#	ARTICLE	IF	CITATIONS
1	Community Health Workers in Low-, Middle-, and High-Income Countries: An Overview of Their History, Recent Evolution, and Current Effectiveness. <i>Annual Review of Public Health</i> , 2014, 35, 399-421.	7.6	570
2	Evidence on feasibility and effective use of community health strategies by frontline health workers in developing countries: systematic review. <i>Tropical Medicine and International Health</i> , 2015, 20, 1003-1014.	1.0	362
3	What do we know about community-based health worker programs? A systematic review of existing reviews on community health workers. <i>Human Resources for Health</i> , 2018, 16, 39.	1.1	353
4	Community participation: lessons for maternal, newborn, and child health. <i>Lancet</i> , 2008, 372, 962-971.	6.3	285
5	Community-based approaches and partnerships: innovations in health-service delivery in Bangladesh. <i>Lancet</i> , 2013, 382, 2012-2026.	6.3	178
6	Health policy and system support to optimise community health worker programmes: an abridged WHO guideline. <i>The Lancet Global Health</i> , 2018, 6, e1397-e1404.	2.9	154
7	Effectiveness of a lifestyle intervention led by female community health volunteers versus usual care in blood pressure reduction (COBIN): an open-label, cluster-randomised trial. <i>The Lancet Global Health</i> , 2018, 6, e66-e73.	2.9	124
8	Comprehensive review of the evidence regarding the effectiveness of community-based primary health care in improving maternal, neonatal and child health: 8. summary and recommendations of the Expert Panel. <i>Journal of Global Health</i> , 2017, 7, 010908.	1.2	111
9	Care Groups I: An Innovative Community-Based Strategy for Improving Maternal, Neonatal, and Child Health in Resource-Constrained Settings. <i>Global Health, Science and Practice</i> , 2015, 3, 358-369.	0.6	62
10	Mitigation of non-communicable diseases in developing countries with community health workers. <i>Globalization and Health</i> , 2015, 11, 43.	2.4	61
11	Community health worker programmes after the 2013-2016 Ebola outbreak. <i>Bulletin of the World Health Organization</i> , 2016, 94, 551-553.	1.5	60
12	Comprehensive review of the evidence regarding the effectiveness of community-based primary health care in improving maternal, neonatal and child health: 3. neonatal health findings. <i>Journal of Global Health</i> , 2017, 7, 010903.	1.2	54
13	Strategic partnering to improve community health worker programming and performance: features of a community-health system integrated approach. <i>Human Resources for Health</i> , 2015, 13, 46.	1.1	53
14	Reducing child global undernutrition at scale in Sofala Province, Mozambique, using Care Group Volunteers to communicate health messages to mothers. <i>Global Health, Science and Practice</i> , 2013, 1, 35-51.	0.6	46
15	Attaining health for all through community partnerships: principles of the census-based, impact-oriented (CBIO) approach to primary health care developed in Bolivia, South America. <i>Social Science and Medicine</i> , 1999, 48, 1053-1067.	1.8	45
16	Examining the evidence of under-five mortality reduction in a community-based programme in Gaza, Mozambique. <i>Transactions of the Royal Society of Tropical Medicine and Hygiene</i> , 2007, 101, 814-822.	0.7	45
17	Comprehensive review of the evidence regarding the effectiveness of community-based primary health care in improving maternal, neonatal and child health: 4. child health findings. <i>Journal of Global Health</i> , 2017, 7, 010904.	1.2	45
18	Community health workers at the dawn of a new era: 11. CHWs leading the way to "Health for All". <i>Health Research Policy and Systems</i> , 2021, 19, 111.	1.1	45

#	ARTICLE	IF	CITATIONS
19	Comprehensive review of the evidence regarding the effectiveness of community-based primary health care in improving maternal, neonatal and child health: 6. strategies used by effective projects. Journal of Global Health, 2017, 7, 010906.	1.2	43
20	Comprehensive review of the evidence regarding the effectiveness of community-based primary health care in improving maternal, neonatal and child health: 1. rationale, methods and database description. Journal of Global Health, 2017, 7, 010901.	1.2	43
21	Risk Factors for Diarrhea in Children Under Five Years of Age Residing in Peri-urban Communities in Cochabamba, Bolivia. American Journal of Tropical Medicine and Hygiene, 2014, 91, 1190-1196.	0.6	41
22	Comprehensive review of the evidence regarding the effectiveness of community-based primary health care in improving maternal, neonatal and child health: 2. maternal health findings. Journal of Global Health, 2017, 7, 010902.	1.2	40
