

Louisa Jorm

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/7367691/louisa-jorm-publications-by-year.pdf>

Version: 2024-04-25

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
195	Comparison of long-term outcomes of bioprosthetic and mechanical aortic valve replacement in patients younger than 65 years.. <i>Journal of Thoracic and Cardiovascular Surgery</i> , 2022 ,	1.5	2
194	Extract, transform, load framework for the conversion of health databases to OMOP.. <i>PLoS ONE</i> , 2022 , 17, e0266911	3.7	0
193	Rates of Low-Value Service in Australian Public Hospitals and the Association With Patient Insurance Status. <i>JAMA Network Open</i> , 2021 , 4, e2138543	10.4	0
192	Examining area-level variation in service organisation and delivery across the breadth of primary healthcare. Usefulness of measures constructed from routine data. <i>PLoS ONE</i> , 2021 , 16, e0260615	3.7	1
191	Changing Practice: Procedural Volume of Transcatheter Aortic Valve Implantation by Age and Funding in New South Wales, 2002-2018. <i>Heart Lung and Circulation</i> , 2021 ,	1.8	
190	Use of health and aged care services in Australia following hospital admission for myocardial infarction, stroke or heart failure. <i>BMC Geriatrics</i> , 2021 , 21, 538	4.1	0
189	The impact of dementia on aged care service transitions in the last five years of life. <i>Age and Ageing</i> , 2021 , 50, 1159-1165	3	0
188	Performance of six birth-weight and estimated-fetal-weight standards for predicting adverse perinatal outcome: a 10-year nationwide population-based study. <i>Ultrasound in Obstetrics and Gynecology</i> , 2021 , 58, 264-277	5.8	7
187	Incorporating real-world evidence into the development of patient blood glucose prediction algorithms for the ICU. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2021 , 28, 1642-1650	8.6	2
186	Impact of pre-surgery hospital transfer on time to surgery and 30-day mortality for people with hip fractures. <i>Medical Journal of Australia</i> , 2021 , 215, 87-88	4	1
185	Burden of cardiovascular diseases in older adults using aged care services. <i>Age and Ageing</i> , 2021 , 50, 1845-1849	3	0
184	Does a Prescription-based Comorbidity Index Correlate with the American Society of Anesthesiologists Physical Status Score and Mortality After Joint Arthroplasty? A Registry Study. <i>Clinical Orthopaedics and Related Research</i> , 2021 , 479, 2181-2190	2.2	
183	Vaccinating Australia: How long will it take?. <i>Vaccine</i> , 2021 ,	4.1	1
182	Commentary: Towards machine learning-enabled epidemiology. <i>International Journal of Epidemiology</i> , 2021 , 49, 1770-1773	7.8	0
181	Medications used disproportionately during pregnancy: Priorities for research on the risks and benefits of medications when used during pregnancy. <i>Pharmacoepidemiology and Drug Safety</i> , 2021 , 30, 53-64	2.6	0
180	Identifying preventable risk factors for hospitalised asthma in young Aboriginal children: a whole-population cohort study. <i>Thorax</i> , 2021 , 76, 539-546	7.3	2
179	Psychotropic medicine prescribing and polypharmacy for people with dementia entering residential aged care: the influence of changing general practitioners. <i>Medical Journal of Australia</i> , 2021 , 215, 130-136	4	2

