans. <i>American Journal of Physiology - Endocrinology and Metabolism</i> , 2003 , 285, E1282-8	6	73
44	Increased adiposity in female rhesus monkeys exposed to androgen excess during early gestation. <i>Obesity</i> , 2003 , 11, 279-86		99
43	Treatment of atypical endometrial hyperplasia with an insulin-sensitizing agent. <i>Gynecological Endocrinology</i> , 2003 , 17, 405-7	2.4	56
42	Ultrasound-guided unification of noncommunicating uterine cavities. <i>Journal of the Society of Laparoendoscopic Surgeons</i> , 2003 , 7, 155-7	2.2	2

41	False-positive Y-microdeletion result for a fertile male caused by an alteration under a PCR primer. <i>Journal of Developmental and Physical Disabilities</i> , 2002 , 25, 352-7		13
40	Impaired developmental competence of oocytes in adult prenatally androgenized female rhesus monkeys undergoing gonadotropin stimulation for in vitro fertilization. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2002 , 87, 1111-9	5.6	89
39	Ovarian hyperandrogenism in adult female rhesus monkeys exposed to prenatal androgen excess. <i>Fertility and Sterility</i> , 2002 , 77, 167-72	4.8	120
38	Ovarian morphology and serum hormone markers as predictors of ovarian follicle recruitment by gonadotropins for in vitro fertilization. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2001 , 86, 2538-43	5.6	30
37	Retroperitoneal endometriosis causing unilateral hip pain. <i>Obstetrics and Gynecology</i> , 2001 , 98, 970-2	4.9	4
36	Interstitial heterotopic pregnancy in a woman conceiving by in vitro fertilization after bilateral salpingectomy. <i>Mayo Clinic Proceedings</i> , 2001 , 76, 90-2	6.4	36
35	Fetal programming of polycystic ovary syndrome 2001 , 262-287		4
34	Retroperitoneal Endometriosis Causing Unilateral Hip Pain. <i>Obstetrics and Gynecology</i> , 2001 , 98, 970-972	4.9	2
33	Ovarian Morphology and Serum Hormone Markers as Predictors of Ovarian Follicle Recruitment by Gonadotropins for in Vitro Fertilization. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2001 , 86, 2538-43	5.6	21
32	Immunolocalization of Fas and Fas ligand in the ovaries of women with polycystic ovary syndrome: relationship to apoptosis. <i>Human Reproduction</i> , 2000 , 15, 1889-97	5.7	41
31	The effects of tamoxifen on the vaginal epithelium in postmenopausal women. <i>Journal of Womens Health and Gender-Based Medicine</i> , 2000 , 9, 559-63		9
30	Timing of prenatal androgen excess determines differential impairment in insulin secretion and action in adult female rhesus monkeys. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2000 , 85, 1206-10	5.6	132
29	The effect of estrogen replacement therapy on total plasma homocysteine in healthy postmenopausal women. <i>Mayo Clinic Proceedings</i> , 2000 , 75, 18-23	6.4	28
28	Reply of the authors:. <i>Fertility and Sterility</i> , 2000 , 73, 1068-1069	4.8	0
27	Relationship of embryo cryopreservation to cost-effectiveness of ART. <i>Fertility and Sterility</i> , 2000 , 74, 613-4	4.8	1
26	Embryo cryopreservation at the pronuclear stage and efficient embryo use optimizes the chance for a liveborn infant from a single oocyte retrieval. <i>Fertility and Sterility</i> , 2000 , 73, 767-73	4.8	36
25	Timing of Prenatal Androgen Excess Determines Differential Impairment in Insulin Secretion and Action in Adult Female Rhesus Monkeys. <i>Journal of Clinical Endocrinology and Metabolism</i> , 2000 , 85, 1206-1210	5.6	113
24	A randomized trial of blastocyst culture and transfer in in-vitro fertilization. <i>Human Reproduction</i> , 1999 , 14, 1663	5.7	3

23	Anonymous oocyte donation performed exclusively with embryos cryopreserved at the pronuclear stage. <i>Fertility and Sterility</i> , 1999 , 71, 830-5	4.8	8
22	Insulin action during variable hyperglycemic-hyperinsulinemic infusions in hyperandrogenic anovulatory patients and healthy women. <i>Fertility and Sterility</i> , 1999 , 72, 458-66	4.8	8
21	Crinone 8% vaginal progesterone gel results in lower embryonic implantation efficiency after in vitro fertilization-embryo transfer. <i>Fertility and Sterility</i> , 1999 , 72, 830-6	4.8	39
20	Pronuclear stage cryopreservation after intracytoplasmic sperm injection and conventional IVF: implications for timing of the freeze. <i>Fertility and Sterility</i> , 1999 , 72, 1049-54	4.8	37
19	Insights into the development of polycystic ovary syndrome (PCOS) from studies of prenatally androgenized female rhesus monkeys. <i>Trends in Endocrinology and Metabolism</i> , 1998 , 9, 62-7	8.8	170
18	Initial evaluation and treatment of infertility in a primary-care setting. <i>Mayo Clinic Proceedings</i> , 1998 , 73, 681-5	6.4	4
17	Pituitary desensitization to gonadotropin-releasing hormone increases abdominal adiposity in hyperandrogenic anovulatory women. <i>Fertility and Sterility</i> , 1998 , 70, 94-101	4.8	36
16	Blood on the embryo transfer catheter is associated with decreased rates of embryo implantation and clinical pregnancy with the use of in vitro fertilization-embryo transfer. <i>Fertility and Sterility</i> , 1998 , 70, 878-82	4.8	121
15	Pilot evaluation of venlafaxine hydrochloride for the therapy of hot flashes in cancer survivors. <i>Journal of Clinical Oncology</i> , 1998 , 16, 2377-81	2.2	206
14	Prenatal exposure of female rhesus monkeys to testosterone propionate increases serum luteinizing hormone levels in adulthood. <i>Fertility and Sterility</i> , 1997 , 67, 155-63	4.8	132
13	Polycystic ovary syndrome. <i>Endocrinology and Metabolism Clinics of North America</i> , 1997 , 26, 893-912	5.5	54