23	Community health workers at the dawn of a new era: 9. CHWs' relationships with the health system and communities. Health Research Policy and Systems, 2021, 19, 116.	1.1	39
24	Community health workers at the dawn of a new era: 6. Recruitment, training, and continuing education. Health Research Policy and Systems, 2021, 19, 113.	1.1	39
25	Community health workers for non-communicable diseases. The Lancet Global Health, 2014, 2, e567.	2.9	37
26	Care Groups II: A Summary of the Child Survival Outcomes Achieved Using Volunteer Community Health Workers in Resource-Constrained Settings. Global Health, Science and Practice, 2015, 3, 370-381.	0.6	37
27	Community health workers at the dawn of a new era: 5. Roles and tasks. Health Research Policy and Systems, 2021, 19, 128.	1.1	36
28	A Cluster Randomized Controlled Trial to Reduce Childhood Diarrhea Using Hollow Fiber Water Filter and/or Hygiene-Sanitation Educational Interventions. American Journal of Tropical Medicine and Hygiene, 2014, 91, 190-197.	0.6	34
29	Expanding the population coverage of evidence-based interventions with community health workers to save the lives of mothers and children: an analysis of potential global impact using the Lives Saved Tool (LiST). Journal of Global Health, 2017, 7, 020401.	1.2	34
30	Community health workers at the dawn of a new era: 1. Introduction: tensions confronting large-scale CHW programmes. Health Research Policy and Systems, 2021, 19, 109.	1.1	34
31	Communities, universal health coverage and primary health care. Bulletin of the World Health Organization, 2020, 98, 773-780.	1.5	33
32	Community health workers at the dawn of a new era: 4. Programme financing. Health Research Policy and Systems, 2021, 19, 107.	1.1	33
33	Casas Maternas in the Rural Highlands of Guatemala: A Mixed-Methods Case Study of the Introduction and Utilization of Birthing Facilities by an Indigenous Population. Global Health, Science and Practice, 2016, 4, 114-131.	0.6	32
34	Comprehensive review of the evidence regarding the effectiveness of community-based primary health care in improving maternal, neonatal and child health: 7. shared characteristics of projects with evidence of long-term mortality impact. Journal of Global Health, 2017, 7, 010907.	1.2	32
35	Community Involvement in Health Systems Strengthening to Improve Global Health Outcomes: A Review of Guidelines and Potential Roles. International Quarterly of Community Health Education, 2017, 37, 139-149.	0.4	30
36	Impact of a community-based comprehensive primary healthcare programme on infant and child mortality in Bolivia. Journal of Health, Population and Nutrition, 2003, 21, 383-95.	0.7	30

#	ARTICLE	IF	CITATIONS
37	Comprehensive review of the evidence regarding the effectiveness of community-based primary health care in improving maternal, neonatal and child health: 5. equity effects for neonates and children. <i>Journal of Global Health</i> , 2017, 7, 010905.	1.2	29
38	Community health workers at the dawn of a new era: 8. Incentives and remuneration. <i>Health Research Policy and Systems</i> , 2021, 19, 106.	1.1	29
39	Evaluation of the effectiveness of care groups in expanding population coverage of Key child survival interventions and reducing under-5 mortality: a comparative analysis using the lives saved tool (LiST). <i>BMC Public Health</i> , 2015, 15, 835.	1.2	28
40	A new resource for developing and strengthening large-scale community health worker programs. <i>Human Resources for Health</i> , 2017, 15, 13.	1.1	28
41	First Steps in Initiating an Effective Maternal, Neonatal, and Child Health Program in Urban Slums: the BRAC Manoshi Project's Experience with Community Engagement, Social Mapping, and Census Taking in Bangladesh. <i>Journal of Urban Health</i> , 2016, 93, 6-18.	1.8	27
42	Health for the People: Past, Current, and Future Contributions of National Community Health Worker Programs to Achieving Global Health Goals. <i>Global Health, Science and Practice</i> , 2021, 9, 1-9.	0.6	27
43	Community health workers at the dawn of a new era. <i>Health Research Policy and Systems</i> , 2021, 19, 130.	1.1	25
44	Community-based intervention for blood pressure reduction in Nepal (COBIN trial): study protocol for a cluster-randomized controlled trial. <i>Trials</i> , 2016, 17, 292.	0.7	24
45	Development assistance for community health workers in 114 low- and middle-income countries, 2007-2017. <i>Bulletin of the World Health Organization</i> , 2020, 98, 30-39.	1.5	21
46	Community health workers at the dawn of a new era: 2. Planning, coordination, and partnerships. <i>Health Research Policy and Systems</i> , 2021, 19, 103.	1.1	21