178	The Comparative Effectiveness of Varenicline and Nicotine Patches for Smoking Abstinence During Pregnancy: Evidence From a Population-based Cohort Study. <i>Nicotine and Tobacco Research</i> , 2021 , 23, 1664-1672	4.9	1
177	A bespoke data linkage of an IVF clinical quality registry to population health datasets; methods and performance. <i>International Journal of Population Data Science</i> , 2021 , 6, 1679	1.4	0
176	How Much Is a Human Life Worth? A Systematic Review. <i>Value in Health</i> , 2021 , 24, 1531-1541	3.3	3
175	A Versatile Big Data Health System for Australia: Driving Improvements in Cardiovascular Health. <i>Heart Lung and Circulation</i> , 2021 , 30, 1467-1476	1.8	2
174	Sex differences in emergency medical services management of patients with myocardial infarction: analysis of routinely collected data for over 110,000 patients. <i>American Heart Journal</i> , 2021 , 241, 87-91	4.9	1
173	Predicting cardiovascular risk from national administrative databases using a combined survival analysis and deep learning approach.. <i>International Journal of Epidemiology</i> , 2021 ,	7.8	1
172	Measuring dementia incidence within a cohort of 267,153 older Australians using routinely collected linked administrative data. <i>Scientific Reports</i> , 2020 , 10, 8781	4.9	7
171	Use of smoking cessation pharmacotherapies during pregnancy is not associated with increased risk of adverse pregnancy outcomes: a population-based cohort study. <i>BMC Medicine</i> , 2020 , 18, 15	11.4	9
170	Sex and gender in health research: updating policy to reflect evidence. <i>Medical Journal of Australia</i> , 2020 , 212, 57-62.e1	4	13
169	Impact of Prior Home Care on Length of Stay in Residential Care for Australians With Dementia. <i>Journal of the American Medical Directors Association</i> , 2020 , 21, 843-850.e5	5.9	4
168	Antiplatelet therapy within 30 days of percutaneous coronary intervention with stent implantation. <i>Medical Journal of Australia</i> , 2020 , 213, 124-125	4	0
167	Benchmarking Deep Learning Architectures for Predicting Readmission to the ICU and Describing Patients-at-Risk. <i>Scientific Reports</i> , 2020 , 10, 1111	4.9	23
166	Parity: A key measure of confounding in data-linkage studies of outcomes after medically assisted reproduction. <i>International Journal of Population Data Science</i> , 2020 , 5, 1119	1.4	
165	Age-stratified outcomes of bioprosthetic and mechanical aortic valve replacements in an Australian cohort of 13 377 patients.. <i>BMJ Surgery, Interventions, and Health Technologies</i> , 2020 , 2, e000036	1.2	1
164	Flexible, Freely Available Stochastic Individual Contact Model for Exploring COVID-19 Intervention and Control Strategies: Development and Simulation. <i>JMIR Public Health and Surveillance</i> , 2020 , 6, e18965	11.4	5
163	Identifying young Aboriginal and Torres Strait Islander children in linked administrative data: A comparison of methods. <i>International Journal of Population Data Science</i> , 2020 , 5, 1100	1.4	2
162	Role of maternal age at birth in child development among Indigenous and non-Indigenous Australian children in their first school year: a population-based cohort study. <i>The Lancet Child and Adolescent Health</i> , 2020 , 4, 46-57	14.5	2
161	Does parity matter in women's risk of dementia? A COSMIC collaboration cohort study. <i>BMC Medicine</i> , 2020 , 18, 210	11.4	4

160	Cumulative Incidence of Child Protection Services Involvement Before Age 5 Years in 153 670 Australian Children. <i>JAMA Pediatrics</i> , 2020 , 174, 995-997	8.3	2
159	Infant, maternal and demographic predictors of delayed vaccination: A population-based cohort study. <i>Vaccine</i> , 2020 , 38, 6057-6064	4.1	5
158	Reply. <i>Annals of Thoracic Surgery</i> , 2020 , 109, 613-614	2.7	
157	Identifying low value pathology test ordering in hospitalised patients: a retrospective cohort study across two hospitals. <i>Pathology</i> , 2019 , 51, 621-627	1.6	2
156	Identifying patients using antidepressants for the treatment of depression: A predictive algorithm for use in pharmaceutical and medical claims data. <i>Pharmacoepidemiology and Drug Safety</i> , 2019 , 28, 354-361	2.6	2
155	School starting age and child development in a state-wide, population-level cohort of children in their first year of school in New South Wales, Australia. <i>Early Childhood Research Quarterly</i> , 2019 , 48, 325-340	3.3	8
154	Reintervention and Survival After Limited Lung Resection for Lung Cancer Treatment in Australia. <i>Annals of Thoracic Surgery</i> , 2019 , 107, 1507-1514	2.7	2
153	The impact of quality and accessibility of primary care on emergency admissions for a range of chronic ambulatory care sensitive conditions (ACSCs) in Scotland: longitudinal analysis. <i>BMC Family Practice</i> , 2019 , 20, 32	2.6	7
152	Are we closing the Aboriginal child injury gap? A cohort study. <i>Australian and New Zealand Journal of Public Health</i> , 2019 , 43, 15-17	2.3	
151	Increasing the capacity of policy agencies to use research findings: a stepped-wedge trial. <i>Health Research Policy and Systems</i> , 2019 , 17, 14	3.7	8
150	Nationally linked data to improve health services and policy. <i>Medical Journal of Australia</i> , 2019 , 211, 397-398.e15		
149	Adverse perinatal outcomes in immigrants: A ten-year population-based observational study and assessment of growth charts. <i>Paediatric and Perinatal Epidemiology</i> , 2019 , 33, 421-432	2.7	7
148	Automated Analysis of Domestic Violence Police Reports to Explore Abuse Types and Victim Injuries: Text Mining Study. <i>Journal of Medical Internet Research</i> , 2019 , 21, e13067	7.6	11
147	Demographic and clinical characteristics of hospitalised unintentional poisoning in Aboriginal and non-Aboriginal preschool children in New South Wales, Australia: a population data linkage study. <i>BMJ Open</i> , 2019 , 9, e022633	3	3
146	Do hospitals influence geographic variation in admission for preventable hospitalisation? A data linkage study in New South Wales, Australia. <i>BMJ Open</i> , 2019 , 9, e027639	3	3
145	Travel times to hospitals in Australia. <i>Scientific Data</i> , 2019 , 6, 248	8.2	11
144	Evidence-Practice Gaps in Postdischarge Initiation With Oral Anticoagulants in Patients With Atrial Fibrillation. <i>Journal of the American Heart Association</i> , 2019 , 8, e014287	6	5
143	Maintain Your Brain: Protocol of a 3-Year Randomized Controlled Trial of a Personalized Multi-Modal Digital Health Intervention to Prevent Cognitive Decline Among Community Dwelling 55 to 77 Year Olds. <i>Journal of Alzheimer's Disease</i> , 2019 , 70, S221-S237	4.3	26