47	Piloting a participatory, community-based health information system for strengthening community-based health services: findings of a cluster-randomized controlled trial in the slums of Freetown, Sierra Leone. <i>Journal of Global Health</i> , 2019, 9, 010418.	1.2	20
48	The CORE Group Polio Project: An Overview of Its History and Its Contributions to the Global Polio Eradication Initiative. <i>American Journal of Tropical Medicine and Hygiene</i> , 2019, 101, 4-14.	0.6	19
49	Community health workers at the dawn of a new era: 7. Recent advances in supervision. <i>Health Research Policy and Systems</i> , 2021, 19, 114.	1.1	18
50	The National Village Health Guide Scheme in India: lessons four decades later for community health worker programs today and tomorrow. <i>Human Resources for Health</i> , 2019, 17, 76.	1.1	16
51	Comparing estimates of child mortality reduction modelled in LiST with pregnancy history survey data for a community-based NGO project in Mozambique. <i>BMC Public Health</i> , 2011, 11, S35.	1.2	15
52	Community health workers at the dawn of a new era: 10. Programme performance and its assessment. <i>Health Research Policy and Systems</i> , 2021, 19, 108.	1.1	15
53	Engaging communities in collecting and using results from verbal autopsies for child deaths: an example from urban slums in Freetown, Sierra Leone. <i>Journal of Global Health</i> , 2019, 9, 010419.	1.2	14
54	The Jamkhed Comprehensive Rural Health Project and the Alma-Ata Vision of Primary Health Care. <i>American Journal of Public Health</i> , 2019, 109, 699-704.	1.5	14

#	ARTICLE	IF	CITATIONS
55	Can people-centered community-oriented interventions improve skilled birth attendance? Evidence from a quasi-experimental study in rural communities of Cambodia, Kenya, and Zambia. <i>BMC Pregnancy and Childbirth</i> , 2020, 20, 514.	0.9	14
56	An extension of the Alma-Ata vision for primary health care in light of twenty-first century evidence and realities. <i>Gates Open Research</i> , 2018, 2, 70.	2.0	13
57	Community health workers at the dawn of a new era: 3. Programme governance. <i>Health Research Policy and Systems</i> , 2021, 19, 129.	1.1	13
58	Lessons Learned from the CORE Group Polio Project and Their Relevance for Other Global Health Priorities. <i>American Journal of Tropical Medicine and Hygiene</i> , 2019, 101, 107-112.	0.6	11
59	Evidence on the effectiveness of community-based primary health care in improving HIV/AIDS outcomes for mothers and children in low- and middle-income countries: Findings from a systematic review. <i>Journal of Global Health</i> , 2021, 11, 11001.	1.2	10
60	Community Engagement, Ownership, and Civil Society Organizations in Polio Eradication. <i>American Journal of Tropical Medicine and Hygiene</i> , 2019, 101, 1-3.	0.6	10
61	The CORE Group Polio Project's Community Volunteers and Polio Eradication in Ethiopia: Self-Reports of Their Activities, Knowledge, and Contributions. <i>American Journal of Tropical Medicine and Hygiene</i> , 2019, 101, 45-51.	0.6	9
62	Effectiveness of a Census-Based Management Information System for Guiding Polio Eradication and Routine Immunization Activities: Evidence from the CORE Group Polio Project in Uttar Pradesh, India. <i>American Journal of Tropical Medicine and Hygiene</i> , 2019, 101, 33-44.	0.6	8
63	Learnings From a Pilot Study to Strengthen Primary Health Care Services: The Community-Clinic-Centered Health Service Model in Barishal District, Bangladesh. <i>Global Health, Science and Practice</i> , 2021, 9, S179-S189.	0.6	6
64	Accompanimeter 1.0: creation and initial field testing of a tool to assess the extent to which the principles and building blocks of accompaniment are present in community health worker programs. <i>Global Health Action</i> , 2019, 12, 1699348.	0.7	4
65	Motivation and Performance of Community Health Workers: Nothing New Under the Sun, and Yet... <i>Global Health, Science and Practice</i> , 2021, 9, 716-724.	0.6	4
66	Application of primary healthcare principles in national community health worker programmes in low-income and middle-income countries: a scoping review. <i>BMJ Open</i> , 2022, 12, e051940.	0.8	3
67	Female community health volunteers to reduce blood pressure: feasible and sustainable? â€“ Authors' reply. <i>The Lancet Global Health</i> , 2018, 6, e374.	2.9	1
68	Application of primary health care principles in national community health worker programs in low- and middle-income countries: a scoping review protocol. <i>JBI Evidence Synthesis</i> , 2021, 19, 270-283.	0.6	1