142	Health related outcomes among people with type 2 diabetes by country of birth: Result from the 45 and Up Study. <i>Primary Care Diabetes</i> , 2019 , 13, 71-81	2.4	5
141	Reoperation after breast-conserving surgery for cancer in Australia: statewide cohort study of linked hospital data. <i>BMJ Open</i> , 2018 , 8, e020858	3	16
140	High rates of hospitalised burn injury in Indigenous children living in remote areas: a population data linkage study. <i>Australian and New Zealand Journal of Public Health</i> , 2018 , 42, 108-109	2.3	4
139	Predictive risk modelling under different data access scenarios: who is identified as high risk and for how long?. <i>BMJ Open</i> , 2018 , 8, e018909	3	5
138	Exploring factors impacting early childhood health among Aboriginal and Torres Strait Islander families and communities: protocol for a population-based cohort study using data linkage (the Defying the Odds Study). <i>BMJ Open</i> , 2018 , 8, e021236	3	7
137	Trends in Use of Risk-Reducing Mastectomy in a Context of Celebrity Decisions and Media Coverage: An Observational Study in the United States and Australia. <i>Health Services Research</i> , 2018 , 53 Suppl 1, 2682-2695	3.4	3
136	Using Weighted Hospital Service Area Networks to Explore Variation in Preventable Hospitalization. <i>Health Services Research</i> , 2018 , 53 Suppl 1, 3148-3169	3.4	5
135	Overcoming the data drought: exploring general practice in Australia by network analysis of big data. <i>Medical Journal of Australia</i> , 2018 , 209, 68-73	4	5
134	Automatic Extraction of Mental Health Disorders From Domestic Violence Police Narratives: Text Mining Study. <i>Journal of Medical Internet Research</i> , 2018 , 20, e11548	7.6	12
133	Claims-based measures of continuity of care have non-linear associations with health: data linkage study. <i>International Journal of Population Data Science</i> , 2018 , 3, 463	1.4	0
132	Gestational Age and Child Development at Age Five in a Population-Based Cohort of Australian Aboriginal and Non-Aboriginal Children. <i>Paediatric and Perinatal Epidemiology</i> , 2018 , 32, 114-125	2.7	13
131	Tobacco policy reform and population-wide antismoking activities in Australia: the impact on smoking during pregnancy. <i>Tobacco Control</i> , 2018 , 27, 552-559	5.3	4
130	Emergency Department Attendance after Telephone Triage: A Population-Based Data Linkage Study. <i>Health Services Research</i> , 2018 , 53, 1137-1162	3.4	11
129	Maternal and perinatal outcomes associated with the use of renin-angiotensin system (RAS) blockers for chronic hypertension in early pregnancy. <i>Pregnancy Hypertension</i> , 2018 , 14, 156-161	2.6	11
128	Maternal age and offspring developmental vulnerability at age five: A population-based cohort study of Australian children. <i>PLoS Medicine</i> , 2018 , 15, e1002558	11.6	21
127	Multimorbidity among Aboriginal people in New South Wales contributes significantly to their higher mortality. <i>Medical Journal of Australia</i> , 2018 , 209, 19-23	4	28
126	Closing the Aboriginal child injury gap: targets for injury prevention. <i>Australian and New Zealand Journal of Public Health</i> , 2017 , 41, 8-14	2.3	8
125	Data cleaning and management protocols for linked perinatal research data: a good practice example from the Smoking MUMS (Maternal Use of Medications and Safety) Study. <i>BMC Medical Research Methodology</i> , 2017 , 17, 97	4.7	12

124	Compliance with telephone triage advice among adults aged 45 years and older: an Australian data linkage study. <i>BMC Health Services Research</i> , 2017 , 17, 512	2.9	12
123	Data Resource Profile: Seeding Success: a cross-sectoral data resource for early childhood health and development research in Australian Aboriginal and non-Aboriginal children. <i>International Journal of Epidemiology</i> , 2017 , 46, 1365-1366j	7.8	8
122	Indigenous and non-Indigenous Australian children hospitalised for burn injuries: a population data linkage study. <i>Medical Journal of Australia</i> , 2017 , 206, 392-397	4	8
121	Assisted reproductive technology in Australia and New Zealand: cumulative live birth rates as measures of success. <i>Medical Journal of Australia</i> , 2017 , 207, 114-118	4	45
120	Multimorbidity in Australia: Comparing estimates derived using administrative data sources and survey data. <i>PLoS ONE</i> , 2017 , 12, e0183817	3.7	35
119	Probabilistic linkage of national immunisation and state-based health records for a cohort of 1.9 million births to evaluate Australia's childhood immunisation program. <i>International Journal of Population Data Science</i> , 2017 , 2, 406	1.4	8
118	Access to Subsidized Smoking Cessation Medications by Australian Smokers Aged 45 Years and Older: A Population-Based Cohort Study. <i>Nicotine and Tobacco Research</i> , 2017 , 19, 342-350	4.9	3
117	Inequalities in Hospitalized Unintentional Injury Between Aboriginal and Non-Aboriginal Children in New South Wales, Australia. <i>American Journal of Public Health</i> , 2016 , 106, 899-905	5.1	15
116	Maximising follow-up participation rates in a large scale 45 and Up Study in Australia. <i>Emerging Themes in Epidemiology</i> , 2016 , 13, 6	3.9	18
115	Variation in the use of primary care services for diabetes management according to country of birth and geography among older Australians. <i>Primary Care Diabetes</i> , 2016 , 10, 66-74	2.4	2
114	Relationship between use of general practice and healthcare costs at the end of life: a data linkage study in New South Wales, Australia. <i>BMJ Open</i> , 2016 , 6, e009410	3	7
113	Inequalities in pediatric avoidable hospitalizations between Aboriginal and non-Aboriginal children in Australia: a population data linkage study. <i>BMC Pediatrics</i> , 2016 , 16, 169	2.6	14
112	Visualising linked health data to explore health events around preventable hospitalisations in NSW Australia. <i>BMJ Open</i> , 2016 , 6, e012031	3	7
111	Association of processes of primary care and hospitalisation for people with diabetes: A record linkage study. <i>Diabetes Research and Clinical Practice</i> , 2015 , 108, 296-305	7.4	22
110	Impact of diabetes on hospital admission and length of stay among a general population aged 45 year or more: a record linkage study. <i>BMC Health Services Research</i> , 2015 , 15, 12	2.9	45
109	The SPIRIT Action Framework: A structured approach to selecting and testing strategies to increase the use of research in policy. <i>Social Science and Medicine</i> , 2015 , 136-137, 147-55	5.1	51
108	Smoking and potentially preventable hospitalisation: the benefit of smoking cessation in older ages. <i>Drug and Alcohol Dependence</i> , 2015 , 150, 85-91	4.9	18
107	Inequalities in unintentional injuries between indigenous and non-indigenous children: a systematic review. <i>Injury Prevention</i> , 2015 , 21, e144-52	3.2	27

106	Using linked birth, notification, hospital and mortality data to examine false-positive meningococcal disease reporting and adjust disease incidence estimates for children in New South Wales, Australia. <i>Epidemiology and Infection</i> , 2015 , 143, 2570-9	4.3	5
105	Recruiting general practitioners for surveys: reflections on the difficulties and some lessons learned. <i>Australian Journal of Primary Health</i> , 2015 , 21, 254-8	1.4	51
104	Diagnosing Potentially Preventable Hospitalisations (DaPPHne): protocol for a mixed-methods data-linkage study. <i>BMJ Open</i> , 2015 , 5, e009879	3	12
103	Country-of-birth differences in adverse health behaviours among people with type 2 diabetes. <i>Australian and New Zealand Journal of Public Health</i> , 2015 , 39, 250-4	2.3	2
102	Sociodemographic and health characteristics, rather than primary care supply, are major drivers of geographic variation in preventable hospitalizations in Australia. <i>Medical Care</i> , 2015 , 53, 436-45	3.1	55
101	What factors contribute to positive early childhood health and development in Australian Aboriginal children? Protocol for a population-based cohort study using linked administrative data (The Seeding Success Study). <i>BMJ Open</i> , 2015 , 5, e007898	3	8
100	Effects of acculturation on lifestyle and health status among older Vietnam-born Australians. <i>Asia-Pacific Journal of Public Health</i> , 2015 , 27, NP2259-74	2	8
99	The relationship between body mass index and hospitalisation rates, days in hospital and costs: findings from a large prospective linked data study. <i>PLoS ONE</i> , 2015 , 10, e0118599	3.7	22
98	Association of Continuity of Primary Care and Statin Adherence. <i>PLoS ONE</i> , 2015 , 10, e0140008	3.7	17
97	Routinely collected data as a strategic resource for research: priorities for methods and workforce. <i>Public Health Research and Practice</i> , 2015 , 25, e2541540	5.1	32
96	Exploring disparities in acute myocardial infarction events between Aboriginal and non-Aboriginal Australians: roles of age, gender, geography and area-level disadvantage. <i>Health and Place</i> , 2014 , 28, 58-66	4.6	8
95	Change in smoking status during two consecutive pregnancies: a population-based cohort study. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2014 , 121, 1611-20	3.7	7
94	Type 2 diabetes hospitalisation and mortality in Vietnamese immigrants in Australia. <i>Diabetes Research and Clinical Practice</i> , 2014 , 104, e12-5	7.4	2
93	Estimating the burden of pertussis in young children on hospitals and emergency departments: a study using linked routinely collected data. <i>Epidemiology and Infection</i> , 2014 , 142, 695-705	4.3	6
92	Health behaviours and potentially preventable hospitalisation: a prospective study of older Australian adults. <i>PLoS ONE</i> , 2014 , 9, e93111	3.7	17
91	The contribution of geography to disparities in preventable hospitalisations between indigenous and non-indigenous Australians. <i>PLoS ONE</i> , 2014 , 9, e97892	3.7	6
90	Variation in the recording of common health conditions in routine hospital data: study using linked survey and administrative data in New South Wales, Australia. <i>BMJ Open</i> , 2014 , 4, e005768	3	34
89	Psychological distress and comorbid physical conditions: disease or disability?. <i>Depression and Anxiety</i> , 2014 , 31, 524-32	8.4	34

88	Disparities in cataract surgery between Aboriginal and non-Aboriginal people in New South Wales, Australia. <i>Clinical and Experimental Ophthalmology</i> , 2014 , 42, 629-36	2.4	3
87	Linking birth records to hospital admission records enhances the identification of women who smoke during pregnancy. <i>Australian and New Zealand Journal of Public Health</i> , 2014 , 38, 258-64	2.3	12
86	Supporting Policy In health with Research: an Intervention Trial (SPIRIT)-protocol for a stepped wedge trial. <i>BMJ Open</i> , 2014 , 4, e005293	3	32
85	Prevalence and risk factors of type 2 diabetes in older Vietnam-born Australians. <i>Journal of Community Health</i> , 2014 , 39, 99-107	4	7
84	Hospitalisations for pelvic inflammatory disease temporally related to a diagnosis of Chlamydia or gonorrhoea: a retrospective cohort study. <i>PLoS ONE</i> , 2014 , 9, e94361	3.7	20
83	Risk adjustment for smoking identified through tobacco use diagnoses in hospital data: a validation study. <i>PLoS ONE</i> , 2014 , 9, e95029	3.7	14
82	Factors influencing adherence in long-term use of statins. <i>Pharmacoepidemiology and Drug Safety</i> , 2013 , 22, 1298-307	2.6	52
81	Independent roles of country of birth and socioeconomic status in the occurrence of type 2 diabetes. <i>BMC Public Health</i> , 2013 , 13, 1223	4.1	19
80	Statistical methods to enhance reporting of Aboriginal Australians in routine hospital records using data linkage affect estimates of health disparities. <i>Australian and New Zealand Journal of Public Health</i> , 2013 , 37, 442-9	2.3	31
79	Disentangling the impacts of geography and Aboriginality on serious road transport injuries in New South Wales. <i>Accident Analysis and Prevention</i> , 2013 , 54, 32-8	6.1	8
78	A nested case-control analysis of self-reported physical functioning after total knee replacement surgery in the 45 and Up Study Cohort. <i>BMJ Open</i> , 2013 , 3,	3	5
77	The Smoking MUMS (Maternal Use of Medications and Safety) Study: protocol for a population-based cohort study using linked administrative data. <i>BMJ Open</i> , 2013 , 3, e003692	3	16
76	Inequalities in ventilation tube insertion procedures between Aboriginal and non-Aboriginal children in New South Wales, Australia: a data linkage study. <i>BMJ Open</i> , 2013 , 3, e003807	3	3
75	Use of serotonergic antidepressants and St John's wort in older Australians: a population-based cohort study. <i>Australasian Psychiatry</i> , 2013 , 21, 262-6	1.7	4
74	Disparities in revascularization rates after acute myocardial infarction between aboriginal and non-aboriginal people in Australia. <i>Circulation</i> , 2013 , 127, 811-9	16.7	23
73	Prospective cohort study of body mass index and the risk of hospitalisation: findings from 246361 participants in the 45 and Up Study. <i>International Journal of Obesity</i> , 2013 , 37, 790-9	5.5	27
72	Chlamydia and gonorrhoea infections and the risk of adverse obstetric outcomes: a retrospective cohort study. <i>Sexually Transmitted Infections</i> , 2013 , 89, 672-8	2.8	59
71	P3.010 Comparison of the Rate of Hospitalisation For Pelvic Inflammatory Disease (PID) Following a Diagnosis of Chlamydia or Gonorrhoea in Women Resident in New South Wales, Australia. <i>Sexually Transmitted Infections</i> , 2013 , 89, A150.3-A151	2.8	

70	Validating self-report of diabetes use by participants in the 45 and Up Study: a record linkage study. <i>BMC Health Services Research</i> , 2013 , 13, 481	2.9	57
69	Quantifying under-reporting of pathology tests in Medical Benefits Schedule claims data. <i>Australian Health Review</i> , 2013 , 37, 649-53	1.8	11
68	Country of birth recording in Australian hospital morbidity data: accuracy and predictors. <i>Australian and New Zealand Journal of Public Health</i> , 2012 , 36, 310-316	2.3	12
67	Physical activity and psychological distress in older men: findings from the New South Wales 45 and up study. <i>Journal of Aging and Physical Activity</i> , 2012 , 20, 300-16	1.6	14
66	Mortality after admission for acute myocardial infarction in Aboriginal and non-Aboriginal people in New South Wales, Australia: a multilevel data linkage study. <i>BMC Public Health</i> , 2012 , 12, 281	4.1	22
65	Smoking and use of primary care services: findings from a population-based cohort study linked with administrative claims data. <i>BMC Health Services Research</i> , 2012 , 12, 263	2.9	34
64	Characteristics of Australian cohort study participants who do and do not take up an additional invitation to join a long-term biobank: The 45 and Up Study. <i>BMC Research Notes</i> , 2012 , 5, 655	2.3	16
63	Randomised trial investigating the relationship of response rate for blood sample donation to site of biospecimen collection, fasting status and reminder letter: the 45 and Up Study. <i>BMC Medical Research Methodology</i> , 2012 , 12, 147	4.7	2
62	Inequalities in bariatric surgery in Australia: findings from 49,364 obese participants in a prospective cohort study. <i>Medical Journal of Australia</i> , 2012 , 197, 631-6	4	38
